The definition of elite is "a select group that is superior in ability or quality to the rest." We firmly believe Storm Front fits that definition. This bull has proven himself time and time again, consistently finding his way to the backdrop more times than we can count. His list of National show winnings is lengthy for a reason; he is just that good. He is out of one of the hottest Shorthorn Plus cows in the business today—the 934 cow. If you're looking to add more foot and bone, combined with structural correctness and a captivating presence from the side to your herd, look no further. Our loss is truly your gain. Retaining 50% Semen Interest.

GENERAL SALE INFORMATION:

PERFORMANCE DATA: The Expected Progeny Differences (EPD's) represented in this catalog are generated through the American Shorthorn Association Digital Beef program and reflect the run as of 2/10/2026.

American Shorthorn Association Genetic Condition Disclaimer: Unless an animal is listed on the American Shorthorn Association "genetic condition status list", the American Shorthorn Association makes no representation of any kind as to whether or not the animal has a genetic condition.

Air Travel: Commercial flights are available to Columbus, OH.

Terms And Conditions: Terms of the sale are cash. Settlement is to be made with the clerk immediately following the sale and before cattle are removed from the premises.

Billed Accounts: All billed accounts are due within 10 days following the date of the sale. At 10 days, a two percent service charge will be added to the unpaid balance and an additional two percent will be added every 30 days thereafter unless previous arrangements have been made with the owners or sale manager.

Health: Each animal will be represented by a state approved health certificate for interstate shipment. Buyers should make themselves aware of the health requirements for their respective states.

Liability: Each animal will be at the buyer's risk as soon as sold. Neither the owners, employees, auctioneer, sale manager or other affiliated personnel can be responsible for any accidents, but they will make every effort to provide for the safety and comfort of those attending.

Breeding Guarantee: The Standard Breeding Guarantee as endorsed by the American Shorthorn Association will be followed.

Insurance will be available for your purchases from the sale clerk.

Announcements made from the auction block take precedence over all printed material in this catalog.

Mail Bids: Mailed or telephoned bids will be handled in a most confidential manner. If you are unable to attend the sale personally, simply contact a representative of the sale far enough in advance prior to sale day. They will be able to assist you at ringside on sale day.

Update On Breeding And Calving Information: There will be added information available at the sale site that will list any additions to the catalog information as to new calves born and new breeding information that will occur after the printing of this catalog.

It's rewarding to walk in the barn everyday and see one like this standing in the pen. 2501 has all the pieces to make a front pasture cow- shape, dimension, and spring of rib to name a few. We purchased her mother as a young heifer from Cedar Lane Farms and every year she gives us a calf better than before. We've realized we can't keep all the good ones to ourselves, so here's your chance. This heifer should get any cattleman excited about Shorthorns, no matter your brand! Retaining the right to one successful flush at sellers expense.

		SF	44.62

A stout made heifer who is sound on her feet and legs. She combines depth of body and rib shape with a smooth, extended front end and level topline. Balanced in her design, she is feminine up front while maintaining power from end to end. She has tremendous future potential as she continues to mature. Don't overlook this one.

Don't miss this beautiful strawberry roan! Sired by the can't miss (now deceased) FSF Perfection. Luck Be A Lady is powerful, bold in her rib, and sound in her structure. You can take this female so many different directions in breeding. Her dam is a Kane Captain daughter that has never missed in dropping our best heifers and steers year after year. We shouldn't be selling this one, but we want to offer our best. She is Donor Dam qualified and parentage verified. THF, PHAF, DSC. Seller is reserving the right to flush resulting in a minimum of 6 transferable embryos at sellers expense and buyers convenience.

So many Myrtle Bo's have claimed their fame in the Shorthorn books and we believe this one will write her own chapter. 513 is a full sister to the many time Champion including 2023 NJSS 5th Overall Bred & Owned female shown by Kaitlyn Berg. She is now working as a valuable donor for us in Illinois. Myrtle Bo 513 is soft made and soggy, feminine yet extremely powerful. She will be a contender in that summer class. Donor Dam Qualified.

A deep bodied 50% ShorthornPlus that is built like a broodcow prospect with her depth and balance. This one can be taken in a lot of ways in her future and be a successful producer. However you want to breed her, there should be performance and growth to her calves. Top 15% WW, top 20% YW, MILK, CW, top 25% \$F. THF, PHAF, DSF.

This heifer is built maternal and sound. Moderately framed with room for growth and depth. Genetically sound with a champion heifer 2024 jackpot season dam. Mirabella has the potential to be a statement heifer and would be a great addition to be very productive cow.

When discussions about selling Plus heifers began, the question was always, "Why don't you just keep them and show them in the bred and owned show?" The answer is simple: we want to offer the very best we have. This Plus female is something fun, backed by one of the most dominant Plus cows in the breed today, the 934 cow. 934 was Show Heifer of the Year, winning the Plus shows at Louisville and Oklahoma City, and Ferrari himself has sired countless champions. Full and maternal sisters have hung banners on the biggest stages, with 934 progeny winning at Junior Nationals, Keystone, NAILE, OKC, and Denver. This female's structure is next level—deep-bodied, and eye-catching—and we fully expect to see her at the backdrop just like her siblings. Don't miss out on these elite genetics and this awesome show cow.

She's a Cherri. She's a Dream Maker. She's got more potential and future in her than you dare to imagine. We are beyond excited to offer this female. She's super feminine and stylish with that "look at me" appeal and we firmly believe she will be a fun one to show with her quiet, gentle disposition. What a genetic package you will have when she goes into production. The Cherri name is synonymous with outstanding females and this one will not disappoint. Donor Dam Qualified.

This heifer is still a little green but every day she gets better. Out of a first calf heifer she has come along nicely. She has a wide top, square hip and moves really good. This heifer is definitely one that makes me proud of how I'm coming along with my genetics. TH/PHA/DS pending.

Recip: very docil has been worked through chute small farm scale.
 Cell video available 330-831-2850 serious inquires only.

If you follow the breed, the momentum in Winchester and Modoc, Indiana needs no introduction.

I purchased these embryos out of Jason's sale last year and experienced a very successful conception rate. One is being offered this spring to highlight just how powerful and consistent this mating truly is.

Dream Lady 0103 has generated over one million dollars in sales, and her daughter—the dam of this mating—has been a consistent backdrop presence for Cornerstone Farms. **CF Payweight** is a unique sire offering valuable outcross genetics to today's show-ring pedigrees. He consistently adds frame and growth while maintaining body depth and durability. Ranking in the top 1% for growth and \$BMI and the top 15% for SCPI, Payweight continues to back up the numbers with results. His first four daughters sold in Star Search averaged over \$50,000, each going on to win a national show division. Two sons have averaged \$81,000 in the Summit Sale, and the Champion E.D.G.E. Heifer at the 2025 Junior Nationals was sired by Payweight.
