## GENERAL SALE INFORMATION

**American Shorthorn Association Genetic Condition Disclaimer:** Unless an animal is listed on the American Shorthorn Association "genetic condition status list", the American Shorthorn Association makes no representation of any kind as to whether or not the animal has a genetic condition.

**Terms And Conditions:** Terms of the sale are cash payable to the clerk following the sale and before the cattle are removed from the premises.

**Billed Accounts:** All billed accounts are due within 10 days following the date of the sale.

**Health:** Each animal selling will be accompanied with a state approved health certificate from its state of origin. Buyers should make themselves aware of the health requirements for their respective states.

**Breeding Guarantee:** The Suggested Breeding Guarantee as endorsed by the American Shorthorn Association will be followed.

**Registration And Transfer:** All animals sell with completed pedigrees or applications for registration in the hands of the sale manager.

**Announcements** made from the auction block take precedence over all printed material in this catalog.

**Insurance** will be available for your purchases at the sale. Contact the clerk at the time of settlement for your insurance needs.

**Liability:** Each animal selling will be at the buyer's risk as soon as sold. Neither the owners, employees, auctioneer, sale consultants, sale manager, Cattlemen's Congress, American Shorthorn Association or other affiliated personnel can be held responsible for any accidents, but will make every effort to provide for the safety and comfort of those attending.

**Mailed Bids:** We hope you will be able to attend. If you cannot attend, you may mail or telephone bids to the sale manager or representatives.

100% of proceeds of Lots A-F go to the Shorthorn Youth Development Fund Foundation to support the National Junior Shorthorn Show.

# Shorthorn YOUTH DEVELOPMENT fund

## LOGO ON THE 2026 NJSS PHOTO BACKDROP

Donated by the American Shorthorn Association

Don't miss out on the unique opportunity to have your logo displayed on the photo backdrop alongside our title sponsor Sullivan Supply. Only ONE additional logo will be added with the title sponsor. This does not include any sponsorship rights, it is just for advertising purposes for YOUR operation. The logo would be placed strategically to be visible in most photos taken at the NJSS photo backdrop, there is no guarantee for logo visibility in all photos based on number of people in photo and/or photo cropping. AJSA reserves the right to approve the design for the photo backdrop to fit the NJSS theme. Logo provided by buyer must be available in a neutral color to fit with backdrop and theme.

## VIP PARKING AT THE 2026 NJSS IN ABILENE

Donated by the SYDF

Save your steps and park in the spot of your choice! We will only offer LIMITED VIP parking. When you arrive at junior national, stop by the office to get your VIP parking pass. We will have a special area for our VIP parking near the barns! *Valid for ONE vehicle only.*

## PICK OF THE STALLS #2

Donated by the American Shorthorn Association

Your state could have the second pick of the stalls at the National Junior Shorthorn Show! The buyers of this lot would get pick of the stalls (after the host state and the buyer of the first pick of the stalls). This would be for the entire state stalling. Do you want to pick your place in the barns? Get your state together to buy this lot!

## SHORTHORN COWHIDE – APPROX. 7.5 FT X 6.5 FT

Donated by the SYDF

Bring the distinctive beauty of the Shorthorn breed into your home with this stunning, natural cowhide. Measuring approximately 7.5 by 6.5 feet, this hide is the perfect size for a living room, office, bedroom, or show-barn office. Whether you use it as a statement rug, wall hanging, furniture accent, or photography backdrop, this hide adds an authentic touch of the Shorthorn heritage you know and love. A beautiful way to celebrate the breed while elevating any space! Don't miss the chance to take home a little piece of Shorthorn style!

## OFFERING CHOICE FROM TWO CUSTOM-MADE SWEETWATER TRADING COMPANY PILLOWS

Donated by the SYDF

Enrich Your Home with Sweetwater Pillows  
Featuring ASA's 150th Anniversary "America's First" work of art by C.J. Brown  
Uncompromising quality. Handcrafted luxury. Beautiful imagery. Made in USA.  
Small family business. These traits have defined Sweetwater Trading Company™ artistic luxury leather pillows for decades. Handcrafted and made-to-order using only superior quality leather and faux leather fabrics, original artwork from the painting "America's First" is printed on genuine chamois leather giving the image a warm and beautifully aged appearance. A thin border of cognac brown faux suede leather surrounds the artwork while bold, hickory brown genuine leather frames the showpiece. Cognac brown faux suede leather comprises the welt and the back of the Sweetwater Pillows.

(A) "AMERICA'S FIRST" CUSTOM PILLOW, 17X15" HORIZONTAL

(B) "AMERICA'S FIRST" CUSTOM PILLOW, 15X17" VERTICAL

Gringo is out of our CCR Pinky the Roo 2508 donor and CSF Evolution, and he has been a standout herd-sire prospect since birth. His dam was a Fort Worth Champion, a two-time division winner, and a Top 5 female at Jr. Nationals. These are proven genetics that speak for themselves. Gringo is a big-footed, heavily muscled bull with the power and dimension cattlemen demand, paired with a modern, sleek front end and the kind of eye appeal that will complement the elite females of today. This bull combines pedigree, performance data, and phenotype into a truly unique genetic package. His semen has already proven to freeze exceptionally well, giving you confidence in his long-term impact as an AI sire. **To add even more value, 50 units of conventional semen will transfer to the buyer on sale day.** Don't miss the chance to add Gringo to your program.

# PICK OF THE PEN SHORTHORN BULLS

Here is a powerhouse pen of bulls showcasing what herdsires should have...nuts, butts and guts. With consistency across the pen, each bull still has differing features to fit different herds across the country with varying goals. Miller Farms Flash 426 and Miller Farms Flash 430 are flushmates out of our Waukaru Lassie 1075 donor that has excited us with her ability to throw powerhouse bulls and show stopping females. Their granddam, Waukaru Lassie 2024 is a matriarch at Bowman Superior Genetics with over 90 progeny in the Shorthorn registry. You can't fake those genetics! Miller Farms Equator 428's maternal grandsire is our herd sire, Waukaru Rawhide 9001, whose daughters have beautiful udders and maternal features. Equator 428 is as square made as they come with the power to stop you in your tracks an do a double take.

We are pleased to offer TX HIGH DESERT - a very gentle bull. He's a son of Accountability and our donor Cumberland Pearl out of the Cumberland cow family. We believe he has a lot to offer for the Shorthorn breed. He's very deep bodied, great bone and muscle with great hair and fantastic color pattern. This bull is sure to fit any program and produce some great looking Shorthorn calves.

Look no further if you are in the market for a herd bull or a new bull to flush to your donors! Fact Check is a high performing powerfully made Find Out son out of one our top producing Augusta Pride cow. Muscle, foot, hip, depth, and bone are all combined in a great package here. Fact Check was Kaitlyn's project this past summer and was selected as the Reserve Champion Shorthorn Bull at the Iowa State Fair. Fact Check has great top rib shape with a good lower quarter and excellent hair. He has phenomenal square testicular development and is clean sheathed to boot. Fact Check is the first bull that we are offering out of our herd sire NF Find Out ET that is siring high quality females.

Bred 11/22/25 to Gilman's Basin with breeding update available at sale time.  
Selling full possession and retaining two successful flushes at the seller's expense.

When we say it hurts to see this one in a sale catalog, we mean it. However, we stand by the belief that you only sell the cattle you'd be willing to buy. Miller Farms Lassie 427 is the total package with her feminine phenotype, easy fleshing and genomics, with eight traits in the top 10% of the breed or better. To top it off, she has a great disposition that has made her a pleasure to work with and has a fan base of young kids that are mad to see their favorite heifer, "Cinnamon" being sold. Lassie 427's granddam, Waukaru Lassie 2024 is a matriarch at Bowman Superior Genetics with over 90 progeny in the Shorthorn registry. Don't miss your chance to spice up your herd with our kids favorite heifer, Cinnamon.

## 4 IVF NON SEXED EMBRYOS

Ronelle Park Slurpie x JSF Ellen144F (Full Sib to Lot 10A)

Ellen consistently stamps her progeny with massive depth of body and a clean front-end. We knew this made her the perfect match for the new Australian outcross, Slurpie. Ronelle Park had some of the best cows Zach saw on his 6-month trip to Australia in 2016, so we knew this mating would be perfect! The proof is going to be right there in Oklahoma City, with a full-sibling offered in our "Pick of the Pen." *Embryo Location: Diamond K Genetics, MN*

The way this heifer combines a production-based pedigree with a show-ring phenotype is remarkable. Clean-fronted, a massive belly, and plenty of rear-third to balance it all out. She's going to compete at any level this summer. Now, check out the pedigree and EPD's. If you want to make show heifers, she's a complete outcross to any bull you'd like to use. If you want to make rugged bulls, she combines top 15% \$BMI with top 10% \$F with exceptional carcass traits. Either way, you can expect her to be a productive cow for many years after her show career is over.

An extremely easy-feeding, broody daughter of the under-utilized Power Broker. Sound-footed, big, middled, and massive in her rear-third. I've been telling people for years that her dam is the best heifer ever born on this farm, but she may have outdone herself already. Her genomic EPD's indicate she got the best of both parents, and she has strong numbers across the board. She'll be an easy-keeping cow once her show days are over—we've heard nothing but great things about the Power Broker cows out west.

Big-boned and powerful, but still flawless in her foot and leg structure. The Red Rose cow family has produced many great bulls up in Canada over the years, such as Crooked Post Stockman and Grissom. Her dam is a phenomenal DRS Super Mario daughter out of a Crooked Post cow we imported in 2019. She is a maternal sister to the dam of 502N. We're having a hard time letting go of these Power Broker sisters, which is why we're only offering the pick of our best at The Summit.

Sull Crystal's Lucy 8202F was selected as Res. Grand Champion 2019 Iowa State Field Day. Many think she is the best daughter of the great champion, Sull Crystal's Lucy 0868. She has a lot of the same traits that resemble her mother. These two matings are sure to carry on the Crystal's Legacy.  
Embryo Location: Greenhorn Cattle Co

Buyers Choice - CF Payweight, CF In Demand, or SULL Red Knight

Offering three Grade 1, sexed female embryos out of a maternal sister to Wickards 2025 Louisville and American Royal Grand Champion Chelsie Heifer.

Our Chelsie's show career was unfortunately cut short due to a freak accident, but her first calves are now on the ground, and we could not be more excited about them. This is a rare opportunity to add national winning genetics to your herd.

Payweight and Red Knight have been two of the most dominant and sought-after sires in recent years, producing elite females that have excelled both in the show ring and the pasture.

Guarantee: Three Grade 1 embryos. One confirmed 90-day pregnancy guaranteed if implanted by a certified embryologist within one year of sale date. Embryo Location: Transova, MD.

Combining two of the hottest cow families today: CF Mona Lisa 0121 SOL x ET: a daughter of Cates Farms SULL Mona Lisa Reward who is their most dominate and prolific donor. Mona Lisa 0121 SOL won a Division banner at every National Show attended. She completed her career as 3rd overall Champion Heifer at 2022 Junior Nationals. She is exceptionally productive and fertile: her very first flush produced 31 Embryos. She hits a homerun every time.

**26A** - SULL Dream Maker 9141G ET requires no introduction. His progeny have been frequent visitors to back drops across the country and his semen is scarce. This mating should continue that path. Eye appeal, function and some of the most proven genetics in the shorthorn breed today. Don't walk, RUN to the bank to get in on this mating.

**26BC** - CF Payweight offers the ability to consistently add frame size and tremendous growth without sacrificing body depth or durability. On Paper he ranks in the top 1% for growth and \$BMI as well as the top 15% for \$CPI. His first 4 daughters averaged over \$50,000 each at Star Search Sale 2024. All went on to win Division Champions at National Shows. Recently at Cates Star Search Sale in Modoc, Payweight semen sold for an average \$1800 per unit. Dominant, Proven Genetics + Champion Phenotypes = an opportunity to produce a herd changing female and elite show heifer. Combining her phenotype, exceptional fertility and productivity with National Champion CF Payweight, is a mating to capitalize on while you can. *Each package we guarantee one pregnancy if implanted by a certified embryologist. Buyer pays shipping from Transova Bryan Texas. Embryo Location: Transova - Bryan, Texas*

Offering three Grade 1, sexed female embryos sired by your **choice of CF In Demand or SULL Red Knight**. Neither sire needs an introduction. SULL Red Knight daughters have been topping auctions and winning major shows across the United States. His offspring have quickly become some of the most competitive and sought-after Red & White females in the breed. CF In Demand represents one of the most exciting young sires to surface in recent years. His semen is not yet available to the public, and when it does, demand will be intense. This is an exceptional opportunity to have calves on the ground early while others are just making embryos. Mona Lisa 2117 was 5th Overall as a calf at the 2023 Iowa Junior Nationals and was a true crowd favorite throughout the show. She has since entered our donor program, and we could not be more excited to have some of her first calves on the ground this year. *Guarantee: Grade 1 embryos. One confirmed 90-day pregnancy guaranteed if implanted by a certified embryologist within one year of sale date. Embryo Location: Transova, MD.*

**934 x Ferrari:** The 934 x Ferrari mating needs no introduction. These calves have been some of the most consistent matings in the shorthorn breed for the last couple of years. Full sisters to these embryos continue to dominate in the show ring, taking home titles including Grand Champion Plus at Cattlemen's Congress, Keystone, and Reserve Grand Champion Jr. heifer at Louisville this year, in addition to numerous jackpot and state fair wins. These genetics are about as hot as can be right now and rightfully so. These are embryos that you will not want to miss out on.

**934 x Limit Up:** These eggs are the combination of two outstanding parents. TSSC BT Limit Up was Shorthorn Plus show bull of the year, and 934 was Shorthorn Plus show heifer of the year. Beyond the exceptional genetics behind these eggs, they have continued to prove themselves in the show ring. Full siblings to these eggs have won on almost every major stage there is across the country. These embryos are full siblings to SSV Storm Front who was recently selected Grand Champion Shorthorn Plus Bull at NAILE, and also the very popular heifer that has been campaigned by Jace Parker this past year. These eggs are sure to be fun. Make sure you get in on the action!

Many think she is one of the top daughters of the famed Gellerman's donor. She was 5th overall at the 2024 Junior Nationals. This mating to the Supreme Champion at the North American will be lights out! You will be hearing more from this Elite Donor in the future.

Since June 2nd of this year, we have shown 4 Find Out calves from our base herd of purebred cows. Nora was calf champion at IA Shorthorn Field Day, also junior heifer calf at IA State Fair, and she was also 5th Overall Bred & Owned Female at the National Junior Heifer Show and Division 1 Female in the Owned Show. The second calf we showed, was a bull calf named Fact Check at the IA State Fair and he was crowned Reserve Champion Bull. The third calf we showed, Nova was second in class behind Beckstrand's Reserve Division Early Spring heifer calf. The fourth calf was the Champion Early Spring heifer calf at the Iowa State Fair. It's safe to say that this bull is flat out changing our program! The hip, lower quarter, depth of body, and flexible pasterns in these cattle are setting themselves apart. Since we own and have possession of him, we are offering semen on him in 2 unit lots on this sale. *Semen Location: Westwood Embryo Services Waverly, IA*

CF GREAT WHITE HYPE 372 PW ET is the son of CF Payweight, arguably one of the most dominate bulls in the breed. His damn Sull Mona Lisa Reward, is Cates Farms most dominate & prolific donor. Hype, like his sire, offers outcross genetics to most of the popular show ring genetics. CF Great White Hype is a multiple Division Winner at the National level. He will add muscle, power and stoutness. Add on the great hair and exceptional profile and you can easily improve the direction of your herd. *Semen Location: Transova Bryan, Texas*

Direct Deposit holds the title of the 2024 Show Bull of the Year, earning Grand Champion Shorthorn Bull at the NWSS and Cattlemen's Congress in 2024 and Supreme Grand Champion Bull at the Keystone Livestock Exposition in 2023, among other awards. He combines muscle mass, bone, rib shape, and structural soundness in an appealing package. Direct Deposit is a combo of his dam and sire's best traits. He's the next generation of the shorthorn breed, producing cattle who will perform well in the ring and the pasture. Make sure to jump on this opportunity to invest in the future of the breed! *Semen Location: Transova Bryan, Texas*

Dear SYDF Supporter,

Welcome to the pages of Both Summit National Sales, OKC and Denver. It is truly exciting that the Shorthorn Breed can support two National Sales with unbelievable quality offerings in both events! Thank you to everyone who contributes to the success of these sales.

It is amazing to me of what the Shorthorn Youth Development Fund (SYDF) has accomplished in the last five years with the single goal of supporting the National Junior Shorthorn Show and our Shorthorn Youth. None of this would be possible with you supporting the SYDF efforts that a very dedicated Board of Directors continues to organize and orchestrate throughout the course of the year. I am honored to serve on this Board with Julie McMahon-French, Nancy Grathwohl-Heter, Jerry Nickel, Kevin Wendt, Mark Gordon and Montie Soules. I would also be remiss if I didn't thank Shelby Diehm, the entire American Shorthorn Association Staff, and the American Junior Shorthorn Association Board of Directors for all the hard work they put in on behalf of Shorthorns and SYDF.

Please take some time to review the SYDF lots selling both in OKC and Denver to work toward continuing our mission to support the Shorthorn Youth of America.

As always, if I can be of assistance please reach out.

Sincerely,  
Jeff K. Aegerter

The Shorthorn Youth Development Fund was established in 2020 to provide financial support to develop Shorthorn Youth as cattle producers and responsible, productive citizens. The fund is dedicated to enriching the lives of youth interested in agriculture, through support of the educational & leadership activities of the American Junior Shorthorn Association.

The SYDF is a non-profit organization and resource that allows you to directly invest in the future of the breed that is your business, your lifestyle and your passion. This platform streamlines the donation process to make contributing to youth more accessible to everyone, especially those whose business directly benefits from junior and family customers.

There are many ways to donate. You can donate a lot in your sale to become part of the Royal Society Club or make an annual pledge to the Shorthorn Red, White and Roan Club. Membership level for each club is based on the actual monetary value of your donation. Club members receive recognition in many forms.

The fund accepts checks, cash and credit cards. You can even set up your contribution to be billed directly to your DigitalBeef Registry Account. No contribution is too small, and every dollar counts!

By making the commitment to pay it forward through your pledge to the SYDF, today's breeders accept responsibility of seeing to it that our youth have the opportunities they need to be the breeders of tomorrow! Contact [shelby@shorthorn.org](mailto:shelby@shorthorn.org) if you have any questions or would like to donate.
