This month we have an extensive line up of outstanding females. Top quality opportunities to help fill in some holes in your program. Welcome to Frank J Borges Dairy from Manteca California as this is their first time in the catalog. Many consignments from names and programs you have all come to know.

One thing you can always count on is our process at TLAY Dairy Video Sales and our commitment to serving you the dairy producer. Cattle are represented accurately and honestly. All of the work in buying cattle is taken care of by us. All you as a buyer need to do is raise your hand, click the bid button or bid over the phone. After that you have the peace of mind that what you bought will arrive at your farm safe, sound, and as you saw them in the film.

TLAY Dairy Video Sales and Turlock Livestock Auction Yard have partnered with Western Video Market, your premier platform for marketing feeder cattle. This venture is for you, our valued customers. Our combined industry experience allows us to market your beef on dairy cross cattle. Reach out to any one of our representatives to learn more.

To any new buyers out there, understand that all of these lots have been sorted and filmed by one of our representatives. The cattle you see in the film are the cattle you are bidding on. Upon purchase, we will be in contact with you to arrange shipment dates and trucking. TLAY Dairy Video Sales will assist the seller in all necessary health and brand papers. In addition, at the time of shipment, we will always represent the best interest of the buyer on the final sort before loading. In most cases you will have the records digitally before the cattle arrive, all dairy herd records are transferred seamlessly.
