SALE

TUESDAY, FEBRUARY 24, 2026
7:00 P.M. C.S.T.

WATCH & BID LIVE ON 

All lots will sell three (3) times the bid price.
Shipping is the responsibility of the buyer.
Most embryos are stored in the Transova system and can be transferred upon payment.

ALAN & THERESA MILLER, 217.840.6935

BRANDON & CATHY JONES, 309.370.1081

KYLE CHRISLAW, 608.751.9640 | KURT MEYER, 217.273.1399

ZACH WAMSLEY, 219.869.0057

pvfangus@gmail.com | www.pvfangus.com

- Each embryo package consists of three Grade One and/or Grade Two embryos that have been frozen by Transova Genetics. All embryos selling are IVF direct thaw. We will guarantee Grade Two embryos just like Grade Ones and feel that the eggs we are representing are of the best quality.
- We will guarantee the establishment of at least one 60-day pregnancy per three embryos transferred, if the following conditions are met:
 - A. The transfers must take place within one year of the sale date
 - B. Transfers are performed by a licensed embryologist.
 - C. We are notified within a reasonable period of time of the failure to produce a pregnancy.
- Buyers of embryo packages that fail to establish at least one pregnancy will be given an additional embryo from the seller from the same mating if available, or if the buyer chooses another of similar value.
- Embryos selling are Sexed Female IVF embryos but are not guaranteed to result in a female pregnancy, our extensive experience with sorted semen would indicate that in excess of 95% of resulting pregnancies will be female.

Watch the Sale on CCI.live!

The best, the fastest and most comprehensive marketing & bidding tool!

How to Bid Online...

- **As a buyer**, you DO NOT need to login to watch the sale but you must have a validated account to bid.

To BID ONLINE go to www.CCI.live in your Chrome, Firefox, Safari or other modern browser:

- 1) Click on the sale schedule page.
- 2) Click on the sale of interest.
- 3) Click on Bid Online- Register and then Get Buyer Number

- After you are logged in, you must proceed to the sale page for your auction and click Bid Online - Register, then **Get Buyer Number.** Some auctions require valid credit card number on file to obtain a buyer number to bid.

- CCI.live will operate with ease on a modern **cellular device, laptop, desktop or tablet.**
- A **current browser** is important and will always make your experience better.

- **For successful bidding you must have good Internet service!** It is very important to be stationary if bidding. If you are driving and bidding, expect to have some service issues. If you are stationary on a good device, with healthy Internet, expect a very successful bidding environment. If you have slow Internet watch the "asking price" on the screen, it is real time, and refresh your browser if you feel like you have some lag.

- **Support line open during all sales. TEXT 405-400-9505** - Please alert the ranch for your hauling preferences.

UDE NEW HEIGHTS 62/87

Leading off this Spring Sale with the freshest genetics at Prairie View Farm.

This impressive young daughter of Good Times has produced the lead off lots in the last two Prairie View Farms Production Sales where five daughters averaged more than \$46,000, including the \$65,000 Lot 1 in our October 3 Sale. As just a three-year old, 2201 is rapidly cementing her place as a new lead off donor in our program. 2201 is a direct daughter of PVF Blackbird 3127, making her a maternal sister to PVF The Natural 7042. The Blackbird cow family produced Blacklist and Grand Champion females at virtually every National Angus Show in the country, this cow exemplifies why we are so excited about her future in our donor pen.

These genetics represent one of our most prolific, never-miss donors whose 23 progeny in our last 4 production sales have averaged more than \$34,000, including a featured \$100,000 daughter from our Fall 25 Production Sale, and \$170,000 and \$100,000 top two lots of our Fall 24 Production Sale. The Lot A mating represents the newest member of the Select Sires AI stud, PVF Capone 2104, whose initial calf reports indicate he will be a feature of PVF genetics for years to come. Lot B, sired by GCC Captivate 4083, whose first calves are currently hitting the ground at PVF, including this dam's natural calf. Lot C from Omega, whose daughter, PVF Proven Queen 4087 was recently crowned champion at the Fort Worth Stock Show. PVF Proven Queen 8256 herself was crowned Reserve Grand at the North American International Livestock Show, and was a popular division winner at the National Junior Angus Show and the National Western Stock Show. She is line bred to Insight from the Proven Queen cow family and offers unmatched stoutness and power coupled with show ring style. She and her four Proven Queen dams across the bottom of her pedigree were all National Junior Angus Show Division winners, and this could be the sixth generation of this success.
