## Friends and Fellow Cattlemen

Welcome and thank you for your interest in our 2026 bull sale. We are beyond excited about this year's offering as we feel that this set brings something for everyone. We have been pleased with how the bulls have developed through growth and maturity throughout the year as the fall and most of the winter has been pleasant. We would love for you to join us on March 1st in Pierce, NE for this year's sale.

We would like to thank all of our past customers for the continued support and interest in our program. Gateway Genetics is grateful for the feedback and success stories we have received through the years. With that, dealing with livestock is a tough business with unexcepted happenings, so if there is any way we can help you at any time throughout the year, please let us know.

It is a very rewarding time to be in the cattle business, as we have seen record breaking prices from feeder cattle, bred females, and weigh-ups. With the cattle market in demand, there has never been a better time to upgrade your herd bull battery with new genetics that will increase your profitability. As we see high feeder cattle prices, many might ask what are bulls worth this year? As we look at this, it fits to upgrade better genetics as a few feeder steers pays for a new herd sire. We feel there is a budget for everyone here and quality to fit your needs.

Our family is passionate about improving our cow herd through sire selection and embryo transplant program. We feel that a uniform set of cattle not only focusing on EPD's or Phenotype but combining both will help not only to better your cow herd but selling your feeder cattle as well. Our goal is to provide well balanced, uniform cattle that can perform in the hills and in the feedlots. As our family have put endless hours of blood, sweat and tears into our operation it also wouldn't be possible without our close friends being here to help. Their friendship and willingness to lend a helping hand is very much appreciated and we could not have done this without them.

Again, we welcome you, Sunday March 1st to Pierce, NE or any time prior to the sale. Join us for lunch starting at 11:00AM and the sale starting at 1:00PM. If we can assist you in any way or have any questions, please feel free to give us a call or stop by. If you can come prior to the sale to view the bulls, it is easier to assist you with what bulls fits your needs. We sincerely appreciate and enjoy visiting and spending time with you. We hope to see you there.

Sincerely,

*Kevin Jones*

*Welcome*

to the 14th Annual Gateway Genetics Bull & Female Sale. Kevin and Laura are extremely proud to offer this set of bulls and heifers for your evaluation. Anyone in the agriculture industry knows what it is like to work an entire year in preparation for one day. All of the long, cold nights calving, the hot summer days, and the crisp fall mornings during weaning time have culminated in the group being offered in this sale. Kevin, Laura, Brenna and Brylie are some of the hardest working, most genuine people in the industry, and if you haven't done business with them yet, I highly recommend coming to the sale and seeing how many repeat customers they have. The cattle market is great right now and that is a good thing, but with the investment it requires at this time, it has never been more important to invest in quality genetics backed by quality people.

The Gateway breeding philosophy is to simply produce cattle that have the functionality to work for the commercial cattleman with enough eye appeal to be sought after by purebred producers. They do not chase fads, but they do infuse modern genetics into proven cow families that have worked for generations. The product that represents this offering has been curated for years with real world Cowboy function as the guiding principle. With both Angus and SimGentic cattle offered, Gateway understands the upside of hybrid vigor and maternal strength.

Rest assured you are doing business with great people who stand behind their product 100% and will do whatever it takes to make sure you are satisfied with your purchase. If myself, the family, or any of the sale staff can be of assistance ahead of sale day, please do not hesitate to contact us.

See you on sale day,

*Colt Koffer*  
CK SALES & MARKETING, LLC

**BULLS**

## LOT 1

<i>Lot</i> <b>1</b>	<b>GATEWAY JAMESON N006</b>														
	BD. 1/19/25	REG. 21473024					TATTOO. N006								
BASIN DEPOSIT 6249										HF TIGER 5T					
sire. <b>BASIN JAMESON 1076</b>										dam. <b>WAR TIGER C299 W081</b>					
BASIN JOY 9140										WAR BANDO W081 346 T148					
<b>ANGUS</b>		Act. BW: 80		Adj. WW: 752		WWR: 97									
CE	BW	WW	YW	MILK	MARB	REA	\$M	\$C							
7	2.8	74	128	30	I+1.02	I+.68	68	300							

We felt that the best way to lead off this year's sale was in similar fashion to last year's. Lot 1 is a maternal brother to the 2025 high selling Angus bull that went to Feller Ranch, Thedford, Ne. Both the sire and the dam of this bull are extremely prolific. His dam, sired by HF Tiger, is a proven producer that is the cornerstone of the Gateway herd. The Basin Jameson sire group is very popular across the country, and this bull is a testament to that popularity. This exceptional herd sire prospect mirrors his brother in terms of his tremendous build, mass, and overall look of quality. We feel that he offers excellent upside potential to any purebred producer looking to add performance and maternal strength.

*Gateway Iconic M057, Maternal Brother to Lot 1*

## LOT 2

<i>Lot</i> <b>2</b>	<b>GATEWAY JAMISON N039</b>							
BD. 1/30/25	REG. 21472563	TATTOO. N039						
BASIN DEPOSIT 6249	MUSGRAVE 316 STUNNER							
sire. <b>BASIN JAMESON 1076</b>	dam. <b>GATEWAY MISS PRIDE J403</b>							
BASIN JOY 9140	GANA MISS PRIDE F188							
<b>ANGUS</b>	Act. BW: 74	Adj. WW: 728						
CE	BW	WW	YW	MILK	MARB	REA	\$M	\$C
7	1.5	75	124	26			74	

Lot 2 is another Jameson son out of an excellent Musgrave 316 Stunner daughter that has been a good producer. A maternal brother sold in last years' sale to Lloyd Cuda, Schuyler, Ne. This bull is a stout featured individual that offers plenty of frame and length of spine. Both his sire and maternal grandsire are two of the most popular bulls in the history of the Angus breed.

Gateway Fund M054, Maternal Brother to Lot 2

Basin Jameson 1076, Sire of Lots 1 & 2

## LOT 3

Lot 3	GTWY SWSN MR FAITHFUL 507							
	BD. 2/11/25	REG. 21307891						
	HPCA VERACIOUS	CHESTNUT STRUT						
sire. 44 FAITHFUL 2764	dam. KR LADY MAY 1476							
DCF RUBY OF TIFFANY 6799		KR LADY MAY 9093						
ANGUS	Act. BW: 76	Adj. WW: 747						
CE	BW	WW	YW	MILK	MARB	REA	\$M	\$C
4	2.6	89	156	19	I+1.00	I+.95	56	317

44 Faithful is well on his way to becoming one of the most impactful sires of his generation. Swanson's were fortunate enough to get access to some of his first service, and they very much regret not breeding every cow on the place to him. We are pleased to be able to offer some of the first progeny to the public by this exciting young sire. I think this bull is as good as it gets in terms of herd sire potential. He is tremendous from a visual perspective while checking the boxes across the board from an EPD standpoint. This is a balanced, eye appealing herd sire prospect that is backed by a great cow family.

44 Faithful, Sire of Lots 3-8

KR Lady May 4382, Maternal Great Granddam of Lot 3

## LOT 4

Lot		GTWY SWSN MR FAITHFUL 508							
4	BD. 1/26/25	REG. 21307894	TATTOO. 508						
HPCA VERACIOUS			CHESTNUT STRUT						
sire. 44 FAITHFUL 2764			dam. KR SARAS DREAM 1424						
DCF RUBY OF TIFFANY 6799			TGSC SARAS DREAM 810

CE	BW	WW	YW	MILK	MARB	REA	\$M	\$C	
11	0.7	63	109	23	I+1.10	I+1.02	60	309	

Lot 4 blends several impactful genetic bases to the highest degree. His dam, KR Saras Dream 1424, is a daughter of TGSC Saras Dream 810. Maternal siblings to his dam would include KR Creed, 2025 NJAS and NILE Grand Champion Bull owned by Payton Scott and Piper Cates, as well as KR Saras Dream PS 4061, 2025 Black Hills Stock Show Supreme Female and \$37,000 high seller. With the influence of the \$180,000 44 Faithful, this prospect will be a highlight on sale day.

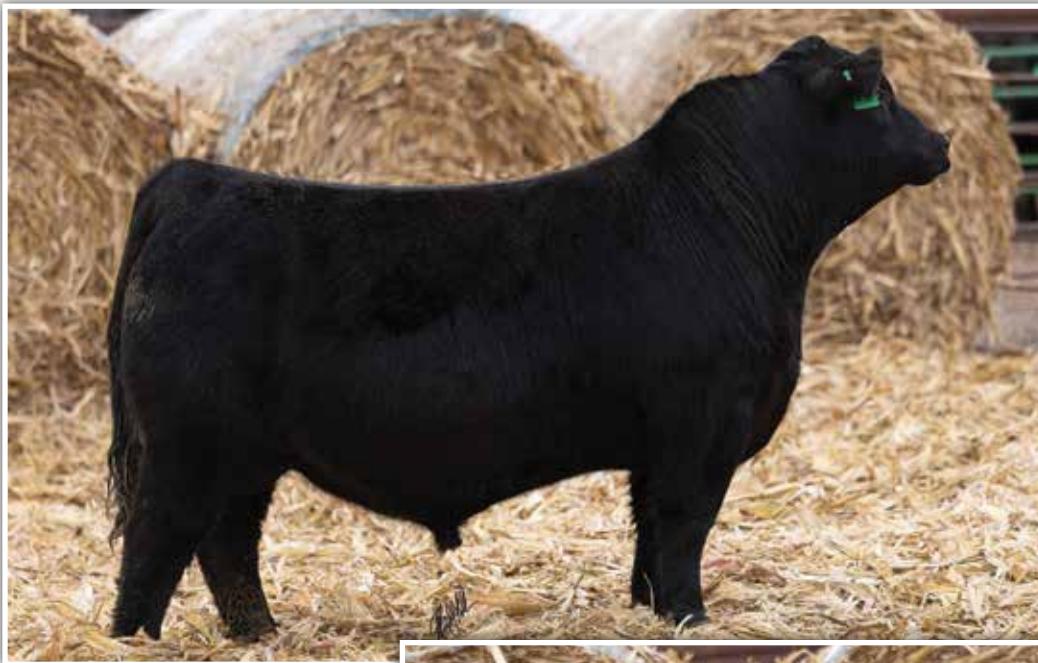

TGSC Saras Dream 810, Maternal Granddam of Lot 4

KR Creed, Maternal Brother to the Dam of Lot 4

# SONS OF 44 FAITHFUL

LOT 5

GTWY SWSN Mr Mojo 103L,  
Maternal Brother to Lot 6

Daughter of 44 Faithful,  
Sells as Lot 65

LOT 6

Lot 5	GTWY SWSN MR FAITHFUL 590	
	BD. 1/10/25	REG. 21307892
	HPCA VERACIOUS	TATTOO. 590
sire. 44 FAITHFUL 2764	dam. KR SANDY 1283	BARSTOW FEVER F400
DCF RUBY OF TIFFANY 6799	WK SANDY 1016	

ANGUS		Act. BW: 72		Adj. WW: 721		WWR: 101		
CE	BW	WW	YW	MILK	MARB	REA	\$M	\$C
5	1.8	76	140	25	I+1.06	I+1.05	60	325

This is a high performance Faithful son that will undoubtedly add payweight with carcass merit. His WW, YW, CW, MARB & RE all rank within the top 30% of the breed, and his \$B & \$C traits are within the top 15% of the breed. His dam stems from the immortal WK Sandy cow family that is one of the breeds most influential maternal lines.

Lot 6	GTWY SWSN MR FAITHFUL 503	
	BD. 2/13/25	REG. 21307893
	HPCA VERACIOUS	TATTOO. 503
sire. 44 FAITHFUL 2764	dam. KR SPUR 1040	VERMILION SPUR D125
DCF RUBY OF TIFFANY 6799	SUA COLONEL ERICA 8066

CE	BW	WW	YW	MILK	MARB	REA	\$M	\$C
7	2.1	83	147	18	I+1.06	I+.91	59	321

Here is another high growth Faithful son that fits in well in this sire group. His maternal grandsire is KR Mojo 8520, one of the most dependable calving ease sires in the Krebs herd that has left a great set of daughters. This bull is within the top one-third of the breed for WW, YW, CW, MARB, RE \$F, \$G, \$B & \$C.

The final Faithful son checks a lot of boxes. He is balanced both in terms of his phenotype and EPD package. He is deep sided and sound structured with plenty of muscle. His genetic profile offers several growth and carcass traits well within the top one-quarter of the breed.

## LOT 9

Lot 9	GATEWAY NATIONAL N065

CE	BW	WW	YW	MILK	MARB	REA	\$M	\$C
4	3.1	63	115	24	I+.48	I+.79	64	265

The next seven bulls are sired by the new lead herd sire for Gateway, RBM National L76. This sire was selected from RBM Livestock in South Dakota as one of their high selling bulls in the 2024 sale. His first calf crop exceeded expectations, and he will be utilized through heavier service going forward. The dam of lot 9 has been a good cow over the years. I have this bull highly marked and think he will be a herd sire prospect.

*RBM National L76, Sire of Lots 9-15*

6	0.4	73	126	18	I+55	I+55	67	262

Sired by the Select Sires and ST Genetics stud, Stellpflug Hoffman Rise Above, this bull puts everything together from a phenotypic standpoint. He is well balanced, dense made, loose structured, and offers a herd sire type look from the side. His dam is a Woodhill Patent daughter that has been an excellent producer. As a first calf heifer she produced a bull that sold to Jake Anderson in Missouri. This is an excellent herd sire prospect that will simply add quality to any set of cows.

	I+1.8	I+83			I+24			

This bull is the reason the Growth Fund cattle are so popular. He is a soggy, stout made, good looking prospect, with plenty of calving ease and growth built into him. His cow is a highly productive young female that should blossom into a great brood cow. We understand his pedigree isn't the cutting edge, but quality stands the test of time.

## YEARLING ANGUS

LAR Man in Black, Sire of Lot 21

### LOT 21

Tehama Patriarch, Sire of Lot 22

The lead off fall Angus bull is a true sale feature. He offers a different pedigree twist then normally offered to this customer base. In terms of an EPD profile I challenge you to find one as progressive as his. 24 total traits within the top one-third of the breed and 8 within the top 10%. Not only does this bull stack up from a genetic standpoint, but he is also one of the most visually impressive bulls in the lineup as well. You will appreciate his balance, eye appeal and overall dimension. Take note of this bull if you are a purebred breeder in search of the rare tandem of genetic excellence and phenotypic quality.

This K031 daughter is young but offers plenty of potential. If you have ever purchased a female from Gateway, odds are they turn into fantastic cows. Lot 71 would be no different. Take the time to evaluate her and you will see that she has all the parts and pieces, and when she turns the corner, you will be very impressed.

This female is a flushmate to the lot 59 bull earlier in the book. We wanted to offer this heifer to showcase the flexibility of this mating, and its ability to produce males and females. This heifer excels in both phenotype and genotype as she boasts 9 traits within the top one-third of the breed.

# SIMMENTAL OPEN HEIFERS

Lot 73 will be one of the few daughters of the \$150,000 Bridle Bit Recharge to be offered to the public. This is an excellent female that is a flushmate to the lot 43 bull earlier. Her dam is a Countertime daughter that was purchased in the CK Cattle/Wager Cattle Bull and Female Sale, and she has turned into an excellent producer. This female excels in her calving ease and carcass traits which makes her breeding options almost limitless.

Lot 74	GTWY SWSN MISS PANARAMA 568N

4.1	3.9	95	143	21	0.15	1.19	117	87

In terms of genetic potential, this could be the most exciting female in the sale. Sired by the very popular WAGR Patriot, she is a direct daughter of WAGR Panarama 204Z. She would be a maternal sister to the \$400,000 Profit and the \$350,000 Justified. Between Panarama herself, and her dam 3C Melody, they have accounted for several million dollars in progeny sales and are two of the most influential females in the history of the breed.

## COMMERCIAL ANGUS OPEN HEIFERS

These four heifers will sell as purebred commercial Angus. They are registerable for an additional \$100/head. These are from the heart of the replacement pen at Gateway Genetics.
