Genetics Matter

The Great Basin Bull Sale was handed the reins in 2022 from Lucy Rechel of Snyder Livestock and the Nevada Cattlemen's Association to continue the legacy of providing a combination of performance tested and range bulls for the most discerning of bull buyers into 2024 and beyond. Charlie Hone, Kris Gudel and Dave Holden have come together to provide a venue where a variety of genetics can be assembled to meet the needs of any breeding program.

Whether you feel the need to use age-advantaged bulls or the latest in cutting-edge, high-efficiency genetics, a large selection of bulls will be available on February 14. In the tradition of both the Fallon All Breeds Bull Sale and the Bulls for the 21st Century Bull Test and Sale, all breeds are welcome.

The third annual bull sale will be on February 14, 2026, at the Rafter 3C Events Center in Fallon, Nevada.

Welcome

It is with great pride that we present the 4th Annual Great Basin Bull Sale. This year's event will be held on February 14th at the Rafter 3C arena in Fallon, Nevada. The sale has over 250 bulls consigned in two divisions. In the first division, performance-tested bulls will be offered with the testing format remaining essentially the same for the bull test. The second division will offer range-ready bulls that will undergo a rigorous sifting and grading process.

Awards for the overall champion, a calving ease Angus champion, and best of breed categories will be given. A few changes have occurred that we hope will make this a fun and exciting event. A Ranch Rodeo will precede the sale culminating with a dinner and concert on Thursday night featuring Joe Nichols.

The bull test will essentially remain the same. Bulls will compete in three divisions according to age. Early fall, late fall and spring-born calves will compete to become the coveted overall performance tested champion. Bulls will be evaluated in Five categories, with the top bull in each category earning maximum points. The categories include fertility; each bull must pass a semen test by a year of age. His dam's calving records will also be evaluated for calving interval and regularity of calving. Not many bull sales will publish that information for you.

The second category will be weaning performance. In-herd weaning ratios, EPDs and weight per day of age will be used for this calculation. The third category will be gain on test. We all sell cattle by the pound, and performance is the key to profitability. The fourth category will be feed efficiency. Residual feed Intake or RFI is measured on each bull in the test. Research at leading universities across the country is showing that as much as a 20% gain in efficiency can be gained from using negative RFI bulls. With the ever-changing weather conditions and the rising cost of inputs we have experienced over the last few years, raising cattle that can do more with less has become more important than ever. The fifth and final category in the evaluation will be ultrasound. Each bull will be ultrasound tested to evaluate their potential carcass quality.

The Range bull division will provide the same high-quality, age-advantaged bulls Nevada cattle producers have come to expect from the Great Basin Bull Sale. These bulls will undergo a thorough sifting and grading process to ensure quality and soundness. Two three-person committees will evaluate the bulls for each category.

Quality grading will use the same CBCIA guidelines as in the past.

Once again, we will use a video format for the sale. Bulls will be on display for buyer evaluation; however, individual videos of the bulls will be used during the auction instead of running the bulls through the ring. This format is easier on the cattle and the sale staff. The auction will also be broadcast over the internet via Western Video Market and CCI. The auctioneer will be Jake Parnell, and the sale will be managed by M3 Marketing.

On behalf of the consignors, The Nevada Cattlemen's Association, and the city of Fallon, we would love to see you on February 14th.

Charlie, Kris and Dave

How to Bid Online...

- **As a buyer**, you do not need an account or to login to watch the sale but you must have a validated account to bid.
 - After you are logged in, you must proceed to the sale page for any and every auction and click **"Get Buyer Number."** Some auctions require a pass-code to obtain a buyer number even after you are approved by CCI.live. Pass codes generally come from the sale manager or ranch for that particular sale.
 - CCI.live will operate with ease on a **cellular device, laptop, desktop or tablet.**
- A **modern or current browser** is important and will make your experience better. You do not need to install the app on cellular devices to watch a sale. CCI.live is a browser-based application meaning it will play on most new browsers, but you can also download the CCI.live app at the Apple App Store or through Google Play.

A NOTE FROM THE SALE MANAGER

Welcome to the 4th Annual Great Basin Bull Sale! This sale and event has been a huge success over the past few years and the buzz and excitement about this event is even better! Kris, Charlie, Dave and the breeders involved in this bull sale have helped create a unique event that any Western enthusiast and cattle producer would benefit from attending. Not only are there over 260 high-quality bulls of multiple breeds, but a fun event that the whole family can attend and enjoy. The Rafter 3C staff has truly rolled out the red carpet for everyone! We again have two divisions: 160-plus bulls have been on test at Snyder feedlot in Yerington, Nevada, from some of the leading registered breeders in the West. They have been thoroughly evaluated and sell with as much data as you can collect to increase confidence in your purchase. 100-plus bulls are also selling in the Range-Ready division. These bulls are also coming from established purebred firms that have been bringing quality seedstock to Fallon for multiple years. These bulls, in general, have more age to them if you are looking for age-advantage bulls. If you have any questions about either set of bulls, please give me a call. We will be broadcasting live on CCI.live (see page 6) and videos of every bull will be available for those that need to see them in advance or cannot make it in person. Take a look at the schedule in the book and come enjoy the entire weekend. We look forward to seeing you at one of the unique events in the West.
