- Each year we lead off the Angus Breeders of Texas sale with a donation lot. Byrne Angus Ranch has stepped up and donated a daughter of GB Fireside 115 that ranks in the top 4% for \$W and \$F while ranking in the top 5% for \$B and \$C, and the top 10% for \$G. Here's a female that is well designed that will improve anyone's herd. She sells open and will be ready to breed later this fall.

- Ben Soto brings us a female with data predictions that will put her on everyone's short list. She's one of the first daughters of B&B Preeminent to sell at public auction, and this one will not disappoint you in the way she combines growth and carcass predictions in a docile package. This open heifer will prove to be a game changer for her new owners.

- If someone is looking to start a herd, I'd strongly suggest taking a close look at these four paternal sisters. These are the kind of females that you can build around to create a very uniform herd.

- Pasture exposed from 12/2/24 - 5/16/25 to Wilks Thedford (20660657). Check out the numbers on this Baldridge Alternative E125 granddaughter with single digit growth traits in WW & YW along with a combination of CW, Marb & RE for added carcass. She has a nice long body and great eye appeal with strong legs and feet. Other EPDs: Top 3% in \$W, top 10% in \$B, \$F & \$G; top 15% in \$C, RADG & Doc. She will make an exceptional package to your Angus herd. She is confirmed bred to Wilks Thedford 3090 (20660657).

- Safe in calf to G A R Fireproof, due October 21, 2025. We can't begin to imagine the possibilities of the calf that this bred heifer is carrying. You will not have to study this heifer's pedigree and EPDs very long to realize that this is a powerfully mated animal that has carcass genetics built in from every angle. I am confident that this heifer will be a favorite of many buyers on sale day. Pay attention here and don't let this one slip by.

Pasture exposed from 12/2/24 to 5/16/25 to Wilks Thedford (20060657). This impressive Poss Maverick daughter is a mature cow with overall soundness, is deep bodied and attractive with strong legs and feet. She will add good carcass weight to all her offspring. She is raising a stout bull calf (21195519) born 1/4/25. The bull calf will sell as a choice since he will be 9 months old at time of sale (not a 3 in 1). Her EPDs: Top 10% in Marb, CEM & SG; top 15% in WW, YW, SB, SC, & SW; top 25% in RE, Doc & DMI. She would be a great addition to your Angus herd. She is confirmed bred to Wilks Thedford 3090 (20660657).

- The lineage behind Jaunty 2221 goes back to excellent cattle on both the dam and the sire side. The two families put power into their progeny improving consistent growth and carcass merit to get your cattle to finish faster either in the feed yard or as replacements for your herd. The best of both worlds.

- Bred to TAR Dominance (19719061), Due to calve on September 28.
- This donor cow traces back to the immortal New Direction 1022 that made a lasting impact on the breed. Here's a cow that is better than breed average for CED and BW while posting an impressive top 1% YW and top 2% WW EPD. Her top 3% Docility EPD makes her a female that is easy to handle while working her in the pens. If you like cattle that are balanced in their EPD predictions while being the kind that you enjoy looking at then you will want to take a good look at lot 28. We expect good things from mating this cow to TAR Dominance, make note that she could possibly calve before sale day.
