3001 General Pershing Blvd., Oklahoma City, OK 73107

Barn 3 Sale Arena & Meeting Room

1 p.m. BAA Annual Meeting

5 p.m. National Braunvieh Sale

Sale Committee

Eddie Zeigenbein, Chair..... (812) 620-3422
Molly Mirassou(408) 690-9961
Mark Wolken(601) 953-7537
Marilyn Brink(785) 766-8713

Auctioneer: Jason Pfeifer..... (785) 483-1805

Sale Staff: Guy Peverley, *The Stock Exchange*.....(785) 456-4390

Accommodations – Additional room block list at
cattlemenscongress.com, show information, accommodations

Comfort Suites Fairgrounds West (405) 943-2700

4220 West I-40 Service Road, Oklahoma City, OK

Best Western Plus, Saddleback Inn (405) 947-7000

4300 SW 3rd St., Oklahoma City, OK

Congress Group Rate \$99. Cutoff Date Dec. 30, 2025.

Announcements – Announcements made sale day from the auction block during the sale will take precedence over printed material in the catalog or other material associated with the sale.

Health – Papers accompany cattle selling for immediate shipment.

Terms & Conditions – All cattle sell according to the Braunvieh Association of America suggested Sale Terms & Conditions

Liability – Everyone attends the sale at his or her own risk. Cattlemen's Congress, owners, sale committee, sale staff and anyone associated with conducting the sale assume no liability whatsoever as to risk or personal injury. Cattle are the liability of the buyer when the auctioneer says "Sold." Every effort will be made to insure safe handling of the cattle through the sale and loadout process.

Trucking – We will assist in making the best trucking arrangements to your destination, if you desire.

EPDs – EPDs are current as of Nov. 19, 2025.

PICK OF THE 2026 CALF CROP

- Stillwater Farms of Indiana are opening the gates to our 2026 calf crop. An operation known for exhibiting countless champions at the highest level, this is your chance to capture some of those great genetics. This is the last time we will be offering pick of calf crop in the foreseeable future.
- A few sires represented in the herd include SW Leonardo's Dragon, SW Cornerstone M35, WW Cornerstone 814F, JBB Badboys Dawson 528C, Stonewall Blackjack, AAA BV Commerce 4058 and AAA BV Finnegan 4018.
- Calves associated with Junior members, partnerships, or recipient females are not included in this selection. Selection must be made by June 15, 2026.

Stillwater Farms

National Braunvieh Sale Returns to Cattlemen's Congress

This year marks an important milestone as the National Braunvieh Sale returns to Cattlemen's Congress in Oklahoma City (OKC). The last event held here took place during the challenging COVID era, and much has changed since then. Over the past few years, Cattlemen's Congress has established itself as one of the leading shows and premier national sale locations for many of the nation's largest breed associations.

Transition from Fort Worth

The association's tenure in Fort Worth was both enjoyable and productive, offering valuable experiences for all involved. However, changing circumstances necessitated a move. Rising costs and declining sale profits made it clear that a new venue was needed. The transition to the newly opened arena in OKC was made even smoother thanks to the support and accommodation provided by the staff, ensuring a seamless planning process.

Board Commitment and Future Vision

The primary objective is to ensure that haltered Braunvieh cattle are showcased front and center in the Super-Barn, maximizing visibility for all attendees and passersby. With the industry currently at an all-time high, it is more important than ever to secure a prominent position for Braunvieh cattle at the new Cattlemen's Congress Arena. The board recognizes its responsibility to the membership and remains committed to protecting the breed's future and representation at this key event.

Regards,
Colby King, BAA President

- Top 15% BW. Top 10% for Stayability. API is in the top 30%.
- Homozygous polled, homozygous black, heterozygous leptin.
- It's not often that you can find a Homozygous black & polled purebred that brings as much natural bone, body, density, and growth to the table as this one. Not only does he do that, but comes with a rock solid skeletal foundation and the maternal power in the pedigree from cow maker sires like Xerox, Ranger 11R, and Silver Bullet.

- If you're looking for calving ease, low birth weight and top of the chart API, this homozygous polled High Noon son is for you. At 72 lb., he was the lightest of 10 contemporaries at birth, but moved up in rank at weaning. His grandsire, Wizard of Oz, has been a true cow-maker for us with 17 daughters and granddaughters in our herd. Sean & Marie Lehmann purchased 711N's full brother in the 2024 National Sale and have his calves on the ground. A full sister is in our replacement pasture and a maternal half sister sold to J Bar Braunvieh.

- Another excellent offering from the exceptional D901 Braunvieh Donor, which has consistently produced champions, outstanding herd sires, and donor prospects. This bull is stout, masculine and rugged, designed for the commercial producer and more poundage when his offspring hit the rail. He's dark in coat color, allowing that option for black hided offspring when used on commercial cattle. He also favors the lower birthweight EPD, allowing him to be used both on heifers and cows.

- Dream Cow! One of my absolute favorite purebreds I've ever raised — and now it's your chance to own her. Her dam has always been a standout in my herd, and this female has even surpassed her. She's soggy middled, beautifully balanced, and carries the most perfect udder you could ask for. Ziggy's ready to be bred back to the bull of your choice. Whether you're looking to make show heifers or productive cows, she's proven she can do both with ease.
- I'll admit, letting this one go might not be my smartest move, so take advantage of this rare opportunity and run with it.

Lot 6A – She sells with a great percentage (54.8%) bull calf at side, JMS Kruz 110N (BC112297) born 10/22/25, sired by Mr JMS Cupid J228.

- Riley is proud to offer an outstanding N7R Montoya x Star Daisy Mae heifer! She is halter broke, has an exceptional disposition, is super docile and easy to handle. Sweet Treat is ready to finish out a successful show career OR go straight into production.
- Her dam has been an absolute cornerstone of our program. She comes from a strong maternal line with excellent fertility. Her mother is highly fertile and passes that trait on to her calves. Don't miss this one — she's the complete package!

- “Her Grace” is not just her name, it describes this smooth made, attractive heifer with substance and depth. Our first High Noon daughters calved this fall and are good mommas with beautiful udders. Put High Noon and Toronto together and you have a heifer with show potential as well as brood cow material. “Her Grace” has a bonus of being homozygous polled. And look at her EPDs. CED, BW and CEM in the top 5% of the breed with an API in the top 10%. She’s got the growth to go into your herd as a moderate sized, efficient cow.

- Talk about a proven mating, 861F and the famous MHF W9161. 501N is a maternal sib to Lord Culpeper, who was Mystic Hill Farms’ highest weaning bull calf ever recorded, and stood as a top sire during his time. 501N has that same capacity throughout, with that profile that will get you banners in the ring, or a trip home right to the donor pen. She is truly one that can go any direction and will out-do her mother.

- I am already regretting consigning this one, but we want to promote the kind I feel can help move the breed forward. Unassisted out of a first calver, weaning over 60% her dam’s body weight (701 adj 205), Betty has an ideal foot design, puppy dog demeanor, plenty of body and dimension, yet still looks classy. Her granddam, STAR Gypsy Soule, was Reserve Grand Female at the 2015 Royal and 2016 HLSR. You don’t have to choose between performance, function, and phenotype, so dig in & let’s roll!
- **Selling Possession and half embryo interest** with the option to double down and own all of her. If the buyer opts to double down, Star Ranch will retain the option to 2 successful flushes at buyer’s convenience and seller’s expense (successful flush defined as a minimum of 6 freezable/transferable embryos).

- EPDS in Top 25% of the breed for WW and Top 35% for YW
- 221M is a really growthy, long bodied female with a good foot and leg under her. Don't overlook her just because she was still a little green in October on picture day.

- Top 10% WW. Top 3% YW. Top 15% TM. Top 4% REA.
- A big, growthy, soggy made, future brood cow deluxe by the powerhouse Nuts & Bolts. On the maternal side, 151N comes from the extremely maternal & hardy M10 cow family that has been central for helping propel the Bluebonnet Braunvieh program forward.

- **Selling Choice of Lots 17 & 18 Halter Broke Show Heifer Prospects.**
- Folks if you are looking for a super sweet, confidence building calf for a new junior or even a seasoned showman, these two will fit either situation. Both heifers are very high percentage (95.1%), extremely gentle and easy to work with. Jazzy 1513 is a little more pretty profiling heifer, but Flo 1512 is equally as feminine with a little more depth to her. Their sire, Inferno, is a full sib to our bred cow, Lot 19. We like both heifers so much, you get to choose which one we keep.

- When we mated this flush a few years back, I had high expectations on the result, and boy did they exceed them. Lightning Bug is a big, stout, growthy, correct made cow that has the potential to make her way to your Donor Pen. We think so much of this mating, our top Herd Sire RDF Inferno, co-owned with Stillwater Farms, is a flush mate to this high percentage (90.2%) great cow.
- Safe in calf for an early March calf to our Homo Black and Polled herd sire RDF Black Onyx (PB109274).

- We have saved this black and polled percentage fall heifer for the National Sale. She combines that extension and femininity in her front end with the depth of rib, levelness of hip, and capacity to offer any operation an elite female to accomplish the goals of top herds.
- We bred this female to Weers Practical 3855 who has produced easy calving, fleshy, and highly marketable calves. This one is special!

- We wanted to offer a proven, darker, double polled foundation cow in this National Sale. This cow is out of our donor WCCR Cornerstone 1043 who is a Preferred Stock daughter. 1043 stamps her offspring with depth of rib, stoutness, and beautiful udder development. Being a Stetson daughter, she will throw you the darker polled calves so many are looking for.
- She is confirmed bred to WCCR 3045 which will produce a Braunvieh x Angus calf. Don't miss this elite donor cow!

- Proceeds donated to the 2026 Junior National Braunvieh Show in Wichita Falls, TX, June 1-5. Bred & Owned by Tana Williams.
- Nine Lives is one of the best females we have raised. She combines generations of name-brand proven Braunvieh bloodlines. If you're looking for a combination of old and new genetics on one set of papers, she nails it. Nine Lives is by LOF Mr Hercules that has made a big impact in our Braunvieh herd. She's pretty fronted, big-hipped, and moves extremely well. She'll be one for the show ring or to build a program around.

- Offering a Flush from the One and Only, Ms RDF Lulu 960F ET.
- Lulu is a purebred powerhouse crowned Show Heifer of the Year in 2020. She's homo polled and homo black, combining elite genetics with eye-catching style. She carries extra shag, super stout build, and a deep, capacious body. Lulu consistently stamps her calves with quality and presence. Tap into a proven genetic line that produces champions. Whether building your show string or strengthening your breeding program, the genetic potential here with Lulu is limitless.
- (IVF terms) Buyer receives opportunity to flush donor to sire of buyer's choice with guarantee of a minimum of 6 eggs, no cap, and guarantees two 60-day pregnancies if put in by certified embryologist. Buyer will pay all flushing expenses. Donor will be ready to flush in April or May.

- 365-day wt. 1,123 lb. A truly special animal that we feel can have an immense impact on the breed. The good Lord doesn't make cattle like him everyday. Study his picture and video; taken at 6 years old! If you're in the area, he is in Weatherford and available for viewing. The first calves are here and, let's just say the future is looking bright! Semen will only be offered in very limited quantities so jump in while you can.
