AQHA HEALTH PANEL TESTING

Genes come in pairs; each parent contributes one copy to the offspring. With respect to the autosomal dominant genetic diseases listed below (HYPP, PSSM, and MH) only one defective gene is necessary to express the genetic disease in question. Such gene can be inherited from either of the parents or from both parents. With respect to autosomal recessive genetic diseases listed below (GBED and HERDA), typically, two copies of an abnormal gene (two copies = 1 pair) must be present for the horse to show signs of the genetic defect in question. Horses with only one copy of the defective gene are considered “carriers”.

GBED – Glycogen Branching Enzyme Deficiency. Fatal disease of newborn foals caused by defect in glycogen storage. Affects heart and skeletal muscles and brain. Inherited as a recessive gene.

Possible results:

N/N	Normal – horse does not possess the disease-causing GBED gene.
N/G	Carrier – Heterozygous (one normal and one GBED gene).
G/G	Affected – horse has two copies of the GBED gene.

HERDA – Hereditary Equine Regional Dermal Asthenia. Skin disease characterized by hyperextensible skin, scarring, and severe lesions along the back of affected horses. Typical onset is around 2 years of age. Inherited as a recessive disease.

Possible results:

N/N	Normal – horse does not have the HERDA gene.
N/HRD	Carrier – horse carries one copy of the HERDA gene.
HRD/HRD	Affected – horse has two copies of the HERDA gene.

HYPP – Hyperkalemic Periodic Paralysis. Muscle disease caused by defect in sodium channel gene that causes involuntary muscle contraction and increased level of potassium in blood. Inherited as a dominant disease. Two copies of the defective gene produce more severe signs than one copy.

Possible results:

N/N	Normal – horse does not possess the disease-causing HYPP gene.
N/H	Hyperkalemic – Heterozygous (one normal and one HYPP gene).
H/H	Affected – horse has two copies of the HYPP gene.

MH – Malignant Hyperthermia. Rare but life-threatening skeletal muscle disease triggered by exposure to volatile anesthetics (halothane), depolarizing muscle relaxants (succinylcholine), and stress. Presumed inheritance as a dominant disease.

Possible results:

N/N	Normal – horse does not have the MH gene.
N/MH	Affected – horse has one copy of the MH gene.
MH/MH	Affected – horse has two copies of the MH gene.

PSSM1 – Polysaccharide Storage Myopathy Type 1. Muscle disease characterized by accumulation of abnormal complex sugars in skeletal muscles. Signs include muscle pain, stiffness, skin twitching, sweating, weakness, and reluctance to move. Inherited as a dominant disease.

Possible results:

N/N	Normal – horse does not have the PSSM1 gene.
N/PSSM1	Affected – horse has one copy of the PSSM1 gene.
PSSM1/PSSM1	Affected – horse has two copies of the PSSM1 gene.

No guarantees or warranties are made by Western Bloodstock LTD dba Triangle Sales as to the pregnancy status and eventual foaling, fertility or breeding privilege of any mare offered for sale. Final pregnancy status and covering sire for any mare shall be announced from the auction block on behalf of the owner. Any mare selling "in foal" sells without return breeding privileges unless announced otherwise on behalf of the owner. Any breeding agreement is solely between the buyer and owner. Broodmares represented by an owner as "in foal" are subject to a veterinary pregnancy examination at buyer's expense immediately upon purchase and prior to removal from the auction grounds. Any broodmare found not to be as represented in the auction arena will be subject to return. Upon any such return, the owner will owe Western Bloodstock LTD dba Triangle Sales the sale expenses and sale commission (8%) or \$1,000.00, whichever is greater and the cost of the veterinary pregnancy examination. Recipient mares sell with no deposit due nor expectation of return unless otherwise announced.

7 RIGHT OF RETURN – 24 HOUR RULE

BUYERS CANNOT HAVE A VETERINARIAN PERFORM WHAT IS KNOWN AS A COMPLETE PRE-SALE EXAMINATION OF ANY HORSE AFTER PURCHASE. If any horse is not as represented in the sale catalog or as announced, or if owner fails to disclose at time of sale any of the limited warranties described in Paragraph 5 above, horse is subject to return by the buyer.

WITHIN TWENTY-FOUR (24) HOURS AFTER THE CLOSE OF THE SALE SESSION IN WHICH THE HORSE IS PURCHASED, the buyer shall file with Western Bloodstock LTD dba Triangle Sales (fax: 405-273-8959 or office@trianglehorsesales.net) a written notice of rejection along with veterinary supporting statement of condition of the horse. Western Bloodstock LTD dba Triangle Sales may require testing by a second veterinary source of its choice to determine if the horse had the issue at the time of sale. Said veterinarian's decision will be final.

If the veterinarian determines that the issue or defect(s) was present at the time of sale and was not announced, the horse will be subject to return. Upon any such return, the owner will owe Western Bloodstock LTD dba Triangle Sales the sale expenses and sale commission (8%) or \$1,000.00, whichever is greater, and the cost of all veterinary services performed. All arrangements and expenses to return the horse are solely those of the owner.

If the horse is found by the second veterinarian to not have the alleged issue or defect, the sale of said horse is valid and enforceable and the buyer assumes all costs associated including veterinary services.

It is the intent of Western Bloodstock LTD dba Triangle Sales to make every effort to record the entire auction which shall be used to settle disputes regarding statements made about horses while in the auction arena. In the event of disputes, the final veterinary examination and recording will be used to settle said dispute.

8 UPSET BID

Unless waived by announcement, there shall be a minimum "upset (starting) bid" of \$1,000.00 for any horse presented for sale. If the "upset (starting) bid" is not received, the horse shall be automatically considered withdrawn by the owner as unsold, and all expenses become due by owner to Western Bloodstock LTD dba Triangle Sales. No horse will be sold for less than \$1,000.00.

9 OWNERS RIGHT TO BID

This auction is conducted "with reserve", meaning the right to bid is reserved by the owner. To protect the desired sale price for the horse, owner or its representative must:

- a. be the final bidder and sign the Buyers Acknowledgement of Purchase and Security Agreement OR
- b. deliver a completed official reserve bid form to Western Bloodstock LTD dba Triangle Sales, (either in the sale office or at the auction block with assistance of a sale staff member) prior to the sale of the horse OR
- c. instruct Western Bloodstock LTD dba Triangle Sales, or its designated representative of the amount of the reserve bid

Owner must make known to Western Bloodstock LTD dba Triangle Sales for announcement that the horse has been repurchased or passed-out BEFORE LEAVING THE AUCTION ARENA. UPON REPURCHASE, OWNER AND BIDDERS ARE ENCOURAGED TO COMPLETE A SALE, IF POSSIBLE, AND AGREE TO STRICTLY HANDLE THE TRANSACTION THROUGH THE SALE OFFICE.

Western Bloodstock LTD dba Triangle Sales reserves the right to bid on the behalf of the owner up to the amount of the reserve bid. If the owner or its representative makes a final bid equal to or greater than the reserve, owner will pay the 8% sale commission due.

10 BIDDING PROCESS, DISPUTES, MALFUNCTIONS

The Auctioneer reserves the right to reject all bids. Should any dispute arise between two or more bidders, the Auctioneer shall settle said dispute and that decision shall be absolute, final, and binding on all parties. BIDS RECEIVED AFTER THE FALL OF THE AUCTIONEER'S GAVEL ARE NOT GROUNDS FOR DISPUTE.

In case two or more bidders claim the final bid, the Auctioneer may re-open the bidding procedure and ask for advanced bids, solely between the bidders having claimed the last bid. If there is no advanced bid, the horse shall be sold to the bidder from whom the Auctioneer recognized the final bid. If the bid should be reduced below the disputed bid, the Auctioneer may re-open the bidding with the highest bidder becoming the buyer regardless of whether the final bid equals or exceeds the original disputed bid.

In the event of known equipment malfunction, the auction will be stopped. If the malfunction has not affected the sale of horses sold prior to the malfunction, they will be considered sold. The auction will proceed upon correction of the malfunction.

11 TITLE AND RISKS

Title transfers immediately to the buyer at the final fall of the Auctioneer's gavel. Title transfer includes all risk of loss including but not limited to illness, injury, or death of the horse. Additionally, at title transfer, the buyer assumes all responsibility for the care and maintenance of the horse, for any loss or damage to property and for injury or death of persons caused by the horse, buyer, or buyer's employees. Additionally, buyer agrees to hold harmless Western Bloodstock LTD dba Triangle Sales for such loss or damage. TITLE AND RISKS ARE ASSUMED BY THE BUYER WHETHER OR NOT SETTLEMENT AND DELIVERY HAVE BEEN MADE. THIS SHALL ESPECIALLY BE THE CASE WITH PURCHASES MADE BY PHONE OR ONLINE.

12 BUYERS ACKNOWLEDGEMENT OF PURCHASE AND SECURITY AGREEMENT

After making a winning bid on a horse, a Buyers Acknowledgement of Purchase and Security Agreement will be completed by the buyer (or on behalf of the registered phone/online bidder) that will confirm the hip number and final sale price for invoicing and transfer. Any buyer who makes a winning bid and signs (or so authorizes the signing of) the Buyers Acknowledgement of Purchase and Security Agreement is responsible for that purchase and cannot assign new ownership to a second party unless approved by Western Bloodstock LTD dba Triangle Sales. In the event a clerical mistake is made regarding the written entry of the final bid on the Buyers Acknowledgement of Purchase and Security Agreement, that correction will be made with no liability to Western Bloodstock LTD dba Triangle Sales. All disputes regarding final bids shall be settled by Auctioneer and/or sale recording.

13 RESALES

If the highest bidder fails to immediately execute the Buyers Acknowledgement Of Purchase And Security Agreement or otherwise fails to comply with these terms or in the event of an announced mistake by the Auctioneer, Western Bloodstock LTD dba Triangle Sales reserves the right to accept the same purchase amount from another buyer, accept the next highest bid, put the horse up for sale a second time, or retain the horse for the owner as unsold. However, nothing shall prevent Western Bloodstock LTD dba Triangle Sales and/or the owner from pursuing whatever legal remedy may be available to compel the original buyer to perform as set out herein.

NOTES: Here is a beautiful palomino with a great personality who wants to please and give you all she has. She has resumed reining training and is excelling. Absolutely beautiful circles that should be able to plus, effortless spins and dead on stops. This mare does not get nervous or rattled with new venues or exposure. Began on all trail obstacles including working the gate, logs, bridges and other items. She loves children and people. RADIOGRAPH REPOSITORY

Triangle Sales encourages owners to keep radiographs in their possession for use as they see fit. Owners are also encouraged to secure from the examining veterinarian an evaluation by grading the overall condition of the horse as:

- a) Acceptable
- b) Manageable
- c) Guarded

Additionally, an online radiograph repository (the “repository”) is available for the use of the owners and buyers. Any radiographs voluntarily submitted to Asteris Keystone Community will be available for viewing online by a buyer’s veterinarian prior to the horse selling.

Western Bloodstock dba Triangle Sales will not review radiographs prior to the sale of the horse; makes no representations or warranties of any kind concerning the authenticity, sufficiency, quality, completeness, or accuracy of the radiographs (all of which are the responsibility of the owner); and is not responsible or liable for any error, claim or damage as a result of the buyer’s use or reliance on the radiographs.

All images submitted to the repository are the property of the owner.

OWNERS RADIOGRAPH REPOSITORY TERMS

Participating owners, bidders, buyers and veterinarians agree to the following terms:

All radiographs must be taken within 60 days of the first sale session and must be submitted no later than 5:00 pm CST, 2 days before the first sale session.

Label for the Studies:

Hip Number (as it is in the catalog), Sire, Dam and Owner (consignor as listed in the catalog)

Any radiographs received that do not clearly describe the horse, owner, veterinarian, and date will be discarded.

Owners will be held responsible for associating radiographs with the horse(s). If the horse’s name is changed in the radiographs knowingly or unknowingly, or if the images have been tampered with, the owner is responsible for any charges and/or damages incurred from a dispute.

Neither Asteris Keystone Community nor Western Bloodstock dba Triangle Sales will be reviewing or screening images for positioning or technique. This is the responsibility of the submitting veterinarian at the time of acquisition.
