Welcome,

On behalf of the Two Rivers Cattle Company dedicated staff, and the families who work so hard to make this farm possible, we welcome you to the 2025 Two Rivers Cattle Company 1st Annual Fall Female Sale.

At Two Rivers Cattle Company, we believe in producing genetically and phenotypically desirable animals through careful mating selections, utilizing proven AI sires, to produce some of the top carcass traits in the Angus breed. The females, and matings, selected for this sale represent our philosophy of producing the best genetic and phenotypic profiles we know how to produce. Further, we tirelessly pursue animal docility results through our animal handling belief to guarantee delivery of a low stress transition from our herd to yours. The cattle presented in this sale exemplifies our commitment to producing results that will add predictable value to any herd.

We are blessed, and privileged, to have developed relationships with many farms and families across this Nation. We are especially thankful for the friendship, partnership, and relationship we have with Rocking W Angus in Jefferson, GA. Rocking W Angus continues to partner with us lending us their leadership advice, and we are forever grateful for their support and inclusion of our animals in annual production sales. We are also very thankful for our partnership with Gardiner Angus, and FB Genetics. The list of names of those that put us where we are today is far too long to include here, but thank you for lending us your support, expertise, your strong back, leadership, and your belief in our vision to push us to this next level. To all of you, please know how much we appreciate the faith you placed in each of us, to allow us to bring forward the Angus breed of cattle represented before you today.

We are honored that you have decided to join us this afternoon, and we truly look forward to serving you and your family. Thank you for giving us the opportunity to continue our relationship, or to build a new and long-lasting relationship with you.

Thank you,

Rusty Gravitt and all of us at Two Rivers Cattle Company
