MARCH 13, 2026

Howdy folks!

Thank you for checking out our spring offerings. I feel we need to address the elephant in the room. Yes, our ranch is for sale. No, we are not selling out. We are hoping to move the ranch closer to Florida, but not too close. We have no intention of raising "Cracker Cattle".

Secondly, I would like to explain why we haven't had regular sales. When you start a Black Angus genetics program, everyone advises; the numbers are the most important factor. While some cattle have the numbers and phenotype, we have found most numbered cattle are false prophets. Boy, can they lead you down the wrong path. So, we punted and steered a ton of cattle, shipped six-figure donors to processing plants and went to work breeding good bulls for the commercial cattlemen. Bulls that have sound feet, sturdy leg structure and great heifer bulls. Bulls bred for the range. The numbers were unimportant at that point. When we revisited the numbers, lo and behold, we had good cattle with solid numbers. Most importantly, we have cattle to sell that will drive industry numbers. Quality numbers our customers deserve.

In parting, we invite you to join us on Thursday, March 12th and Friday, March 13th to view our cattle. We will have Chili and Cornbread at the Exchange where we will be holding a video auction starting at 5:00pm on Friday the 13th.

Thank you and God bless.

Adam and Krista Currier

Lot 12 is a super-sleek, big-topped Baldridge Jordan son with a nice moderate frame. M174 is a definite heifer bull with big time birth-to-growth figures. This herd sire is going to calve them easy and grow them quick. Looking into this pedigree a little more, you'll find the legendary "Lady" cow family that throws all of the growth and muscle shape that you love to see in Angus cattle. M174 has a double-digit CED, top 10% for WW, top 15% for YW, top 15% for DOC, nice foot scores, balanced carcass traits, with six \$Values in the top 5% of the breed. You're going to want to keep your eye on this guy!

A.I. 12.04.2025 TO WSC PHANTOM/P.E. TO WSC PHANTOM 12.22.2025-03.05.2026

Dear Cattlemen and Cattlewomen,

It is with great pleasure that I get to work with Wall Street Cattle Company again this year. The Wall Street herd has continued to showcase some of the best genetics that can work in any region of the country. They understand the needs of their customers and keep the value of top notch genetics at the forefront of this operation. You will find several breed leading cow families that have withstood the test of time and breed changes throughout the years.

The Wall Street herd has been built from the ground up, starting with an excellent selection of donors with tons of maternal abilities. Getting into the lineup of bulls you will find tremendous BNWZ Nobility sons, Baldridge Jordan sons, and WSC Badger sons that really have tremendous growth and carcass traits that cattlemen truly love to see. The herd bulls in this offering are ready to go out and work for you, whether you're looking to raise replacement females or if you want to raise feedlot cattle there is a bull here for you!

We are looking forward to seeing you in Lebanon! If you have any questions don't hesitate to reach out to me at 219-776-7584.

Sincerely,
Glenn Davis
