Welcome...

March is here and so is some warmer weather and optimism for our great dairy industry. We hope you take the time to flip through this months catalog and appreciate the top quality offering. Several new consignors including; Coulee Flats - Mesa, WA, GJ Silva & Son - Turlock CA, Machado Dairy - Turlock CA, Terra Linda Dairy - Tulare, CA, & Southview Dairy, LLC. - Auburn, NY. Many repeat consignors you all will definitely recognize.

If you plan on attending Central Plains Dairy Expo in Sioux Falls South Dakota, look us up, we would love to shake hands with old friends and new ones. We will be at booth C-124. This is a great trade show specific to the dairy industry with some great speakers as well.

At TLAY Dairy Video Sales, our commitment to accuracy, honesty, and service remains unchanged. We take care of every detail so buying cattle is simple and worry-free. Whether you raise your hand, click the bid button, or call in your bid, you can be confident that your cattle will arrive safe, sound, and exactly as represented in the videos.

We're also proud to continue our partnership with Western Video Market, the premier platform for marketing feeder cattle. Together, TLAY Dairy Video Sales and Turlock Livestock Auction Yard are expanding opportunities for marketing your beef-on-dairy cross cattle. Contact any of our representatives to learn more.

To our new buyers—welcome! Each lot has been carefully sorted and filmed by one of our representatives. The cattle you see on film are the cattle you're bidding on. Once your purchase is complete, our team will coordinate shipment scheduling and assist with all required health and brand documentation. We always represent the buyer's best interests at shipment, ensuring that cattle are sorted and loaded exactly as promised. Digital herd records are transferred seamlessly, in most cases you'll have the records before the cattle arrive. At TLAY Dairy Video Sales, we strive for consistency, quality, and integrity in everything we do. Our mission is transparency and customer service—so you can bid with confidence.

You can join the sale in person, watch online at www.tlaydairyvideosales.com, or bid via phone at **(209) 633-8115**. If you plan to participate using our "Click to Bid" feature, please register before 9 AM Pacific Time on sale day to allow time for approval. For best results, use the Chrome browser. The sale will also be streamed live on Facebook.

If you can't attend the shipments, know that we'll continue to represent you and your best interests. TLAY Dairy Video Sales stands behind every consignment with integrity and confidence.

God Bless,

Jake Bettencourt

BEEF CALF MARKET

Strong Market for Beef Calves in Texas Panhandle

- We will pick up all calves born on the dairy and find the best price for each category of animal that the dairyman chooses to sell

OUR PHILOSOPHY:

“We are dairymen first and foremost; we intend on raising calves that will be profitable and productive for the dairy or feed-yard. Records will be managed with Dairy Comp 305 and transferred daily back to the source farm via iTrans if the customer chooses. A full, yet reasonable, vaccination program will be in place to prepare calves for breeding or feeding. We use antibiotics when necessary, but believe that excellent husbandry, sanitation and nutrition will prevent most issues.”
