W

elcome to our First Annual Female Sale for Arellano Bravo Angus. Our family is beyond grateful for the support and encouragement we have received, and we have worked extremely hard to bring you a great set of females.

Since purchasing the G Bar Angus herd back in 2007, we have had 18 annual bull sales. Important dam families including the great Erica Dianna, Pride and Elite Blackbird have since served as the foundation for our herd that prioritizes maternal strength balanced with optimal calving ease.

Over the last six years, we set forth a strategic plan to set a new standard of genetic potential while maintaining our core fundamentals. We brought in elite donors and sires such as Vintage Rita 0026 and VAR Conclusion 0234. We combined our old and new genetics, producing our own attractive and elite set of cattle. We have worked hard to prepare for this moment, and we hope you like the offering we have for you in our Inaugural Female Sale.

We look forward to seeing you on Sunday, October 12, 2025, at our Ranch in Walnut Grove, California. We will have dinner and cattle available for viewing on Saturday evening before the sale. While there is no obligation, as always, we guarantee great cattle, delicious food, and the best company.

Sincerely,

Adhemar Arellano

On behalf of Adhemar Arellano and his family, we would like to welcome you to the Inaugural Female Production Sale for Arellano Bravo Angus. This event has been some time in the making, and I can assure you the Arellano Family is very excited for this day to come. We have known Adhemar for over 20 years, and I strongly believe his decision to purchase the G Bar Angus herd back in early 2007 was one of the wisest choices for future success. Those original G Bar genetics, that had an incredibly strong influence of Tehama and Van Dyke genetics as well, set his program up with a great foundation for his path in the Angus business.

As time and generations go on in this business, Adhemar was able to set his own direction and levels of performance through careful selection and breeding decisions. I think he made another wise decision in 2021 when he secured the \$350,000 VAR Conclusion 0324 that topped the Vintage Angus Bull Sale. At the time, that was obviously an incredible investment. But as we sit here today, Conclusion has not only paid for himself and more; the influence he has left in this herd has provided as much value in the daughters as it has with the sons where Conclusion 0234 has sired the high-selling bulls the last three years in their bull sale.

Today, the Arellano program shows as much strength as the family itself. The next generation is now heavily involved in all aspects of the production, selection, marketing, and customer service. As a family, they have taken another step and spent considerable time and resources upgrading their cow herd over the past three years. They have added some elite females into the donor arsenal, and I think you will appreciate the resulting set of ET progeny in the offering this year. As cow numbers are short across the county at this time, Sunday, October 12 will be an excellent opportunity to acquire quality in volume.

We have had the pleasure of previewing the entire offering. If there is anything we can assist you with prior to the sale, please contact us at your convenience.

We look forward to seeing you in California!

The donor dam of these lead-off females was the featured fall yearling heifer from the 2023 Vintage Angus Female Sale. She developed into a powerfully made, stout hipped, high-capacity donor that also happens to be the #1 Marbling EPD daughter of the \$350,000 VAR Conclusion 0234 among current dams. These fall yearling heifers by EZAR Gettysburg 1061 and EXAR Cover The Bases 0819B offer another level of carcass and performance in these ensuing generations.

Henrietta Pride 2574 comes from one of the most consistent and productive cow families in the Vintage program, where they have garnered success in both their female and bull marketing. Her dam was a \$50,000 selection of EZ Angus Ranch as a bred heifer, and her granddam is the flush sister to both the \$105,000 V A R Signal 7244 and the \$100,000 V A R Magnum 7048 at STgenetics. She had five daughters in the 2022 Vintage Female Sale that averaged over \$36,000 including the \$70,000 fifth high-selling female, Henrietta Pride 2080.

Vintage Rita 0026 - Dam of Lots 2A, 2B, and 2C

These daughters of the \$180,000 EXAR Cover the Bases 0819B are out of the Power Play donor we picked up at the Vintage Angus Female Sale in 2020. The Vintage Rita 0026 has been excellent in production with progeny ratios for birth of 3/100, weaning 3/103, and yearling 3/102 pending her current bull calf that should exceed these levels as well. She has been prolific in embryo production and has ultrasound progeny of 8/102 for %IMF and 8/100 for Ribeye.

The donor dam of these heifers is an impressive female to see in person where she is long sided, level hipped, and very uniform in her body depth with extra forerib and flank. With all of the mass and internal dimension this female possesses, she is also a very flexible and sound moving female that tracks out square and wide. A son out of her first ET production here was the Lot 1 bull in our 2023 fall bull sale.
