## SALE MANAGED BY:

Glenn Davis (219)776-7584  
Brooke Davis (219)742-7118

## TERMS AND CONDITIONS:

Cattle will sell under the suggested  
Terms and Conditions of the American  
Angus Association ([http://www.angus.org/Pub/suggested\\_sale\\_terms.pdf](http://www.angus.org/Pub/suggested_sale_terms.pdf)).  
Payment is required prior to release and  
transfer of cattle to purchaser and is  
expected within 30 days of invoicing.

Announcements from the block will take  
precedence over printed material.  
A supplement sheet will be provided on  
sale day with updated EPDs.

## BULL GUARANTEE:

Stone Creek Angus and friends will back  
any bulls with a first breeding season  
guarantee (breeding season is 60 days  
after the bull is turned out) against  
injury, but not mortality. 50% of the  
value of the injured bull, minus salvage  
value, will be given in credit at the next  
sale. Please contact the seller as soon  
as the issue is noticed so that we can do  
our best to correct this issue.

## HEALTH:

All cattle will have the appropriate  
health papers for immediate shipping.

## CATTLE LOADOUT:

Cattle will be available for loadout  
following checkout.

## TRUCKING:

Stone Creek will be available to assist  
you with all your transportation needs.

## SALE ORDER:

Cattle will sell in the sale order provided  
on sale day.

Over 35 years in livestock marketing!

# Welcome

Our family would like to welcome you to our fourth annual production sale. We are extremely grateful and thankful to all of you, for all the friendships and relationships which have developed over the years because of our shared passion and enthusiasm for Angus cattle! There are no words available to express our gratitude for the continued support we have felt from our Angus family and cattle enthusiasts! Stone Creek strives to provide an honest product able to create value and revenue which we both can be proud of. We want you to know that quality and performance is our number one goal. We take great pride in knowing that we can honestly tell you that we have brought you some of our best cattle and the best genetics that we have in our herd. We have been selective with this offering knowing that after you purchase from Stone Creek, we want you to return next year and each year after. We are excited to have our special guest and friends with FC Angus who will be offering some of their best genetics as well.

As you go through this sale book, you will see the finest cow families in the Angus breed represented. You will also see donors and donor prospects that will help shape your herd as well as take it to the next level. Phenotype and production are very important to us, and we are sure you will agree once you review this offering. We have a large variety of bulls being offered as well, coming from some of the most dominant sires in the Angus breed.

Whether you are a buyer or bystander, we encourage you to come March 1st for this exciting event. We promise you a great dinner which will include some of the best mouth-watering beef brisket you will find by Pull-Pit BBQ - "Home of the Father, Son and the wholly smoked."

As always, we appreciate the faith and confidence many of you have placed in our genetics. We also appreciate and value the many friendships we have made with many of you. The cattle market is strong and the demand for quality beef is there for each one of us to take advantage of. We look forward to seeing you on March 7th.

Thank you,

Wayne & Joe Fischer

- SELLING HALF INTEREST
- Just like the last three sales, we will begin the 2026 Stone Creek Production sale with a daughter or granddaughter of the mighty RB Lady Denver 305-453, the \$10 million producing superstar of our Angus breed. 453 has gone on to rewrite the history books when it comes to high income producing daughters that go on to produce for their new owners. One of the greatest things about the great 453 is that the wealth has been spread across the country. It does not matter who owns them, they still bring a great deal of value no matter who the owner. In the 2024 Stone Creek sale, the sister to Lot 1 sold for a \$152,000 valuation, another full sister to 1105 has recently sold for \$150,000 to 4 C's Angus, and she has gone on and produced an \$85,000 daughter, a \$35,000 pregnancy and another \$52,000 daughter in a one-month span. But true power is measured by the cow's ability to produce sons, and 453 is one of the greatest herd sire producers ever known to our breed. She has had multiple sons sell between \$100,000 and \$300,000 that have gone on to sell semen for as much as \$4000 a unit. Make no mistake, this is America's highest income cow family. 1105 has the top EPD set of all the sisters that have sold to date. She has an incredible scrotal and HP combination, very good CEM, controlled mature height and mature weight, very good docility, excellent claw, top 1% CW with seven \$Values in the top 10% of the breed.

- Here is an outstanding chance to buy a game changing female for your herd that happens to be one of four sisters by the great Niagara. 1106 has been one of the top donors in the program for the last three years. She has had sisters sell for \$152,000 to Rocking K Cattle company of Montana and another \$150,000 full sister sold to 4C's cattle company of Tennessee. Daughters of these females have been going on to produce progeny that has sold for \$85,000 to Cunningham Land and Cattle of Illinois, \$52,000 to San Jose Cattle of Tennessee, and a \$35,000 flush going to Gutwein Angus of Indiana. A \$50,000 daughter was the high seller in last year's Stone Creek Production Sale selling to Burlington Cattle of Tennessee, with the second high seller at \$45,000 to Gutwein Angus. This has easily been the highest income producing branch of the Lady cow family ever identified.
- AI'd to Ellingson Prosper (20744321) on 1-02-2026; Pasture exposed to Hart Wishbone 3118 (20796094) & E G Culmination 401 (21011331) on 1-3-2026.

### • SELLING HALF INTEREST

- One of the greatest breeding pieces ever developed at Stone Creek Angus comes from the combination of the great RB Lady Denver 167-453 and the incredible Hart Whitney 9518. When you combine the greatest cow families in the land, the product is always big time. 5108 has that huge soggy middle and giant top with added power throughout that you love to see in any young female. 2155 was a past \$50,000 female for Hart Angus of South Dakota. She has multiple sisters that have sold between \$25,000 and \$100,000. 9518 is a maternal sister to the great \$265,000 Hart Showcase. This is also the same cow family that brought you the \$130,000 DBA Authority who was the high selling bull of the 2023 Cattlemen's Congress in Oklahoma City. This one will definitely see some FSH in the future. 5108 has a top 1% growth, nice CEM, controlled mature height, very good foot scores, and all three carcass traits in the top 10% of the breed with seven \$Values in the top 5% of the breed.

- Here are two outstanding Gettysburg daughters of the great Lot 1 from this offering. Their maternal sister by Crossfire was the Lot 1 from last year's Stone Creek Production Sale who sold for \$42,000 to Gutwein Angus of Indiana. Maternal sisters to the dam, Stone Creek Lady 1100 sold for \$150,000 to 4C's Angus of Tennessee, and Stone Creek Lady 1101 sold for a \$152,000 valuation to Rocking K Cattle Company of Montana. The phenotype and genotype combination of these two young females is off the charts. They bring everything to the table people have come to expect from the great 453. 5022 has outstanding growth, very good scrotal, top 1% milk, very controlled mature height and mature weight, excellent foot scores, top 1% CW & RE with seven \$Values in the top 10% of the breed. 5024 has top 3% growth, very good CEM, controlled mature height and mature weight, top 2% CW with top 3% RE along with outstanding \$Values.

### SELLING HALF INTEREST

A wonderful chance to buy a direct daughter of the \$152,000 high seller from the 2022 Stone Creek event who sold to Rocking K Cattle of Great Falls Montana. Maternal sisters have recently sold in the 2025 Bases Loaded sale in Oklahoma selling for \$40,000 to Brumfield Angus, Maple Lane and Nowatzke, and another maternal sister sold for \$52,000 to Bullington Angus in the 2025 Stone Creek Production Sale. There have been maternal brothers to the dam top sales all across the country. Ingram Heisman sold for \$265,000 to Double Barrel and Kern Cattle Company. BNWZ Validity went on to sell for \$265,000 to Edisto Pines, BNWZ Bougie sold for \$165,000 to Spruce Mountain and Riverbend Ranch, BNWZ Nobility was the high seller of the 2023 Cattlemen's Congress for \$110,000 selling to Double Barrel Angus and Encore Angus, and yet another brother Rhoades Swarovski sold for \$360,000 this past spring. Make no mistake, there is power in the blood here. This will be a truly impressive donor. 5107 has top 2% growth, balanced scrotal and HP combination, negative PAP, top 1% CW, top 5% MARB with outstanding \$Values.

- This special sale attraction is sired by the \$545,000 Ambitious, tracing back to a different branch of the RB Lady Party 305-167 tribe. This Lot 18 and 18A bring all the phenotype and power you would expect from this family that has won 15 different national and regional divisions in the PGS shows. Gaffney Lady Party 439 was a past \$45,000 high seller, and she has always been the front pasture kind. 5117 has excellent growth, very good scrotal and HP combination, outstanding controlled mature height and mature weight, excellent claw, very good docility, and top 15% marbling with outstanding \$Values. 5132 has double digit CED, very good scrotal and HP combination, controlled mature height and weight, very good CEM, excellent docility, and very good marbling with balanced \$Values.

- Another special sale highlight that traces back to the \$130,000 RB Lady Complete 3189, a cow who is well known for balanced size, shape and power, and her udder was near perfection. The Innovation flush to 3189 was probably one of the most historical flushes ever made in the Lady cow family. They were all the exact same with outstanding genomics and phenotype. 5043 has a top 2% YW, top 1% scrotal, controlled mature height, excellent docility, tremendous foot scores, negative PAP, and top 5% CW with balanced \$Values.

- Here's a Gettysburg daughter that brings all the mass and perfect structure that you want in a replacement female. 5121 traces back to the \$152,000 RB Lady Party 192 who is a past record holder at the National Western Stock Show in Denver selling to Wilkes Ranch in Texas. 192 has gone on to produce many outstanding progeny with great phenotype and notable genotype. 5121 has a double digit CED and a negative BW, top 20% growth, top 5% CEM, very controlled mature height, excellent docility, and balanced carcass and \$Values.

- Pasture exposed to Stone Creek Deadwood 306 from May 10-July 1.

## WHAT IS A GOOD BULL WORTH IN 2026?

As the 2026 bull-buying season kicks off, Mark Johnson estimates what a bull should be worth and the factors to consider.

by Mark Johnson, Oklahoma State University Extension

With Cattlemen's Congress taking place in Oklahoma City Jan. 4-14, the spring 2026 bull-buying season has officially started. The full schedule of sales during Cattlemen's Congress can be found at <https://cattlemenscongress.com/sales/>. Bull-buying season will continue into the spring months in Oklahoma and across the nation, with progressive seedstock operations offering yearling bulls. Accordingly, it's time to revisit the age-old question: What is a good bull worth in 2026?

As a student at Oklahoma State University (OSU) in the mid-1980s, I was taught: "A good bull is worth the value of five calves he sires." It is a good answer and a good rule of thumb. The problem is it doesn't exactly narrow the range. As always, we need to define "a good bull," check current market reports, answer some questions about how we intend to market future calf crops, and do some cowboy math to arrive at a more precise answer.

### What is considered a good bull?

For this discussion, qualifications to meet good bull status are:

- A bull that sells with a registration paper, which includes pedigree information and a complete set of genetic values [including expected progeny differences (EPDs) and bio-economic indices] to be considered in the selection process.
- A bull that has passed a breeding soundness exam (sometimes referred to as a BSE) and sells with a breeding soundness warranty (terms will vary).
- A bull that will add value to calves sired because he fits your breeding objectives, production system and marketing plans.

### Valuing the calves he'll produce

So, what is that good bull worth? When are we marketing our calves? What is their value?

Using the end of year market prices for 2025 from Derrell Peel's article in the Dec. 29, 2025, issue of the Cow-Calf Corner newsletter:

- 500-pound (lb.) weaned steer calves were worth about \$4.80 per lb. for a value of approximately \$2,400 per head. Therefore, if my future marketing plan is to sell weaned steers,  $\$2,400 \times 5 = \$12,000$  is the answer.
- 800-lb. yearling steers were worth about \$3.50 per lb. for a value of \$2,800 per head. Therefore, if my future marketing plan is to sell yearling steers,  $\$2,800 \times 5 = \$14,000$  is the answer.
- 1,500-lb. finished beef steers were worth \$2.29 per lb. live for a value of \$3,435 each. Therefore, if my future marketing plan is to retain ownership through finishing and sell fed cattle on a live-weight basis,  $\$3,435 \times 5 = \$17,175$  is the answer.

So, in the current market, a good bull is worth somewhere between \$12,000 and \$17,175 to a commercial cow-calf operation. Where exactly in that range depends on your marketing plan and the market conditions at that time. It's not an exact number because there are many variables in play.

One key point illustrated here is that the longer you own the offspring before marketing, the greater the value of the bull to your operation. Retained ownership gives you more time and opportunity to capture the value of your investment in genetics.

It is noteworthy that we haven't considered the value added to replacement females a bull will sire. Bulls used to sire the next generation of cows have an even greater long-term economic effect on the profit potential of your operation and should be valued accordingly.

I encourage cow-calf operations to consider their breeding goals, production system and marketing plan. Doing so should dictate where to apply selection pressure. Genetic values pay when you purchase bulls capable of improving genetic potential for the specific traits that will translate to added value at your intended marketing end point.

• Big-time opportunity here to pick from four sons of the \$150,000 valued Stone Creek Lady 1101 back to the legendary DB Iconic G95 who has been topping sales throughout the country for the last three years. These four sons of Iconic are flushmates to the great Lot 5 who sells half interest in this same event. These four Iconic sons are ultra-balanced and bring all the herd sire look to the table. They have all the depth and power their sire and dam are famous for. 1101 has produced a \$40,000 daughter that sold in the Bases Loaded Sale at the 2025 Cattlemen's Congress selling to Brumfield Angus. She had another daughter that was the high selling lot from the 2025 production sale selling to Bullington Cattle Company of Tennessee for \$52,000. Lot 35 has top 2% growth, excellent HP, tremendous docility, very good foot scores, top 1% CW, top 10% marbling with big time \$Values. Lot 35A has top 3% YW, excellent HP, controlled mature height, top 4% docility, excellent foot scores, top 10% CW and MARB with outstanding \$Values. Lot 35B has very good growth, excellent CEM, very good milk, controlled mature height, very good docility, and top 10% marbling with balanced \$Values. Lot 35C has big-time growth, excellent scrotal and HP combination, top 5% milk, very good docility, top 10% MARB with outstanding \$Values.

# YEARLING BULLS

Stone Creek Bougie 5115 - Sells as Lot 36

• In your search for a BNWZ Bougie son, you won't have to look any further than right here at Stone Creek Angus. This young son will be a true herd changer that you don't come across every day. 5115 has the power, big middle, and athleticism that the Angus breed is known for while still having an outstanding maternal look. This young sire would be a 3/4 brother in blood to the great DBA Authority, the high selling \$130,000 standout of the 2024 Cattlemen's Congress in Oklahoma City, whose first calf crop included a \$150,000 female and a \$95,000 female from the first five that were sold. 5115 has outstanding growth, top 15% CEM, very controlled mature height and mature weight, nice functional longevity, excellent foot scores, very good PAP, and all four carcass traits in the top 15% of the breed with absolutely stunning \$Values.

Stone Creek Heisman 5123 - Sells as Lot 37

• Another exciting mating with two of the greatest cow families the breed has ever known. On the top you have Heisman who was the \$265,000 high selling sire of the 2020 Ingram sale, and on the bottom you have the great Lady Standard 02 branch of the Lady family who is an incredible million-dollar producer herself. Heisman is one of the top producing sons of the mighty 453. He has sold semen for over \$3000 a unit over the past three breeding seasons making him one of the top sires in the industry. 5123 has a top 3% YW, very good HP, controlled mature height, excellent teat and udder scores, very good docility, excellent PAP, top 1% CW, and excellent RE with outstanding \$Values.

FC Fiore 239-465 - Sells as Lot 39

- Take a look at what we have here, one of the first Viscosity sons to sell in the country. Viscosity is one of the great sons of RB Lady Denver 453, the cow who just continues to impact the breed with outstanding daughters and sons. On the bottom of the pedigree, you'll notice this one traces back to the great RB Lady Standard 890, the cow that started it all for the Lady cow family when she sold for \$175,000 at the National Western Stock Show in Denver. 5012 has a top 10% YW, nice CEM, very controlled mature height and mature weight, great docility, excellent foot scores, nice PAP, and top 1% CW along with top 10% marbling and outstanding \$Values.

MG Magnitude - Grandsire of Lot 39

- This young Salvation son has a ton of extra style with very controlled frame, deep from the heart to his flank. Salvation is a very popular sire in the industry who has been topping sales around the country for the past two years. On the bottom side of the pedigree you see MG Magnitude, an 8-year-old sire that just rose to popularity with high sellers all over the planet. His low birth and high growth with outstanding end product has dominated the industry. 465 has outstanding birth to growth spread, top 3% CEM, very controlled mature height, excellent docility, very good foot scores, negative PAP, and top 10% marbling with outstanding \$Values.

Here's a son of Salvation with added frame and added style with dimension. The Salvation cattle have been well received and are widely known throughout the country. On the bottom side of the pedigree you have a maternal sister to the great RB Lady Party 167-305, the \$300,000 matron that began the Lady cow family. 463 has very good YW, excellent milk, controlled mature height, nice docility, very good PAP, top 2% CW, and top 10% MARB, with big time \$Values.

• This special sale highlight is a full brother to the \$50,000 RB Lady 6516. She is well known as the most powerful female to ever grace the Lady cow family. This impressive Lot 53 has that same mass, depth and power of his mighty impressive donor sister. So, if you want cattle with some extra base width and tons of power, this is the bull for you. 457 has a very good birth to growth spread, nice CEM, very controlled mature height, nice docility, good foot scores, and top 20% RE with balanced \$Values.

FC No Doubt 602-457 - Sells as Lot 53

• This Lot 54 is one of the top heifer bull prospects of all the young sires in this offering. His double digit CED and very low BW put him at the top of the list if you've got a ton of heifers to breed. He traces back to the \$175,000 RB Lady Standard 890, the cow that started it all for the Lady cow family. 4106 has a double digit CED and a very negative BW, excellent scrotal, controlled mature height, very good docility, outstanding foot scores, and very good CW with outstanding \$Values.
