## ***the national western!***

The Maine-Anjou breed is hot, make your investment and reap the dividends!! This year our Power in the Pens' breeders have produced a great sale offering packed with outstanding Maine genetics. The American Maine-Anjou Association (AMAA) and our membership appreciate your interest in the 2026 Power In the Pens Sale and we are thrilled that you made your way to Denver! Our cattle are right for the times and have stacked up supreme banners throughout 2025, with the current cattle markets thriving it is of benefit to increase efficiency and maximize profit, we have seen a rapidly growing interest for Maine-Anjou genetics. This demand has been evident by the strength in the sales in the recent months. The cattle industry is constantly attempting to maximize efficiency in the production of a pound of beef and the "Power Cross" can deliver! Maine-Anjou cattle are docile, calving friendly, black-hided, and modern designed without sacrifice. Our cattle can improve your bottom line by injecting feed efficiency, carcass yields, quality and eye appeal. This set of cattle will be backed by EPDs produced from our genetic evaluation performed by Angus Genetics, Inc. (AGI). Also, remember the AMAA Herd book begins recognizing breed cattle as  $\frac{1}{4}$  Maine so the majority of these sale lots will generate registerable cattle on a variety of matings. Please let myself or any of the staff know if we can assist you. The AMAA is here to serve you and provide support for your operation, we are here to help!

**\*\*\*We have consignors from throughout the country that can assist with the trucking of your purchases to all regions of the U.S.\*\*\***

# WELCOME TO *power in the pens!*

Welcome to the Power in the Pens Maine-Anjou Bull Sale. Thank you for taking the time to look through this year's offering and inquiring about the cattle within. The National Western Sale Facility is a premier place to exhibit and sell cattle, and Maine-Anjou breeders have assembled a deep and stout set for your evaluation. More importantly though, the cattle come from operations spanning the United States. This aids in the ability to select and purchase cattle that have been developed in a similar environment, helping to ensure cattle best fit for your operation.

This year's offering comes from some of our breed's most respected operations, as well as new consignors to the Power in the Pens. These cattle are backed by the power and consistency of some the nation's hottest and most valuable Maine-Anjou genetics. As we move towards the National Western, we invite you to join us in The Yards for the Power in the Pens live sale that is sure to feature bulls that will become cornerstones to the new ranches they will call home.

From all of us at the Association, we couldn't be more grateful for your interest and time. Maine-Anjou cattle, in recent years, have found success in the feed yard. As always, the quality of the Power in the Pens can uphold the standard of AI counterparts. More importantly though, this offering pays respects to the past herd builders and AI sires that have come through The Yards before them. Please feel free to reach out as we move closer to January. Thank you again for your continued interest in Maine-Anjou.

**IT'S POWERFUL. IT'S PROGRESSIVE. IT'S MODERN MAINE-ANJOU!**

Joshua T. Cribbs  
Director of Promotion & Breed Advancement

# Terms & Conditions

## AMERICAN MAINE-ANJOU ASSOCIATION SALE TERMS AND CONDITIONS

**TERMS:** Terms of the sale are cash or check, payable immediately upon conclusion of the sale and before animals will be moved. Seller will reserve the right to require a certificate check as settlement before releasing any cattle.

**RISK:** All animals are the owner's risk prior to their sale and become the property of the purchaser as soon as declared "sold" by the auctioneer. (But will be cared for at the purchaser's risk for a reasonable length of time).

**BIDDING:** All animals sell to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer, and his decision will be final.

**HEALTH:** All animals sell with proper individual health certificates, making them eligible for interstate transport to most destinations within the U.S.

**ANNOUNCEMENTS:** Announcements from the auction block will take precedence over statements in the sale catalog. We reserve the right to withdraw any sale lot not meeting our specifications prior to sale time.

**REGISTRY CERTIFICATES:** All animals shall carry papers from the American Maine-Anjou Association. These papers will be transferred to the new owner at the seller's expense and mailed to the purchaser.

**SHIPPING:** Assistance will be given in making shipment after the sale, but no risk will be assumed by the seller. Expenses incident thereto are the responsibility of the purchaser, who should furnish shipping instructions at time of settlement. We recommend that insurance be obtained on lots purchased.

**BREEDING GUARANTEE:** Females – Females represented as being "safe in calf" will have been examined and declared safe; they are considered breeders without further guarantee. Cows with calves at side shall be considered breeders also without further guarantee. Females represented as bred or exposed are not guaranteed as "safe in calf," but they and the open heifers selling as individual lots are guaranteed to be breeders. NO guarantee shall apply to suckling calves. NO guarantee is given that bred females will deliver a live

calf. Any animal that appears to be a non-breeder within six months after date of sale, if in healthy condition and of breeding age, may be returned to seller at buyer's expense. Seller will then reserve the right to prove the animal a breeder within a six-month period, using any purebred registered Maine-Anjou bull of his choice, A.I. or natural service, and if successful will return bred female to buyer, again at buyer's expense. Should the animal fail to prove a breeder, the seller, at his option, may either return purchase price to buyer or replace the animal with another of equal value in full settlement and satisfaction of all claims. In no event shall seller be responsible for more than the purchase price. In case the animal in question should develop to be a problem breeder due to negligence or improper management by the purchaser, the seller's guarantee does not apply. In cases where the animal is subjected to any hormonal or surgical reproduction techniques after this sale, this guarantee shall be null and void. Any complaints regarding breeding difficulties must be reported in writing by the buyer to seller within the time limit specified above, and animals returned must be free from disease and in good condition.

**LIABILITIES:** All persons who attend the sale do so at their own risk. The sellers and the sale manager assume no liability, legal or otherwise, for any accidents that may occur. Neither does the sale manager assume any liability for loss of or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God. It is to be clearly understood that the sale manager and representatives act only as a medium between buyer and seller. They are not responsible in any way for any failure on the part of the buyer and the seller to live up to his obligations or for the truth of any warranties or representation expressed or implied. Neither does the sale manager assume any financial obligations to collect or enforce collections of monies between buyer and seller.

**CONTRACT:** The above terms and guarantees shall constitute a contract between buyer seller of each animal and shall be equally binding on both. Animals that are resold following purchase in this sale shall constitute a separate transaction, and the rights and obligations of the two parties connected thereto are not covered by these Sale Terms and Conditions.

**SEMEN AND EMBRYO INTEREST:** Sellers may retain an interest in their lots as specified by the catalog or announcement from the block at the sale. All details of how this interest is carried out should be determined post-sale between the seller and buyer.

JAMES FARMS, PARIS, MO

This embryo bull is sired by the deceased End Game, if you want to get your hands on these genetics, and our Unlimited Power donor that produced a great set of heifers. 29M is extremely thick and muscular bull that is maternally bred. He has the ability to cover lots of cows this breeding season.

DEJONG RANCH, KENNEBEC, SD

Packed full of muscle and power. His dam, Judy, is ranked among the very best in our herd and throws the added punch, as she has been commented on: "Stouter than onion jam." Maestro has been a standout since birth, and the added value of being smooth-polled makes him an exciting young 3/4-blood herd sire potential. If you want generational power, this guy is worth a look.

O'HARA LAND & CATTLE, FORT BENTON, MT

A bull with a little more age on him, and the ability to cover more cows. Time is Now has a fantastic natural rib shape as well as perfect feet and legs. Outcross genetics on the bottom side of the pedigree with endless breeding opportunities for this exciting young sire. Combine his high-end phenotype with breed-leading EPDs, and you have a complete bull that will sell in the Maine breed this year. If disposition is important to you be sure to put this bull at the top of your list. Great disposition.

DEJONG RANCH, KENNEBEC, SD

Really cool to watch on the move, Manifesto is so smooth and flexible in his joints while still balancing a load of power and a big rib cage. His mother is the picturesque example of everything you wish for in a Maine/Sim/Angus cross cow. Maternal brood momma with still style and athleticism. This bull brings in some of the most highly esteemed genetics on DeJong Ranch, complemented by mixing in K&A Jester to create a 3/4, smooth polled bull with a big star to help him stand out even more.

### FRANK CATTLE & GENETICS, CHAPPELL, NE

As our dominant herd sire, BBR Kingston 68K continues to gain steam with winners and high sellers accumulating across the country, we feel the timing couldn't be better to offer an outstanding son. Much like his father, Lawless has some extreme pieces that quickly grab your attention, but it's his herd bull character that delivers the most promise. He's big nuttred, good footed, and has the extra length and shape that many of today's show cattle could use.

### JAMES FARMS, PARIS, MO

This bull was our plan for getting new genetic options for bulls in the Maine breed and we were rewarded with that plan. We really like this one. I could write lots of footnotes on this bull, but you need to come to the pen and see him in person. Exceptional growth, big footed, clean front with a big middle and square hip. This is a bull that needs to be promoted and we are willing to help in the process. We are selling full possession but will be retaining half of the semen rights.

### O'HARA LAND & CATTLE, FORT BENTON, MT

Unique breeding piece in this outcross 3/4 Maine-Anjou bull with phenotype and genotype unlike any that will sell in the Maine breed all year. Study this bull closely, and you will find an exceptionally long-spined, wide-topped individual coupled with impressive rib volume and depth, all the while moving freely on great feet and legs. A perfect disposition is yet another important characteristic for this bull that checks all the boxes!

RIGBY CATTLE COMPANY, FAIRVIEW, UT

RIG Called to Serve 38N is a maternal sib to RIG Twitch, our lead-off bull last year selected by O'Hara Land and Cattle, this bull will bring that same quality and consistency to your program. Sired by BBR Kingston, he combines stacked performance genetics with eye appeal and power. This bull is good-footed, big-boned, and stout-built, offering the kind of structure and mass that hold up over time. RIG Called to Serve 38N is the kind of herd sire that will generate productive, profitable cattle.

RIGBY CATTLE COMPANY, FAIRVIEW, UT

RIG Antwan 312N is a powerful Foundation son built right from the ground up and out of a proven, heavy-milking cow that adds true maternal strength. He came easy with a moderate 87 lbs birth weight and has the kind of big middle, depth of body, and natural shape that cattlemen appreciate. This mating is known for never disappointing, and Antwan is no exception—he brings muscle, structure, and function together in one complete package. He stands as the kind of herd sire that adds value through daughters and performance through sons.

HOLT CATTLE COMPANY - MAGGIE HOLT, MINA, SD

Maine Angus cattle are making waves all across the country with their versatility, power, and overall quality. Here's your chance to get in on all that excitement with HOLT Mr Billy Ray. This coming 2-year-old herd sire checks a lot of boxes, with his overall structural integrity, huge foot size, perfect hind leg, and dominating phenotype. He is big-hipped, loaded with muscle shape and density, while still having a high-tying, long neck and prominent head. The pedigree here speaks for itself, sired by the ever-popular Data Bank and out of an awesome, young, 24 Karat cow that goes back on the bottom side to the famous Angus donor at Thomas Ranch, TR Katinka 3208N. This pedigree is also known for collecting showing banners, the granddam to Billy Ray, TR Ms Katinka 9747G ET was selected Supreme Champion Female at the 2020 Black Hills Stock Show as a heifer calf! She also took home Reserve Female at the SD Summer Spotlight and 5th Overall Female honors at the SD State Fair. Billy Ray 512M found success himself this summer, claiming Champion MainTainer bull at the 2025 South Dakota State Fair. If you're looking to add quality and value to your next calf crop with a powerful Maine Angus, get on board!

JONES CATTLE COMPANY, PONTIAC, IL

A Maine Angus bull that we can't say enough good things about. Well built, good structured, that can really get out and travel. That combined with a stout hip, big middle and striking phenotype make this bull a can't miss.

MENTE CATTLE CO., ADRIAN, MN

We bring our best to Denver, and he is exceptional. His dam is Lady Gaga, and she needs no introduction. She has produced several high-selling bred heifers on the First Class Bred Female Sale. Just take a look at his running gear, soft and flexible. Huge-bellied, big-backed, and big-footed. POWER IN THE BLOOD. You won't be disappointed when you get him bought. He will be a very diverse herd sire. Make female, bulls, or pounds heavy feeder cattle.

CARLSON CATTLE, JULESBURG, CO

Carl New Promise is a son out of our most prolific donor cow here at Carlson Cattle. His mother is a Data Bank daughter that raised the 2025 Kansas City Champion Maine-Anjou shown by the Hoge family. This bull's blends power and muscle while still keeping structure and correctness in mind. Depending on your needs, this future herd sire will raise you quality heifers or put the pounds on your feeder calves.

EASTVIEW MAINES, JASPER, MN

Power and performance best describes this exciting herd bull prospect! This heavy muscled, squared hipped bull will sure add pounds to his calf crop. We really like our Game On cattle, they add performance, good structure and foot size, and have a nice look to them! Nike represents all those qualities and more! He is a powerhouse for muscle but he is so good to the ground and moves very well! Plus an awesome hair coat!

BLIND BADGER RANCH, FORT MORGAN, CO

A truly special individual sells here in BBR Next Gen. Sired by our newest herd sire, Time Is Now, and backed by our Paradox x Franny donor that was Reserve Grand in Kansas City, Supreme Female in Cheyenne, and won both the Junior and Open Show in Denver. Next Gen's full sister just commanded \$75,000 on the Divas and Donors sale. If all this doesn't get you excited, then check him out in person. To combine power, foot, and bone and put it on this type of running gear is hard to do. His arrogance and balance will reach out and demand your attention. Let Next Gen go to work in your program and give your arm a rest during breeding season.

### KOURI CATTLE, DENVER, CO

We brought you something different this time, Denver. This Maintainer bull has the best of the Maine-Anjou genetics and adds the flair of the show cattle world. We think this bull, Sired by a Purebred PRV Free Market, and Dam KOR Maine Catch, a daughter out of Deadliest Catch/MAB cow, is the ticket. It's Time has it all, he is flashy, classy, and will add the power, shape, and performance to your herd and show calves that is sure to impress. The sky is the limit for this bull. If you are looking for top-dollar market or show-quality calves, this bull needs to be on your list.

### BLIND BADGER RANCH, FORT MORGAN, CO

When we had the chance to get in on Promise Keeper, we jumped at the opportunity. His ability to sire both sexes of quality every time is astonishing. Next up is a special individual. Stout built, big boned, square made, and arrogant. All while getting around the pen athletically and as proud as you can make one. His mother is an up-and-coming donor for Linton Livestock and us; she is an Icon x Dominatrix, and we couldn't be happier with her first flush. If you like your herd sires backed by highly successful cow families, while also having so much natural presence and flexibility, get in here on BBR LTN Next Up.

RIGBY CATTLE COMPANY, FAIRVIEW, UT

RIG Victoria 107N is a standout Maine Angus female sired by a Simplify son we acquired from Nagel's and out of Rigby Valerie 137N, a first-calf heifer that is already proving her worth. Although she is later born, she has all the right pieces in place with balance, femininity, and structural correctness. With a moderate 70 lb birth weight, she offers calving ease potential backed by proven genetics. Victoria is the kind that projects to make a real breeding piece with long-term value and consistency in any program.

RIGBY CATTLE COMPANY & 570 GENETICS, LLC; MATT GUNDERSON & FRANK KRALICEK, FAIRVIEW, UT

If you're looking for a female that blends pedigree power with proven performance, this May-born Maine-Angus heifer is the one. She's the first calf out of Rigbys Miss 136L, a donor cow flushed heavily for her consistency and quality. Her dam was campaigned successfully by Jentrey, earning banners and recognition across the show ring, and is co-owned with 570 Genetics.
