THE **DIFFERENCE**

NATIONAL CHIANINA SALE  
SALE TIME 12:00 P.M. | BARN 3 SALE ARENA

SATURDAY  
**JANUARY 10**  
OKLAHOMA CITY, OK  
CATTLEMEN'S CONGRESS

Welcome to the 5th Annual -C- The Difference Sale, held in conjunction with the Cattleman's Congress in Oklahoma City, OK! The fall season has been a great one with Chianina genetics in very high demand across the country – many topping multi breed sales and going on to hang banners for their new owners already.

One thing is evident in the Chianina breed – there are so many different avenues we offer to the cattle industry. Looking to buy a bull that will add pounds to your commercial set of cows that will eventually go on and convert their feed to pounds of red meat in an efficient and economical way? Then there's a bull in this sale for you! Looking for a bull to develop a set of high-quality replacement females to make cows that have excellent maternal abilities with the longevity that we all are looking for? There's a bull in this sale for you! If you are looking for a bull to make show cattle, then there's a bull in this sale for you!

The females in the offering are second to none with some major opportunities to own some of the best females in the breed backed by pedigrees that always get to the backdrop from some of the most progressive breeders in the country. The genetic lots being offered are some of the most sought-after embryos in the business. This is a sale you won't want to miss.

If you have any questions, please feel free to reach out to me, Tyler, Heather, the breeders or any of the sale staff listed in the sale book. It's a great time to invest in the Chianina breed.

See you in OKC!

## **TERMS & CONDITIONS**

All cattle sell under the standard terms & conditions of the American Chianina Assoc.

## **EMBRYO GUARANTEE**

All the embryos being offered on this sale are either grade 1 or 2 and are guaranteed alike. All embryos selling are either ET or IVF Direct Thaw. Furthermore, the embryos selling have all been collected by a reputable facility. Unless it is otherwise stated in this sale book, the sellers of embryo lots will guarantee (1) 60-day pregnancy if:

- 1) Transfers must take place within one calendar year of the sale date
- 2) Transfers are performed by a licensed embryologist
- 3) If you do not establish at least one 60-day pregnancy you will be given additional embryo(s) from the seller of the same mating or an agreed upon suitable replacement of similar value.

## **FLUSH OR IVF CYCLE**

Specific terms for any right to flush or IVF cycle lots will be listed as such on those individual sale book pages.

## **LIABILITY**

The American Chianina Assoc. (ACA) and Humphrey Agri Marketing Solutions, LLC as well as other affiliated sale personnel assume no liability for injury, accident, or damage to any person or their property and are not to be held liable, financially or otherwise. ### Lot 1 INFO

CHI % 1712 REG # 429409 DOB 1/22/25 BW 70 HPS P

PRES Upside 507N is not the type of bull you come across very often! Ever since we became involved in the Chi breed, there has been discussion that the breed needs a high % Chiangus sire that is versatile enough to work on both Chiangus and Chimaine cattle. We firmly believe that PRES Upside 507N 2CA is that bull! We are excited to offer the Reserve Grand Champion Chiangus Bull from the 2025 North American!

Upside brings a unique combination of qualities that are hard to make in high percent cattle. His structural build, athleticism, look, underline, rib shape, density, smoothness of transitions, while still putting all that in a masculine package are all qualities needed just not in Chi cattle but other breeds within the industry as well.

With Upside being an outcross to many Angus bulls that are popular today including style, primo, encore, 24K, Dignity, New Heights, etc., this gives you the ability to use him on a vast number of different types of females. The question that is always asked is what do we breed our who da man daughters or Angus sired Who Da Man females too? We feel Upside is the bull that can complement their attributes and make that next generation that we have all been hunting for.

Since displaying Upside in Louisville, we have had multiple breeders show interest in using him on their purebred cattle. We truly feel like he can be used in a multitude of different ways. We think he can work for the show operation or the seed stock breeder and if he breeds true with his build and his birthweight, he could be a calving ease sire.

We forgot to mention his grandmother on both sides is the infamous 03x cow of Higgins Farms. Hopefully after reading this, it makes a lot of sense why he is named what he is! Take the time and buy in on this bull because his "upside" could be what we all need moving forward!

**Please contact Colton or Tyler for information on possession and/or semen packages.**

**CHI x 715 REG # 423562 DOB 3/27/24 BW 78 HPS P**

It is not very often, if ever, you get the chance to own a two-time National Champion bull outright. The work is already done, and here is your opportunity. We all search for that one that is defect free, with a different pedigree. Mayhem boasts exactly that!

He is out of the tested and true Jolly Rancher, which also happens to be a full brother to the dam of YNOT Kong. Mayhem's dam is a Fu Man Chu daughter from a very well-bred Who Da Man x 138M donor. If you are a cow guy like me, study the monstrosity of females in this bull's pedigree.

We can talk about his genotype all day, but let's not forget his phenotype and his ability to win. His EPD's are in line. His pedigree is unique and deep, and he is defect free. Mayhem is absolutely set up and ready to hang more banners and promote as a promotional sire. Take this opportunity and run with it!

Anytime 960 genetics are in a sale they are something to pay attention too. 960 is a once in a lifetime kind of female!!! It is the rarest when a female can raise steers that Dominate the toughest steer shows in the country and raise High end maternal seedstock. A full sister to Lots 4 and 5 brought \$75,000 this fall and is off to a killer start on the Texas circuit for the Wolf family. These two herd sires will make a lasting impression for years to come! Take your pick of these young studs one is a little more moderate and chubbier, one is a little stouter with some extra size and length, both are of the highest quality.

## Lot 5 INFO

CHI X 999 REG # 430435 DOB 1/27/25 BW 82 HPS S

Here is an incredible opportunity to acquire one of the top Onset sons to come from the Winegardner/Klingaman program in some time. BMW FRYE Nash 127N puts together many of the tangibles that the industry is looking for including soundness, size of foot, smooth shouldered and extended in his front 1/3. Nash compiles all of these must haves while not giving up that big, burly look we need in a herd sire.

BMW FRYE Nash 127N is a direct son of BMWC Lucy 224E who was the popular 2019 Denver Champion Chi Female for Julia Frye.

A full sister to BMW FRYE Nash 127N was a many time champion for Riley Egbert including Reserve Grand Champion Chi Female at the 2025 Cattleman's Congress as well as Supreme Champion Heifer at the 2025 Kentucky Beef Expo. We also want to mention that you will see a full brother to Nash later this spring that will be promoted by Tim Schaeffer and Will Coor. Were excited to bring you one of the most versatile Chi bulls to sell this winter!

CHI x 991 REG # 423214 DOB 4/2/24 BW 88 HPS P

PRV Mainstreet 13M is the last natural calf of our longtime donor BPF Princess 300A(deceased). This donor has produced both bulls and heifers that have hung banners and we have several daughters in production. 300A was a direct daughter of the famous DCC Mercedes 701P cow, and sired by The Dual Threat son, BMW In Control, bred by Winegardner's.

This dual registered bull offers a great genetic opportunity that is sure to make an impact in your breeding program. Mainstreet 13M had a successful show career being a two-time Champion Chianina Bull at the South Dakota State Fair and a Division winner in the Chianina Bull Show, right here at the 2025 Cattlemen's Congress. If you're looking for a bull to cover some cows that is backed by proven genetics make sure you check out PRV Mainstreet 13M!

It is a very rare occasion when females of this quality are still available this time of year and we appreciate that the crew at Clark Cattle have saved this special one for us! JSUL Who Dat Darling 5176N is a beautifully constructed February born heifer that looks to have tons of future. 5176N is bold sprung, level topped and moves around the pen with ease. 5176N is elite through her front 1/3, impeccable in her structure, and has awesome rib shape/internal dimension.

The dam of the heifer selling is none other than JSUL Who Dat Darling 902G, the 2020 Supreme Champion Female at the North American Junior Show for Sara Sullivan. Over the last two years several maternal sibs to JSUL Who Dat Darling 5176N have topped sales and placed top 5 at numerous majors.

Lastly, we would like to point out the versatile pedigree here. JSUL Who Dat Darling 5176N is over 7% Chi and is sired by one of the hottest Maine bulls around. This is a powerful pedigree and quite honestly, not one you see every day!

CHOICE IVF CYCLE

SIRE: ROSE MC ENCORE 0463 X DAM: HF DIAMOND 22H

**Lot 11A INFO** BREED CHIANGUS 6.28 REG # 423835

One of the hottest females to hit the Chi-Angus breed. Diamond 403M Finished her elite show career the same way she entered. As a Champion! Grand Champion Chi-Angus female at NAILE, American Royal, Jr. Nationals and at Cattlemen's Congress as a baby calf as well as Reserve Supreme overall female Kentucky Beef Expo.

Cattle built with this kind of look, maternal body shape and the kind that have the right structural build, and integrity will always be in demand. When you can add the extras like this one does, with a big set of paws, added bone and feature, with some true spread, shape and dimension, it makes her the kind to excel in production and in the donor pen.

### IVF Cycle Terms:

The seller guarantees 5 transferrable embryos and (2) 60-day pregnancies with no cap. The embryos must be implanted by a licensed embryologist to ensure guarantee. The buyer pays all costs associated with the flush/IVF cycle including semen cost. Contact Tim for further details.

## Lot 18 INFO

**BREED** CHIANINA 13.00 **REG #** 413403

It's no secret that the Onset females have been tremendous and WF SYC Foxy 203K sure doesn't hurt the average! This eye appealing female is one of the young rock stars in the BK Cattle Enterprises donor pen.

The very first ET calf to sell from WF SYC Foxy 203K was a \$24,000 heifer sired by JBOY One For All 001J. You will hear plenty more from this one, trust us!

The winning bidder gets choice and privilege to choose between the popular Crossover 236J and CRLL Primetime! Both matings will result in cattle that qualify for all Chi events!

*The Crossover 236J mating will result in 12.475 % Chianina offspring*  
*The CRLL Primetime mating will result in 6.5 % Chianina offspring*

## Lot 19 INFO

BREED CHIANINA 18.22 REG # 378320

The Tamale cow and her clones have consistently generated champions and producers through the years. JSUL Right Tamale 3365 or better known as Boyert's Tammy was named Reserve Grand Champion Chianina Female at the 2014 NAILE.

As a testament to Tamale daughters in production the 2020 Tammy spring born calf crop generated \$438,501 in the Boyert—Core Online Female Sale for an average of \$25,894 on 17 head. Other high sellers of note through the years include a pair of daughters by Broker at \$136,000 and \$116,000 in 2018, a daughter by Relentless selling for \$105,000 by way of the RJ Cattle Co. online sale in 2019 and a \$93,000 daughter by Broker in 2020. Tammy's daughters have repeatedly won on the biggest stages. Most notably may be her Relentless sired daughter that was campaigned by the Darbyshire family to Grand Champion honors in both the Jr. & Open Shows at the 2020 NAILE as well as Reserve % Simmental Female at the 2022 American Royal.

The genetic package offered here will produce maternal sibs to the famous JSUL Right Tamale 3365 "Tammy"! The thought of creating the next "Tammy" gets us excited.

Lot A Mating will result in 15.085 % Chianina offspring & Shorthorn Plus  
Lot B Mating will result in 12.68 % Chianina offspring & Shorthorn Plus
