BASIN

ANGUS • RANCH

Fellow Cattlemen,

We would like to welcome you to our annual bull sale on Friday, March 20, 2026 held at Midland Bull Test Center near Columbus, Montana. This year, we are offering 300 high quality Angus bulls.

We believe this sale offering is the strongest set of bulls we have ever produced. The quality is incredibly deep from top to bottom. The sire groups represented in this offering are the most consistent and impressive sets we have raised. Whether you are looking for quality bulls to use on virgin heifers, powerful herd bulls to add weight at weaning, or bulls to add extra end-product value, we have the bulls you are looking for. Well over half of the bulls are suitable for use on heifers, yet most every bull has the performance needed for use on cows. This sale offering includes bulls with some of the strongest growth and carcass EPDs that will be offered in Montana this year, while maintaining excellent structure and maternal strength.

The primary goals in our breeding programs are to continually improve our cow herds – maintaining productive, functional, efficient females in addition to producing bulls that will sire pounds and added value for our customers. As long as we continue on that path, the bulls we produce will be the right kind.

The bulls have been fed together at Midland Bull Test center, on a relatively low energy growing ration. We feed for a level of gain that is enough to identify the differences in genetic potential for growth, but limited to keep the bulls sound, more fertile, better prepared to go to work, and developed to last.

We invite you to come by and view the sale offering any time between now and sale day. On the day before the sale, we will have the bulls moved into display pens by noon. Please join us on that day to view the bulls, visit, and enjoy some refreshments.

We hope to see you on sale day, however, we realize that is not always possible. For those unable to attend in person, there will be several ways to participate. Kate Roberts has videoed the bulls and will handle bids through the CCI internet system on sale day. Real-time bidding will also be available through Frontier Live Sale. Information about viewing the videos or bidding online can be found inside the back cover. All of the consignors will be available to assist you in making your bull selections. Additionally, there will be several Sale Representatives available to handle a bid for you. If we can be of any assistance, please give us a call.

We sincerely appreciate all of you that are past customers and look forward to continuing our friendship and business relationships. If you are considering MPBC for the first time, we look forward to developing those relationships and are committed to helping you get established. We want to thank all of you, our valued friends and customers, for your interest and support of our breeding programs.

Sincerely,
The Consignors

Columbus, Montana

Sale Order

Bulls will sell in Lot order.

Inspection

Bulls are on feed at Midland Bull Test and are available for inspection at any time prior to the sale. The bulls will be sorted into Display Pens in Lot Order the day before the sale.

Videos

View Videos of bulls at cci.live, frontierlivesale.com or the Basin Angus website at basinangus.com

Health & Fertility

All bulls are guaranteed breeders and have passed a breeding soundness exam and semen test by Dr. Bryan Roe and Dr. Dael Householder.

Additional Information

Scrotal measurements, ultrasound data, DNA Data, and updated EPDs will be available sale day.

Retained Interest

We are retaining a semen interest in several bulls as marked in the footnotes, or announced on sale day. For those bulls, semen collection will be arranged at the buyer's convenience. The buyer will own full possession of the bull and the right to all salvage value.

Delivery

Bulls will be delivered free within 500 miles. Additional delivery beyond 500 miles will be charged at cost. Buyers that pick up bulls on sale day, or within three days following the sale, will receive a discount of \$50 per bull.

Feed Arrangements

We plan to deliver bulls within the three weeks following the sale. For buyers that need later delivery, arrangements can be made to leave the bulls longer, and Midland Bull Test will bill those buyers for feed from April 15th until delivery.

Guarantee

Bulls selling for \$5,000 or more are guaranteed for the first breeding season. If a bull is injured, and will be unable to return to service:

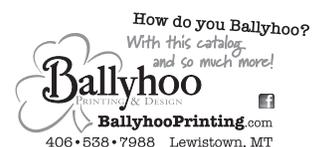

1. A suitable replacement bull will be provided if available, or
 2. Buyer will receive credit toward purchase of a bull in our next sale, calculated as the difference between the purchase price and salvage value of injured bull.
- Bull injury must be diagnosed by a veterinarian. Please notify one of us before the bull is salvaged.

Terms & Conditions

Cattle sell under the terms and conditions recommended by the American Angus Association.

Liability

All persons attending the sale do so at their own risk. Montana Performance Bull Co-op and Midland Bull Test assumes no liability, legal or otherwise, for any accidents which may occur.

Explaining the Data

CALVING EASE STARS

We have evaluated the bulls for Calving Ease using factors including CED and BW EPDs, actual BW, pedigree and phenotype.

FOUR STAR – Excellent Calving Ease. Use with confidence on any type of heifer.

THREE STAR – Good Calving Ease. Should work with most heifers and in most situations.

We are conservative in our scoring system. Ask us if you have a question on a bull that was not given Three or Four Stars and we will discuss whether he will work for your operation.

PRODUCTION

Calving Ease Direct (CED) expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first-calf heifers.

Birth Weight (BW) expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

Weaning Weight (WW) expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

Yearling Weight (YW) expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

Scrotal Circumference (SC) expressed in centimeters, is a predictor of the difference in transmitting scrotal size compared to that of other sires.

MATERNAL

Heifer Pregnancy (HP) is a selection tool to increase the probability of a sire's daughters becoming pregnant as first-calf heifers during a normal breeding season. A higher EPD is the more favorable direction. Heifer Pregnancy is a very important trait, however, at this point the HP EPD is considered lowly heritable, and we do not put much emphasis on the EPD. We are including the EPD for customers that do want to see that information.

Maternal Milk (Milk) expressed in pounds of calf weaned, is a predictor of a sire's genetic merit for milk and mothering ability in his daughters. It is the part of the calf's weaning weight attributed to milk and mothering ability.

MANAGEMENT

Pulmonary Arterial Pressure EPD (PAP) expressed in millimeters of Mercury (mmHg), with a lower EPD being more favorable indicating a sire should produce progeny with a lower PAP score to decrease the risk of progeny contracting high altitude disease most commonly experienced at 5,500 ft or greater in elevation.

CARCASS

Carcass Weight (CW) expressed in pounds, is a predictor of the differences in hot carcass weight of a sire's progeny compared to progeny of other sires.

Marbling (Marb) expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

Ribeye Area (RE) expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

Fat Thickness EPD (Fat) expressed in inches, is a predictor of the differences in external fat thickness at the 12th rib of a sire's progeny compared to progeny of other sires.

\$VALUE INDEXES

\$Value Indexes, expressed in dollars per head, are multi-trait selection indexes where a higher value suggests more profit. The \$Value is an estimate of how future progeny of each sire are expected to perform, on average, compared to progeny of other sires if sires were randomly mated to cows and if calves were exposed to the same environment.

Maternal Weaned Calf Value (\$M) predicts profitability differences in progeny due to genetics from conception to weaning by decreasing mature cow size and improving docility, foot structure and fertility while maintaining weaning weights.

Weaned Calf Value (\$W) provides the expected difference in future progeny pre-weaning performance from birth to weaning.

Beef Value (\$B) represents the expected average differences in the progeny post-weaning performance and carcass value compared to progeny of other sires.

Combined Value (\$C) which includes all traits that make up both Maternal Weaned Calf Value (\$M) and Beef Value (\$B) based on a system where a commercial producer retains replacement heifers from within their own herd.

205 WEIGHT

The 205-day weight is calculated by adjusting a calf's actual weaning weight to a 205-day age endpoint and a mature dam equivalent. This allows for fair, age-equivalent comparisons within a contemporary group. The bulls are in separate contemporary groups based on ownership, different management practices, and locations.

WR WEANING WEIGHT RATIO, with 100 being average within the contemporary group.

YR YEARLING WEIGHT RATIO, with 100 being average within the contemporary group.

- HERD SIRE PROSPECT. Dam Production: 2 WR 105
- LOT 3 is a long, deep bodied bull with excellent structure and added muscle. He has excellent data for growth and end product merit, ranking top 1% CW, and \$C, and top 2% WW, and YW. LOT 3 has a pedigree backed by three generations of top producing BASIN RITA cows. The Donor Dam of LOT 3 also produced the high selling bull in our 2025 sale, BASIN TRUE BALANCE 4002.

- SELLING TWO-THIRDS INTEREST and FULL POSSESSION.
- LOT 41 is a powerful, deep bodied bull with added length and extension, and added muscle. *BASIN RANGELAND 3511* was a "crowd favorite" when he sold to Apex Angus in our 2024 sale. Unfortunately we lost RANGELAND this last summer. LOT 41 is the RANGELAND son with the balanced data and right phenotype to replace his sire.

LOT 85 to LOT 100
are a set of older bulls
from our ET program.

Last summer, these bulls were
developed at a higher elevation
so we could PAP test them.

We plan to continue this in the
future to offer age-advantage
PAP-tested bulls.

- SELLING TWO-THIRDS INTEREST and FULL POSSESSION.
- PAP Score: 39
- LOT 85 was an easy choice to lead off the Fall division. He is moderate framed, deep in the fore rib, and overall powerful and correct in his phenotype. Five full brothers to LOT 85 were a very popular group in our sale last year, averaging \$20,000, with three of them going into purebred programs.

 • The Donor Dam of LOT 266 is best known as the Dam of KG JUSTIFIED 3023.

Don't buy an imposter.

Not all "Angus" bulls are REGISTERED Angus bulls.

If you see this logo in conjunction with an individual animal or group of animals, you know that that animal is registered with the American Angus Association and backed by the power of data, programs and pedigrees of the Association.

Invest wisely in those that carry the **Powered By Angus** logo.

Look for the REGISTRATION NUMBER.
 For more information on the Powered By Angus program, visit:
Angus.org/PBA.

ABOVE AVERAGE GOALS REQUIRE TARGETED BULLS

Aim High

The Targeting the Brand™ logo highlights registered Angus bulls with greater genetic potential to produce calves that meet the most challenging specifications of the *Certified Angus Beef®* brand.

Only 1 in 4 non-parent Angus bulls qualify.

Minimum Genetic Requirements

Marbling EPD (Marb)	+0.65
Dollar Grid Carcass Index (\$G)	+55.0

For more information on Targeting the Brand™ visit CABcattle.com.

Commercial Cattlemen SCHOLARSHIP **ANGUS** Foundation

*If Angus genetics are part of your commercial operation,
the Angus Foundation wants to invest in your next step.*

Each year, the Angus Foundation awards *\$1,500 to five* students who's families use Angus genetics in their commercial operations.

Students must be pursuing an undergraduate degree or enrolled in a vocational program at an accredited institution of higher education.

From the classroom to the cattle industry, Angus youth continue to drive the industry forward.

Applications are open now through May 1, 2026.

VISIT **ANGUS.ORG/FOUNDATION** TO APPLY OR SCAN THE QR CODE TO ACCESS THE APPLICATION

FRONTIER LIVE SALE

This Sale will be broadcast live on www.frontierlivesale.com. To view a sale,

1. Create an account, if you have already done so skip to next step. To create a new account, click on the word **Registration** in the upper right hand corner. You must fill out the information requested. Then click **Create Account**. An email will be sent to your email account you provided. Please click the link in the email to activate your new account.

2. Once you click the link, your account will now be activated

3. At this point, you may click **Continue To Browse Our Site**. This will allow you to view all upcoming auctions.

4. Once you see the auction you are interested in, click **Get Approved To Bid** for absentee and live bidding.

5. Please enter your information in the form. Depending on the auctioneer, different information may be requested. Click **I agree to sale terms and conditions**. Congratulations! You are now approved for the auction. Now that you're approved you can participate in the auction and bid on its items.

6. Login on sale day with the credentials provided at registration.

Call 866-313-0123 for tech help.

Watch the Sale on CCI.live!

The best, the fastest and most comprehensive marketing & bidding tool!

How to Bid Online...

- **As a buyer**, you DO NOT need to login to watch the sale but you must have a validated account to bid.

To **BID ONLINE** go to www.CCI.live in your **Chrome, Firefox, Safari or other modern browser:**

- 1) Click on the sale schedule page.
- 2) Click on the sale of interest.
- 3) Click on Bid Online- Register and then Get Buyer Number

- After you are logged in, you must proceed to the sale page for your auction and click Bid Online - Register, then **"Get Buyer Number."** Some auctions require valid credit card number on file to obtain a buyer number to bid.

- CCI.live will operate with ease on a modern **cellular device, laptop, desktop or tablet.**
- A **current browser** is important and will always make your experience better.

- **For successful bidding you must have good Internet service!** It is very important to be stationary if bidding. If you are driving and bidding, expect to have some service issues. If you are stationary on a good device, with healthy Internet, expect a very successful bidding environment. If you have slow Internet watch the "asking price" on the screen, it is real time, and refresh your browser if you feel like you have some lag.

- **Support line open during all sales. TEXT 405-400-9505** - Please alert the ranch for your hauling preferences.
