Dear Friends,

Welcome to the 40th Annual Kentucky Farm Bureau Beef Expo! As the largest beef cattle state east of the Mississippi River, Kentucky is blessed to have this event as a staple on our agriculture calendar each year.

Every year at the Beef Expo, Kentucky cattle producers show and sell some of the best cattle in the country to buyers looking to upgrade their genetics or take home a show project. This event is truly the place to be for the beef industry on the first weekend of March.

Over the years, we've seen ups and downs in the beef cattle industry. But 2025 saw a rebounding of the market. Cattle prices were up more than 25 percent for much of the year offsetting the fact that there were fewer animals on the market. Cattle and calves brought in more than \$1.5 billion in cash receipts, making it one of Kentucky's top commodities.

The cattle industry's strong showing for 2025 helped contribute to the overall agricultural sales for the state, which economists at the University of Kentucky anticipate will be near the \$8.3 billion record mark.

These numbers show how important agriculture is to the state of Kentucky and cattle producers are a large reason for that. The nearly one million head of beef cattle in the Commonwealth and the more than 31,000 farms with beef cattle, solidifies cattle among Kentucky's top commodities.

As a cattle farmer myself, I know firsthand the hard work that goes into the beef industry from bottle-feeding calves to fighting the weather. It is that experience that forms my deep appreciation for the farmers across Kentucky who make this their passion year after year. Without their continued efforts Kentucky would not have the great agricultural community that makes it stand out amongst other states. Farming is integral for our state and cattle farmers are a large part of the equation.

Lastly, a lot of work goes into making this event possible every year. As always, I wish to thank Kentucky Venues CEO David Beck and his team for the many hours that went into hosting this event.

Again, welcome, and best wishes on an enjoyable and successful Kentucky Farm Bureau Beef Expo. If my staff or I can be of service to you, please don't hesitate to ask.

Sincerely,

Jonathan Shell
Commissioner of Agriculture
Commonwealth of Kentucky

Welcome to the 2026 Kentucky Farm Bureau Beef Expo

Cattle have historically been an important part of Kentucky's agriculture industry for generations dating back to its earliest settlers. Through the years, our farm families have seen the sector grow from one used mainly for sustenance in the beginning to one with a substantial economic impact as the state has become the largest beef cattle producer east of the Mississippi.

This growth can be attributed to the hard work of our cattle producers, to incredible investments made in this and other agriculture sectors thanks to the Kentucky Agricultural Development Fund, and to years of continual research by our universities across the state.

Working in conjunction with the Kentucky Department of Agriculture, and with continual support by valued sponsors, the Kentucky Farm Bureau (KFB) Beef Expo has become a staple in Kentucky's storied cattle industry as one of the top events to exhibit, sell, and buy the best cattle in the region.

Dating back to 1947 the KFB Beef Expo has brought producers from the surrounding area together to showcase their cattle and highlight an industry so important to farm families across the commonwealth with multiple breeds showcased during the three-day event.

It takes many dedicated workers and volunteers to make this annual event held at Kentucky Fair and Expo Center run smoothly and I can't thank each one enough.

I would also like to acknowledge the many young people who participate each year and point out that often they represent past generations of their families who have made the Beef Expo a part of their farming experience.

I hope you have a successful Expo and we look forward to a great year on the farm.

Sincerely,

Eddie Melton, President
Kentucky Farm Bureau

General Sale Information

Terms And Conditions: Terms of the sale are cash or your good check, with settlement to be made with the clerk immediately following the sale and before cattle are removed from the sale site. Billed accounts are due within 10 days of the sale.

Phone Bids: If you are unable to attend the sale personally, simply contact one of the sale personnel whose phone numbers are listed prior to the sale. They will accept your bid in confidence and act as your agent at ringside.

Health: Each animal sells with a state approved health certificate for interstate shipment. It is the buyer's responsibility to make themselves aware of their state's health requirements.

Breeding Guarantee: The Standard Guarantee as endorsed by the American Shorthorn Association will be followed.

ASA Genetic Condition Disclaimer: Unless an animal is listed on the American Shorthorn Association "genetic condition status list", the American Shorthorn Association makes no representation of any kind as to whether or not the animal has a genetic condition.

Liability: Each animal is at the buyer's risk when sold, but will be cared for by the sellers for a reasonable amount of time. Neither the owners, employees, auctioneer, sale managers, or other affiliated personnel can be held responsible for any accidents, but they will make every effort to provide for the comfort and safety of those attending.

Heifers Purchased in this sale
are eligible to show in the
Junior Show the next day.

The Kentucky Juniors will start
the sale off with donation
items. Please support them!

Here is a bull we are excited to offer in the sale! **Rolling Stone K284** is a unique individual with plenty of muscle, power and masculinity. With all that power, he still gets out and travels free and easy with a big and long stride. He is deep ribbed and easy fleshing and will stay in good shape for many breeding seasons to come. The neat thing about him is that while he is a stout made and big bodied bull, he is still smooth shouldered and more than impressive when you study him on paper and look at his EPD's. His numbers allow you to use him on anything you have in your program regardless of your priorities. Need to breed a set of heifers? No problem, he is **Heifer Safe**. Need a bull to turn out on mature cows and want to add power and look and not sacrifice performance? This bull has you covered. Most bulls excel in one particular trait but **Rolling Stone K284** puts a lot of things together that will be sure to make you money down the road. We have high hopes for this bull in the future, do not miss out on this one on sale day!

We had mostly bull calves in early fall, so it is really hard to part with this heifer. We feel like **Charity's Sunrise K305** has a bright future ahead of her and is as good as a fall calf as we have ever brought to the Kentucky Beef Expo! She is long bodied from flank to flank, deep sided and gives you a nice look from the side and from behind. You won't be disappointed when you see her get out and travel, she is as sound as they come. All she needs is more time to grow and develop her genetics will do the rest. You can't go wrong with this one! CHV.

This younger heifer continues to impress us each day she's been in the barn. She's bold centered with extra shape and we'd expect her to be an easy keeper when she transitions into production. Her mother has been a mainstay in our herd and this heifer is bred for longevity and maternal ability.

This heifer has had "the look" since birth. We are excited about her future. She has the natural look of a show heifer - long spined, extended neck, up-headed in an attractive roan package with a good disposition. As you study her pedigree stacked with breed greats, you will note she is backed by the renowned Crystal cow family from both her dam and sire as well as the proven genetics of Evolution, Right Direction, Red Reward and Ringo. She is the total package!

If you are looking for a solid heifer to add to your program, look no further! Majorette K135 is a well-balanced, structurally correct female that gives you a nice look from the side. She will stay sound and be productive for many years to come. I could go on and on about her pedigree on both the sire and dam side. We just can't say enough good things about the MFK Josey Wales daughters we have kept for ourselves and put in our herd. They are something special and the only bad thing is that we do not have at least 50 of them in the herd. The Majorette cow family has been one of our main cow families that has served us well for a long time. Oh, and did I mention this one is roan as well. Who doesn't like a pretty roan Shorthorn heifer? Take her home, show her if you want, then turn her out and let her go to work for you. Invest in the future! CHV.

This female by the great 1872 definitely has the look. She is deep bodied, level hipped and topped with an extended and feminine front end. She will make a great impression in any show ring and then go on to work in the pasture.

The Red Dog, "Clifford," daughters are impressive! This heifer has great cow potential and yet a show ring look. She is very attractive in her makeup - roan patterned, long spined, deep bodied with a good disposition. Her pedigree speaks for itself with numerous breed greats. Take her home and let her work for you!

Bringing only our best from Brandywine, this heifer was slated for the keeper pen but we feel her striking look only begs for some junior member to reap the show ring benefits! The Evolution cattle are as popular as ever with his semen in limited supply and her grand dam was a former NAILE National Champion female. This heifer brings the added performance, bold center, and attractive build in a HAIRY package. Year after year the Roan Rose donor continues to out produce herself and we offer you a chance to cash in on her.

Here's a high quality female, perfect for any age showman. This fancy colored, stout heifer has been a standout in the herd since birth. She's very much a power house type heifer, who is only going to continue to shine in the show ring and in your program.

• Exposed to LCC CINCH 305 Since 12/11/25.
 Exceptional genetic package. Gentry 419 is a granddaughter of Kolt Gentry 363, former show heifer of the year, who has been a cash cow for the Bollums and is now owned by Mike Davis. Her Long Look mother is a full sib to the \$26,000 and \$18,500 females sold by the Berg Family. That's a lot to live up to and we believe 419 is poised to continue the tradition. Sired by the now deceased Eighteen Seventy Two. Bred to our Cinch son for a fall calf, she is a sure fire investment. Show her, then put her in the front pasture and watch her propel your herd to the next level. Genetic defect free.

• AI on 10-21-25 to JSF Ronan. Examined safe to AI date on 1-3-26.
 Pastured exposed to Crowe Unbound (4372974) 10-28 25 thru 1-3-26.

This female sure is one that catches your eye right off the bat. This purebred roan heifer due to calve in the early fall combines eye appeal with functionality. She's deep middle, structurally sound and backed by a proven genetic lineup. A maternal female with the balance and build to work in the pasture and add long term value to any program.

This ShorthornPlus female is an absolute powerhouse and is not an easy one to let go of. Her pedigree speaks for itself, being out of Silveiras Style and SULL Bo's World 3906 ET, in which the Bratcher family had a lot of successful matings. She is powerfully made with excellent bone and depth of body, but does not lack femininity. I have no doubt she will be successful not only in the show ring, but in the field as well. Keep an eye out for updated pictures and videos on our Facebook page.

Here is a unique opportunity to purchase the first heifer out of our CF Max Rosa cow that won a lot of banners for Lane. "Rosa" as we call her, is beautiful profiled, stylish, powerfully made, deep bodied, and structurally correct. Plus, she has the show hair that anyone would love to have in their barn. We strive to offer our best each year and Rosa is the best one we have offered to date. Buy her with confidence.

A new mating for us but one we expect as much potential for success as any. This heifer offers so much quality for a broody, maternal built female with a striking show ring presence. The Dream Lady Cow Family has been a mainstay in the breed for generations. The grand dam of this heifer is a past champion at NAILE, NWSS, and NJSS and her maternal sibs have claimed two Show Bull of the Year Awards for our farm. Make you junior showman's dream come true and add this to the herd.
