

**TWO**  
IS BETTER THAN  
**ONE**

What a privilege it is to welcome you to the fourth annual "Two Is Better Than One" sale series! This collection of stock features two of the most successful, young families in the show cattle industry. Fitzsimmons and Weis have achieved remarkable success over the past decade, with as many dark purple banners across multiple breeds as any other outfit in the business. The families are humble and very dedicated to their work and programs. A great deal of thought and strategy goes into what they offer for appraisal throughout the year. The two families join forces for the most anticipated week of offering high-end, well-bred show and donor prospects that are known nationwide in the Stillwater area of Oklahoma.

As you browse through this sale book, you'll notice that each lot in the offering is a maternal or full sibling to a champion on a National, Regional, or State level. The pedigrees that make up this offering feature elite donor or cow families, whose genetics are in high demand and are well-known for producing cattle that are often draped in purple, with backdrop photos required. Nick and Willie take pride in what they do, and that's why their combined success rate is so impressive. Their customer service is unmatched, making it one of the best experiences for young exhibitors. These two gentlemen are first-class people with world-class families and staff, making the investment more worthwhile than anywhere else in the country.

The Innovation AgMarketing Team is very humbled to be involved with these two great family entities! We assure you these cattle come with integrity, pedigree, and the right build and type to ensure your family's success and the value of your investment. If we can be of any assistance prior to the auction sale, please do not hesitate to reach out to any member of our team.

Best wishes to all and Happy Holidays!

GRAHAM BLAGG · TIM ANDERSON · JERED SHIPMAN

- The cattle by BNWZ Dignity 8017 are certainly no strangers to quality in look and presence. When blended with the arrogant, three-dimensional approach that's delivered by the influence of Conley No Limit, potential is limitless to say the least.
- A fantastic April Angus show heifer prospect that's worth the trip to Perry, Oklahoma to set your own eyes on and make your own assessment.
- She is set high and proud in her neck attachment, transcending integrity to her spine and pin set. Her upper rib is shapely as well as her back, hip, and stifle. What's most intriguing besides her construction and build is how it all flows flawlessly in motion as she further defines skeletal integrity.
- This rising star from the Weis program's youthful Angus matron, JWC Cruella 21J, needs serious attention only!

- This one will flat stop you in your tracks! The centerfold caliber presence, her exotic hair coat, and her sheer substance will impress even the most discriminating!
- N570 is ever so impressive at the surface, stout in her bone, deep, square, and genuine throughout with seamless transitional points. This one ties it all together and won't be hard to find by sale day.
- N570 is a maternal sister to CLF Pin Up Gal 40M, the dominant champion for Tucker Bayer that was selected as the 2025 Atlantic National Supreme Champion, 2025 NJAS 4th Overall Bred & Owned Heifer, 2025 American Royal ROV Reserve Grand Champion Heifer, and the 2025 NAILE ROV Reserve Grand Champion Heifer!
- A maternal brother to this knockout, May exhibition prospect, works in the Buck Creek Ranch program of Yale, Oklahoma. The service of CLF 24 Karat 29K will be featured throughout the impressive offering that the Moore Family has for appraisal "Sale Week" in the surrounding Stillwater Metro Area. Seldom Rest Pin Up Gal 8105 is a strong donor female that seldom misses. Invest with utmost confidence.

- Angus purists wouldn't ever say anything like "tricked out" or "geeked out", but at some point, in describing one, an evaluator has got to get on the same edge the cattle are when they are built like lot 3. We love the eye appeal and style that this dynamic female possesses.
- This female is a full sister to multiple sale features and high sellers for the Weis and Kruse Families. It's a genetic blend that keeps on giving time and again. A mating with predictable generating substance and surefire physical quality on another level!
- I2N sets to the surface with the biggest and best of feet; she is substantial in her bone dimension, robust in her center body, and big-ended from behind.
- I2N is a FULL SISTER to Curtin's 2024 NJAS Reserve Grand Champion Owned Heifer and 2024 American Royal ROV Reserve Grand Champion Angus Heifer!
- This creature may not win them all, but we are certain that she will win every mating strategy in production. She's a changer worthy of your attention!

**PLUM CREEK ANNIE LU 9271**

PLUM CREEK ANNIE LU 4472

**4**

- There is zero to question on the production merit of Plum Creek Annie Lu 9271! Her produce has lit up the green shavings and tan bark in the Angus circles and will continue to do so through stock like lot 4!
- This SCC SCH 24 Karat 838 daughter pulls out all the stops and focuses on the best from both sides of her genetic ledger. The blend appears to be very potent, as she is quite possibly the best EVER from this high-profile mating.
- She has been the standout of the 9271 females offered by Weis and Kruse this fall. Her marketing purpose was always targeted to be in this sale! She is the kind and quality that can gather up the hardware and have a show career draped in deep purple.
- Her feet are dense with heel depth, she is stout featured, deep sided, and burly wide in her build for an Angus female. Flexibility and skeletal quality are unrivaled as she comes with substantial longevity in production on both sides of her pedigree.
- An elite donor and show prospect with known generating power.

- KLD RW Marksman D87 ET worked exceptionally well on the proven RG 551 Pixie ET 770E ET donor that needs no introduction to the Hereford social circles.
- A maternal sister to this dynamic female, H BL TB Pixie L369 ET, was the 2024 American Royal Grand Champion Hereford Heifer for Maddie Jenkins of Texas.
- The maternal side of her pedigree would include several National Champion females, high sellers, and individuals of significant influence within the Hereford breed.
- A red cheeked, short feathered, polled prospect that is huge bodied, ultra flexible, with advantages for substance and shape.
- She comes with as much after exhibition generating power, based on genetics alone, as anything in the offering.

FCC 340 MISS SAGE 7535

- KLD RW Marksman D87 ET has proved to be one of the hottest Hereford Sires in the business. His cattle are ultra trendy and consistently have the body shape, flexibility, and presence to surface towards the top of most exhibitions.
- This direct daughter is a textbook example of the type and kind stamped by KLD RW Marksman D87 ET. Her dam was no stranger to the color purple, as she was a many times division champion across the land. The most notable win of Spearmint 2233 was when she was selected as the 2024 FWSS Grand Champion Junior Polled Hereford Heifer for Landry Allan.
- We expect this horned female to be very competitive as indicated by her sheer quality. She is very flexible off both ends of her skeleton as she sets to the surface with a big foot and genuine base width. She's deep through her center body, bold in her upper rib, wide in her pins as she has the shape from behind to propel her towards the top every time.

- We stay with the KLD RW Marksman D87 ET theme with a daughter of CH PSC T/R Hired Gun 184 ET, the standout son of D87. The pedigree accent however comes from the maternal influence of the proven CH High Roller 756 ET that continues to sire the upper echelon of the Hereford stock with awesome phenotypic value.
- The dam of Plum Creek Georgia Kay 558 ET, TLAC Miss Lucky Roller 201IK, was the 2023 IA State Fair 4th Overall 4-H Breeding Heifer and the 2023 American Royal Grand Champion Junior Hereford Heifer.
- We appreciate the flexible, loose build she offers as she takes to the pen with ease. What she has to her own in terms of foot size, bone, and skeletal quality is simply impressive.
- She is so elegant and discerning in her presence as she is set high from her blade, smooth in her shoulder, deep and bold in her center rib, level and wide in her pins, and genuine and true from her hock to the ground.
- The Hereford division of "Two is Better Than One" dominates in quality, kind, and genetic value with credentials to go win at any level.

- Dazzling, fancy Red Angus prospect sired by the rising star among Red Angus sires with quality and phenotype, WD Johnny Cash 342! She too is wrapped in maternal excellence as she ties back to the dominant producing WDZ Girl Power 5028 donor female that's no stranger to producing the backdrop kind.
- This female is stunning and chiseled about her elegant front third as her neck sets high out of her smooth and correctly angled blade. Her transition to her forerib is flawless, her rib design is ideal in terms of outward curvature and shape, and her underline is uniform from her chest to flank.
- When set in motion, she is very collected in terms of her silhouette, with true width of base from behind as her hock sets square to the surface with every stride.

- The red and white hided Shorthorn show heifer prospect has the build and kind that will offer mating flexibility like very few in the business!
- She is sired by the \$112,000 MFS Dream Weaver 37K and comes from the renowned and proven Sullivan donor known as SULL Wild Cheri 3269 ET, the 2014 NAILE Grand Champion Shorthorn Heifer.
- A Shorthorn female that comes with the wild features as far as an extra-long neck that exudes elegance as it ties high out of her shoulder. Her chest is elevated and clean and her underline enhances her skeletal balance. Her spine is integrated into her high-quality skeleton with strength and flexibility as it connects into a square and level hook to pin set.
- Her back and hip shape are big with a very square and deep tying quarter that attaches to a huge and correctly designed hind leg.
- She's one-of-a-kind and should become a versatile breeding asset after her time on the chips. We know she will produce those high-rent Shorthorn or Shorthorn Plus show cattle, but we also expect her club calf breeding value to be just as high. She's the kind of investment that will collect the hardware and the right shade of purple for your youth exhibitors!

**10**

- A high Maine female with a curious disposition suitable for any age exhibitor!
- Her genetic blend consists of the very popular TLAC Hits Different 1409L, the \$150,000 featured Live Lot in the 17th Annual Embryos on Snow that was purchased by RJ Cattle Company and Bowling Cattle Company!
- The maternal side of her pedigree traces to the influence of the famed MF Katy I08Y, therefore making her dam a FULL SISTER to the \$199,000 high selling Maine Angus heifer, Katy's Baby ET, who is now a member of the donor pen at Sullivan Farms.
- She comes with a unique color pattern as the white bellied, black and white legged female has an incredible haircoat, an outstanding presence and build, and all the essentials to gather the purple and the hardware wherever she goes.
- She's one of the absolute best females EVER offered by Fitz Genetics in the "Two is Better Than One" sale series!

- A solid black daughter of Good As It Gets from a productive daughter of Weis All Me 10F and the productive generator, BBR Junebug 125J ET. The youthful dam is a highly competitive past National Champion MaineTainer female that was campaigned by the Dunklau family of Nebraska.
- She is long fronted, flat shouldered, and maternal in her neck design, yet chiseled and refined about her skull, smooth in her blade, deep and bold through her center body, and comes with plenty of shape and dimension.
- A maternal sister sold this past fall at Fitz Genetics for \$40,000, while another maternal sister was one of the featured lots in the Winegardner/Klingaman Show Cattle "Harvest of Excellence" Sale where she commanded a \$105,000 hammer price!
- She demonstrates incredible flexibility as she effortlessly moves off both ends of her skeleton.
- Her haircoat is incredible and her center stage presence is simply electrifying!

LFCC LADY MONICA I4A

• The ultimate “show pony”, bred for the green chips! Another daughter of Good As it Gets from the impressive SRR Miss Monica 10H ET donor owned by the Dunklau Family of Nebraska. SRR Miss Monica 10H ET is a daughter of SCC SCH 24 Karat 838 from a proven daughter of the club calf patriarch, Eye Candy, LFCC Lady Monica I4A.

• Multiple maternal sisters have protected the bottom line for both the Fitz Genetics and Winegardner operations by garnering the “high seller” status! Just this past November a maternal sister, DUNK BWM Monica 405N, commanded a \$115,000 price tag in the “Harvest of Excellence” sale!

• She is awesome necked with an elevated and confident presence. Her hip is level and wide in her pin set as she sets square and true from her hock to the surface. Her skeletal build and quality are unrivaled and readily noticed.

- We are very excited about the heifers in this offering, especially with the sire influence of Good As It Gets. We love the overall shape, presence, and build of this consistently strong sire group.
- This prospect features an unforgettable and eye-catching color pattern that highlights her lineage. The maternal side of her genetics is influenced by Monopoly and the legendary HF Mustang Sally 904 Pld Charolais donor dam.
- The dam of this eye-catching female is a maternal sister to the 2020 KS State Fair Grand Champion Market Steer, as well as countless high sellers and National Champion Charolais females that have been raised and marketed by the Thomas Ranch of South Dakota.
- A low Chi show prospect that is built square and genuine. She comes with as much skeletal width and shape as anything in the pen. Huge center bodied, big ended, and sets to the surface stout and big in her bone work.

SSUL WHO DAT DARLING

- Fitz Genetics loves to offer stock with options! This female is dual registered Chianina or Percentage Simmental. JSUL FTZS Who Dat 5729N ET is a direct daughter of the iconic JSUL Who Dat Darling 902G ET, the 2020 NAILE Supreme Champion Junior Breeding Heifer for Sara Sullivan.
- 5729N is a daughter of TJSC Coping With Destiny 9K from the proven 902G donor, arguably the prolific producing daughter of the iconic ASHW Who Da Man.
- She is a maternal sister to JSUL Who's Dat 3387L, the JBSF Berwick 4IF daughter that was selected as the 2025 OYE Supreme Champion Influence Breeding Heifer. She is also a maternal sister to the dominant champion campaigned by the Bloomberg Family to countless titles across the country. Her most notable win was this summer when she was selected as the 2025 IL State Fair Supreme Champion Junior Breeding Heifer. JSUL Who Dat 3392L is another maternal sister to 5729N. She was selected as the 2024 AJSA National Classic Reserve Grand Champion Percentage Simmental Heifer for the Dorsey Family of Illinois.
- We find this taller fronted, level designed, smoothly constructed female very appealing.
- Her neck rises high from her smooth blade and transitions smoothly from her fore to center rib, with an ideal underline from chest to flank. She has both the correct shape of muscle and plenty of bone that assist her impeccable ability to balance from end to end.

**JSUL WHO DAT DARLING 5592N ET**

**JSUL WHO DAT DARLING**

JSUL TOTAL GIRL 4I

25

- What an absolute doll of a female that has a very bright future!
- Besides her unique color pattern, the build and balance of this creature is breathtaking! A feminine headed female with a great attachment to her high tying neck that ascends from a perfectly designed, smooth shoulder. Her transitions from blade to forerib are seamless, her center body massive, and her flank line deep as it completes an impeccable underline. We admire her spine attachment from the top side of her shoulder as it transcends with strength and flexibility back to her level but wide set to her pins. One that is very smooth in her muscle shape that sets square and true from her hock to the surface that offers depth of heel and an ideal shape to her hoof.
- The dam of this dynamic female has produced countless high sellers and National Champions. She is a FULL SISTER to the very popular JSUL Who Dat Fetty 6322D ET, one of the greatest producing ASHW Who Da Man daughters in existence!
- In motion, her profile is collected as she takes to the pen effortlessly from end to end with perfection. We expect great things to come from this high profile, dual registered show prospect.

- Walsh On the Brink has had the opportunity to be mated to several cows of diversified breed affiliation with a tremendous amount of success! The cattle have been consistent and, more importantly, accepted nationwide.
- SHCO Foxy 385F "Roxi" has quite the track record during her tenure at Paulsen Cattle. The highly decorated donor dam has surpassed the \$2 million earning mark for progeny sales and we are certain that her record earnings will continue far beyond this threshold!
- The dominating donor has produced two Grand Champion Purebred Simmental Heifers at the AJSA National Classic on her progeny ledger, and this female could be the one that competes to be the SimGenetic Champion.
- She comes with the maturity advantages within the offering, but the black and white colored, masked baldy also has the credentials in build to be of consideration by those who have the goal of competing at the highest level for the most coveted of titles in the junior exhibition ranks.
- Exceptionally deep, incredibly powerful, and sets it all down on really big, hairy legs with giant paws at the surface.
- A true sale feature that is backed by the HOTTEST cow in the industry!

JPLF/RBS YOUR THE ONE

- A very maternal bred female with style and balance. She is saturated with cow family, HPF Victoria B396E and JPLF/RBS Your The One "Rudy". Her dam was the 2023 Cattlemen's Congress Grand Champion Purebred Simmental Heifer and is proving herself in the donor pen as she continues to shell out quality like this direct daughter of Second Chance 601H.
- A late April born prospect that is advanced in her center body shape and depth. She is very stout in her bone, big footed, and goes wide and true from her hock to ground.
- A brood cow in the making that is very high quality and ideally poised from her shoulder forward.
- She is certainly competitive for look, quality, and pedigree among a very elite, top shelf offering of Purebred Simmental females!
