## LIABILITY

All persons who attend this sale do so at their own risk, legal or otherwise, for their safety or for the behavior of the animals. The owners, consignors, and the sale staff assume no liability for property loss or any accident that may occur.

## HERD HEALTH

All cattle will be accompanied by proper health certificates for immediate shipment.

## TRUCKING

Truckers believed to be reliable will be available to assist you in shipping your purchases. Please make arrangements with a sale representative no later than one hour after the conclusion of the sale.

## SUPPLEMENTAL INFORMATION

A supplemental sheet will be available sale day with complete and up-to-date calving information. Announcements from auction block regarding the cattle selling in this sale take precedence over information listed in this sale book. Up-to-date genetic recessive status can be viewed online at [www.angus.org](http://www.angus.org)

# WELCOME

On behalf of the sale managers, the Arkansas Angus Association, and the consignors, it is our great pleasure to be working with, once again, another outstanding set of breeders and cattle in the 2025 Sharing the Success Sale. The cattle that you have the availability to buy through this tremendous offering will be a great asset to your herds. No matter what you are looking for, you can find any kind of exceptional addition for your program on Saturday, December 6, 2025 at noon at the I-40 Livestock Auction facility in Ozark, Arkansas.

These breeders have dug deep this year to bring their best genetics for you to appraise by selecting outstanding phenotype and genetics backed by some of the most sought after cow families and best AI sires throughout the industry. We are excited for this opportunity! If you have any questions, please feel free to contact any of the consignors or either of the sale managers, Tyler Copeland or Katy Kitchell.

We hope to see you on sale day!

Tyler Copeland

- Consigned by: White River Cattle Co.
- Produced in the embryo program at White River is this fancy Spring born daughter of the bull that led the breed for registrations, Connealy Craftsman and out of the foundation Lucy on the farm! Great phenotype to go with a balanced set of EPDs. The first Craftsman daughters in production are proving to have great udders and look forward to seeing how they do long term! White River always digs deep to bring females from the ET program!

- Consigned by: Sugar Springs Ranch
- Virginia Tech Statesman has been doing us a really nice job. All the calves are really long and grow up thick. We expect nothing less from this young heifer from one of our foundation Burgess cows. Dam is still active in the herd at 10 years old. We expect this heifer to have built in longevity with the look and build of a maternal power house!

- Consigned by: Copeland Angus Ranch
- Chloe 422 has been a stand out since day one! She is a daughter of Wilks Regiment out of a first calf heifer from the Lawsons Chloe tribe! We think a lot of this heifer on paper while not only being a low birth and explosive growth but maintains a great look and extra power on the hoof! She is sure to be the kind for the front pasture to make your neighbors stop and stare!

### • Consigned by: Clausel Farms

• Sired by one of the rising stars in the Select Sires line up, Gibson. 2411 brings a well rounded set of EDP's to the table. She is a nicely made calf out of a very productive Shady Brook dam. This heifer will serve as a nice replacement in any herd. The Gibson calves have been very consistent for us, and we will continue to use him. Another Gibson heifer from us was the high selling open heifer at the 2024 Fall Northeast Ark Association sale.

• This embryo transfer daughter of G A R Sunbeam is out of a really good Fireball daughter we bought from Jimmy Goode in Pampa Texas. She ranks in the top 25% of the breed for Weaning and Yearling EPD's and top 3 Ribeye Area. She also scores in the top 4% of the breed for \$BeeF and \$Combined. She is also a very attractive heifer and is ready to breed right now! We have brought the best of our best to this event for you.

- 4318 is a double digit CED low birth daughter of E&B Wildcat that was produced in the Jacs Ranch embryo program. Her donor dam was a foundation female in the program. 4318 is a bred heifer with her whole life ahead of her! The mating opportunities are endless here, but don't miss out on the opportunity to have this Baldrige Grindstone calf this spring! This females future is exciting!
- Due to calve 3/09/26 to Baldrige Grindstone. Safe in calf.

- The female that we had geared for the Sharing the Success sale since getting her weaned! This one hurts to sell, but we are proud to stand behind the Wallstreet granddaughter that traces back to the famed SAV Emblynette 1182! How do you beat it? Genetics of Wallstreet, Renown, Bismarck, New Day, 004! We think this is the foundation type. Her mom would have been the high selling pair at the NEA sale this spring, grandma was a sale feature a few years back now working in the Bolar Farms herd! This female has great females throughout and I look forward to following her progress. To add an exciting bonus, she is safe in calf this spring to the Coleman and Genex standout, Coleman Below Zero.
- Due to calve 5/20/2025 to Coleman Below Zero 2106. Safe in calf.

Deer Valley Wall Street: Grandsire of Lot 18

- This fall pair could lead off any sale anywhere. If we were to hold this pair for our spring sale in March, I'm certain we would lead off our female section with them and I would expect them to set a new record for our sale. This young cow is stout but attractive at the same time and has a beautiful udder. She is true calving ease genetics but also ranks in the top 10% of the breed for Yearling EPD. She goes on to post EPDs in the top 2% for Marbling, Top 1% for REA, Top 2% for \$Beef and top 1% for \$Combined. She is an Impressive female in her own right but when we consider her Basin Keystone heifer calf at side this pair gets even better! This heifer calf starts off with an incredible performance spread of top 10% for calving ease EPD paired with a top 15% for yearling EPD. Even better she hits the top 4% for marbling, top 1% for Ribeye area, top 20% for \$Maternal, top 2% for \$Beef and an impressive top 1% for \$Combined being over 390 for that valuable index!
- She sells with heifer calf at side born 9/06/25 by Basin Keystone 2021. TT: 543

- 9385 originated at Express Ranches and has been a great producer for us here! We have kept females in the replacement pen to replace her. A granddaughter of Emblazon 999 and back to a daughter of Sitz Top Game that traces back to Blackbird 558H. She is great footed and in the prime of her life! We expect her to continue being a great producer and a female that just gets the job done, no matter what you breed her to!
- Due to calve before sale day to SA Annuity 1715 (#20405907).

- 8022 is a daughter of the popular Musgrave sire, LD Capitalist 316 this has made some highly sought after females! This female is no different and she traces back to the Montana Ranch foundation Donna, Coleman Donna 975! This is sure to be a highlight of the sale from a phenotype perspective and the bull calf at side is sure to be a future herd sire by the Sitz Angus and Ellingson herd sire Bear Mtn Pilot!
- She sells with bull calf at side born 9/28/25 to Bear Mtn Pilot 1520.

**LD Capitalist 316: Sire of Lot 36**

- RN84 has been a successful donor in the program coming to us via the Trails End dispersal in Iowa! She is a beautiful daughter of the Genex sire SAV Renown 3439 that has been known to make sound, functional females! This is definitely a sale highlight that you won't want to miss that still has future in productive years or could be a cornerstone for her next owners! We have a tank of embryos and daughters put back in the herd. We wanted to share her as a feature of the sale, don't miss this opportunity! The best news is, she comes toting a heifer calf by Sitz Resilient!
- AI bred 1/20/25 to Sitz Resilient 10208. Pasture exposed to SA Annuity 1715 (#20405907) from 1/25/25 to 3/04/25.

- CF Erica K06 traces back to the renowned Thomas Erica cow family, a line known for its consistency, maternal strength, and ability to generate cattle that excel both in the pasture and on paper. This young female is sired by GAR Home Town, one of the breed's elite sires for carcass merit, growth, and maternal efficiency. Home Town daughters are proving to be balanced, problem-free cows with the kind of genomic backing that adds long-term value. CF Erica K06 is bred to Myers Fair N Square M39, a sire admired for his combination of calving ease, growth, and exceptional structural integrity. Fair N Square progeny are making waves nationwide for their real-world performance and eye appeal, and his influence on this Erica female adds another layer of proven genetic value.
- AI bred 5/13/2025 to Myers Fair N Square M39. Safe in calf.

- 1027 is a daughter of GAR Hometown back to a daughter of the past record selling HA Cowboy Up. This low birth female was produced in the Henke herd in Missouri and traces back to the foundation Eisa Erica cow family! This coming 5 year old is in the prime of her life! Don't miss her come sale day! The opportunities with her pedigree and phenotype make this female very exciting!
- AI bred 6/26/2025 to Musgrave No Limit. Safe in calf.

- 9527 came in dam that originated at Jacs Ranch. This is a female that gets it done every year with no issues! Sired by the Vin-Mar Step Up bull and her dam is now working in the Wann Ranch herd. She is a phenotypic standout in the pasture and has a very usable set of EPDs. She is in the prime of her life and would not be here if we hadn't kept back 2 daughters to replace her, with one being the lead ride 4 year old female on the farm! This female has done an awesome job for us and don't expect her to slow down for the new owner.
- AI bred 3/15/25 to Sitz Eternity 739L (#20631435). Pasture exposed to Diamond J Territory 302 (#20977360) from 3/25/25 to 5/25/25.

6194 is a soggy made power bull! His mother goes back to the foundation Erica cow family in the Sugar Springs herd. Birth weight 75 pounds and adj weaning weight 655. If you talk to Chad Ellingson he will say breed your 4404 daughters to Homegrown. We've used Homegrown a lot because these cattle do so many things right. Good footed and handle fescue well. Don't miss this maternal masterpiece! You will want to keep all the daughters here!
