Selling Full Possession & Half Semen Interest
 Many great herd sires have roamed the dirt here in Martell, but this one is without a doubt the most exciting calf to date. Since birth we knew this one was special. My Turn is an elite herd bull prospect that we feel encompasses exactly what the Shorthorn breed is missing. Real muscle, huge bodied, impeccable look, and near perfect structural build and hoof shape. This big nutted smooth polled roan is backed by the most prolific cow in our donor battery, Cecilia Cici 0101 a past Fort Worth Champion herself. A cow that has hit for us year in and year out on every bull we've taken her to. Son of the now deceased and highly sought after sire Evolution, we're confident in the generating ability of My Turn and look for him to take the Shorthorn breed by storm. Bulls like this don't come around every day folks. Pedigree, phenotype, color, this guy is the real deal.

LOT 2

LOT 3

Consigned by Gana Farms

This pair of sisters are full sibs to the impressive My Turn. A new mating for the 0101 donor but simply put it worked. These two females are great colored, soft haired and offer the right kind of power and dimension to make their mark in production. Great show heifer prospects but even better long term investments here. We aren't sure which one is our favorite, we'll let you be the judge.

Big time solid red heifer with all the extras. A full sister sold this spring on our Spring Fever sale for \$10K that we look to be ultra competitive this fall. Wild necked, big ribbed, and great set of running gear. The good ol Solution bull has made some great cows over the years, this one will be no exception.

Another prime example of the consistency of our 0101 donor. These three full sisters are going to be awesome in production. Each one has their own advantages, but I can tell you this, they're all good. Good looking, sound structured, and full of cow power. If you don't own a direct daughter of the great 0101 yet, I'd get in now. This trio continues to impress us each day!

We purchased this set of eggs from Jason Minnaert in hopes of adding some new cow families to the offering and this heifer couldn't have made for a better addition! The Red Bo cow has consistently commanded five figure daughters and this one we think may be the best offered yet. Great lines, big ribbed, and hair for days! Very nice female here.

273N is very special in terms of both her pedigree and phenotype. Her dam, Reba 613E is the dam of the Herdsire at Cates Farms, CF Cinch. This heifer is long bodied, beautifully designed, and excels in her ability to perform and move extremely well.

SALE TERMS & CONDITIONS

Gana Farms reserves the right to a cell line and a 50% embryo interest in all females selling, to be exercised at your convenience and at our expense.

Bidding All lots sell to the highest bidder. Any disputes or challenges regarding bids will be settled by the Auctioneer. His decision will be final.

Absentee Bidding If you will not be able to attend the sale, please contact the Sale Manager, Sale Consultant, Auctioneer or Sale Staff in advance to secure your bidder number and place your orders.

Terms Terms of sale are cash unless credit arrangements are made between buyer and seller prior to sale. All lots offered sell under the standard terms and conditions endorsed by the American Shorthorn Association & American Angus Association.

Registrations All animals selling are registered with the American Shorthorn & Angus Associations unless otherwise stated. Registration certificates will be transferred to the new owner. Please be sure to leave complete and accurate transfer instructions with the sale clerk at time of settlement.

Announcements Any changes of information contained in a sale catalog will be announced from the auction block and such announcements shall take precedence over any printed material.

Health All animals will be accompanied by proper health certificates making them eligible for interstate shipment. It is the responsibility of the buyer to know the health requirements of his/her home state.

Certificates of Registry-Transfers A certificate of registry and transfer will be furnished for each animal sold. It shall be the responsibility of the seller and/or sale manager to submit the properly prepared transfer application promptly to the American Shorthorn Association & American Angus Association.

Purchaser's Risk Each animal becomes the property of the buyer as soon as sold, unless other arrangements are made prior to the sale.

Genetic Condition Disclaimer The seller is responsible for disclosure of all known Genetic Condition Abnormalities at the time of sale.

Standard Breeding Guarantee All animals sell under the terms and conditions of the American Shorthorn Association & American Angus Association Standard Breeding Guarantee.

Go for Gold! This stout Evolution daughter is intriguing. We don't have many Charolais females around, but 904 is one impressive beast of a cow. Stout, great footed, and a look that's sure to compete either way you choose to show this one.

Another 559C daughter that's very good! The youngest calf in the offering but don't let that hold you back because this one will surprise you. Out there look, exceptional disposition, and a foundation that will progress into quite the show heifer.

Freak of nature. We love our Angus cattle here and this one speaks volumes of our plans for our Angus offering for the years to come. The A1 daughters have consistently fetched five figure values across the country and topped several sales. This May heifer is built for speed. Wild necked, swooping bellied, yak haired, and incredible in her structural build.

The Wendy cow family needs no introduction in the angus breed and has been a mainstay for the K Bar D firm. This heifer has a pedigree that's ultra predictable for turning out good cattle for years and this heifers no exception. A favorite from day one, and hasn't missed a beat since. Lot 28 is the cattleman's kind in a show heifer package!

We think awfully highly of our 158 donor and for good reason, she doesn't miss. This Blue Chip heifer has the goods. Moderate, stout, awesome lines, and built to last. Lot 29 has had a lot of friends, don't miss this one!

Dammed by the great Maxine 505C, the mother to the famed Follow Me bull that was raised right here at Gana Farms! This heifer has really come on of late and become one of our favorites. Maternal sibs sold for over 20K for Pembroke and Steenhoek this Spring. Gain a show heifer and a pedigree that's proved the test of time. Elite opportunity!

First calf heifer sired by A1! Not your conventional Angus female here. We love this heifers body shape, depth, and moderation. This great haired Angus is full of power and puts it all together in a great look. Her maternal granddam, Kruse Miss Primo 147, was the 2018 NAILE Reserve Grand Champion Junior Angus Heifer for the Nikkel family.

Great Angus brood cow in the making. Our E993 donor has done a phenomenal job turning out good performance cattle for many years here. Looking to add some of that performance to our show angus battery and replacements we took her to some show bulls. If this is what the first generation looks like, I can't wait to see the next one. You'll look smart owning this heifer.
