### HI POINT SALES & MARKETING

GARRETT THOMAS: 936-714-4591  
garrett@hipointsalesandmarketing.com

While we encourage those who can't attend the sale to join us online with cci.live if you would prefer to bid over the phone please reach out the Hi Point no less than 2 hours prior to the sale to make arrangements.

## BID LIVE ONLINE

CCI.LIVE  
405-400-9505 TEXT/VOICE

- If you intend to bidding online, please apply for approval no less than 2 hours before the start of the sale.

## TERMS & SETTLEMENT DETAILS

- Payment must be made in full before releases are issued.
- After payment is received, the seller will be notified through email, the buyer will be cc'd on the email requesting release.
- It will be the responsibility of the buyer and seller to communicate regarding shipping and storage from this point forward.
- The seller is expected to release the purchased items to the name of the buyer following notification of payment and to arrange this understanding with the storage facility.
- Hi Point Sales and Marketing is not responsible for any semen or embryos not secured into the name of the new owner within one year of the sale.
- Hi Point Sales and Marketing strongly suggest that the buyer make contact with the seller to make clear your intentions of shipping or leaving the embryos or semen in storage.
- The buyer is responsible for all shipping and/or insurance on purchases.
- All transfer of embryos and semen is between the buyer and the seller of each lot.

## GUARANTEE OF EMBRYO PURCHASES

(UNLESS OTHERWISE STATED)

Sellers of embryo lots will guarantee the establishment of at least one 60-day pregnancy per three or 2 pregnancies per five embryos assuming the embryos transferred, if the following conditions are met:

- A. The transfers must take place in the calendar year of the sale date.
- B. Transfers are performed by a licensed embryologist.
- C. Buyers of embryo packages that fail to establish at least one pregnancy will be given a full credit in next year's sale, or additional embryos to achieve the guaranteed pregnancy rate. The seller has the option to offer embryos from the same mating, or if the buyer chooses another of similar value.

## GENETIC CODE DESCRIPTIONS

TH (Tibial Hemimelia):

- THF (TH Free) • THC (TH Carrier)

PHA (Pulmonary Hypoplasia with Anasarca):

- PHAF (PHA Free) • PHAC (PHA Carrier)

DS (Digital Subluxation):

- DSF (DS Free) • DSC (DS Carrier)
- DSH (DS Homozygous/Affected) • DSP (DS positive)

# THE American NATION SCHOLARSHIP

*Congratulations*  
TO OUR 2025 RECIPIENTS  
**CAMILLE BURNS & CARLOS GUERRA**

The American Nation Cattle Sale and Hi Point Sales + Marketing are proud to offer two scholarships as a way to give back to the youth who represent the future of our industry. These scholarships reflect our commitment to investing in the next generation and honoring the values that our network stands for — hard work, integrity, and a passion for agriculture.

One scholarship will be awarded to a graduating high school senior, and the second will support a student currently enrolled in college continuing their education. Through this opportunity, we hope to encourage young leaders to pursue their goals and remain actively involved in agriculture and the cattle industry. Get to know our scholarship finalist introduced below, along with a short bio highlighting who they are and their involvement in agriculture.

## COLLEGIATE FINALISTS

### SAVANNAH *Hanson*

TEXAS A&M UNIVERSITY

Savannah Hanson is the eighteen-year-old daughter of Brady and Richelle Hanson from Liberty, Texas. As a freshman at Texas A&M University, Savannah is majoring in Agricultural Economics with a focus on Rural Entrepreneurship. On campus, she is a member of the College of Agriculture and Life Sciences Freshman Experience (COALS FX), Agricultural Community and Economics (ACE), and the Saddle and Sirloin club. Growing up on a commercial cattle operation and as an auctioneer's daughter, Savannah is incredibly passionate about the agriculture industry and the impact it can make on many lives. As a devoted leader within the Brangus breed, Savannah currently serves as the President of the International Junior Brangus Breeders Association (IJBBA) and the Texas Junior Brangus Breeders Association (TJBBA). These experiences have allowed Savannah to serve the agriculture industry and the Brangus breed, both of which have provided her with incredible opportunities, lessons, and friendships.

### KENLEY *Ivy*

TEXAS A&M UNIVERSITY

Kenley Ivy is an Animal Science Production student at Texas A&M University and a fourth-generation cattle rancher who grew up with a deep love for livestock and agriculture. She works as an embryologist at TransOva Genetics in Bryan, Texas, where she helps produce embryos through IVF for cattle, sheep, and goats. By combining her ranching background with hands-on experience in reproductive technology, Kenley is working toward a career in livestock genetics to support the future and sustainability of the agricultural industry.

*Hi Point*  
SALES + MARKETING

# GRADUATING SENIOR FINALISTS

## CALLAN *Nix*

TOLAR HIGH SCHOOL

Howdy, y'all! I'm Callan Nix from Tolar, Texas. For over 40 years, my family has been fine-tuning our American cross cattle genetic base, and I have had the honor of representing Nix Farms at stock shows across the state, competing in the industry I am most grateful for. Outside of showing, I am heavily involved in 4-H, serving as this year's Texas 4-H Council President, competing in various events, and leading numerous youth education programs focused on agriculture and nutrition. Beyond 4-H, I participate in golf, basketball, FFA, and fulfill many other local leadership roles. In the fall, I plan to attend Texas A&M University to study Agribusiness, with the goal of building a career that positively impacts the agriculture industry.

## ISABELLE *Parkey*

HOMESCHOOL

Isabelle Parkey is a senior from Archer City, Texas. As a 6th generation rancher and agriculturist, she knows how important advocating for this industry is. From serving as the 2024-2025 Texas 4-H Second Vice President, to serving the International Junior Brangus Breeders Association as a Director and past Vice President, and even advocating for the industry as a Texas Youth Livestock Ambassador, leadership and agriculture have played integral roles in who she is today. Isabelle will be attending Oklahoma State University in the fall and will be pursuing a major in Agricultural Communications with a minor in Marketing. She hopes to continue with her love of photography and videography and one day own and operate her own livestock marketing company.

## MIA *Wiley*

AVOYELLES PUBLIC CHARTER HIGH SCHOOL

Hey y'all! My name is Mia Wiley and I am from Effie, Louisiana. I grew up on my family's farm, Wiley Ranch, where my passion for the beef industry and improving genetics began. I am actively involved in livestock and leadership groups like 4-H, 4-H Livestock Ambassador, the Louisiana and National Junior Santa Gertrudis Associations, the Louisiana and International Junior Brangus Breeders Associations, and the Central Louisiana Cattlewomen's Association. I have also served as Reporter and Secretary of the Louisiana Junior Cattlemen's Association, as Louisiana Junior Santa Gertrudis Princess. Besides being President of my school's Student Council, I enjoy showing and evaluating cattle at local, state, and national events. I help out on our ranch and in our feed stores while continuing to learn about all areas of cattle production. I plan to attend Louisiana State University to study Large Animal Veterinary Medicine with a focus on Embryology. My goal is to return home to improve the breeding program and the future of Wiley Ranch and American Cattle Enterprises.

## MCKENZIE *Tiemann*

BRENHAM HIGH SCHOOL

Hey y'all, my name is McKenzie Tiemann, an 18 year old senior at Brenham High School. In the fall I plan on attending Texas A&M University to major in Agribusiness to become better prepared for a career in the ag industry. I have been involved in the ag industry from a very young age. Growing up I have exhibited market steers and heifers at our local county fair, Texas major shows, and brangus state and national shows. I love holding leadership roles and serving my community through 4H and FFA and competing in livestock judging, public speaking, and ag issues. Outside of 4H and FFA I enjoy playing softball, being outdoors, hanging out with friends, shopping, and most of all Jesus! My faith is a big part of my life and is something that has shaped me into who I am today.

# QB CATTLE

## LIVE LOT & RED HEAD EMBRYOS

### RED HEAD DONOR

**SIRE** PORK CHOP   **DAM** GINGER   **DOB** 2018

**THF PPHAF DSC**   **BREED** AMERICAN CROSS

The rare opportunity of an elite female selling in her entirety! Not only is this unicorn a proven commodity through the performance of her offspring but her physical presence is that of a fairy tale. The red coat, the proud attention commanding posture, and the elephant-like feet and legs make her one of the most sought after kinds of stock in our industry. While Chet Smith owned her she raised an Amazing Grace that hung a banner for the Koeppel family in Austin. That calf had a flushmate sister that was a high seller knockout of a heifer for Cromwell. For me her HGTA mating made my lot 1 steer that branded in FW 2025 for Kelton Eaton. Lot 1 has a sister that is a bred in my pasture. The high selling heifer in my spring sale was out of Red Head and IGWT. My dad's favorite steer in my calf crop this year is her Peter Dragon. And I am most excited about the ones that aren't born yet sired by Blessed Assurance! Long story short she's made elite offspring to every bull tried on her and she will be the talking point of any pasture she lives in, anywhere in the country. I did not have any luck conventionally flushing this cow. She was successfully done that way before I owned her but not for me. However she has worked nicely with IVF! She has a very good tract and is easy to AI. Call with any questions and bid until you own her!

### I LIVE LOT

★ Lot 1: Selling Possession and Embryo Interest at 100%

### 1A EMBRYO MATINGS

Buyer of Lot 1 has the option to retain the embryos for themselves OR sell 1A as listed and retain the proceeds.

# CROMWELL & IVY LIVE LOT

## CHAIN BREAKER

**SIRE** HERE I AM   **DAM** MINDE   **DOB** AUGUST 2024  
**THC PHAC DSC**   **BREED** AMERICAN CROSS

Here's your chance! We've never offered a bull out of the great Minde, much less one that has already been pushed and proven as an American promotional sire. We left him intact originally because for this mating he was the short backed, round, big bodied baby that had all the bone, look and hair a baby American show cow should have! We have flushed numerous donors to him this past fall and are excited for them to hit the ground. Here's the million \$\$\$\$\$ question - Why are you selling him????? 1. At an event like this, you don't bring your leftovers or low quality stock. 2. Jon has CM and Big Jon, Dad needs clean bulls and I don't need or have the desire to run a bull with all the donors in Abbott. He has already been collected and will be ready to be turned out whenever the new owner needs!

You will be purchasing FULL POSSESSION, 50% semen interest. We can and will market the semen however the new partner sees fit. We are excited to offer this Here I Am son. Turn him out on your clean X-bred American cows and let the son of two incredible parents go to work.

Lot 2: Selling Full Possession & 50% Semen Interest

CHAIN BREAKER - 7 MONTHS

FULL SIB TO CHAIN BREAKER - SOLD 1/2 INTEREST \$43,000

DAM - MINDE

# HORN LIVESTOCK

## LIVE LOT

### 888 DONOR

**SIRE** AMERICAN BEAST   **DAM** 1203   **DOB** 2018

**THF PHAF DSF**   **BREED** AMERICAN CROSS

Folks let me tell you, it took a long day in the pickup for Garrett to talk me into selling this 1203 daughter. When people come through Anson they all seem to find this American Beast daughter and after we got calves to the weaning pen this year it is hard to deny the earning potential of this female. Her dam is one that needs little introduction, her resume for raising high sellers, breed champions and high end replacements like 888 is lengthy to say the least. 888 is by most accounts the best and most productive daughter of 1203 and her ability to throw the color you see in this keep swinging calf pictured only adds to her value. We plan on this one being a big part of what we are doing in the near future, here's your chance to get on board with one of the rising stars from our donor battery.

888 is AI'd safe to Titus 2:11, the high selling, lot 1 bull in the bull sale a few years back owned with Digby. Titus is also a flush mate brother to Jett Hale's Grand Champion at the State Fair of Texas in 23'.

MATERNAL SIB TO 888

FALL 2025 BORN SIRED BY KEEP SWINGING X 888

FALL 2025 BORN SIRED BY KEEP SWINGING X 888

Lot 3: Selling 100% Possession and 50% Embryo Interest

- AI'd 9/26/25 to Titus 2:11 (Gold Colored Amazing Grace x HL048)
- Due 7/6/26, Safe to AI

# HORN LIVESTOCK

## 1203 EMBRYOS

### 3A EMBRYO MATINGS

**SIRE** SUGAR BEAR **DAM** 1203 (BUDDAKA SON X BRANGUS X)

Selling 1 Package of 3 Unsexed IVF Embryos, Sired by Sugar Bear

You know at American Nation we love to offer those full sibs to past champions. This mating to Sugar bear is a full sib to your 2021 Reserve Grand Steer at Rodeo Austin and another reserve American at the State Fair of Texas in 2024. Silver Americans like this mating produces are the real deal when it comes time to put checks in the bank!

FULL SIB TO 3A • RES GRAND STEER 2021 AUSTIN

FULL SIB TO 3B • GOD BLESS AMERICA

### 3B EMBRYO MATINGS

**SIRE** IGWT **DAM** 1203 (BUDDAKA SON X BRANGUS X)

Selling 1 Package of 3 Sexed Male Embryos, Sired by IGWT

Predictability is the name of the game and these are about as much of a known commodity as you'll find in this business regardless of breed. This full sib mating to God Bless America and the 2023 Champion ABC Steer in Austin has been a staple here at American Nation.

SIRE OF LOT 3C • HOW GREAT THOU ART

### 3C EMBRYO MATINGS

**SIRE** HOW GREAT THOU ART **DAM** 1203 (BUDDAKA SON X BRANGUS X)

Selling 1 Package of 3 Unsexed IVF Embryos, Sired by How Great Thou Art

This mating will bring some color variation, we have seen some red tigers from this mating and HGTA will put the bone and mass in these calves that make them highly marketable at weaning.

- All Lots Are Guaranteed 1, Stored at Hookstock Genetics, Ranger, TX

# 24

# HORN LIVESTOCK

## 8184 EMBRYOS & PREGNANT RECIP

FULL SIB TO EMBRYOS - 5TH OVERALL STEER 2025 BOC STEER SHOW FIESTA

The Golden Boy calf that Koepps hauled back in the summer sure made plenty of friends as he claimed numerous Grand Champion and top 5 finishes during that run. This mating offers a unique color pattern, stylish design, genuine body mass and proof that they can compete at the highest level. Not only are we offering full sib embryos to this dominant calf, we have taken all the guesswork out by offering a full sib pregnancy due in August. If you want a quick return on your investment then take a close look here.

SIRE OF LOT 4 & 4A - GOLDEN BOY

## 4 PREGNANT RECIP

Donor 8184 x Golden Boy - Sexed Male

- Due 8/22/26
- Located At Horn Livestock, Anson, TX

# CROMWELL CATTLE CO.

## TAG 51 HEIFER

### 50% INTEREST

**SIRE** AIN'T BLUFFIN   **DAM** DONOR 30 (MINDE'S SISTER)

**THC PHAC DSF**   **BREED** AMERICAN CROSS/MAINETAINER

We are really proud of this female! She stems from a deep and extra high-quality flush! Selling 50% interest.... Ideally, I would like to keep her for Hudson to show May-September after that, the new partner can get it on. If it's a deal breaker, I'm easy..... Y'all can have her and show her. After showing, she can live wherever it deems the most profitable for the partnership.

Lot 5: Selling 50% Interest

SIRE- AIN'T BLUFFIN

DAM - DONOR 30 (MINDE'S SISTER)

# 6

# CROMWELL CATTLE CO.

**TAG 406 STEER & FULL SIB  
DONOR 30 EMBRYOS**

Short and Sweet! I believe in the calf, this flush is unreal. Character is an A++ while still having all the look and extra hair it takes to win Cowtown. His build and belly cannot only handle all the smoke you want to throw at him in the end, but it's the right kind for that ring! This calf is dog gentle, smooth polled and will be very fun. We are proud!

## **6 TAG 406 STEER**

Lot 6: Selling American Cross Club Calf for the 2027 Show Season

SIRE OF EMBRYOS - AIN'T BLUFFIN

**BREED** AMERICAN CROSS

Selling 1 Package of 4 Conventional IVF Full Sib Embryos  
- Guarantee 1, Stored At Trans Ova Genetics, Bryan, TX

# POTTS SHOW CATTLE & QB CATTLE

## TAG 937 STEER

**SIRE** QB NELSON **DAM** QB 937 (VANHOVE HIA X WIZARD)  
**DOB** 5/10/25 **BREED** AMERICAN CROSS

SIRE - QB NELSON

DAM - QB 937

There's not a question of, is he good enough? Nor is there a question of, can he win? Both questions are easily answered and proven. The question that remains is, will he land in the right home that wants to put forth the effort it takes to stand on the podium when they hand out the gold medal? If you think that is you, we can't wait to join you on this journey. Thigpen and I both think very highly of this animal, and both feel Ol Peter has what it takes to have the ultimate show career from start to finish. He's already got a win under his belt by being crowned Champion ABC, American Division Champion, and Reserve Overall Champion at the Southern Exposure Show Series, Last Chance show on December 27th. Just to fill you in on how we got here. I had the opportunity to see this calf multiple times at QB's from taking bulls back and forth to Bullnanza in Sweetwater. The calf hit me hard from being a fresh weaned skinny one, and I do mean skinny, through sale day and even more so to this present time. I went back to Sweetwater on sale day to look at a potential Donor prospect that was selling that day with zero intentions of purchasing a steer, but when I seen him, now for the fourth time, the pursuit was engaged. I knew how gentle the calf was, so my excuse for buying him was the hope that my 9 year old son might take hold and stir a desire to show, that did not happen. So I was left with the pleasure of treating Peter like a show steer and day dreaming about where he would end up for his future home. My buddy Doss came by to visit and catch up and seen Peter and knew the story and said "you should put him in the American Nation Sale" and here we are. This calf is legit, and without a doubt has what it takes to be "the one." We are beyond excited to get to offer a steer in this sale that is truly a sale feature. Kolten and I are both available with any questions you may have, so please feel free to reach out. The Steer is in Wichita Falls and can be viewed anytime before he heads to San Antonio.

**Terms:** If buyer requests so, the steer can remain under our care through the remainder of the San Antonio steer show at an offsite nearby location. If buyer is unable to take possession at the conclusion of the steer show, then we will take him back to Wichita Falls and buyer will be responsible for pick up with-in the following week.

Lot 7: Selling American Cross Club Calf for the 2027 Show Season

# 8

## LUCHERK CATTLE LIVE LOT & 012 EMBRYOS RAFTER L SHEZA READY 012N5

**SIRE** READY OR NOT    **DAM** 012 DONOR  
**REG #** BB10596952    **DOB** 9/12/2025    **BREED** ARB

We are bringing a special live lot to town for The American Nation this year. Sheza Ready is a unicorn looking American donor and ARB heifer prospect. She didn't get here by accident. Ready or Not x 012 making her a full sib to the popular steer also pictured here shown this year by Carly Metting and full sib to embryos selling tonight. This yellow brindle female has the extras - bone, power, hair, presence to stand out and is backed by a proven pedigree and elite build. She's very gentle, fun to look at, and fun to dream up future matings.

## LIVE LOT & FULL SIB EMBRYOS

**SIRE** IGWT **DAM** LA ROUGE (CAJUN) (DREAMSICLE X HL 707)  
**THC & PHAC** • **BREED** AMERICAN CROSS

We have had this one targeted towards American Nation since she hit the ground. Simply put, this is one unique creature and she is without question you will want to lay your eyes on at the sale. She offers a flawless structure, powerful build and a pedigree written for American club calf production. Her Dreamsicle dam is out of HL 707, who is a full sister to Golden Boy. The use of IGWT on American cross cattle has proven to be a recipe worth mass producing. This one has big dollar generating potential. If you miss out on her just imagine what the steer mates will command in this competitive steer market and tie to sexed male full sib embryos offered at Lot 9A.

DAM - LA ROUGE (CAJUN) (DREAMSICLE X HL 707)  
(FULL SIB TO GOLDEN BOY)

## WALDRIP BROS CATTLE CO.

### LIVE LOT - 599 BRED HEIFER

**SIRE** RANCHWATER   **DAM** DDD WALLSTREET 150C  
**THF & PHAF**   **BREED** AMERICAN CROSS

This black Baldy is a beauty!! We bought a WallStreet cow out of a dispersal sale that was probably our favorite female in the whole sale!! We did her to a Hereford bull to make black Baldy females with a red gene that we could use to make just about anything as far as breed or color!! So far everything has gone according to plan we have made exactly what we set out to make and honestly have had no intention of selling her, but when it was time to picture and video for this sale and we were racking our brain on what we could offer that was good enough, this heifer came to mind. We penned her out of our keeper heifers and we are offering her to y'all! We will gladly keep her if that's what we need to do, we just wanted to offer our very best and that is what we're doing!! This one will generate!!

## EMBRY CATTLE & FLOYD CATTLE

### 133 DONOR FLUSH & EMBRYOS

**SIRE** AMERICAN LEGACY **DAM** PICANTE X I-80  
**THF & DSF** **BREED** AMERICAN CROSS

The most unique American genetics we have to offer! This past summer we were very fortunate to partner with Jared Floyd on 133 in our annual bred female sale. Her first embryos out of Gods Gift were heifers and commanded 10k and 39k for half interest, which is the best American female we have raised to date. Unfortunately last year when we had recip cows set us she got bacteria in her dish twice and we were unable to put in any eggs on her. This year we have loaded up and put in 20 plus for next year, that's how confident we are in this cow. 133 is a game changer If you are serious about raising the bar in your program and making a big splash in the American game, get in here and don't slow up. This will be a one time offering so don't miss out on this opportunity. She averages from 12-16 eggs per flush.

FULL SIB TO LOT 11A - SOLD HALF INTEREST FOR \$39,000

FULL SIB TO LOT 11A - SOLD FOR \$10K

### WB 50 DONOR FLUSH

**SIRE** CAPTAIN **DAM** 5319

**THF, PHAF & DSC**

**BREED** AMERICAN CROSS/1/2 BLOOD BRAHMAN

This cow is a sister to multiple banner winners at multiple major shows !! She's a half sister to our RED HOT 020 cow, we feel she is equally as exciting to be this young, her upside could be described as limitless!! Do her several ways and I doubt you'll be disappointed can make simbrahs gerts ABC and 1/2 bloods I don't think she will ever have a bad one!! Selling the opportunity to flush!!

We have several different matings coming this time out of her, Amazing Grace, Pat, Grey Fox, God Bless American, Iron Man, and Open the Gate!! You name it we tried it !!

DAM - 5319

Buy this, and breed her to anything that peaks your interest!!

She's averaged 8 eggs in 9 flushes with 11 eggs as the most she's done!! Will be worth the money!!

**PLUS, PREGNANT RECIP & EMBRYOS**

WB 020

FULL SIB TO LOT 14B EMBRYOS

I could write a book about everything 020 has done for us in the last 14 months. She is the type of cow that everyone dreams about owning!!! She is out of the one and only RD 5319 and I believe the winningest Brahman bull ever, "Sloan"!!!! We averaged 18k on 11 head this last sale season, several of which have been very competitive all year, and we are very excited about showing this spring!! Specifically the full sibs to this steer and the first set of eggs have been VERY successful! There were 3 steers that were validated 1 was the pick of the flush mates that Cromwell got bought outta this sale last year and he showed how smart he was once again because buying first pick ended up being the cheapest one!! (Y'all better pay attention this time and don't miss out!!) They say he looks very good, and we cannot wait to see him in march!! The next one was a sale topper in an online sale of ours, that Mrs. Kelbi Long has drug around to almost every show they have gone to and has been highly competitive and won his fair share of hardware. We are all very excited to see him in Houston!! The third went to Gracie Zand, she has shown him about as much as you could show a calf and he's been a many time champion for her, with a bright future!!! As far as this calf goes, he is truly a unicorn!! you could travel a lot of miles and try to find one with this much presence, body, and — the OMG out of this world muscle shape!! All with about as good as a hind leg as you can ask for!! He is about 45 days older than the ones last year and we think that will just make him even more dual purpose to work for both a San Antonio in point as well as being slow fed around to Houston!! We are as excited about this calf as any, when the opportunity comes to participate in a first class event like this, it's a no brainer to offer you our best!! The Titus 2:11 bull comes from the best in the business, Horn Livestock!! Both Brandon and Jagger are very excited about this bull's future both for crossbred and I think specifically in raising American cattle!! They both made a point to tell me how good they thought this could work on this Cow in particular so we made a point to get her done this way, lucky for y'all. She made enough for us to get some transferred and enough to offer to the public!! Anytime embryos are offered, I highly advise to capitalize!! This is the kind of cow that does not miss- pick a bull and she is going to make you look smart!!

### OPEN GATE SEMEN

**SIRE** LOVING 750   **DAM** MUEGEE PB BRAHMAN DONOR  
**THF DSC PHAF**   **BREED** AMERICAN CROSS

FULL SIB TO OPEN THE GATE  
RES BREED CHAMP 2025 HLSR

This bull is growing and growing in popularity!! His calves are truly as good of a set top to bottom as I could've ever dreamed of having!! His pedigree speaks for itself, he's out of a legendary cow and a bull that has no bigger fan than me, he does not miss, they come out good and spend every day of their life getting better. Lovin 750 is as good as they get, and he increases in his consistency when used on eared cattle!! If the Open the Gate cattle feed half as good as the L750s there will be more than one in the winner circle in 2027!! I love this bull's mom. I love this bull's dad!! I am this bull's number one fan. I would use this opportunity to get a little juice on a bull that was "up-and-coming" but based off how his calves look now I would say he is HERE!!

Lot 15: Selling 3 Packages of 5 Straws  
- All Stored at Integrated Breeders Service  
Hearne, TX

# 16

## WALDRIP BROS CATTLE CO.

### AMERICAN DREAM SEMEN

**SIRE** DDD WALLSTREET 150C   **DAM** LINDA  
**THF PHAF DSF**   **BREED** AMERICAN CROSS

MATERNAL SIB TO AMERICAN DREAM

A direct son of our great cow we call Linda, as well as a direct son of our personal favorite Brangus bull, Wall Street!! We truly believe this bull has a place and are excited to get him to production, we have already flushed and AI'd a bunch of cows to him and have got calves on the way!! To tell you the amount of confidence we have in him I could ramble on and on as I am very capable of doing!! I will tell you we went as far as transferring these into purchase pregnancy cows that we were having to give north of \$5000 ahead for 60 day pregnancies- and if that doesn't show you how much confidence we have in this bull then I would say you just don't understand how much courage that takes!! Buy the semen, use the semen, count your money!! It's THAT EASY.

## EMBRY CATTLE

### VOODOO SEMEN

**SIRE** ASTRO   **DAM** MUEGEE PB BRAHMAN DONOR  
**THF PHAF DSF**   **BREED** AMERICAN CROSS

3RD PLACE BRAHMAN 2025 HLSR  
VOODOO SON

2ND PLACE BRAHMAN 2025 SA  
VOODOO SON

First time offering Voodoo semen and won't be selling much going forward. We bought Voodoo from the Muegge family as an experiment and he has turned into a major asset for us here at the ranch. In his first calf crop he sired the 2nd place MW Brahman at SAL-SR and 3rd place heavyweight at Houston last year. This year we expect the same and have a lot more on the ground for this year that we are very excited for. Take him to a stout moderate exotic cow if you're wanting to raise Brahman steers or take him to Americans to make awesome colored/ characterized females. He recently injured himself and won't be able to produce anymore semen. We have limited semen and have been using it to flush at trans ova and has performed very well. Big time opportunity here!

Lot 17: Selling 3 packages of 3 straws  
Stored at: Integrated Breeder Services  
- Hearne, TX

## HORN LIVESTOCK PREGNANT RECIP

**SIRE OF CALF** GOLDEN BOY

**DAM OF CALF** HL 8217 (THE GENERAL X SOLID GOLD/620)

**THE BREED** AMERICAN CROSS

DAM - HL 8217

HL 8217 is one of favorites in Anson, Texas regardless of breed and it's easy to see why!! If you want to be on the forefront of American steer production and get the first shot at one if the unique mating at Horn Livestock then take a look at what we did here. We took one of the best cows on the place and mated her to Golden Boy so we could exclusively offer a pregnant recip due this coming August. This mating has the making of something truly special and is likely what the next generation of American steer production looks like around here. There is not question, the Golden Boy progeny have consistently proven they work on cows just like 8217. We believe in this mating, she represents some of our best coming this fall!

## HORN LIVESTOCK 2916 EMBRYOS

**BREED** AMERICAN CROSS

2916 is the Amazing Grace out of 916 that is the full sib to the 2024 Champion Gert at HLSR. Much like her full brother, she is impressive from every angle. Upfront she has an elite neck set, extension and a trim chest that is unmatched by most American club calf industry. From there back she is massive through her center body and from behind while maintaining plenty of breed character. We have a set of Keep Swinging calves on the ground, they are plenty impressive and will likely be some of the first loaded out from the sale pen in 2026. The mating to God Bless America is stacked with proven banner hanging genetics, expect plenty of substance and progeny that will look deadly when you slick them off. The third mating of this trio is sired by PAT whose the IGWT back to Purebred 804F13 Brangus donor at Klemstein-Parker cattle. These PAT's are GOOD! We are excited to see these hit the ground, there little doubt in the quality we are expecting from this combination.

## HORN LIVESTOCK

### 916 EMBRYOS

**BREED** AMERICAN CROSS

The influence of 916 in our program is hard to miss, she has a daughter in the Triple Crown Ranch program, another working for Hudson Cromwell in Abbott, Texas and a third flushmate sired by Amazing Grace that is featured as lot 19 in this sale. She produced the 2024 Champion Gert at HLSR. We love cows like 916 that offer a level of predictability that can be only be rivaled on a rare occasion. King of Kings on this cow should give the Amazing Grace flush a few years back a run for their money, he's going great things on proven American females like 916. Water to Wine should give you plenty of shag and that color variation that sells quickly. Expect big time baldy calves for this Gotcha mating that are massive from the ground up.

#### 20A EMBRYO MATING

## HORN LIVESTOCK ADELA EMBRYOS

**BREED** AMERICAN CROSS

Adela is one of those females that has a dominant show career and then goes on to perform the banners she hung with her production of big dollar generating progeny who also go on to hang their fair share of banners. The first thing you think when you see this female in person is her functionality and how she blends so much mass with a refined front end. Her sire HL Gavin is a bull we lost too soon, his ability to produce cattle like Adela is only now being realized. The legend of Keep Swinging will only grow with this mating the Adela.

## QB CATTLE & TODD KIRKLAND HIPPO EMBRYOS

THF PHAF DSP BREED AMERICAN CROSS

Her claim to fame has been that she is the \$210,000 record setting ABC cow to sell for Jared Floyd in the 2024 Share the Brand sale. However, conversation around her now has turned to person after person asking "What is that thing!?" as cattle enthusiasts stop and stare at her grazing the red dirt pastures of Sweetwater, Texas. This time next year we fully anticipate that same question being posed to the dozens of offspring that she will have strutting around in our sale pens. One mating that we have coming is this exact mating that is being offered to you and is sired by Keep Swinging. I believe that this is the most complimentary mating we have done with Hippo yet. One that makes sense when trying to create the next elite generation. This mating consists of a Thc only bull to a DSP only cow. Every calf will be a dsc. With every one of them having a 50% chance to be a THC. Both animals are huge in the size and dimension of their feet and legs. I anticipate Keep Swinging adding growth potential and expressive top shape to an already elite donor. The colors can range from Blacks, Smokes, Reds, Baldies, to Paints. This is a special cow, a special mating, and a special opportunity don't be sitting idle when the Colonels chant is singing on sale night!

**QB CATTLE**  
**QB/SEENTER 33 EMBRYOS**  
**THF PHAF DSF BREED** AMERICAN CROSS

Every year that this cow has been in production for me she has made jaw dropping females. To HL Standout she sired a half interest 30k female and to IGWT she made the same quality female that was offered in this sale last year that also demanded over 30k for half interest. This mating to Blessed Assurance is the most exciting and complimentary mating that has been done to her yet! I believe this could not only be her best mating but she's due to have a special bull calf as well! The new promo sire Blessed Assurance that we partnered on with Adam Potts is my favorite red hided How Great Thou Art son in the country. And I don't say that lightly or with bias. These are going to be good!

**S&S CATTLE**

**710 EMBRYOS**

**THF PHAF DSF BREED AMERICAN CROSS**

Death, taxes and 710 delivering the goods are the new norms in Circleville. Flawless dense build, wider than most chutes, high tying, and more condensed than all bred her way. She's quietly built a tribe of daughters ready to carry her crown, and all are extremely easy to find - wider, stouter, sexier, and the hind leg from heaven. She's tooted the note for a lot of her friends and litters from last year are as expected. Charles swears there's a Black Messiah that's a generational talent, and he's seen a few baby calves in his day. But the CM's (Milkman x 331 x Cunia x 331) revealed the Queen's red dress lingerie. There's a talented blood red bull prospect and 2 clean daughters that are non-negotiable stars that can handle any Exotic bull on the planet. I figured it'd take one more generation, but Fortune Favors the Bold!

She's perfect for In God for sure, but the up and coming yellow bellies provide an unconventional "Red Route" that instantly screams Serious ROI and a Totally New line of colored cattle. We put a bucket full of all these in - Full SEND! God Bless Cunia, Heatwave, Solid Gold and America!

# 26

**S&S CATTLE**

**614 EMBRYOS**

**THF PFAF DSF BREED AMERICAN CROSS**

As physically imposing of an Eared bovine as you will find. We try harder than most to make females that can push future generations to new heights, and if year 1 is any indication- she's fixing to start a wildfire. She's as close to a purebred as they will let us get and linebred for major consistency. That sentence is KEY in an ever changing world of composite production..... especially when a cow is this Gorgeous and Generous. Cheers to the cowboys who jumped on the boat last year. That group of In Gods are Fluffy, Functional, Fun Fat steers in the making from top to bottom, and had greater wisdom not prevailed-I might have put 50 more in for S&S' upcoming 50th Anniversary in '27!

There's creams, yellows, oranges and smokes in that cane, so you know we had to push the limits. Being reactive is easy, but embracing pro-activism takes a plan. Potent Pedigree-Powerful Phenotype do equal Profitable Production here.

That's one Beautiful Black Bovine, but I'd bet she'd look Stunning Red- This is not a drill, the fire is real. April 19th on the hill in Circleville!

## REED VESTAL RANCHES

### 235 EMBRYOS

**BREED** AMERICAN CROSS

Donor 235 isn't just one of the top American donors at Reed Vestal Ranches, but one of the very best in the entire country! She now has 7 Texas Major Champions to date and continuing to grow! In 2024, ALONE, she had the RESERVE GRAND CHAMPION OVERALL at Fort Worth, the Champion ABC at San Antonio, and the Reserve Champion ABC at Austin. What a monster YEAR! Though she has managed to work to every single bull we have tried her to, the mating to Solid Gold has hit EVERY SINGLE TIME. And do they sell HIGH, HIGH, HIGH! Producers pay attention here. 5 out of her 7 Texas Major champs have come from this Solid Gold mating. I'd say this is as foolproof as it gets. Here's your chance to raise the next GENERATIONAL major champion.

## REED VESTAL RANCHES 9065 BIDI BIDI EMBRYOS

**BREED** AMERICAN CROSS

\$85,000 HIGH SELLER - MATERNAL SIB TO DAM

Bidi Bidi, you might've guessed, is named after the famous SELENA. If you ever tried to draw an American donor as exotic, STOUT, and cool colored as you could make one, more than likely you'd sketch out Reed Vestal Ranches Donor 9065, "Bidi Bidi". She is the natural calf out of the famous Embryo Donor 6065 and their bull, American Ranger. She is a maternal sib to the very popular and dominate Champion Simbrah at San Antonio shown by the Jenschke family, and sibs to many, many other champions, and high sellers. Including the highest selling American steer ever at \$85,000! Given how young she is, Bidi Bidi has only had two calves up to this point. Our best calf this year is quite possibly out of Bidi Bidi. Extremely high quality. To say we are ALL IN on this donor is an understatement. Jam packed with pedigree and just crazy phenotypical potential, GET IN while you still can. She is just getting started folks! This impressive specimen is at your disposal. Take advantage.

\$31,000 HIGH SELLER - 2021 CHAMPION SIMBRAH

REED VESTAL RANCHES

7287 EMBRYOS

BREED AMERICAN CROSS

Donor 7287 is well on her way to being a major donor player in the American show cattle industry. Out of the GREAT 287 donor, who has produced many major champs herself, 7287 had Reed Vestal Ranches HIGH SELLING American calf this past sale season at \$60,000! She's not just a one hit wonder! In her very first calf crop, she had a \$23,000 high seller for us two years ago who ended up 3rd in the Heavy-weights at Fort Worth. He looked like a CREATURE out there. Ironically enough, Donor 7287's material sib ended up winning the American's that year at Fort Worth with a calf we raised and shown by the Altman family. There's MAJOR AMERICAN POWER in the blood here, ladies and gents. Dig in.

## LUCHERK CATTLE 202 EMBRYOS

BREED AMERICAN CROSS

3/4 SIB TO EMBRYOS - CHAMPION BRANGUS 2021 SAN ANTONIO

202 is a special American female around here. Her mother 804N8 was literally our first Brangus donor cow and raised Kara's Champion Brangus Steer in San Antonio in 2010. 202 was a part of an incredible flush born in 2012 her flush mate brother sold for \$25k back in 2013. You get it cool old school genetics, but I'd put 202 up against the best of them to this day. A full sib to these eggs shown by Carly Metting won Brangus Jr. Nationals and Saddle & Sirloin Brangus summer 2024, he branded in the heavyweight Brangus in Houston 2025. A 3/4 sib to these, Wall Street x 202, was Torrez Family's Champion Brangus Steer San Antonio 2021. We've only sold these eggs once before and the buyer is pleased with a red brindle heifer calf on the ground.

## LUCHERK CATTLE RAFTER L BRIGHT LIGHTS 150M2 SEmen

**SIRE** RAFTER L ROCK STARR 157H7  
**REG #** R10578028

**DAM** RAFTER L ONE WISH 150H6  
**BREED** BRANGUS

SUPREME BULL  
2025 BRANGUS JUNIOR NATIONALS

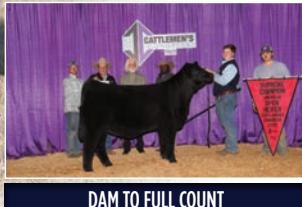

First semen offering on Bright Lights. This semen is not and will not be available on the open market only sold in special events like this. He's a result of The Wolf x One Wish mating stacking 3 different Junior National Champion females in his pedigree. He's been Grand or Reserve every time shown. He froze semen at 13 months old, and we have been using him hard on purebred and crossbred cows since. He puts together ideal rib shape, length of spine, presence, and big squishy feet all things that'll set the next generation apart.

★ Lot 31: Selling 5 Packages of 5 Straws  
- All Stored at Integrated Breeders Service  
Hearne, TX

62

## LUCHERK CATTLE FULL COUNT SEMEN

**SIRE** HOW GREAT THOU ART    **DAM** RAFTER L JAY LO 157M8  
**THC PHAF DSF**    **BREED** AMERICAN CROSS

DAM TO FULL COUNT

From the time he was 3 weeks old we were real excited, the we got his DNA back and it just kept getting better. The Red Gene Carrier Full Count brings some neat things to the table. Not only is his sire How Great Thou Art one of the most popular in the Industry, but tack on he's back by the Infamous RAFTER L Jay Lo 157M8, who's track record in the ring was unheard of but she's already proven to be a Big Time producer. Full Count brings the big hair, possibility for color, and awesome hind leg that should hit it out of the park on American type cows. This is the first semen offering. Semen will not be available on the open market.

Full Count is owned by Lucherk Cattle, Hartmann Brothers Cattle, Doss Torrez, Clint Johnson

★ Lot 32: Selling 5 Packages of 5 Straws  
- Stored at Integrated Breeders Service  
Hearne, TX

## TRIPLE CROWN RANCH

### TCR DONKEY KONG SEMEN

**SIRE** HOW GREAT THOU ART   **DAM** 9F DONOR (FABIO DAUGHTER)  
**THF PHF DSC**   **BREED** AMERICAN CROSS

MATERNAL SIB  
TCR ZENDAYA 9K

The one word to best describe Donkey Kong is proud. He is sexy and he knows it. He is cocky and walks around like a cobra about to strike. DK's coat is beautiful and bold with soft, supple hair and plenty of it. We only have a calf picture of him because the second he tested – he went on cows. He is an August 2024 calf and froze high quality semen on his first jump. This bull has plenty of character without being sloppy and overly leathery. Donkey Kong's best attribute is definitely his soundness and impeccable leg set. He has an awesome set of bendy, cushy back wheels that reach out and grab the ground in the most ideal way. He is round and robust in his upper rib and packs plenty of punch in his hind quarter. This bull's presence, soundness, and character could be a real game changer on shorter backed, dense made American or exotic type cows.

★ Lot 33: Selling 3 Packages of 3 Straws  
- Stored at Elgin Breeding Service

## KLEMSTEIN-PARKER CATTLE

### 167 DONOR EMBRYOS

**BREED** AMERICAN CROSS

SIRE OF EMBRYOS - RED 5319

We took one of the phenomenal full sisters to the lot 34A mating and blind flushed to Rory Duelms Red 5319 bull! These were put in last year and all we can say is this was an absolute home run!! Study the pedigree in this mating and it's no surprise the calves came out looking like they did. All but one calf was red hided, all are powerful with style to burn, running gear for the long haul, and HAIRY HAIRY HAIRY!!!! They were so good we flushed a couple other sisters to 167 the same way this year!!!

**QB CATTLE  
& DAVIS CATTLE CO  
7C DONOR EMBRYOS**  
**BREED** AMERICAN CROSS

For those of you that have followed QB Cattle, Cessna is no stranger to you. She's the matriarch of my most influential and highest dollar generating cow family. That cow family accounts for close to 500k in sales, multiple banners, multiple brands, and multiple herd sire's and donor females. So it means something when I say I like 7C as good or better than anything that Cessna has ever generated! Kobey Davis bought half of 7C in our fall breeding stock sale. The beauty and the beast that is all wrapped up in a golden package was too good for him to pass up and now we want to offer some of the goods to you. Study how she was mated and let your imagination run wild on what is going to be produced as the result. Bid and be on the front end of this new generation of great ones to come!

## WALDRIP BROS CATTLE CO. LIVE LOT & EMBRYOS

**TAG 5700**

**SIRE** DDD WALLSTREET **DAM** WB 8145 (PIF X HL 750)  
**DOB** 10/10/25 **BREED** AMERICAN CROSS

We bought this cow as a bred heifer from the Horn's, and we thought she was a nice solid cow with no major problems and had EXCELLENT genetics!! Out of Paid in Full, a son to the great 620 cow back on another one of our favorite cows of all time, 750!! If I said we walked out in that group and thought that she was the greatest cow I've ever seen I'd be lying!! We simply bought her off of her genetics and the fact that she had no major apparent problems. When I tell you she is one of the best investments that we honestly lucked in too I mean it. She has literally never had a bad calf- we sold the one in her belly and paid for the cow which was actually born before we even picked her up from the sale, since then she has had 5 head sell for around \$15k. High-seller being \$25k!! Those have been sired by Amazing grace and Wallstreet, and one of was even out of our heifer bull that's a BDR we call Zero to Hero, I've been on this very long winded rant to try to explain to you that this cow could be bred to the neighbors goat and I believe would have a good one!! We have a Wallstreet on feed this year with the Ottmers family that's going to Houston that's one we think is really really nice as well as well as Shelby Cox showed a full sister at her county and won a really tough heifer show with her!! We have 3 on the ground and I could go on and on about how good we think these are and is possibly the mating that we have as much confidence in as any. Bid with the utmost confidence both in the steer we are offering as well as the eggs !! Calf is a puppy dog first year gentle!!

**REG** # 4534739 **BREED** REVERSE SIMBRAH  
5/8 BRAHMAN 3/8 SIMMENTAL

Talk about offering the best! Houdini might be one of those actual once in a lifetime opportunities. A bull that can simply get it done in many aspects of the cattle industry. Just think about one of the best Purebred Simmental cows you have ever seen or even thought about mating then bred/flush said cow to this solid black beast and make a PUREBRED SIMBRAH first generation!

LMC MT TRANSFORMER 5E/32

I'll be the first to admit that I'm no expert when it comes to raising American show steers but I can't help to think that this is the kind that could work with those exotic cows to make American show steers that will feed and be extremely successful in the spring of the year!

Houdini is POLLED, stout, rugged, sound, and as good looking as you can make a 5/8 Brahman influenced bull. The more I type and think about it, I really don't know why we are selling 50% possession and 50% semen interest on a bull of this magnitude. Feel free to call or text with any questions. Raise your hand, click the button, phone a friend, it really doesn't matter just get involved with this unique piece of history!

## FIELDS CATTLE LIVE LOT

**F/WAR MATILDA**

**SIRE** TK/FCC DRAGO **DAM** F/WAR G100

**DOB:** JULY 2025 **BREED** SIMBRAH

*Katja*

We are in full agreement that this heifer is still very young and skinny. With that said, this is one of the best legged and wildest fronted purebred Simbrah heifers you will come across. She adds to her unique build and look with being great, soft haired and has been very gentle and easy to mess with around the barn. Matilda is sired by a new bull for us that you will be seeing more out of, TK/FCC Drago. Drago is a 3/4 son of the popular Simmental sire Private Stock and the two time Houston Champion and Miss Simbrah World, TK/FCC Rosie. Matilda is also out of one of my favorite cows on our place, G100, a direct daughter to the multiple time champion 5W Katie. Show heifer deluxe. Donor potential. You name it skies the limit on this one.

**REG** # 4266917 **BREED** SIMBRAH

SUPREME AMERICAN HEIFER 2025 SAN ANTONIO

GRAND CHAMPION SIMBRAH 2025 FORT WORTH

GRAND CHAMPION 2024 JUNIOR NATIONALS

What is there to say about Athena that her resume doesn't already tell. Record setting \$35,500 purchase out of the Club 1835 fall event, undefeated in the calf division, junior National Champion, Ft. Worth Champion, and capped off her illustrious show career by being named the supreme champion American female right here in San Antone one year ago. When you see her in person you understand why she had so much success. Giant soft feet, loose structure, great body and balance, with a quality look that oozes off of her. She's elite in every way. We are trying daily to make Simbrahs with this kind of foot quality and softness of structure and body and trust us, it's not easy. She will be the cornerstone to our Simbrah program moving forward. Jump in early and immediately elevate into the upper echelon within the Simbrah breed or take her to a club calf bull that will make ELITE ELITE Americans. We feel strongly she can be a clean blooded option that taken to the right bull can make the next American badass in cow town or anywhere else.

2026 FWSS OPEN SIMBRAH SHOW**

**3CC LMC GIN BLOSSOM L69 • FULL SIB TO EMBRYOS**

It is no secret that the American Nation demands the best from us producers and has grown to be one of the premier American cattle events. With that said, we believe this offering meets the standard and are proud to be offering you three full sib sexed heifer embryos to the popular 3CC LMC Gin Blossom L69 female whose first calf looks to be a breed improver. The first set of these LMC Gold Medal heifer calves out of our 3CC CTCF Gwen donor saw great demand with four of them making their way to show barns across the country. They have been competitive with Waylon Seale and Gin leading the way with Grand Champion Simbrah titles at the 2025 Cattlemen's Congress and State Fair of Texas Open and Junior Shows, both the 2025 Scholarship and Premium Shows at the Heart of Texas Fair in Waco as well as being selected the Reserve Grand Champion Simbrah Heifer at the coveted San Antonio Junior Show and American Junior Simbrah Roundup in 2025 as well. Anna Sweat led a different full sib named 3CC Shine On to Reserve Grand Champion Simbrah Heifer honors at the 2025 Dixie National Open Show.

Gold Medal is the 2013 National Champion Bull whose semen has stood the test of time sustaining its impressive per straw value over the last thirteen years and this mating's maternal grand sire LMC EF JW Black 3N/225's is famous for hitting home runs. Add the influence of our popular RGV LMC Dr. Beauty X076 donor whom we have built our Simbrah program around for years and what a deal you have here in this proven lot.

## TRIPLE CROWN RANCH LIVE LOT

**TCR HONEY TRAP 56L5**

**SIRE** GKB PERFECT STORM 804H20

**DAM** TCR MS. HEAVY DUTY 56Y

**REG** # R10548159 **DOB** 4/25/23 **BREED** BRANGUS

Triple Crown Ranch is extremely proud to consign a Brangus bull of this magnitude to the 2026 American Nation sale. Picked straight out of our personal bull pen – Honey Trap is an incredible animal. He is a massive, overwhelming coming 3 year old that is always the first bull people point out. I love his rib shape and length of hip. He is long bodied but maintains plenty of softness and depth of rib. For a bull of his size – he is as sound as a cat with a beautiful back leg. Honey Trap has a big presence and killer look. As a mature bull, he is super laid back and easy going – his temperament is excellent and he is suited for all types of programs. He can go out and breed a big pasture of cows or stay up in a trap by the barn and give you no trouble. Recently, GKB Perfect Storm 804H20, Honey Trap's sire, has been on fire in the showring – siring the 2026 Cattleman's Congress Supreme Champion Open Bull and Female. Honey Trap's dam, 56Y, has made a monumental impact in our program and is the dam of Barely Legal – the sire of the \$40,000 heifer we sold in our fall sale that recently won Reserve Jr Brangus Female at Cattleman's Congress on her first outing. Honey Trap is a maternal sib to Willa Mae, Majesty, Heavy Duty, and Wrecking Ball – whose first calf sold for \$14,000 to the Aultman Family. We have used Honey Trap on a limited basis due to preparing for this sale; however, the few calves he has sired (predominantly heifers) are sound, huge in their upper rib and top shape with plenty of muscle, a level hip, and neat underlines and chest floors. We love this bull and feel he could be a top tier herd sire and promo bull. He has frozen high, flush quality semen. Rare opportunity – only the best for the American Nation!!!

## ALLEN CATTLE COMPANY LIVE LOT

ACC MISS ALTO CINCO 2617

**SIRE** ACC HIGH FIVE 674J15    **DAM** 15K  
**REG** # BB10591456    **DOB** 7/1/25    **BREED** ARB

If you desire to be competitive in the ARB division and own a donor prospect with tremendous upside earning potential, take a hard look at this one. She is awesome in regards to her extension and assembly in her front 1/3, bold and progressive in her rib design and extremely functional in her hip and hind leg structure. Not to mention her rockstar pedigree being double bred Wallstreet and Sired by HIGH FIVE, our Supreme Champion Bull at the 2024 National Junior Brangus Show and out of a tremendous first generation Wallstreet x Beefmaster (Dolly) female. Everyone knows the impact Wallstreet has had on the production of high end American show steers. This female allows endless mating opportunities to ALL of the mainstream club calf sires. She's genetic defect clean by pedigree making your mating options unlimited.

She's extremely gentle and has already started on her resume as a successful show heifer where she was Champion American at her first show and Reserve Percentage Brangus at the 2026 Cattlemen's Congress.

**Lot 51: Selling 100% Possession**

- Allen Cattle retains the right to (2) IVF FLUSHES with a minimum of 6 embryos at our expense and the new owners convenience.

**REG** # R10466943 **DOB** 8/18/20 **BREED** BRANGUS

#### RARE SEMEN OFFERING!

Quite possibly the most phenotypically pleasing Brangus bull we have ever witnessed. With only two years of very limited production under his belt, The WOLF has already started to make quite a stir in the show cattle ring. Siring champions and producing INCREDIBLE future donors. Out of an All-Time GREAT Brangus donor, Lucher's Amy Jo, and the renowned DDD "Wall Street" bull, The Wolf has not only the look of an absolute manchild, but an undeniable pedigree. His Grand Dam was a National Champ. His Dam was a National Champ. And multiple full sibs of him have gone on and won the biggest banner you can win in the Brangus industry. National Champions. Supreme Overall at multiple majors. ETC! It's without question one of the greatest matings in the Brangus industry, ever. Until now, RVR has never offered semen on this bull to the public. While it's a tough decision, he is simply too exceptional not to share. Get in while it's available. This is a monumental opportunity for any Brangus breeder and/or Club Calf producer, alike.

## 6B SHOW CATTLE 804J4 EMBRYOS

**GT MS TANK 804J4**

**SIRE** DDD TANK 468E **DAM** GT MISS CROSSOVER 804C3  
**REG #** R10482121 **BREED** BRANGUS

This Tank daughter is no stranger to the American Nation sale. This female was campaigned by Eris Basey and was named Grand Champion at the FWSS Jr. Brangus show in 2023. Later that summer she went on to win the pair show at the National Junior Brangus Show in Chickasha and was ultimately supreme female at the NJBS. This female has been worked a few different ways but this mating is easily the most exciting to date. When we got our hands on the Kingdom semen from Diamond K Ranch, we had a plan to make embryos specifically for American Nation. These complementary genetic should result in cattle that are massive at the ground, extra flexible while offering an exceptional amount of center body and mass.

### EMBRYO MATING

**REG #** R10561534   **BREED** BRANGUS

FULL SIB TO KINGDOM  
 GRAND BRANGUS HEIFER FWSS 2026

This is the biggest footed animal we have raised at the ranch. Kingdom is extremely level in his lines, impeccable in his skeleton, and his moderation and breed character suggest that he is useful in both purebred Brangus operations as well as raising high quality American show steers. Kingdom is a son of KK Miss Relentless 157E, the former 2X IBBA Grand Champion Female in Houston, half-brother to the 2024 Grand Champion Brangus Female at the National Junior Brangus Show and a full-brother to the 2026 Grand Champion Brangus Female at the Fort Worth Jr. Heifer Show. With the power from the bottom side of his pedigree, we feel confident about his consistency and soundness. Don't miss out.

## TRIPLE CROWN RANCH FULL SIB EMBRYOS

TCR BELLE OF THE BALL 302A

REG # 10254820 BREED BRANGUS

SCC. BELLA'S HERCULES 302X3

### TCR BELLE OF THE BALL 302A - FULL SIB TO EMBRYOS

When Garrett asked for purebred Brangus embryos, we knew there was only one way to go. For the FIRST TIME EVER, full sib embryos to TCR Belle of the Ball 302A. This is the cow that put us on the map as Brangus breeders. She is easily the best, most prolific cow we have had the privilege of producing. Belle herself was a force in the showring – winning numerous shows, including Supreme American Female at HLSR. Beyond that, her impact has been felt for years. Notable calves include, but are not limited to, TCR Aurora 302H5 – Reserve Supreme American Female SA and a prolific donor owned with GKB, TCR Tiger Lilly 302H7 – Champion Brangus at FW and Reserve Champion HLSR, Origins Knock Out 302K2 – 2024 Grand Champion Brangus Bull HLSR, and most recently, Origins Miss Hera 302M3 – the 5th OVERALL champion female at NAILE (a 1st ever for American cattle). Not only are these embryos full sibs to Belle but there are also full sibs to TCR Marilyn 302G2 – the Champion Brangus female at the first ever Cattleman's Congress and dam to the Reserve Champion Supreme Jr Female at Cattleman's two years later. We choose not to sex these embryos because if you get a bull – you get a win. One of our top sires (whom we lovingly call Belle's Brother), is also a full sib to these embryos. BB has sired many high selling bulls and heifers here at the ranch and continues to be at the top of the bull roster every year. 302X3 (who we call Belle's Mom), the dam of these embryos, is 16 years old and still making things happen. She is the backbone of half of our purebred herd and RARELY do we sell her daughters. This embryo package is as deep as we can dig and these embryos are, simply put, very precious to our ranch and our family. Enjoy!

### EMBRYO MATING

### 313J5 EMBRYOS

#### SB MS CROSSCUT 313J5

**SIRE** MSC CROSSCUT 329E10   **DAM** BWCC MS RUGBY 313F  
**REG** # R10476498   **BREED** BRANGUS

As we make our way into 2026, it's no secret the 313 cow family is easily one of the hottest in the breed today. The dam of these embryos is a direct daughter of the \$41,000 313F and a granddaughter to the \$120,000 313A. While this Crosscut daughter was purchased to compete in the showing her ultimate purpose was to produce offspring that blend phenotype and genomics that can compete on the national stage. 313J5 is flawless in her structure and her build is what we think about when we talk about longevity in the Brangus breed. We saw the Full Circle bull at the bull stud and went straight to the online offering to gather up 10 straws. These heifers should be cool, powerful and most importantly highly marketable!!

## B SQUARE RANCH PICK OF THE B SQUARE DONOR BATTERY

BREED SANTA GERTRUDIS

With the acquisition of the ENTIRE B Square donor herd, we truly believe that if you are serious about raising elite show cattle, your search ends here. This is not just a donor offering—this is access to one of the most proven, dominant, and genetically superior female batteries in the Santa Gertrudis breed.

The B Square pastures are home to multiple National Champion females, along with numerous Show Cow of the Year title holders, a testament to years of disciplined selection, strategic matings, and relentless pursuit of excellence. These females are the result of generations of precision breeding, built to compete at the highest levels and produce cattle that win banners, generate demand, and elevate programs.

This opportunity allows you to mate these elite females to the bulls of your choice, recreate past champions, or design the next generation of winners the breed hasn't seen yet. The same cows that built the B Square legacy—hauled countless miles and showcased across the country—are now available to help build yours.

With great excitement, April and I are opening the gates to an opportunity that has never been offered before. This includes, but is not limited to: • BSR Changa • BSR Willow • BSR Escalade • Strawberry Shortcake • Toxic...and many more cornerstone females that define the program.

Buyer retains no possession, and all cattle are eligible except jointly owned females. This structure allows you to tap directly into one of the most decorated donor herds in the breed, without the overhead or management responsibilities.

Opportunities like this are rare. Programs like this are built over decades—not purchased overnight. If you're ready to fast-track your program with proven, championship-level genetics, this is your chance to align with the very best Santa Gertrudis has to offer.

Lot 60: Selling 50% Embryo Interest in ANY Eligible Animal in the B Square Donor Herd

- Buyer retains no possession, and all cattle are eligible except jointly owned females

# 61

## HEATH LIVESTOCK 50% EMBRYO INTEREST

**CH BRIELLE 101M**

**SIRE** JUST CHILLIN **DAM** RS SCARLET 8/8  
**REG** # 20243843 **BREED** STAR 5

Selling 50% interest in this unique Star 5 Female. Her show carrier has been impressive, winning banners at Louisville, Congress and some of the toughest jackpots in America but her greatest value lies in being a red, hairy, big bodied donor cow. Judges have described her as "Huge backed, yet her hip and hind legs hinge perfectly together", "An American female is hard to make that has this much body and power yet still is so sound at the ground", "Love this ones rib shape and presentation is near perfect". Brielle was not an accident as her dam is the natural daughter of National Reserve Champion Santa Gertrudis Female "Miss Double TT 545" and a descendent of National Champion Star 5 "Double E 8T39". Her sire is the exciting red Griswold bull Just Chillin.

## EXCELL SANTA GERTRUDIS EMBRYOS

### XL'S AMERICAN HONEY 399 ET

**SIRE** 777 HONEY BADGER 1202

**DAM** MC LADY CHEROKEE 002

**REG** # 20231972    **BREED** SANTA GERTRUDIS

Every breeder has embryos in the tank they just won't sell and for us these are it! Don't miss this opportunity to own a set of the mating we're MOST excited about for 2026. Each Year we discuss what donors and matings to focus on for the future of the Excell Santa Gertrudis program and to put it simply we can't get enough of the young American Honey 399 donor that is so universal and so right for the times. She's ultra unique for a Santa Gertrudis female with a massive middle one third, moderate design, killer legs, flawless hip construction, and does it all with ZERO coarseness. She herself won the San Antonio Scholarship last year and was Junior National Reserve Calf Champion female to highlight just a couple of her many titles. She's sired by breed leading Honey Badger 1202 who most recently sired the 2026 Open National Champion and Reserve Open National Champion females. On the purebred side she's mated to 2026 Reserve Open National Champion American Pharaoh 303 who was Supreme American Bull at the 2025 Cattleman's Congress and follows in the footsteps of his National Champion Dam and two National Champion full sib sisters. The first American Pharaoh Calves are on the ground and they are nothing short of amazing. On the cross side we have 399 mated to none other than the king of consistency IGWT. Known for siring that stout, power-packed look that judges love. Those cross calves will be registerable in the SGBI herd book as 50% Star Five's making them ideal for American steers or ARB show heifers. We believe either of these matings will produce calves destined for backdrops but built for producing elite cattle for the future.

B SQUARE RANCH

EMBRYOS

WONDER DONOR

**SIRE** HONEY BADGER **DAM** WILMA 312

**REG** # 20210893 **BREED** SANTA GERTRUDIS

When two of the most dominant animals in Santa Gertrudis history are brought together, the future is already written.

Wonder was a cornerstone of the donor pen during her time at B Square Ranch, reigning as one of the most dominant junior show females of her era. Her influence and consistency set a standard few can match.

Mated to the legendary Valedictorian, we knew this pairing would be nothing short of exceptional. The proof is already in the pasture—the first full sibling from this mating was acquired by Reed Vestal Ranches through embryo interest and is already making significant strides in the show ring.

This is a mating built on dominance, predictability, and proven results—one that continues to write its own legacy.

#### RJC GOLDIE 216K ET

**SIRE** M&M OUTSIDER 4003 PLD **DAM** KCRJ KYRA 704E

**REG** # 416125 **BREED** STAR 5

When we were asked to consign to the American Nation Sale we wanted to consign something unique, and we think we are bringing just that. These female sexed embryos are the freshest and most elite Star 5 and American genetics available. 777 Candyman has dominated the Santa Gertrudis show ring as National Champion and most recently a Star 5 daughter was crowned reserve national champion in Fort Worth. The donor dam of this offering is Ella Weldon's dominate "Goldie" cow. Goldie was champion Chi Composite female at the National Jr Chi/Maine Show then went on to bring home the champion Charolais Composite female honors at Kansas City, Louisville, Congress and culminated her awesome run as Supreme Composite Female at OYE. Goldie was bred by RJ Cattle and is out of the great Kyra cow and the legendary Charolais bull Outsider making it a total outcross to all IGWT genetics. Whether you are wanting to make American Donors or dominate Star 5's this combo should make them!

# Watch the Sale on CCI.live!

**The best, the fastest and most comprehensive marketing & bidding tool!**

## How to Bid Online...

- **As a buyer**, you do not need an account or to login to watch the sale but you must have a validated account to bid.
- After you are logged in, you must proceed to the sale page for any and every auction and click **"Get Buyer Number."** Some auctions require a pass-code to obtain a buyer number even after you are approved by CCI.live. Pass codes generally come from the sale manager or ranch for that particular sale.
- CCI.live will operate with ease on a **cellular device, laptop, desktop or tablet**.
- A **modern or current browser** is important and will make your experience better. You do not need to install the app on cellular devices to watch a sale. CCI.live is a browser-based application meaning it will play on most new browsers, but you can also download the CCI.live app at the Apple App Store or through Google Play.
- **For successful bidding you must have good Internet service!** It is very important to be stationary. If you are driving and bidding, expect to have some service issues. If you are stationary on a good device, with healthy Internet, expect a very successful bidding environment. If you have slow Internet watch the "asking price" on the screen - it is real time and refresh your browser if you feel like you have some lag.
- **Support line open during all sales. 405-400-9505** - Please contact the ranches for invoices and trucking.

*Viewed around the world!*
