Friends and Neighbors,

Welcome to the 3rd annual Brushy Mountain Genetics Sale hosted by Chapman Cattle Company. We are thankful for our friends at Butcher Branch, Hidden Hills, 3S Farm, Carson Family Farm, and Harve Creek Cattle Co for partnering with us to bring what we believe is an honest representation of our programs.

We are thankful that God has allowed us to enjoy the benefits that His creation provides in the agricultural settings. Through the highs and the lows, He has been faithful and merciful, and He deserves all the glory for any successes that we have. The earthly successes and highs are nice, but they are worth nothing, apart from a relationship with Him through the sacrifice that Jesus Christ made on the cross. This year our family experienced something that, without Christ, would have been an event that left us hopeless. On 2-11-25 Peyton Elizabeth Anderson was born and went to be with our Lord that same day. We believe that God has a purpose for all things, and Peyton's life and death is no exception. As a family we have come to realize that Peyton's purpose was just the same as all of ours, to glorify Jesus Christ. God has and will use her story to spread the gospel, and to show the hope and peace that is found through a relationship with Him. Therefore, we have decided that 11% of the proceeds of the Lot 2 bull will be put towards spreading the gospel and furthering His kingdom through an avenue that her parents feel led to support.

We are excited to be able to host the sale on farm this year in our new facility, and are looking forward to an enjoyable day. We have all strived to breed cattle that are full of performance, while still possessing plenty of maternal traits, and not sacrificing phenotype. We want our cattle to be functional in your herds and make a lasting impact on both your herd and your profitability. We hope that you can find confidence in utilizing our genetics. The relationships we have made in the cattle business are something we are thankful for. We enjoy the friendships and hearing how our cattle are doing in herds all across this country. Thank you for your interest in our programs and we look forward to seeing you all on sale day. If you have any questions ahead of time, feel free to contact us.

Many Thanks and God Bless,
Chapman Family

WELCOME BACK!

Welcome to the 3rd Annual Brushy Mountain Genetics Sale!

This group of partners is excited to showcase another solid set of Angus, Hereford and a SimAngus Bull added to this year's offering. They will also be offering a select group of Registered Angus Females to the offering. In addition, the sale will be hosted for the first time at Chapman Cattle Company in Taylorsville, NC, so make sure and get the correct address before you head out.

As always, the bulls will have had a BSE before sale day. There will be a few younger bulls in the offering this year, so feel free to speak to the partners if you want to leave your young bull with them to be developed to an appropriate age for turnout. The breeding-age heifers will also be pelvic measured and repro-tract scored before the sale to ensure they are ready for breeding season.

The cattle market is strong and good genetics are always in high demand. So come buy with confidence in good cattle and good people. Feel free to call myself, the partners or the sale staff with any questions.

Sincerely,
Zach Moffitt

- 418 is another solid Step Up son from CCC. As you would expect, he has a really solid combination of Management Traits, Doc, Claw, Angle, HS. He is a bull that checks the boxes for WW, YW, SC, Milk, Teat, Udder, FL, CW, and Marb. If pounds are important at weaning, yearling, and on the rail, this bull can get it done and his daughters should stick around for a profitable run.

- This Breakthrough son is out of a super-stout Monumental daughter who stems from the great Blackcap 1059 donor. If pounds matter, you will love his WW and YW EPDs. This bull will be great for those of you selling feeder calves and the end user will love them for their ability to finish with heavy carcasses and have high end-product merit. You will have repeat buyers. Top 1% for CW and RE, Top 10% for Marbling with Top 5% \$W. He is also top 1% for \$F, \$G, \$B and \$C!

Ranks in the top 1% for \$B, \$F, CW, RE, WW, YW, \$C, \$AXH and \$AXJ; top 2% for \$G and MH; top 5% for \$W and MW; top 10% for MARB, YH and RADG; top 15% for Angle; top 25% for CEM and FAT.

- This set of flush brothers from BBA come from the Daltons Lass 77 donor who has done a great job in the program. Sired by Breakthrough, they are both double-digit calving ease with great carcass merit, hair shed and high-ranking \$W. They will work great on a set of heifers and have the end-product merit for those of you selling beef! The feedlots will like the calves they produce as well.
- 23A is the high-ranking Marbling brother and 23B offers a little more growth, but will make a match set of brothers.

Ranks in the top 1% for \$G and MARB; top 4% for \$AXH; top 5% for RE; top 10% for \$B, CED, MILK, TEAT, \$C and \$AXJ; top 15% for BW; top 20% for UDDER.

• This No Substitute son is also out of the great Susie 9803. When it comes to females who increase maternal value, there are not many in the breed that rival her ability to transmit maternal value. She has 28 progeny with genomic-enhanced EPDs that average 92.3 for \$Maternal. If you want to buy bulls that have the ability to add value to the herd for a long time, buy these sons. 428 offers high growth, great management traits, carcass value and elite \$Value Indexes!

• 453 is another example of what the donor dam Susie 9803 can do. LHR Susie 9803 is the former donor of Lazy H Ranch and Hidden Hills Farm that was sold last year to Chapman Cattle and Butcher Branch. She is an incredible producer who, just in the Brushy Mountain Sale, has produced 5 sons that have averaged \$7750. She has also produced a Volunteer daughter that was the \$15,000 selection of Dunn Four Ranch in Texas and another daughter sired by Exponential that was the \$11,000 half-interest selection of Nutter Cattle in West Virginia. 453 is a high-growth son of No Substitute who has plenty of muscle and bone. • This Congress son goes back to the Rita 608 donor at BBA. He is just right for the Cow Herd. Check out his WW EPD over +100 and YW over +175. He has top 10% SC and 25% HP with great foot EPDs and excellent HS. He leaves nothing behind for carcass value with top 3% CW and 15% for Marbling. Again, if you are selling weaned calves, he is in the top 4% for \$W!

Ranks in the top 1% for WW and YW; top 3% for CW; top 4% for \$W; top 10% for MW, SC, YH, Angle and \$C; top 15% for \$B, \$G and MARB; top 20% for \$F, RADG and PAP; top 25% for HP and MH.

• This Congress Son stems from the BAF Lady Diva 2978 donor who has incredible phenotype and was an excellent producer. This is a multitrait bull here that checks the boxes for Production, Maternal, Management, and Carcass Quality. He has 17 traits in the top 35% of the breed or better. There is a lot more maternal value built into this pedigree than what the index suggests, and I promise the Teat, Udder, and FL will be accurate on this set of genetics—this cow family does it!

Ranks in the top 10% for MW, WW, UDDER and Claw; top 20% for \$B, \$G, MARB, YW, Angle and \$AXH; top 25% for TEAT, \$C and PAP.

- Here is a Craftsman son that you will appreciate for his maternal and production value. Top 35% BW to a top 25% YW EPD with great HP, CEM, Milk, and solid efficiency value. He has great foot and docility EPDs, with balanced carcass values. Top 15% for \$M and \$W—keep the heifers and cash in on the feeder calves!
- Donor Dam Frosty Elba 3745 sold as an elite bred heifer in the 2016 Schiefelbein Production sale for \$14,000 to Carlson Classic and Askdal Angus, and again in 2023 in Carlson's dispersal for \$32,000. Her son, Schiefelbein Showman 338, was the record setting \$125,000 bull in the 2019 Schiefelbein Angus production sale. Most recently, Schiefelbein GOAT 271, a grandson of Frosty Elba 3745, sold for \$232,000 to TK Angus and Coles Bend Cattle. M36 and M39 offer a unique combination of maternal pedigree, attractive phenotype, and carcass data with each scanning an actual 15+ inch ribeye.

• M40 is also a Growth Fund from the Forever Lady Family out of a Fair-N-Square daughter. Top 2% Growth Traits, with excellent foot EPD, added CW and RE EPD. He offers top 10% \$Wean Index.

• M40's Fair-N-Square dam is a maternal sister to Lot 49A. He's square hipped, soggy middle, and chock full of red meat. Turn him out on a mature commercial cow herd, and watch the calves grow. Will add pounds, frame, and natural thickness. While one of the younger bulls, he's never lagged behind his contemporaries in growth or performance.

Ranks in the top 1% for WW; top 2% for MW, YW and Angle; top 10% for \$W and YH; top 15% for CW and MH; top 20% for HP; top 25% for RE.

• This Gunsmoke son is 1/2 Simmental 1/2 Angus with Double-Digit Calving Ease and top 4% Growth Traits. Make a mental note: He is just a 12/8/24-born calf and SSS will be glad to feed him for a few extra months to develop him. He reads a great profile that covers a lot of ground for Milk, MWW, Stayability, CW, Marb, RE, API, and TI. This is a very well-balanced bull. He should provide plenty of hybrid vigor, growth, carcass value and style. He is also out of the same dam that produced the high-selling Jonesboro sons in last year's sale for SSS.

- The True Balance Females have been in high demand for their attractive phenotype, genomics and EPDs. This female is out of the BBA and CCC partnership donor, D621. She is a neat-made female with a feminine front end, great rib shape and plenty of hip. She has double-digit calving ease, high growth, fertility, and excellent Teat, Uddr, and FL combination. She offers excellent management traits and great value for CW and Marbling.
- When you sort her for her combination of Teat, Uddr, and FL, she is 1 of 6 True Balance daughters that make the sort.
- When you sort her for her combination of \$M, \$W, \$F, \$G, \$B and \$C, she is the only True Balance non-parent daughter in the database with that combination of numerics.

BILTMORE BLACKCAP 33N - THE \$26,000 1/2 INTEREST FULL SISTER TO LOTS 60A, 60B, & 60C

CONSIGNED BY: CHAPMAN CATTLE CO.

• 502 is a January-born son of the great Gettysburg. CCC will feed him until spring at no charge. He is young, but we felt he deserved to be sold to someone who could use him in the spring versus hold him for another year. His sister was one of many highlights at the recent Biltmore Sale in September. She was the \$26,000 1/2-interest selection of Bullard Creek Cattle in Pennsylvania. A female that expressed captivating style and presence with great muscle. 502 also has great muscle and looks powerful and masculine early. He is long and will cover ground smoothly and easily. He is a double-digit calving ease, low-birth bull with top 15% Growth Traits with excellent Maternal Value. You will appreciate his Teat, Udder and FL EPDs, with solid Management Traits and very attractive Carcass Value. Top 15% \$M, 10% \$W, 4% \$F, 10% \$G, 4% \$B and 2% \$C to make him a super, well-rounded herd sire prospect.

Ranks in the top 2% for RE, \$C and \$AXJ; top 3% for \$AXH; top 4% for \$B; top 5% for \$F; top 10% for \$G, \$W, CED, CEM, CW and MARB; top 15% for WW, YW, TEAT and \$M; top 20% for RADG; top 25% for MILK and UDDER.

• 60B and 60C are flush sisters to the 60A bull. They, too, are out of our partnership donor owned with Biltmore, Blackcap 135. They both offer great Calving Ease, High Growth, Fertility, Great Management Traits, and added Value for Carcass Merit. Their \$Values are extremely relevant in this cattle market and indicate profit. The 60B heifer has the strong growth traits and a little more spread, while the 60C heifer has a more attractive combination of Teat and Udder EPDs. This will be a tough choice. 60B has 24 EPDs and Indexes in the top 35% of the breed, while 60C has 25 EPDs and Indexes in the top 35% of the breed or better!

Ranks in the top 1% for CEM and \$AXJ; top 2% for RE and \$C; top 3% for \$B and \$AXH; top 4% for WW, YW and \$G; top 5% for CW and \$F; top 10% for CED, YH, MARB and \$W; top 15% for MH and Claw; top 25% for SC and Angle.

- Susie Alert!!! This set of sisters from Hidden Hills comes from the great LHR Susie 9803 who was the one time Hidden Hills and LHR partnership donor who was recently sold to the Butcher Branch/Chapman Partnership. The 9803 sons where highly sought after in the Inaugural Brushy Mountain Sale and you can find three more of them in this offering as lots 27, 28A, and 28B. 9803 is a donor who raises super-stout, high-growth calves as an individual, but she also puts an incredible amount of Maternal Traits in her offspring without sacrificing growth or carcass value. Susie 9803 has 28 progeny with genomic-enhanced EPDs that average 92.3 for \$Maternal. She has a daughter who was the \$15,000 selection of Dunn 4 Ranch in Texas that was sold in the Inaugural Fall Harvest Sale, another daughter that was selected by Nutter Cattle for \$11,000 1/2 interest in the 2nd Crop Fall Harvest Sale. These have been the only other daughters that Hidden Hills has offered to the public, so make sure and grab them up!
- Lot 61A - Is #2 for Doc, #5 for Claw, #3 for \$M and #9 for \$C among all non-parent daughters of ST Roster Member Kenny Rogers. When you sort her for her combination of \$M and \$C, she is 1 of only 2 that meet the criteria, and when you sort her for her combination of \$M, \$F, and \$C, she is the only Kenny Rogers non-parent daughter in the breed who can achieve those figures.
- Lot 61B - Much like her sister, she is high ranking for growth traits, SC, Milk, Doc, Claw, Angle, CW, Marb, \$M, \$W, \$F, \$G, \$B and \$C. This is a super well-rounded set of sisters from one of the most well-rounded females in the Angus Breed.

Ranks in the top 1% for DOC, Claw, \$M and \$W; top 2% for MILK; top 3% for \$C; top 5% for \$F and \$AXH; top 10% for YW, RADG, \$B and \$AXJ; top 15% for CW; top 20% for WW, SC, RE and \$G; top 25% for MARB.

• This Breakthrough is out of a dam that is sired by Goforth Admiral and was selected from the Rimrock Herd in Texas, stemming from the great Rita 27R Y05C cow family. You will like her on sale day but you will love her as a wet 2-year-old. She is the kind of female that will continue to get better with time and maturity. She is neat-fronted, with plenty of rib and a nice hip pattern. She does not sacrifice any math. She has a great combination of Production, Maternal, Elite Management Traits, and Stout Carcass Values. She has 25 traits and indexes in the top 35% of the breed or better with 18 of those being in the top 15% of the breed! 4% \$M, 10% \$W, 3% \$F, 10% \$G, 5% \$B, and 2% \$C!

• 1218's dam is a full sister to 802 stemming from the famed Lady Family. She is sired by the popular Wilks Regiment. They are high-growth and attractive-made cattle with a ton of muscle. She adds value for growth, fertility, milk, CW, \$W, \$F, and \$B. There will be a lot of breeding flexibility here also.

Ranks in the top 1% for \$W; top 2% for MILK; top 5% for YW and SC; top 10% for WW and YH; top 15% for CW; top 20% for RADG and \$F.

AI'd to GAR Powercat, Due 11.12.25

This is a really-attractive, high-capacity Fireball daughter. She has a bold rib shape, big hip, all in a powerful package. She is a calving-ease option with plenty of growth, balanced-maternal traits, great HS EPD, and added Marb and RE EPD. She is due to calve before the sale to GAR Powercat to add some value to this package!

Ranks in the top 2% for CEM; top 10% for SC; top 15% for CED; top 20% for \$G; top 25% for MARB, \$AXH and \$AXJ.

AI'd to Byrd Bullsseye, Due 1.27.26

This female comes from a sire that combines Dual Threat and the multimillion dollar producer, Green Garden Lady T276, who is currently owned by 4 Sons and BIG Timber. She offers top 4% WW, 10% YW, excellent SC, HP, and Milk. She is also in the top 10% of the breed for the \$Wean Index. She has been bred to Byrd Bullsseye for a January calf. The Bullsseye mating should add Calving Ease, Management Value, and Elite Carcass Values. Early on, the Bullsseye calves have early muscle, shape, and length.

Ranks in the top 1% for YH and SC; top 4% for WW; top 10% for YW, MH and \$W; top 15% for MW; top 20% for PAP; top 25% for MILK and FAT.

*The best, the fastest and most
comprehensive marketing & bidding tool!*

How to Bid Online...

- **As a buyer**, you do not need an account or to login to watch the sale but you must have a validated account to bid.
 - After you are logged in, you must proceed to the sale page for any and every auction and click **"Get Buyer Number."** Some auctions require a pass-code to obtain a buyer number even after you are approved by CCI.live. Pass codes generally come from the sale manager or ranch for that particular sale.
 - CCI.live will operate with ease on a **cellular device, laptop, desktop or tablet.**
- A **modern or current browser** is important and will make your experience better. You do not need to install the app on cellular devices to watch a sale. CCI.live is a browser-based application meaning it will play on most new browsers, but you can also download the CCI.live app at the Apple App Store or through Google Play.
- **For successful bidding you must have good Internet service!** It is very important to be stationary. If you are driving and bidding, expect to have some service issues. If you are stationary on a good device, with healthy Internet, expect a very successful bidding environment. If you have slow Internet watch the "asking price" on the screen - it is real time and refresh your browser if you feel like you have some lag.
- **Support line open during all sales. 405-400-9505** - Please contact the ranches for invoices and trucking.
