

R.A. BROWN RANCH

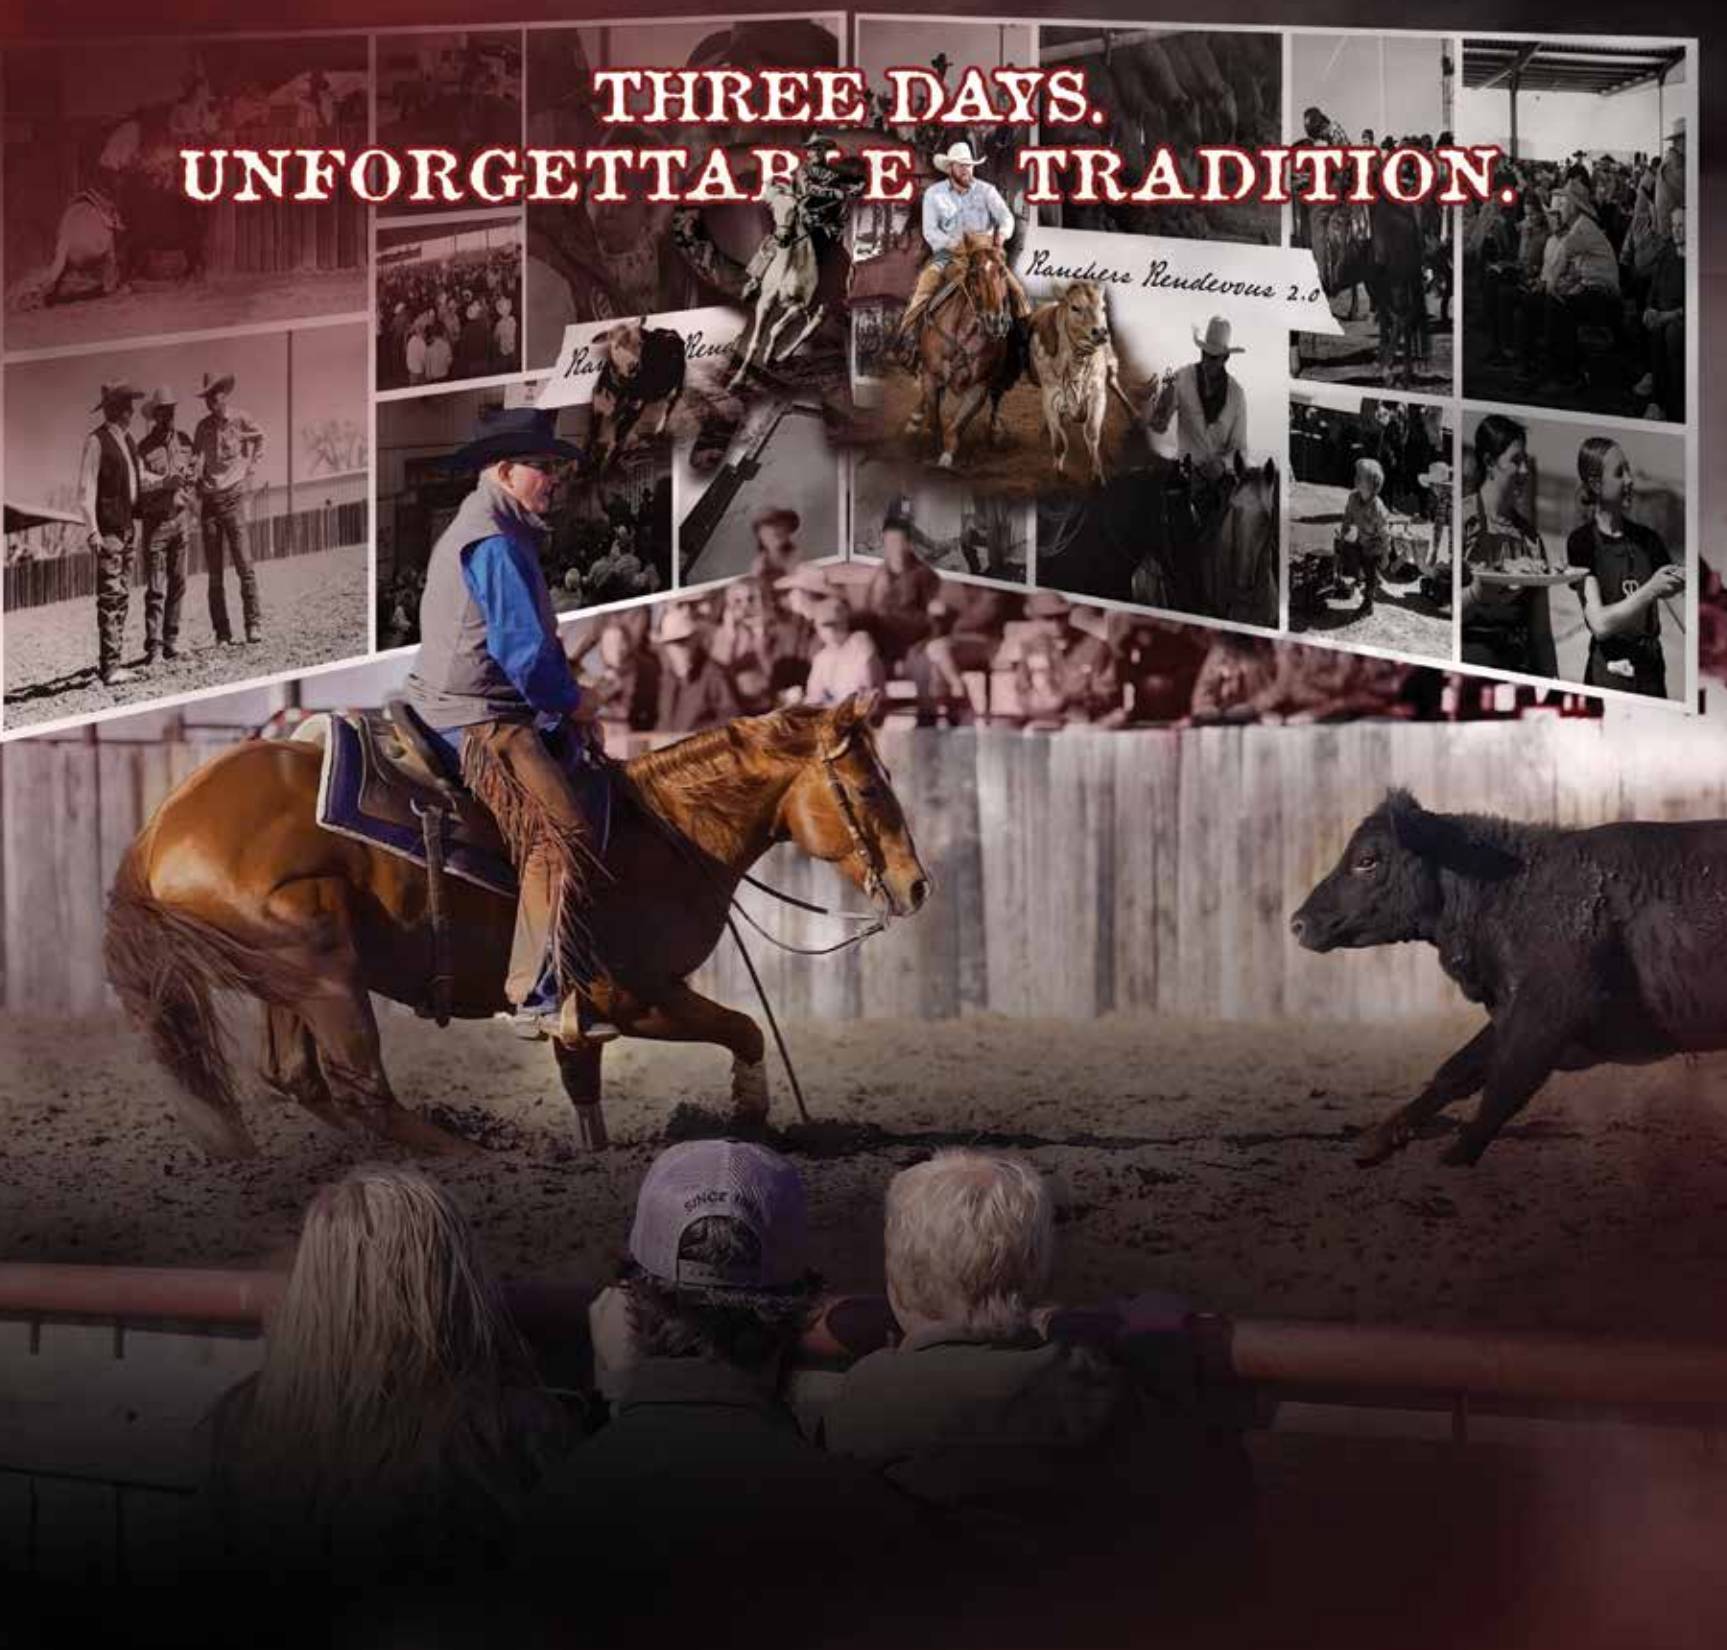

2026

Family & Friends
HORSE SALE

Presented by Hughes Trailers

**THREE DAYS.
UNFORGETTABLE TRADITION.**

Dear Friends,

Welcome to **A Rancher's Rendezvous 3.0**, held March 9–11, 2026, at the R.A. Brown Ranch near Throckmorton, Texas. Over three action-packed days, we invite you to gather where tradition, horsemanship, and fellowship meet; celebrating not only great horses and cattle, but the people and programs behind them. From top-tier ranch horse competition to time spent around the chuckwagon, this event is designed to reflect the values that have shaped our ranch and our relationships for generations.

This year's sale catalog represents **37 outstanding horses**, some home-bred through the Brown family program, alongside a carefully selected group of consignments from trusted family friends. These are not isolated offerings—they are the product of **long-standing, intentional breeding programs** that emphasize soundness, cow sense, durability, and versatility. Programs that have stood the test of time, adapted with the industry, and continue to produce horses that succeed from the futurity pen to the ranch, from the show arena to the rodeo arena.

In 2025 alone, horses bred and raised by the programs represented in this sale earned accolades at the very highest levels of our industry, including:

- **NRCHA:** 3rd Place Open Snaffle Bit Futurity, Open Champion California Futurity, Non Pro Snaffle Bit Futurity Champion, Open & Non Pro Derby Champions, World Champion Open Bridle Horse, Stallion Stakes Non Pro Champion & Reserve
- **NCHA:** Open Futurity Finalist, NCHA World Finals Qualifier & Reserve Show Champion
- **NFR-Caliber Horses** competing in Calf Roping and Barrel Racing
- **World's Greatest Horsewoman:** 3× Champion
- **Ranch Rodeo Top Horse** honors at both the FWSSR and WRCA World Championship Ranch Rodeo

These achievements reflect what we believe deeply: **we are not selling “a horse,” but the accumulated knowledge, discipline, and vision of programs that consistently produce elite horses across disciplines and generations.**

We are honored to be joined by an exceptional group of ranch families and consignors whose programs share this philosophy, including host ranch families **R.A. Brown Ranch, Rob A. Brown Ranch, McCartney Ranch, Strebeck, and Eiguren**, along with respected operations such as **Durrett, Bonds, Drummond, Stuart, Sarco Creek, Singleton, and Cogdells**, and individual horsemen and women whose programs

continue to make their mark. Together, these contributors represent decades of thoughtful breeding and horsemanship—and horses that are expected to last.

Whether you are searching for a futurity or show prospect, a dependable ranch partner, a broodmare to build your own program, or a pony for the next generation, we are proud to offer horses raised with care and purpose.

While online bidding will be available through **CCI.Live**, we encourage you to join us in person for the full Rendezvous experience. Event highlights include:

- The **RHAA Ranch Horse Competition**
- A **complimentary clinic** led by two renowned horsemen
- The highly anticipated **Saddle Shoot-Out**
- The **Horse Sale** and **Bull Sale**
- Traditional **chuckwagon meals**, fellowship, and time well spent together

In keeping with our family's long-standing commitment to giving back, this year's event will also benefit a cause close to our hearts, the Working Ranch Cowboys Association Foundation.

New for 2026

\$7500

SALE GRADUATE INCENTIVE PROGRAM

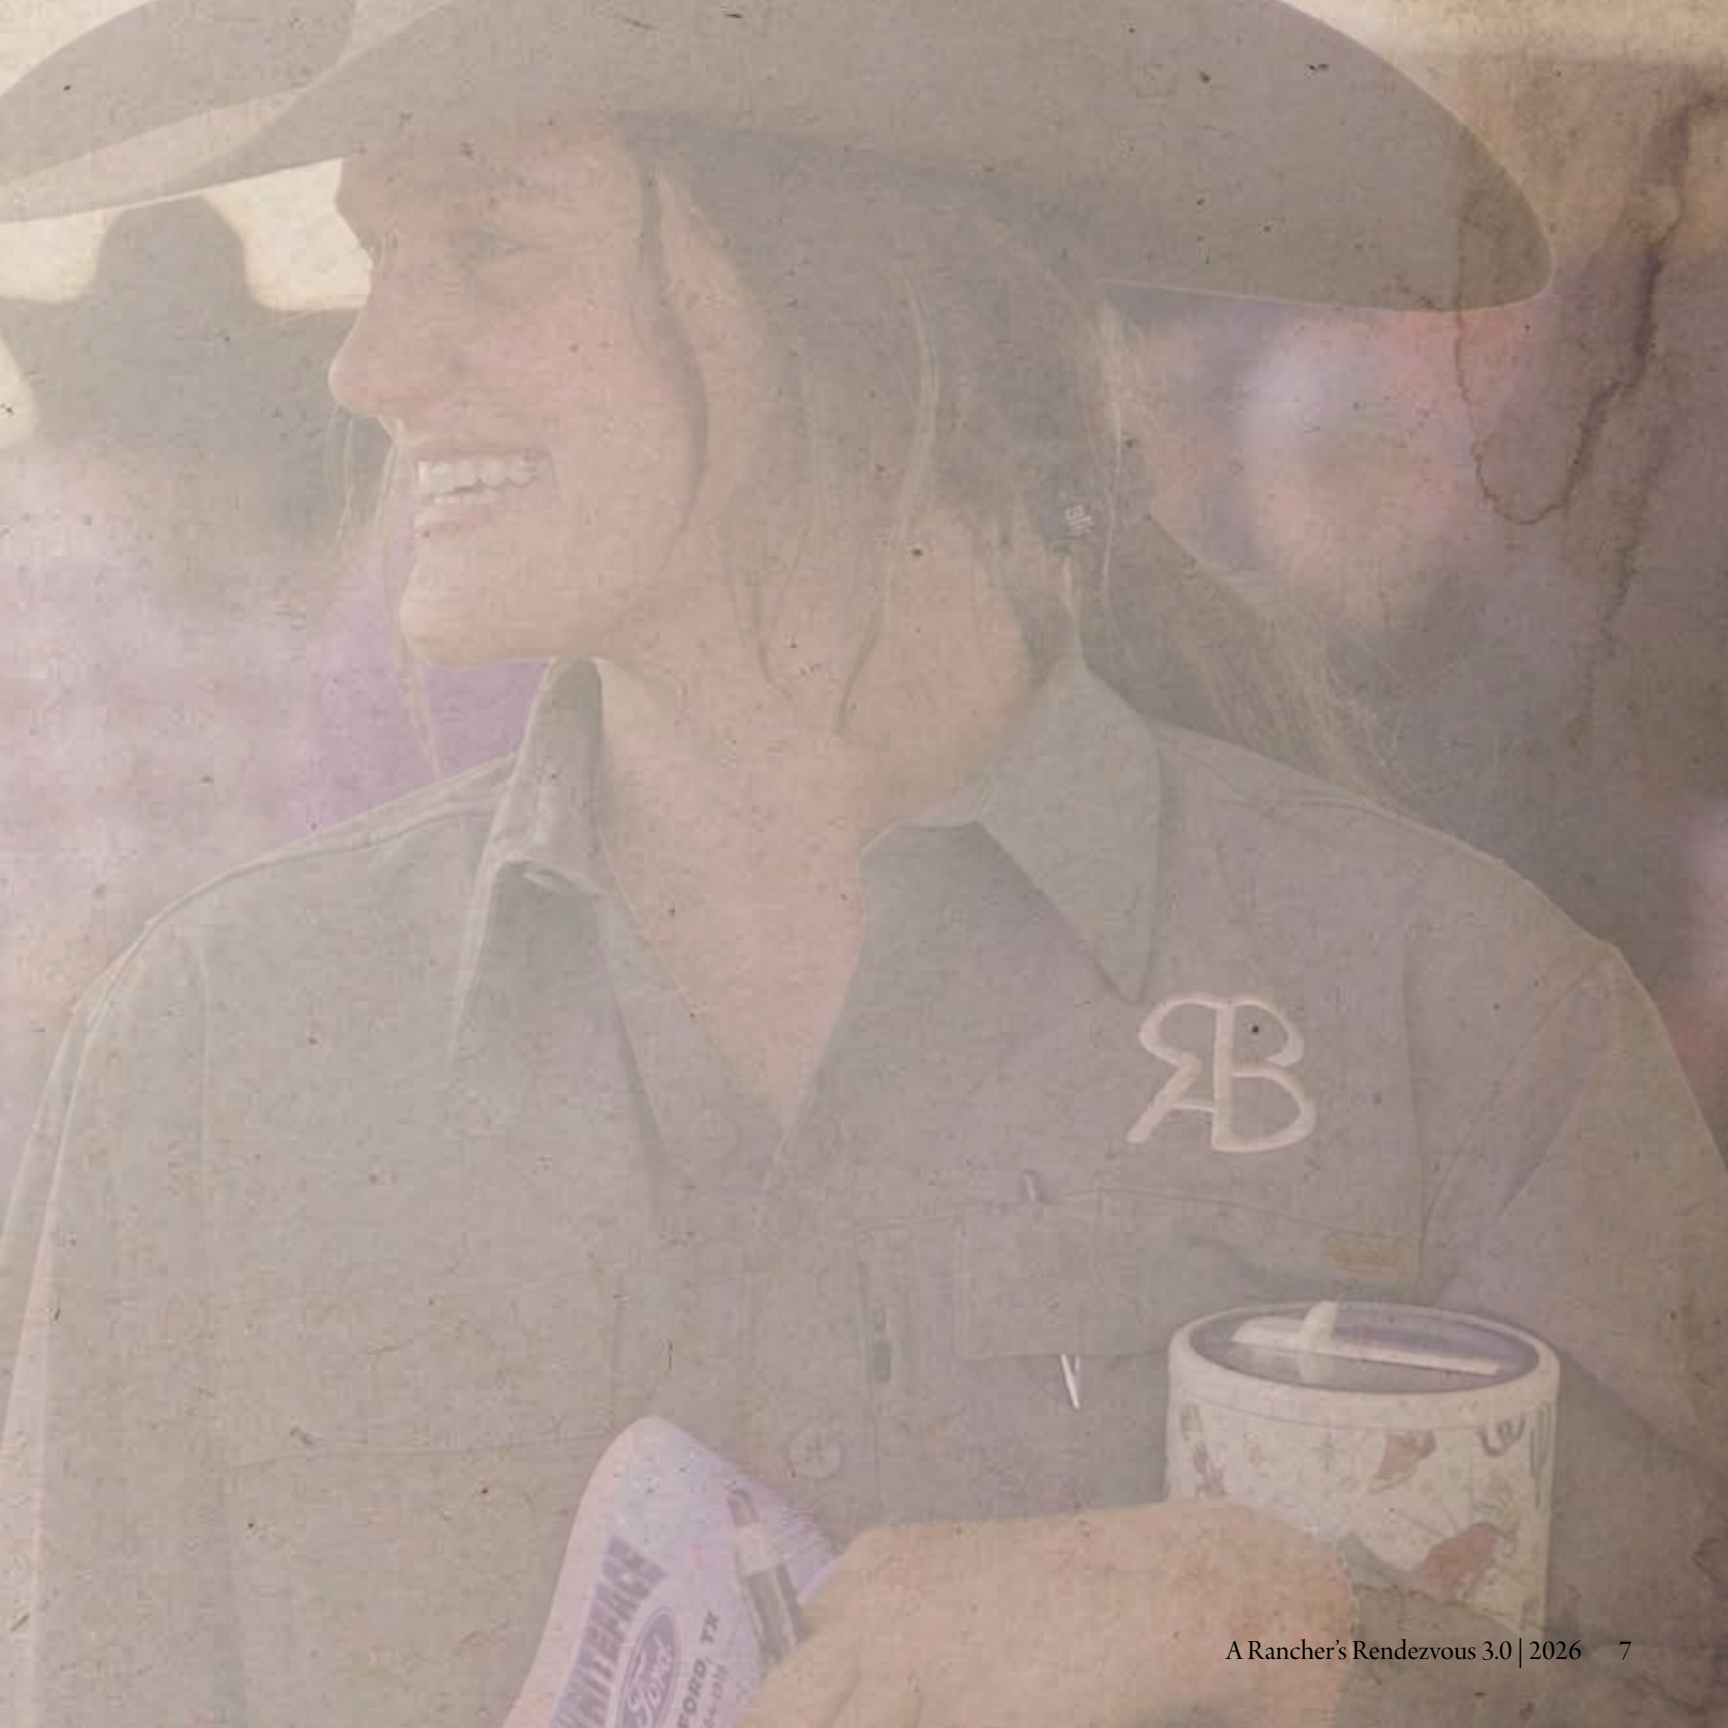

Beginning with the 2026 sale, **all horses selling through the R.A. Brown Ranch Family & Friends Horse Sale are automatically eligible** for our Sale Graduate Incentive Program. This program was created to reward performance beyond sale day and to recognize the continued success of our sale graduates across a wide range of competitive disciplines.

The Sale Graduate Incentive will be awarded to the **highest-earning sale graduate** during the qualification period of **March 11, 2026 through March 1, 2027**, based on official earnings reported through **EquiStat or Robin Glenn / QData**. The winning horse will be recognized and awarded **\$7,500** during **A Rancher's Rendezvous 4.0 in March of 2027**.

Once a horse becomes eligible, it **remains eligible every year the incentive is offered** (at least through the 2028 season). For example, during the 2027 earning season, **all horses that sold through the 2026 and 2027 sales** will be eligible, creating a growing pool of proven sale graduates competing annually for the incentive. Importantly, **this incentive is transferable with the horse**, allowing eligibility to follow the horse regardless of ownership changes.

Participation is simple. Buyers will complete a short nomination form, available in buyer packets at the sale and on our website, and submit it to the ranch office along with their horse's official earnings report from **EquiStat or Robin Glenn / QData**.

The Sale Graduate Incentive reflects our belief that **great horses are built for longevity, versatility, and performance** and we look forward to celebrating the achievements of these graduates for years to come.

Giving Back

Giving back has been a part of the R.A. Brown Ranch family longer than selling bulls, cows and Quarter Horses, a family value which has been passed down generation to generation. Rob and Peggy started the tradition in conjunction with our annual sale to *give back* to individuals in need and entities who serve others. From auctioning off chickens, bird dogs, and hackamores to donating proceeds from a sale-topping horse, the R.A. Brown Ranch family has consistently given back in a significant way.

This year, proceeds will be directed towards an organization near and dear to our hearts: the Working Ranch Cowboys Association Foundation. This foundation serves as a crisis fund to assist working ranch cowboys and their families. Life's curveballs are often amplified on ranches, where occupational wrecks, natural disasters, and rural distances can leave families particularly vulnerable.

To date, the Foundation has given "a hand up, not a hand out" of nearly \$6 million to cattle ranching families from Florida to California and everywhere in between. Those funds have helped purchase wheelchair-accessible vehicles, funded transportation for routine long-haul hospital visits and helped families start over after devastating natural disasters. The organization also awards multi-year scholarships to cowboys and their immediate family members for collegiate, trade or vocational programs.

We have several ways YOU can be a part of giving back. Check out the Silent Auction at the horse show and sale where you can bid on high quality items donated by and some even made by our family: turquoise jewelry, framed art, handmade tack & more. You also can take part in the Calcutta Tuesday afternoon prior to the Saddle Shoot-Out. We invite you to be a part of these two great options to give back to an organization making a big impact in the lives of cowboys across the country.

Guest Clinicians

We're thrilled to welcome the incomparable **Chris and Sarah Dawson** to our Tuesday morning complimentary clinic on March 9th, beginning at 8:30am! This dynamic duo has become one of the most exciting talents in the reined cow horse industry, renowned for their precision, horsemanship, and championship level performance. Both Chris and Sarah rank among the elite riders in the **National Reined Cow Horse Association (NRCHA)**, each having surpassed the two-million-dollar earnings mark in lifetime competition. It is a true testament to their success and mastery in the show pen. Their combined experience on different horses and disciplines makes this clinic a can't-miss opportunity for riders of all levels looking to elevate their skills "down the fence".

Chris Dawson

A third-generation horseman from Perrin, Texas, **Chris Dawson** has established himself as one of the premier trainers and competitors in the reined cow horse world. His list of accomplishments includes being a **NRCHA Snaffle Bit Futurity® Champion, Stallion Stakes Champion, Derby Champion, and Hackamore Classic Champion**, and he's a proud member of the **NRCHA Million Dollar Club** with over \$2.7 million in lifetime earnings. Chris's journey in the industry began with a deep love of horses that led him into professional training, and over the years he's built a reputation for his thoughtful approach, dedication to fundamentals, and ability to bring out the best in both horse and rider.

Sarah Dawson

Equally impressive is **Sarah Dawson**, also hailing from Perrin, Texas, who has made her own indelible mark on the NRCHA circuit. Sarah became one of the youngest riders to reach million-dollar rider status and has claimed major titles like the **NRCHA Snaffle Bit Futurity® Open Championship** and **Hackamore Classic Championship** aboard standout horses such as Shine Smarter and Selvarey. Her lifetime earnings exceed \$2.8 million, and she holds the distinction of being the first female NRCHA professional to surpass the two-million-dollar milestone. Known for her calm confidence, strategic riding, and deep horsemanship, Sarah brings energy and insight that will inspire every clinic participant.

Shootout Winners

R.A. BROWN RANCH SADDLE SHOOTOUT CHAMPIONS

As we prepare to name our 6th horse show champion, we want to celebrate our five previous saddle winners — horses that do more than just impress judges in the arena. Our first Champion horse, Seven S Lucky Spark, was out of a Stuart Ranch mare, so we asked Stuart Ranch's Terry Forst to comment on what she thinks of all the winning horseflesh.

Year: 2020

Horse: Seven S Lucky Spark

Rider: Casey Mitchell

Owner: Casey Mitchell

"The horse show at R.A. Brown Ranch highlights these horses in the best way possible. These winning horses, they are right in my wheelhouse. It's what I believe, it's what I have based our whole program on... it's what I have fought for. When you see these ranch horses performing, it validates everything all of us are working for. They are horses that actually have jobs other than their job in the arena."

"Slim" was cool because he was so big but so athletic, quick-footed and cowy. I trained him when I was in college and showed him for the ranch horse team. He definitely got used more than he got trained on and shown. I think it says a lot about a horse that you can do a full day's ranch work on and still be competitive in that arena with so much competition. I'm glad I got to win a saddle on him, especially at a show surrounded by so many good cowboys and cowgirls. I was also riding Slim when I won Top Hand at the Texas Ranch Round-Up in Wichita Falls in 2021. It probably should have been Slim that won Top Horse instead of me winning Top Hand. He is a special horse."

Year: 2022

Horse: J Noble Daggett, 2014 Stallion — Smart Little Lena x Royal Red Pepto x Peptoboonsmal

Rider: Whitney Hall

Owner: Whitney Hall, Quarter Circle 99 Ranch

"The R.A. Brown show is my favorite of the year. To win there at a ranch I have always looked up to, in a ranching-focused competition in front of other ranching folks is special. It's a dream come true to have a horse like "J Noble" that I can doctor cattle on, drag calves on, ranch on, and show at high levels of competition. Not only is he the best cow horse I have ever ridden, he helped me win the title

of World's Greatest Horsewoman in 2022. Now we are riding his offspring, experiencing their natural talent, even making the finals of the Snaffle Bit Futurity on one of his babies. He has about 15 mares and we sell the fillies off the mare and keep the geldings to ride and sell. He is literally the perfect horse for what we do, the perfect package of what we needed at the ranch.

Year: 2023

Horse: Reydiium Cat, 2017 Stallion — Metallic Cat x Reynanza x Dual Rey

Rider: Waylon Davis

Owner: Guitar Ranches

"That was one of the first real horse shows I took him to, and there were a lot of people who saw him that day. He is really good-minded and has a lot of ability. We won have won about \$84,000

roping on him, including our #10 heeling win at the 2023 Riata. His oldest offspring is 3 and they seem to be athletic and good-minded like him. He stands to the public and we are excited he is now enrolled in the Riata Stallion Incentive. Guitar Ranches own the mare that he is out of, and they wanted to promote their program with a horse like him that could be out in the public eye."

Year: 2024

Horse: SCR Diamond Motion, 2017 Stallion — CD Diamond x Stylish Little Oak x Playin Stylish

Rider: Grant Mitchell

Owner: Singleton Ranches LTE: \$23,000

"He is a big, stout good-looking horse that doesn't have any Cat blood so we figured he would cross well on a lot of our mares who do have Metallic

Cat-type blood. Both his sire and dam won the Snaffle Bit Futurity. It's huge to be able to take him and win things like the R.A. Brown show. It's been really cool to show him like we have; he's been to the Run For The Million, World's Greatest Youth Horseman, the National High School Rodeo Association. He reads a cow well, has enough speed that you don't ever have to worry about getting outrun, and is fun to rope on. We'll use his babies as ranch horses, but since a lot of our mares have a show background these babies will have enough talent to go to the show pen, too. I'm pretty excited about what we have going."

Year: 2025

Horse: This One Sez High, 2018 Mare — This One Time x WR Sez Sumthin Smart x WR This

Rider: Chase Trahern

Owner: Chase Trahern

"Dolly was a super fun little mare. She was always big down the fence. This is a super fun show to come to and the atmosphere in the saddle run off gets pretty electric."

This Bet Hesa Cat mare is as sweet and kind as they come, but don't let that fool you- she is no pushover, especially when there's a cow involved. Beth absolutely loves her job. I started "Beth" for a client as a 2-year-old, and she impressed me enough that I purchased her with the intention of showing her at the 2025 Snaffle Bit Futurity. She has been a pleasure to ride from day one and is a true team player in the training pen-honest, willing, and eager to learn. Beth has a quality lead change, correct and stylish spins, and is continuing to gain confidence and strength in her stops. Her true passion is cow work, and anything involving cattle immediately has her full attention, showing natural desire, feel, and grit. Beth has been shown at two futurities with solid runs in all three events. While we haven't yet put together a complete sweep in one outing, the ability, talent, and try are absolutely there, making her an exciting prospect for continued development. Beth is also really enjoying the roping pen and will be entered in the Junior class at the upcoming RHAA show. She is out of a proven heeling mare and is showing a lot of promise herself as a heeling or breakaway prospect. She stands 14.1 hands and weighs approximately 1,050 lbs, making her a handy, athletic, and competitive-sized mare. Beth is available for viewing and riding in Rising Star, Texas, up until the sale date.

Out of one of our favorite ranch mares, we have been impressed with this colt's confirmation and flashy markings since he was born. He was sent to the Weatherford College colt starting class to be halter broke this last year for only 1/2 the semester and came back as experienced as the other foals that were there for the entire class, showing how unbothered on the ground he is. We haven't let many of these Jaymes Bond babies go yet because as Pete has said, "If I was 20 years younger, you'd have a hard time keeping me off of them!"

Bred and raised on the Tule Ranch, "Callah" is a cute and gentle 4-year-old mare. She has been easy and enjoyable to train with a willingness to learn and quick feet to match. Don't let her sweet disposition distract you from her talent and potential. Callah has drug calves to the fire, started tracking the smarty and breakawaying. This, coupled with her great cow sense and big stop, makes her an incredible cow horse or rope horse prospect. Callah's pedigree sets her up to be a valuable broodmare in the future, as well. Come take a look at her before sale day.

“Reader” is such a nice, dependable guy. He rides around with an easy-to-use handle and has all the maneuvers to make riding fun. Reader has been a using horse his whole life, spending days working in feedyards and sale barns. We’ve used him to tend to cattle outside and he’s great to rope on in the pasture. Reader has a great start in the heading. He can take time off with no issues, is gentle for all levels and is good to be around. He carries himself well in whatever he does. He has been used in every aspect of ranch work, drug hundreds of calves, has doctored just as many yearlings and has been used in the arena. He is trained in the tripping as well as heading and heeling. This kind of horse does not come around often that has proven himself time and time again as a good ranch horse. He is a horse you can turn anyone loose on and not worry about. He has never had any kind of soundness issues. He is good to shoe and easy to be around. "Shadow" is an handsome, stout son of Hashtags and out of one of our favorite ranch mares. Shadow has been in the hands of Joseph Podskoc at the Bonds Ranch - Falls County Division and is the horse Joseph catches when there is a full day of work ahead. He has no quit to him and is a smooth trotter. He excels at roping yearlings in the oat fields of Falls County. He easily handles the grind of back-to-back days of riding during the height of yearling season. Shadow is also easygoing on the ground, and Joseph's kids love feeding him pop tarts. He is a very social horse and loving to his people. His willing mind helped him transition from roping yearlings in the oat fields to roping steers in the arena last summer. With a natural score, rate and lots of speed, Joseph enjoys Heading on Shadow but could see him excelling at both ends. Bred by AQHA Ranching Heritage Breeder. "Dolly" is a rare combination of cow sense and talent with the added advantages of size and bone, contributing to long-term soundness and longevity. Gentle and kind by nature, she comes in a very attractive and eye-catching package. She has been started slowly in the heading, and for those who choose to continue in that direction, she shows the potential to become a very nice rope horse. Dolly is a 4-year-old filly by Scooter Kat (the highest earning cow horse of all time), out of RAB Go Peppy Fly "77," a ranch mare that has proven herself time and time again as a producer. "77" has produced over \$60,000 in NRCHA earnings, as well as multiple outstanding ranch geldings currently in use. She is also the dam of Metallic Masterpiece's highest money earner to date. Dolly spent two years in training with Lanham Brown and has been with Nick Eiguren since July, where she has been started in the roping and used extensively on large gathers and in the branding pen in Oregon. In addition to her performance potential, she also has the credentials to become an outstanding broodmare in the future. Although eligible for multiple incentives, she is nominated for both the Riata Buckle and NRCHA Stallion Stakes.

“Blizzard” is a gelding who garners attention wherever he goes. He has the fashionable look of Meteles Cat babies and travels with a lot of class and eye appeal. He is great with his feet and is a real athlete. Blizzard has had two years of cow horse training and is fun and easy to ride because of his good handle. We’ve spent time ranching on him, using him to rope and doctor and sort - he is good at it all. Blizzard is making a great heel horse, putting to use his speed and a big stop. He stands 14.3 hands and we think he’ll keep growing to make an attractive, stout all-around gelding.

Incentive Eligible: Riata Buckle, Gold Buckle, Solo Select, Royal Crown, NRCHA Stallion Stakes
