THIS SALE BOOK IS POWERED BY
AUDIO FOOTNOTES®

Welcome to the latest marketplace innovation brought to you exclusively by The Judge Source – [audio footnotes®](#) and [sale book audio content](#).

This proprietary feature gives our clients, buyers, and interested parties a convenient way to listen to us walk through the sale as we highlight and discuss sale features, lots, and the client's program. Differing from printed footnotes, this gives you the benefit of hearing the details on a lot, or lot grouping, while you look over the photos, pedigrees, and genomic data provided. The audio content arrives to you in an easy and suitable fashion, in which you can download and listen to over again, and at your convenience.

Doing chores, traveling, or on the move? No problem, listen in as you work and move! Also, it gives you a fun insight into our discussions around the sale and offering, you never know what you might hear! Simply scan the code with your phone's camera whenever you see it available and follow the link that pops up on your screen – will work on both printed sale books and digital versions. Each QR code gives you a different set of content.

This feature is exclusive to, and will be legally protected by, The Judge Source and all entities under the company umbrella. Infringements on this intellectual property will be prosecuted and pursued by legal counsel. Any effort to reproduce requires written permission on file from The Judge Source.

AFTER PURCHASING

After you have paid The Judge Source for your purchase, we ask you to please reach out directly to the consignor/seller of the lot you purchase. This is a true consignment sale, and The Judge Source has no possession of live lots nor ownership of the embryos.
