

ILLINOIS BEEF EXPO

FRIDAY | FEBRUARY 20th, 2026 | 1:00 PM

Illinois State Fairgrounds Artisans Building, Springfield, Illinois

multi breed female sale

WELCOME CATTLE ENTHUSIASTS!

It is our pleasure to welcome you to the 4th Annual Multi-Breed Female Sale at the 2026 Illinois Beef Expo. Over the years, this sale has earned a strong reputation for offering high quality females suited for a wide range of purposes and production goals. We are extremely proud of the consignors and the outstanding cattle they have brought forward for your evaluation. We are confident that, regardless of your objectives or the type of female you are seeking, this offering includes options that will exceed your expectations.

As in previous years, we are pleased to continue our collaboration with Travis Meteer and the Performance Tested Bull Sale on Thursday, as well as Kevin Mears and The Collection Sale on Thursday evening. We firmly believe that cooperation among these sales, the consignors, the Illinois Beef Association, and the Illinois Beef Expo Board is essential to the success of all involved. We extend our sincere appreciation to the IBA and its staff for their continued support and for the work they put into making these events possible.

We also invite you to join us in expressing gratitude to the sponsors featured throughout this catalog, along with the State Associations that have generously stepped forward to support this sale. My wife and I would like to personally thank Bellflower Feed Mill, Keller Vet Services, Bergman Farm Supply, Seed Max, Sullivan Auctioneers/Big Iron Auctions, Moss Rock Ranch, the Illinois Simmental Association, the Illinois Angus Association, the Illinois Shorthorn Association, and the Illinois Hereford Association. Their commitment and the dedication of the people behind these organizations plays a vital role in making this event possible.

We encourage you to make plans to attend the sale on Friday, February 20th at 1:00 p.m. in the Artisans Building on the Illinois State Fairgrounds. Food and beverages will be available beginning at 11:30 a.m. If you are unable to attend in person, please feel free to contact any of the sale day representatives listed on the following page; they will be happy to assist you at no cost. The sale will also be broadcast live for viewing and bidding on CCiLive.tv, where videos of all sale lots are available.

All females will be stalled for viewing in Barn 25N throughout the day on Thursday and Friday leading up to the sale. Please do not hesitate to reach out to any consignor, member of the sale staff, or Haefner Marketing if we can assist you in any way.

Thank you for taking the time to review this offering. We hope you enjoy the sale and the outstanding cattle presented.

Ryan, Megan, Adlee, and Emery Haefner

We wanted to put something special into the Expo sale this year and TL Ellie 72M was an easy decision on where we wanted to be. A full sister to Colt Roeders female that was Supreme champion in Louisville, Reserve Supreme at Illinois, & 3rd overall at Jr. Nationals. 72M her self was successfully showed by Jackie Schertz this past year being named champion Div 3 at the state fair. No matter if your just getting into the Simmental business or a long standing firm, we feel this female can make an impact.

Back in 2021 we partnered with Wayward Hill Farms on Lila 045H, and although a injury unfortunately ended her show career early, we never doubted her capabilities as a donor. Lila has already produced high selling bulls and the only reason we are just now offering a daughter is because we wanted to keep the first ones back, and they are absolutely living up to their potential. 6N is a great representation of that. This daughter of the hottest Simmental bull in the industry, SAM, brings loads of real world power with plenty of extra features. Long spined, massive in her foot and bone, with incredible structure and graceful movement. This heifer can no doubt find success in the show ring, but her best days will be as a generator in the pasture.

Some heifers are just meant to be show cows. Gianna 1N is no different. I have always loved this heifer from the minute she hit the ground. Her mother was a barn favorite and made many trips to the backdrop, most notably as a Top 5 Female at Simmental Jr Nationals. Her sire was one of the most talked about and hyped bulls to grace the showing in recent memory, with incredible reports on his calf crops. This heifer combines the purple pedigree with real quality. She is so incredibly striking in her look and so sound and flexible when she gets in motion. Quite frankly, it is hard to construct hind wheels any better. She's bold ribbed, big hiped, wide topped, while still being smooth and clean about her joints. Plain and simple, this one hasn't had many bad days. Bid with confidence.

This female is a member of one of best flushes we've had at Lemenager Cattle. Her dam is Silveiria Hara Proven Queen 0305 "Haven" and she has secured her spot in the donor lineup. She was a division winner at the first Cattlemen's Congress and the 2023 National Junior Angus Show. N44 was a little later to the party in terms of maturity, but this will work in her favor as her femininity and balance will catch a judge's eye at any level. We believe these intangibles in tandem with power and bone will get her to top of any competition. Her attitude is very suitable for a younger showman!

With the popularity the limousine breed is gaining we decided to offer a unique opportunity. Maggie May is a flush mate sister to the 2024 Grand Champion Bred and Owned at the Limousine Junior Nationals. With her appeal, and incredible structure. We think you can take her back to many different breeds. She sells with a bull calf born January 3rd, 2026 sired by BNWZ Dignity 8017.

23A: Bull Calf 1/3/26 sire: BNWZ Dignity 8017

Some cattle make you pause — this one makes you stare. The Promise Keeper x LR125 mating flat-out worked, and she proves it every time you study her. From day one she's been well-balanced, big-haired, and built right. She carries the rib, shape, and genuine cow power that set elite females apart. Every time you look at her, you find a new reason to appreciate what she brings to the table. With her build and design, she'll make both heifers and steers you'll be proud to stand behind — the opportunities are endless. I could talk all day about her pieces and parts, but here's the truth: she's the real deal- just straight-up good cattle. She'll be worth every penny. Don't miss the opportunity to make her yours.

Here comes a money-making type of bred! For you pedigree buyers, her mother is a full sib to "Vanna" and has been lights out for us over the years and her sire continues to stamp that show ring look to his progeny. This heifer is soft bodied, easy fleshing, and to top it off her disposition is second to none as she was shown last summer by a 7 year old! Bid with confidence and get her home quick because a coupon out of Night Owl is coming soon!

Bred to GCC Night Owl 3104L due 3/6/26

CVS Just For the Money has been one of our favorites since the day she hit the ground. We never imagined getting this much power, performance, and eye appeal out of a first calf heifer using her sire ZTGC Just Cuz. She's a real sweetheart, kid broke, and no stranger to the show ring! Take Money to the shows then out her in the farm pasture. She is ready to work for you!

This April-born 3/4 Simmental heifer brings a big look with added power. This female is big featured and long fronted, while still maintaining the body and mass needed to be competitive at any level. Sound at the ground with a correct build, she combines balance, structure, and presence that will get her in the hunt. Stemming from Hoya Saxa, one of the top donors in the industry, this heifer offers elite maternal strength and proven genetic value. Her pedigree, combined with her show ring look, makes her a standout prospect with serious upside... not only as a competitive show heifer, but as a future donor female.

Maternal look, sweep, presence, balance...all traits that NXT Tradition N519 delivers in abundance. Tradition is an April, 3/4 Simmental sired by W/C Style 69E, a.k.a. Family Tradition, and out of our up-and-coming NXT Chrystal donor (a Relentless-sired Redemption daughter). That makes Tradition a maternal sister to the \$140k high-selling heifer in Hartman Cattle Company's 2025 Customer Appreciation Sale. Tradition uniquely combines an attractive front 1/3, high-tying neck, and strong top with tremendous sweep and depth of center body that she carries evenly from fore to rear flank. So if you're looking for a heifer with the unique traits to be appreciated in the show ring AND create her own tradition in the pasture, NXT Tradition is for you!

When selecting cattle for your program, you always go with cow families that generate, generationally. The bottom side of this ones pedigree certainly fills that order, Broker combined with the immortal Larissa cow has us pumped on what this June can do. The top reads with consistency and quality as the 226k bull we purchased from Holts in SD never disappoints us.
