DONATION HEIFER

This year's heifer was generously donated by B & B Angus in an effort to support The Texas Angus Foundation's mission of providing youth scholarships and education.

They reached deep into their herd to come up with a truly special heifer that could headline any sale in the nation. B&B Firefly 4157 is a true donor prospect with top percentile EPDs, a distinguished pedigree, plus an exquisite phenotype. She is the total package.

We at the Texas Angus Foundation would like to be the first to thank Chris Baumgartner for the gracious donation.

- A Gorgeous Winchester female carrying tons of power and performance in her phenotypic makeup. She is the type of cow we all think of when someone mentions the front pasture kind. With good looks, great feet, and an EPD package to cap it off. We thought long and hard about how to improve this female, in the end we settled on a mating we thought most would appreciate. Bred 11/8/25 to 4 Sons Breakaway.

- Where to start on this donor cow. This is one of my favorite cows to date, she keeps spitting out these stars time and time again. 1039 is the dam to the \$18,000 donor in the 2024 National Finals Angus Sale as well as a \$40,000 feature in the 2025 National Finals Angus Sale. She sells with lot 67A, a super-elite Home Run daughter and will be bred back before the sale to G A R Grand Slam.

She has had two maternal sisters sell in the 2024 and 2025 National Finals Angus Sales, one for \$18,000, and the other for \$40,000. There is more to come from this family and 5603 is sure to make her own mark.
