We'd like to take this opportunity to welcome each of you to the 17th Annual Opportunities Knockin' Production Sale. Over the years we've offered up exciting bull prospects to our clients who've gotten the job done at a high level in their operations. We've been very fortunate to have a great group of repeat buyers over the years and we look forward to continuing past relationships as well as to develop new long lasting friendships in this industry.

With the US cow numbers continuing to decline we are looking at some exciting times in all sectors of the Beef Industry. The cattle we will offer on the 28<sup>th</sup> we feel will help to position each of you in the driver seat for years to come. The bulls across the board come with added frame and performance. The bred heifer division is well on it's way to becoming a pair division as they are doing a great job dropping calves each and every day.

Again this year we welcome back AR Cattle, NP Cattle Co., & BF Black Simmentals to this year's sale. These herds have not only brought a great set of cattle for you they are also close friends throughout the year. Each of them has dug deep to bring you an exciting group backed by some of the top cow families from their respective herds.

The cattle available for viewing at the Melby Simmental farm starting Thursday February 26, 2026. These cattle will be penned up and you can stop in to look at your convenience. For the auction we will sell the cattle on videos at the Soldier Community Center in Soldier, IA. The Community Center is located mere minutes from the farm so making both stops is very convenient. If you cannot make it to view the cattle in person we will have videos on each and every lot posted to CCI and we have a great group of consultants available to give you an honest appraisal of the cattle being offered.

As sale time approaches feel free to reach out to any of us breeders or members of the auction staff with any questions you may have. We look forward to seeing each of you the last weekend in February!
