S A Summation 4374 - Lot 58

SELLING

55 2-YEAR-OLD BLACK ANGUS
AND SIM ANGUS BULLS

13 18-MONTH-OLD BULLS

REPLACEMENT HEIFERS

COMMERCIAL BLACK ANGUS AND
F1 PAIRS

FELLOW CATTLEMEN,

The Schreiber Angus family would like to invite you to our 14th Annual Production Sale. Thank you for the confidence you have placed in our brand and our breeding program. We stand behind our cattle and value the long-term relationships we've built with commercial and seedstock producers alike. It appears 2026 is going to be a record year for the beef cattle business. We are more committed than ever to creating exceptional cattle that not only look great but also possess outstanding performance numbers. We hope you can be with us at the farm on sale day or view the sale on CCI.LIVE. Bulls will sell first followed by a high-quality offering of heifer pairs and replacement heifers. Bulls are freeze branded for easy identification.

We are a family operation that wants our customers to enjoy the success designed genetics offer them, and yes, to achieve profit. We have never seen demand for cattle so strong. Our laser focus on genetics that impact your bottom line ensures that you are positioned for maximum financial success during these record market prices.

Our innovative breeding program is constantly progressing, improving, and refining along with intense pressure in high level competition to make sure each calf crop is stronger than the last. The bulls are developed on a sensible, roughage-based ration, allowing them to express genetic potential without compromising longevity and breeding soundness. Structural soundness, fertility, disposition, and growth are non-negotiable traits in our program. Schreiber Angus does not practice single-trait selections, as we aim to produce a "total product." In our business it is common knowledge that if you are standing still, you are falling behind.

Our highest priority is the satisfaction and success of our customers. Thank you for believing in our program. We remain fully committed to providing you with the best beef cattle genetics out there. If we can be of assistance in any way, please do not hesitate to contact us. We look forward to seeing you on March 10th at 1 pm.

The Schreibers

Rick, Jane, Aaron, Paul, Melanie, Joel, Callie and Abbie

GENERAL SALE INFORMATION

Annual Spring Production Sale

Tuesday • **March 10, 2026** • 1 PM

At the Ranch near Beaver, Kansas

AUCTIONEER

Dustin N. Layton405-464-2455

REPRESENTATIVES

Jeff Mafi, American Angus Association816-344-4266

Colton Pratz, *Oklahoma Cowman*405-385-1054

Jason Schneider, Auction Service785-650-2433

Andrew Marston, *Kansas Stockman*785-250-4440

Animals will be on site and available for viewing . . . Auction will be broadcast via CCI this year for those unable to attend.

ACCOMMODATIONS

Hoisington and Russell have nice hotels not far from the ranch.

Parkview Inn & Suites, Hoisington, KS (620) 292-6022

Fossil Creek Hotel, Russell, KS (785) 483-4200

HEALTH PROGRAM

The bulls have been semen checked, wormed with Valbazen Drench, poured with Inhibidor, and have been given a shot of Bovishield Gold. All bulls have been PI (Persistent Infection) tested and only the two-year-olds trich tested and found negative. Any bull that is a possible carrier of any genetic defect will be tested prior to the auction. The results will be listed on the sale update sheet available at the clerk's desk. Heifers have been calfhood vaccinated. Vet work performed by Russell Veterinary Service; Dr. Dane Anspaugh.

DELIVERY

We offer free delivery within 250 miles of Schreiber Angus on single purchases of \$6,000 or more and will negotiate rates beyond 250 miles. Due to fuel costs and time restraints, we must consolidate trips. If you are unable to receive bulls when delivery is scheduled to your area, you will need to make arrangements to pick up your bull at the farm. If you haul your own the week of the sale, we will deduct \$50 per bull from your purchase price. Bulls will be fed and cared for free of charge until April 1st and then will be housed at a rate of \$10 per day thereafter until you are ready to pick up your purchase. Free keep and delivery does not apply to the females in the sale.

SIGHT-UNSEEN SATISFACTION GUARANTEE

Buyers unable to attend the sale may contact any of the listed references for assistance in placing their bids. Bids may be taken on the phone during the sale. All bids are held in confidentiality and purchases are guaranteed to meet your expectations.

LIABILITY

Schreiber Angus does not assume any liability in case of accident on sale day.

OWNERSHIP

Livestock is the property of the buyer as soon as sold. Terms are cash or check. Schreiber Angus will retain 1/3 semen interest in all bulls sold.

FIRST BREEDING GUARANTEE

SA will guarantee all bulls selling for \$5,500 or more against breeding injury for the first breeding season. Breeding season is defined as the 90-day period following the first turnout of said bull. Breeding injury is defined as injury to penis or preputial tear with inability to extend. This guarantee does NOT cover non-breeding injuries resulting from accident or gross negligence. We also reserve the right to a second opinion by a veterinarian of our choice. If a replacement bull is available, he will be provided or if the buyer prefers, credit toward one bull will be given in the following year's sale, less salvage value of the injured bull. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. Guarantee ends 8/31/2026.

SUPPLEMENTAL INFORMATION

A supplemental sheet will be available sale day with complete and up-to-date information. Announcements from the auction block take precedence over sale book information.

AM EPDs contained in the hard copy of this sale book were current as of print date. Digital versions of this sale book can be viewed online at www.angus.org and will have EPDs updated every Friday with the exception of EPD references in footnotes and photos. Any PDF downloads from the website will contain EPDs current as of the date downloaded. References: American Angus Association®, AHIR®, AngusLink®, CAB®, Pathfinder®.

The lead-off bull of the 2026 sale is as complete and fault free as you can find. He will be a superb herd sire with the ability to transmit excellence in both phenotype and genetic superiority. He was an early favorite, appraised and appreciated throughout the year by everyone here at the ranch, posting an impressive 959 lb. weaning weight. He is built solid and strong from the ground up with thickness, muscle, capacity and pounds that pay the bills. His dam represented everything we strive to produce -- feminine, soft-made and easy-fleshing with a superior udder and feet quality and we were absolutely devastated when she dropped a hip this year and we had to get rid of her. This happened early summer so this stud had to do it all by himself; and he walked the walk. Use on cows.

Jameson 4140 is a bull who reads with tremendous growth and performance with excellent EPDs. Not only does he have power and performance, but he blends with a great maternal lineage with this Final Product daughter. He weaned off at over 900 lbs. His dam is a stout, powerful female with tons of dimension.

4211 defies the laws of nature with the kind of genuine thickness, muscle, capacity and substance that you rarely find in a calving-ease bull. He is moderate, masculine, powerfully constructed and built solid and sound from the ground up. If you want to add pounds to your first calf heifers, then here's your bull.

He is nice headed, moderate, thick, deep bodied and loaded with muscle. He'll leave the kind of low maintenance, problem-free females the industry craves. Recommended for heifers or cows.

Lot 45 has a wonderful look and to compliment this he reads with an outstanding set of numbers while being heavy muscled and big bodied with a great profile. He is a proud-fronted, attractive son of Bomber who is big bodied in a sound-structured package with excellent maternal genetics. Use on heifers or cows.

A high quality bull that is right on the money for calving ease. He has a valuable outcross pedigree, an abundance of quality, great structure, super attitude and is especially sound structured from the ground on up, starting with his good feet. The only reason his weaning weight is so low is due to his cow dying on him when he was young. Use on heifers and cows.
