

24th Annual
ANGUS & CHAROLAIS • BULL & FEMALE SALE

LAZY *H* RANCH

KANSAS

ANNUAL PRODUCTION SALE

SUNDAY, MARCH 1ST, 2026 • 1:00 PM • AT THE RANCH, HAYS KS

WWW.LHRBULLS.COM

Dick Beck

As the Rohr family prepares to complete their first quarter century of bull sales with their 24th annual production sale, Mark Rohr and his family are proud to feature the most impressive selection of age-advanced Angus and Charolais bulls and quite possibly the most promising set of spring yearling bulls that they have ever offered for sale!

Offering a bull with a +444 \$Combined value index as of this writing is a FIRST for this family and their cooperating partner Katie Colin and the offering features 11 bulls that rank +400 and higher with 17 bulls ranking among the top 1% of the population for the bio-economic index the American Angus Association defines as including all traits that make up both Maternal Weaned Calf Value (\$M) and Beef Value (\$B) and that is directly influenced by calving ease direct, calving ease maternal, weaning weight, yearling weight, maternal milk, heifer pregnancy, teat size, udder suspension, functional longevity, docility, mature cow weight, foot angle, claw set,

dry matter intake, marbling, carcass weight, ribeye area, and fat thickness.

The sale offering begins with three herd sire sons of the Kansas produced RSA True Balance 1311 that are paternal brothers to the exciting new Lazy H and Brinkley herd sire V A R True West that is becoming an industry favorite and there are six sons and six daughters by his \$170,000 two thirds interest maternal brother EZAR Gettysburg. The four sons of the \$600,000 Basin Jameson will likely be as popular as his top selling sons from a year ago and the six sons of Virginia Tech Statesman that include two that Mark is using as herd sires this winter will certainly be favorites along with the second Lazy H offering of 15 sons of the \$500,000 two-time progeny registration leader Connealy Craftsman and 14 sons of the \$185,000 Connealy Commerce who was the second high seller among their calf crop at Connealy Angus and the "Peoples' Choice" of many good cattlemen.

The Katie Colin young herd sire EXAR Bona Fide has continued to climb the EPD rankings as his progeny are genomic and performance tested and he currently ranks NUMBER 1 among 78 sons of the \$135,000 now deceased HPCA Veracious included in the active sires in the AAA database for \$Combined value index. One very interesting Bona Fide son is a maternal brother to the exciting young ST Genetics featured sire KC Kingston, who while nursing his dam sold as a pair for a \$235,000 bid for half interest of both. There are three sons of Kingston's maternal brother LHR-KC Ignite that was a past Lazy H sale feature and five sons of Poss Ratified, the \$90,000 two thirds interest sire of KC Kingston.

This exciting offering includes seven of the first sons of KC Kingston from his first calf crop and seven sons of the first calf crop from the \$235,000 Rito Ambitious whose sons set records across the industry during the fall of 2025. The 12 sons of Baldridge Heat Seeker in this sale offer some of the most impressive EPD profiles of this power-packed sale offering where ALL the Angus bulls record an average \$Combined value index of +336 with 49 among the top 5% of the population and 104 among the top 10%!

The Angus sale females begin with a fall yearling that scanned the highest %IMF of ANY ANIMAL ever produced or scanned at Lazy H and she was produced by a powerful Lazy H donor that gives her a solid foundation for all the important economic traits. She headlines the 28 fall bred heifers that include many full and flush sisters to featured bulls in this sale and the five spring 2025 heifer calves that also have brothers selling are each special both for kind and EPD data. The 15 young cows due to calve this spring are the foundation kind.

While bulls will always be the primary focus at Lazy H, DO NOT OVERLOOK the strongest set of sale females that Mark has ever shared that include 11 daughters of Commerce, 9 daughters of Craftsman, 6 daughters of Gettysburg and special young females by the Fireball sons G A R Fireproof and Connealy Global. These 2026 Lazy H sale females are truly something special! Many good things have come from Mark's relationship with Jim Brinkley over the past 15 years and his relationship with Greg Bennett of Katie Colin in Georgia continues that same tradition. With the bulls Greg produces joining the bulls born in Kansas at weaning to be developed and compared to the entire sale offering, you will like the bulls bred and born in Greg's herd that have been skillfully developed and are guaranteed by Lazy H!

The Charolais bulls represent decades of the Rohr family efforts and a special feature will be a Charolais show heifer prospect chosen to be a strong competitor for the 2026 National Junior Charolais Show in Kansas this summer. The Rohr family sorts and selects the Charolais cow herd with the same intense pressure as their Angus cow herd. These bulls are designed to offer Lazy H customers the highest levels of hybrid vigor when mated to Angus and Black Baldie commercial cows. Mark has worked closely with his father to continue the traditions of his Smoky Hill program that has been Maurice Rohr's pride and joy!

Join the Rohr family on Saturday evening for a wonderful evening meal of the best Angus Prime Rib you can find anywhere and enjoy chili and the world-famous Cinnamon Rolls on sale morning followed by "Beef Bacon" and Brisket for lunch on Sunday. Bulls will be penned in catalog order for easy review all day on Saturday and all the cattle will sell in catalog order from the videos in the warm and comfortable Lazy H sale barn. As we move into the second decade that I have enjoyed the privilege of working with this "salt of the earth" Kansas family and what has become one of the most rewarding "grass roots" events of the spring sale season, I could not be prouder of the progress that my friend Mark Rohr has made and continues to make! Please call if I can assist you in any way with selections from either the powerful bulls or foundation females that sell.

Sincerely
Dick Beck

"LHR BREEDING GUARANTEE"

The bulls that sell are fertile to the best of our knowledge and are backed by a 90-day breeding season guarantee. If, while breeding cows, they sustain injury to their reproductive system, making them unable to service females, we will provide you with a satisfactory replacement if available, or issue credit equal to your purchase less \$4,000 salvage value that may be used toward the purchase of any animal in the following year's sale. We request that you notify us before you cull the injured or infertile bull by letter within ten days of the injury. American Angus Association sale terms and conditions do apply. This is not a life insurance policy against death or disasters and does not cover health problems or injury due to mismanagement, negligence, or risks you choose to take (running bulls together can cause bull fights and injury). Insurance will be available sale day for Bull Mortality and Loss of Use Coverage.

All bulls have passed a breeding soundness exam.

"LHR Bull Delivery"

Lazy H Ranch Kansas offers its customers free BULL delivery in Kansas and surrounding states. If purchased outside this radius, we will do our best to make sure costs are kept low and reputable livestock transportation companies are used and will have the best interest in your purchases. Please keep in mind we are delivering several bulls across a wide area in a short period of time. If you need your bull at a certain time, please make the sale staff aware of your needs, we will do our best to accommodate them. All Bulls picked up on sale day will receive \$100 credit per bull on sale day at check out. We also will be offering a \$50 per bull for customers that arrange to pick up their bull purchases at our sale location within one week of the sale. All FEMALES that sell need to be picked up by their new owners the week of the sale unless prior arrangements have been made.

"LHR Bull Development"

At LHR, we take bull development very seriously. All bulls are developed here on the ranch under our care on a high & dry roughage ration from weaning until sale time. We feed for longevity, no extreme weights or gains, keeping the bulls sound and functional. We spend countless hours developing a feeding program around the feed stuffs we have available in this area keeping the cowman in mind that purchases our breeding bulls. Actual Scan data will not reflect the bulls potential in your herd do to how they are fed during the feed test, however, it is still a tool we believe in that will help keep the EPD's and accuracies of the bulls in check. All bulls along with the entire LHR cow herd has been DNA tested for multiple traits, enhancing the EPD's making your bull selection more precise as well as...to give our customers another tool!

Opportunity to acquire an extremely functional female built on years of breeding for functionality, growth and PHENOTYPE! With the AIJCA National show to be held in Hutchinson, Kansas this summer, take advantage of this balanced trait female to advance the youth in your family. Let them experience the excitement of a national show in their own backyard, meet new friends and advance their opportunities as they continue to take the cattle industry to the next level! Maurice Rohr surrounds himself with the youth and has always been the one to help the Charolais breed grow. Take advantage of this great opportunity and let dreams come true!

Selling Half Interest With the Option to Double

the Bid Price to Own Full Interest.

PAF RITA 7096 the multi-million dollar producing dam of True West

Vintage RITA 4159 the \$330,000 maternal sister to True West

- V A R True West 4009 who offered a +1.58 Rib Eye area measure EPD when he sold as a feature of the record setting 2025 Vintage "Carcass Maker" Bull Sale is headed to ORigen to join his sales leading sire RSA True Balance in the ORigen marketing system as the new NUMBER 1 Rib Eye area measure EPD bull at ORigen that Doug Worthington described as the heaviest muscled bull of the 220 bulls sold by Vintage for an average of \$14,708!
- The start of the California fall bull sale season was impressive for True Balance as a flush brother to True West was the \$44,000 top selling bull of the Inaugural Dunipace Angus Bull Sale where four sons sold for an average of \$19,875 following the record setting Byrd Cattle Company sale where six sons of True Balance sold for an average of \$16,667 with a daughter sold for a \$145,000 valuation as the top selling fall yearling while the dam of True Balance sold half interest for \$215,000 with his natural maternal sister by the coming ORigen sire FF Rito Ambitious sold for \$140,000 as the top selling spring heifer calf.
- V A R True West is a maternal brother to: the \$330,000 top-selling Lot 1 female of the 2024 Vintage female sale; the \$170,000 two-thirds interest EZAR Gettysburg, the top-selling bull ever produced at EZ Angus Ranch; and the ORigen sire EZAR Brookstone. Their Legendary donor dam, PAF Rita 7096, is the \$700,000 valued cornerstone donor for Vintage, Pollard and Chad Davis who already has more than \$4,000,000 in progeny sales before the fall female sale at Vintage.
- Ultra-elite top 1% for \$Combined value index, \$Beef value index, \$Weaned calf value index, \$Feedlot value index and Rib Eye area measure EPD!
