1:00 PM (MST) DIAMOND SEVEN SALE FACILITY

MODERATE FRAMED. FERTILE & FUNCTIONAL

It is our pleasure to welcome you to the 9th Annual Diamond Seven Angus Bull Sale, held at our sale facility in Tucumcari, NM. 2025 has come and gone and brought record prices in all sectors of the cattle market and 2026 is here. Demand for beef is up and it appears the market for all classes of

cattle are trending upward. It is a great time to be in the cattle business. With input costs on the rise, everyone appreciates a good market to help offset the expense increase the industry has felt.

The philosophy has not changed at Diamond Seven. Cows are the workforce behind the operation and our diverse customer base having different weather conditions, annual rainfall amounts, and environmental factors have played a continuous role in developing an adaptable, well balanced cow that pulls her weight on native range. Fertility, fleshing ability, spring of rib, good udder quality, and good square feet are all attributes of longevity. "A good cow is a cow that weans a good calf every year. Period."

Our cows are supplemented with range cubes in the winter and early spring and a 32% protein-14% fat Nutrition Plus all natural tub and they excel on native pasture.

Diamond Seven bulls are developed in large traps where they get plenty of exercise and are expected to be ready to go to work and breed cows. Please feel free to call or come by the ranch to look the cow herd over and evaluate the sale bulls.

Thank you for your interest in our cattle and we welcome the opportunity to serve your breeding needs.
