MODOC BULL SALE
Tried & True Genetics

“Distinctly Different”
Angus & SimAngus Bulls

Friday | February 13, 2026 | 5 PM PST

Niles Hotel - Alturas, CA

Fellow Ranchers & Friends.

Welcome to the 11th. Annual Modoc Bull Sale and thank you for your continued support, trust, and loyalty to our program. We are honored to provide an exceptional group of ranchers, who represent the strength, integrity, perseverance, and innovation of our beloved cattle industry, with their bull battery and look forward to visiting with you on February 13th. in Alturas. As we all know, it's a great time to be in the cattle business and with cattle of all weight classes fetching historical prices and beef demand continuing to build strong momentum with no letup on the horizon, it makes sense to invest in genetics that will move your operation forward. We are extremely proud of this incredibly deep set of Angus & SimAngus bulls we have raised and are confident that these bulls will without a doubt optimize your operations future success and bottom line.

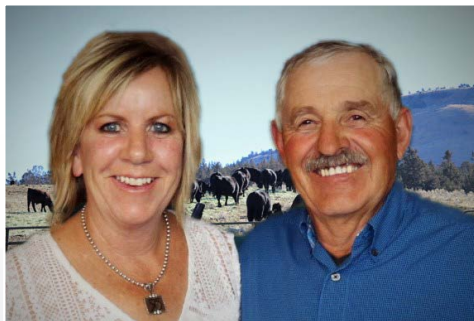

Our commitment has always been to produce bulls that work where it matters most-on your ranch, and we have continued to focus on Calving Ease, Growth, Carcass, Maternal, Fertility, Longevity and Efficiency, for genetics that return you value year after year, through cows that stay in the herd and produce calves that excel, as these qualities and traits are of utmost importance in keeping all of us in business for generations to come. These bulls continue to display the balance and condition we strive for and have never set foot on an irrigated pasture nor confined in a feedlot for development. They have achieved it on our ranch's native grasses and a forage-based diet with very minimal grain input, to ensure they have just the right condition, athletic ability, and endurance to travel out and get more cows bred. Once again, we have incorporated genomic testing on all the bulls to further enhance their EPD's and have included their EPD percentage rankings within their respective breed associations, to provide you with additional data to elevate your operation. Also, please note bulls identified with Targeting the Brand logo for premium Carcass merit potential and Calving Ease bulls identified by check marks, with up to three check marks for super Calving Ease bulls. We hope these added details help with your decision-making process.

As always, please feel free to contact us with any questions you may have or visit our website and Facebook page for additional bull sale and ranch information.

Thank you for your friendship and business,

Kenny & Dianne Read
