# Welcome

Welcome fellow cattle producers! We are truly grateful to have real-world cattlemen, like yourselves, evaluate and appraise our bulls year after year. As our family celebrates the 49th year of a "start-up operation" of two 3rd generation Angus breeders (Andy & Mary), we pause to honor our Angus heritage that stretches back to 1928 when Johnson Workman (Andy's grandmother's brother) sold Walter McCurry (Andy's grandfather) his 1st registered Angus female. Johnson Workman was renowned for his livestock foresight and is credited with having "painted Kansas cattle black." The historical pictures in our catalog of Johnson Workman's many times Champion Carloads at the famous Kansas City Stockyards are reminders of the value of the product we produce and market has stood the test of time.

Even in these unprecedented times of high prices we are experiencing, quality matters more than ever. I am reminded of a NCBA Cattle Fax session that stated Nutrition, Health and **GENETICS** are more crucial and valuable now than ever before. With the data at hand, the decisions you make in purchasing herd bulls are more impactful than ever. Those decisions can impact the calf crop you sell or the females you retain to become the "factory" to carry progress forward in combination with herd bull choices.

We pride ourselves on the cowherd behind these bulls...it is a working cowherd like yours where you are making a living from that cow. For us, our ability to assist **YOU** in marketing "**McCurry Angus-sired**" calves remains a highlight of our operation. By working together and communicating your timing and details, whether it be calves, front-end replacement heifers or pairs, we can facilitate that process. We want YOU to be rewarded by connecting buyers who recognize and appreciate the investment you have made in genetics from McCurry Angus Ranch.

The bulls featured in this offering represent over 50 years of "stacked" genetics. The 7 Angus cow families from 49 years ago represent over 90% of the current cowherd...they have withstood the test of time and proven to produce daughters that will uphold the maternal legacy and sons that enhance power and performance without compromising maternal quality for you our customers.

While holding onto our legacy, we have embraced programs like Maternal Plus and Data Driven Herd with the American Angus Association to continue strengthening our cowherd and in doing so, find ourselves in a very elite group of cattle producers across the U.S.

Halter USA is our newest partner in technology implemented on the ranch. Join us in thanking them for sponsoring this year's prime rib lunch on sale day! Connor Chesky, Kansas Territory Mgr, will be here sale day to answer your questions.

We hope you will personally come and evaluate the over 150 bulls being offered (over 125 of them long-yearlings) on Thursday, March 12th, 2026 at 1:00 p.m. As always, please do not hesitate to call me and discuss the bulls and your program needs!

Johnson Workman—At the right is my 1927 Grand Champion Feeders any age or breed at the American Royal. Sold at auction to A. H. Schmidt of Kansas City for the World record price of \$26.50 per cwt.

Grand Champion Aberdeen-Angus Feeders at American Royal 1926, sold at \$18.00 per cwt. To the upper right is the best pen of heifers I ever showed—they secured second place at the 1928 American Royal in competition with steers. Lower left—Best load I have ever shown. Sold in Chicago International auction 1928 to Enos Tolan of Illinois at \$12.50 per cwt., a record price for feeding cattle in Chicago. Right—First prize yearling feeding cattle 1927 American Royal. Sold to Enos Tolan, fed and shown at the Chicago International in 1928 where they were made champion two year olds over all breeds. Down in the lower corner we have the First Prize yearling feeders at 1928 International at Chicago over all breeds, sold at auction to Harney Keys, Macomb, Ill.

### BY USING GOOD BULLS, WE GET UNIFORM CARLOTS

Family lots will always get different types. I have used some of Louis of Meadowbrook, Oakville Quiet Lad, Burkenp Post, Earl Marshall and Prince Marshall.

## COMMITTED TO DATA COLLECTION

The Data Driven Herd program recognizes American Angus Association® members committed to the collection and submission of data on multiple traits to AHIR® to help better characterize phenotypes in both their herd and the Angus breed.

Participating herds collect a minimum of 8 to 12 traits of their choosing on a corresponding percentage of their herd and submit the data annually to AHIR to earn Bronze, Silver or Gold level recognition.

# THE BRAND THAT PAYS™

To capture premiums from your registered Angus investment, target the *Certified Angus Beef®* brand. Since 1997, packers have paid more than \$1 billion in grid premiums for cattle that meet the *Certified Angus Beef®* brand's carcass specifications. If you raise the best, you deserve to be paid the best.

### McCurry Angus Ranch-49th Anniversary Annual Bull Sale!

The McCurry herd has a rich history, boasting over 100 years of Angus breeding. The herd descends directly from Johnson Workman, who was John McCurry's great-great-uncle and one of the pioneers of the Angus breed in Kansas. He truly left his mark on the state, famously painting it BLACK!

As you study the pedigrees, you are quick to realize the great sires that have been used. Repeat customers have returned year after year to buy these time-tested bulls! Recently, I had the opportunity to observe the McCurry bulls, and they are a sight to behold. You will find many groups with half and three-quarter brothers, all bred with the commercial cow herd and cattleman in mind.

Remember, at McCurry Angus, customer satisfaction is a top priority! In 2023, John McCurry was named the 1st Young Breeder of the Year (inaugural) from the American Angus Association. His mother, Mary, is a former President with the American Angus Auxiliary and was awarded the very treasured Distinguished Woman Award. John's late father, Andy, was a devoted advocate of the Angus breed and a pillar of strength in the program.

We are excited to present a selection of Hereford bulls from Shane Werk. The Werk family has a long-standing history of breeding Herefords, and these bulls are sure to impress! Year after year, many satisfied customers return to McCurry Angus because they trust that the bulls will perform well. We invite you to attend this sale and look forward to showcasing a fantastic group of bulls. We can't wait to see our many Angus friends at this historic event!

Sincerely,  
Tom Burke    Kurt Schaff    Alex Popplewell
