SIMMENTAL SALE

Welcome,

DP Sales Management and the Kentucky Simmental Association welcome you to the 40th Annual Kentucky Farm Bureau Beef Expo Sale, featuring 22 outstanding consignors.

This sale brings together long-time breeders, returning participants, and new consignors, all offering elite Simmental seedstock. The Simmental show and sale has a strong history of success and continues to be one of the premier events at the Beef Expo. With record cattle markets and growing demand for Simmental genetics, this offering represents an excellent opportunity to advance herds of all sizes.

We are also encouraged by the continued growth of junior exhibitors showing Simmentals at local, state, and national levels. Many success stories from last year's sale—both in Kentucky and beyond—are highlighted throughout this catalog.

The 2026 Kentucky Beef Expo Show and Sale will be held Saturday, March 7, 2026, the first Saturday in March. We encourage buyers to attend the show on Friday to evaluate the cattle and visit with consignors. In past years, cattle have sold into 8–12 states, with reliable transportation readily available.

This event is supported by the Beef Expo officers, breed representatives, Kentucky Farm Bureau, and the Kentucky Department of Agriculture. All consignors are offering their best cattle to help strengthen and advance your operation.

For more information, contact Drew Hatmaker (423.506.8844), Holli (859.707.5248), or any Kentucky Simmental Association board member, including President Jerod Metzger. Follow the Kentucky Farm Bureau Beef Expo on Facebook for updates, and be sure to attend the Kentucky Junior and Open Junior shows on Sunday. All sale heifers are eligible.

We appreciate your support and look forward to seeing you March 6th–7th.

T A L S A L E

Dear Friends,

Welcome to the 40th Annual Kentucky Farm Bureau Beef Expo! As the largest beef cattle state east of the Mississippi River, Kentucky is blessed to have this event as a staple on our agriculture calendar each year.

Every year at the Beef Expo, Kentucky cattle producers show and sell some of the best cattle in the country to buyers looking to upgrade their genetics or take home a show project. This event is truly the place to be for the beef industry on the first weekend of March.

Over the years, we've seen ups and downs in the beef cattle industry. But 2025 saw a rebounding of the market. Cattle prices were up more than 25 percent for much of the year offsetting the fact that there were fewer animals on the market. Cattle and calves brought in more than \$1.5 billion in cash receipts, making it one of Kentucky's top commodities.

The cattle industry's strong showing for 2025 helped contribute to the overall agricultural sales for the state, which economists at the University of Kentucky anticipate will be near the \$8.3 billion record mark.

These numbers show how important agriculture is to the state of Kentucky and cattle producers are a large reason for that. The nearly one million head of beef cattle in the Commonwealth and the more than 31,000 farms with beef cattle, solidifies cattle among Kentucky's top commodities.

As a cattle farmer myself, I know firsthand the hard work that goes into the beef industry from bottle-feeding calves to fighting the weather. It is that experience that forms my deep appreciation for the farmers across Kentucky who make this their passion year after year. Without their continued efforts Kentucky would not have the great agricultural community that makes it stand out amongst other states. Farming is integral for our state and cattle farmers are a large part of the equation.

Lastly, a lot of work goes into making this event possible every year. As always, I wish to thank Kentucky Venues CEO David Beck and his team for the many hours that went into hosting this event.

Again, welcome, and best wishes on an enjoyable and successful Kentucky Farm Bureau Beef Expo. If my staff or I can be of service to you, please don't hesitate to ask.

Sincerely,

Jonathan Shell
Commissioner of Agriculture
Commonwealth of Kentucky

Welcome to the 2026 Kentucky Farm Bureau Beef Expo

Cattle have historically been an important part of Kentucky's agriculture industry for generations dating back to its earliest settlers. Through the years, our farm families have seen the sector grow from one used mainly for sustenance in the beginning to one with a substantial economic impact as the state has become the largest beef cattle producer east of the Mississippi.

This growth can be attributed to the hard work of our cattle producers, to incredible investments made in this and other agriculture sectors thanks to the Kentucky Agricultural Development Fund, and to years of continual research by our universities across the state.

Working in conjunction with the Kentucky Department of Agriculture, and with continual support by valued sponsors, the Kentucky Farm Bureau (KFB) Beef Expo has become a staple in Kentucky's storied cattle industry as one of the top events to exhibit, sell, and buy the best cattle in the region.

Dating back to 1947 the KFB Beef Expo has brought producers from the surrounding area together to showcase their cattle and highlight an industry so important to farm families across the commonwealth with multiple breeds showcased during the three-day event.

It takes many dedicated workers and volunteers to make this annual event held at Kentucky Fair and Expo Center run smoothly and I can't thank each one enough.

I would also like to acknowledge the many young people who participate each year and point out that often they represent past generations of their families who have made the Beef Expo a part of their farming experience.

I hope you have a successful Expo and we look forward to a great year on the farm.

Sincerely,

Eddie Melton, President
Kentucky Farm Bureau

RGH Barbie Doll 2222M is a December born show prospect ready for some competition. Her added length with a soft center body and powerful hip and hind leg, coupled with an extended front one third makes her a contender not only in the ring but in the pasture for years to come. Her sire RGH Last Man has moved up thru the ranks from heifer clean up sire to main herd sire in a short time. His ability to sire eye appealing cattle with low birth and added performance is going to get him to a collection facility real soon.

RGH Eileen 2207N is an intriguing individual in terms of her mass, power and overall look that she gives you. She is sired by our up-and-coming herd sire RGH Last Man who is doing a fantastic job of siring easy calving cattle with style and power. After limited use only on heifers he has risen to main herd sire status and may find his way to a collection facility real soon. 2207N is a perfect example of what we see out of him being stout made, well balanced and extremely soft bodied with style to burn. Look her up sale day, she's pretty cool.

This peppy black white faced heifer stems from one of our favorite brood cows, BSF/BRZW Miss Carver G347. She is the picture of her white faced dam, with the improved muscling and spring of rib which I had hoped to gain by this mating. At seven years old, her dam continues to produce a great calf for us each year. She also shows keen intelligence as a mother, acting as sort of a boss cow within the herd. Doubtless, Miss Carver's Craft will be just as functional at transmitting balanced traits into your herd when she retired from her show career. These are the fun kind to have around. They just work on several levels.

Rocking P Private Stock H010 is a perennial favorite heifer mating here at Barlow Farms. We use him every year. I've noticed that the Copacetic genes take a little longer to develop, but are well worth the wait. Sporting a distinctive snip nose and other chrome markings, this late January female sort of sneaks up on you. As your eye lingers, you note that she is exceptionally deep and well-made, with a square frame, plenty of middle, and a great hair coat. The pedigree is as deep as the heifer, here; her first-calf dam is a HOOK'S Beacon 56B out of a Mr CCF 20-20 granddam, tracing back to the Hudson Pines Cream Soda cow family. Knowing the pedigree and potential in this family, I was so happy with this calf when she was born, I cried a little!

Show heifer alert! A stunning open female, sired by SJW Exit 44, that is certain to command your attention on sale day. N003 is from the famed Built to Love cow family. Her grand-dam RP/MP Built to Love A025, is a flushmate to RP/MP Built to Love A021, the matriach of our operation at Rocking P. A021 has generated over a million dollar in the donor pen and her progeny has claimed many national titles. N003 is a quarter Maine, going back to the popular BNWZ Data Bank sire, making her a three-quarter blood Simmental - this pedigree offers unlimited opportunity, with two of the hottest breeds in the industry. N003 displays tremendous body, volume, capacity, and dimension while maintaining an elite look from the side. Just imagine what she'll look like as a bred heifer on the green shavings! Don't miss out on these proven and predictable genetics! Seller reserves the right to 2 successful flushes to be done at the seller's expense and the buyers convenience.

This heifer screams cow power and it starts at the foundation with a base that will be solid to build any mating around. She moves great and has the rib shape and dimension that will add power to any calf coming and obviously has a hip in her that will let you sleep soundly through calving season. When you get to her pedigree and notice the SBC and WHF prefix, you know this is a heifer that we bred to not just succeed in the bluegrass but to thrive in the fescue. We offer her to you open and ready to breed so you can make her part of your program any way you would like.

This May-born female from the exciting second calf crop of JCCO All Terrain that's making serious noise for adding bone, body, balance, and eye appeal in a big way. She's powerful yet feminine, square built, and ultra-attractive with the look and presence to compete at the highest level. Out of the proven G27 cow, that has been a true cornerstone for our program, this female being a maternal sister to multiple past sale heifers that rose to champion status, with another maternal sib emerging as a new donor highlight for us. Even more impressive, a full sib from the 2025 calving season, bred and owned by our daughter, is already hanging banners. A true show heifer today with the cow power and pedigree to be a cornerstone female tomorrow.

This 3/4 Simmental open heifer is backed by the proud and proven genetics of our outstanding donor cow - Hoya Bell, tracing directly to the influential Hoya Saxa genetic line. She is a truly unique female that checks all the boxes. This heifer is incredibly sound and correct off both ends of her skeleton, offering exceptional structure and balance. She is big featured, bold ribbed, and has plenty of depth and dimension, while still maintaining a refined, feminine look. A complete, high-quality heifer with the look and functionality to excel in the show ring and make an impactful breeding female.

When you combine two breed matriarchs like Onyx and Boots in the same pedigree something special is bound to happen. If you like them deep and soggy with that show heifer look, study this one hard. She has attributes that are hard to duplicate to go along with an attitude for ANY showman/showgirl. Seller is retaining 1 flush of at least 6 transferable embryos at our expense and the buyers convenience.

Everyone loves a good blaze faced heifer, and this one is flat out cool. Her degree is as flawless as it gets when it comes to making in demand halfblood females that will not only excel in the show ring but when they are finished showing will make an awesome donor. A maternal sister to this heifer, Champion Hill Georgina 8408, was proclaimed by Kurt Schaff form SAV Ranch as "maybe the best Angus female Paul Hill ever produced!" Broker mated to a past ROV Angus Show Heifer of the year... you don't want to miss seeing N13 in Louisville, She's hard for us to get rid of. Seller is retaining 1 flush of at least 6 transferable embryos at our expense and the buyers convenience.

H H F MISS PAPARAZZI is sure enough a star. This heifer is a people person. She's junior showman broke and has a look that draws attention. She is going to make a great show heifer, sure, but her legacy will start when you decide what to breed her to. She has the depth of body and foundation that will make her a great cow. Oh! And did we mention she's an Entourage daughter? That's a shot to the pedigree that doesn't miss. His calves have been exceptional and she is no different. When you get eyes on this heifer, you'll know exactly where her rib shape and docility came from.

Last spring we made the decision to put our money behind something we knew could work and bought a flush to the great GiGi cow and gambled on the Journeyman bull. To say it paid off would be an understatement. With a pregnancy selling in Dwyers Foundation Female sale bringing 8 thousand dollars and a set of eggs of the same mating bringing \$850 each at the KY State Simmental sale. With this heifer, the odds would be in your favor of getting a backdrop photo. This heifer is sound as a cat and moves with a ring presence that will draw any judge to her and keep his attention. With a freaky neck that ties in perfectly from shoulder to top line that carries you to a beautiful, square hip that'll have you betting on black. Her pedigree on top of her presence makes this heifer a sure bet!

This fall-born SimAngus heifer is an excellent junior prospect and will be ready for the AJSA Eastern Regional and Simmental Breeders Sweepstakes this summer. Sired by Redemption, a Remedy son, she combines style, consistency, and function. Redemption calves are more than just cleanup cattle—they are fancy and uniform. Backed by Remedy and the WHF Sierra cow family, this heifer offers both show and breeding value.

JCCO Country Mile 108N is one of only 3 sons to sell out of JCCO All Terrain, and the excitement around All Terrain continues to build as his progeny make noise that will, in our opinion, continue throughout the industry. Country Mile is backed by one of the most unique Profit daughters you'll find anywhere - a big - footed, perfectly structured, soft-bodied female with ideal udder and teat placement. At Johnson Cattle Co., we believe great programs are built on elite cow families, and Country Mile delivers with KS Miss Sequoia Y770, K-LER/RC Miss Hoya Saxa, and WAGR Panorama 204Z stacked deep in his pedigree. Adding to his value, his full and maternal siblings have sold for an evaluated average of \$15,000, highlighting the consistency and demand behind his cow family. With look, structure, and proven genetic momentum, JCCO Country Mile 108N is a sure-fire option to accelerate any program. Study him closely - or better yet, see him in person - this is one you don't want to miss.

We are pleased to offer a flush opportunity on Snippet, the 2023 NAILE Champion. With the depth of elite bulls available in today's industry, the mating possibilities are truly limitless. This powerful F1 donor has been a standout in both the Hearthstone and Strausbaugh herds, offering added power and dimension while maintaining the structural soundness and udder quality the industry demands. Snippet (850J) is heavy bred and has proven to flush well both conventionally and through IVF. We are offering the right to flush with a guarantee of six embryos, including two pregnancies, with a 12-embryo cap—an excellent advantage for the buyer. All work is to be performed by an AETA-certified technician.

BCII Annie 01J has proven over the last two years that she is a consistent donor female that produces crowd favorites and high sellers, no matter how you mate her. 01J claimed top honors at the 2022 North American in the Jr show, was Champion of the Owned Show at the AJSA Eastern Regional, and earned several Top Five jackpot finishes. BCII Annie 01J had a popular daughter by Remedy that commanded \$81,000 in the 2024 CampbellCo Cattle Online Sale, and another daughter by Double Down that sold for \$15,000. The 2025 season proved to be another big year for 01J, as her daughter by Weis All Me was admired by many and sold for a staggering \$91,000 in the annual CampbellCo Sale. A Bankroll daughter commanded \$10,500 in the Ohio Beef Expo Sale in Ohio. Coping with Destiny daughters have sold for \$26,000 and \$13,000 this past fall. "Megan" is starting to cement herself as one of the most consistent Donor Cows in the breed. One 90 day pregnancy is guaranteed if implanted by a certified embryo technician within a year of purchase.

JSUL Oh Boy Reba 0267G is a premier Simmental donor for Sullivan Farms and the 2021 American Royal Supreme Champion Female. She has proven herself as a consistent producer of elite, high-dollar progeny, with daughters—particularly by JSUL Something About Mary—selling for \$125,000 and \$124,000, along with additional offspring commanding \$79,000 and \$61,000. Her progeny have earned top honors across major shows, including Reserve Supreme Female at the 2024 Tulsa State Fair and 4th Overall Female at the 2024 Nebraska State Fair. Sired by THSF Lover Boy B33 and out of DAF Reba C85, Reba 0267G is backed by a powerful cow family that includes her maternal sister JSUL Reba's Fancy 8375F, reinforcing her reputation as a cornerstone donor with unmatched consistency and value.

I wasn't able to consign a live lot to the 2026 Kentucky Beef Simmental sale. I promise next year and will bring both kids. Since unable to attend, we consigned the BEST. Genetics, special embryo lots from BFSC the Lovin the Profit donor, the top donor at Red River Farms and the best ever to carry the RRF prefix. As we have pictured the two top sellers one at \$37,000 and the other at \$16,000 which sold in our fall production sale. We only sold half embryo interest on 046N. Both of heifers were sired by the 2023-2024 PTP % Show bull of the year, RP/CMFM John B J104. The future of these genetics lines the pedigree with the Built to Love A021 and Built to Love 015U. The embryos you purchase are Full sibs to the high sellers. You can follow these two females all around this show season. You are going to get the same over the top quality, sib to the high sellers. The embryos will be full guaranteed and will be shipped April 1st.

We feel this is a special lot and definitely a proven one time and time again at Wayard Hill. Sierra 245S is a product of WHF Black Jasmine 240J. Paul and I have grown up around several, several generations of cows which all have produced outstanding females that mainly have been donors in our program or many others across the country. There is nothing more gratifying than having the WHF prefix and their progeny on animals for years. WHF Alley 247Y (Milestone x Sierra) 230 on her cow card, WHF Angels Envy 245A (Milestone x Sierra), 44 on her cow card, WHF Delilah, half sister (Main Event x Angels Envy) WHF Delilah now owned by Beshears, 135 on her cow card. Delilah has produced Living Proof, Bluegrass 114M, Point Proven, WHF Entourage owned by WHF and Boyert and WHF Greater Good. (That's just a few bulls). The red donor WHF Ariel 245G is a Loaded Up X Sierra. I don't know if it can get any better. Selling 2 sets of 3 embryos with the proper guarantees (I suggest take all 6) Select the WHF Point Proven or WHF Entourage.
