## Welcome to our 13th Annual Production Sale!

This year's offering is comprised of what we are certain is our deepest set to date. Highlighting the female division, we will be selling choice from our pen of yearling heifers that were displayed at the National Western Stock Show. These intriguing prospects offer some of our most current and freshest genetics to move your program forward.

We would be remiss not to also make special mention of the female selling as Lot 4 who is the all-time heaviest weaning and yearling weight female ever produced in the history of our program. She is featured as a testament to our commitment to share some of the top end of our genetics year in and year out. The set of 2-year-old females as a group is a very rare find with a whole lifetime of earning potential ahead of them.

Many of you will also notice that while our herd-sire prospect numbers are smaller than in past years, the quality of these individuals remains as strong as ever.

We would also like to thank Jim, Lauren and Ryder Russell for once again offering a strong set of Simmental influenced genetics.

Please don't hesitate to call with any questions or stop by to view the offering any time.

## Looking forward to seeing everyone on Saturday the 14th!

•Selling 1/2 interest with the option to double up and own full interest.

•Future donor prospect! The type of female you can build a program around. This massively deep centered, ultra broody female is the single highest performing female we have ever produced in terms of weaning and yearling performance. Her flush brothers averaged over \$20K through the 2025 Ellingson Real World Production Sale. Numerous other maternal siblings have been features for our program selling to top operations around the country.

A highly productive Weigh Up daughter whose dam sold to Riley Brothers in Indiana as a feature female through a past production sale. The Miss Erica cow family has been a staple in our program for over 25 years due to their incredible production history and consistency. Due to calve prior to 5/10/26 to York Farms Knight Rider 2259.

- One of the top young herd sire candidates in his calf crop right from the start. Maternal brothers to this impressive individual have been past sale features for us selling to H&B Cattle, Tucker Farms and the Spencer Family, just to name a few. His highly productive dam has been one of the most consistent producers in our program and continues to do so at a high level at 9 years of age. Calving ease and consistency all rolled into one!
