WELCOME TO RUDOW FAMILY CATTLE TOP CUT BULL SALE

First of all, we want to thank you for taking the time to look through our offering. We jokingly said that we should have named this sale our TOP, TOP CUT BULL SALE. Late last summer we made the decision to ship half of the bulls that were retained for our sale. We could manage hauling water to cattle in the warm weather, but knew that when the cold set in, we would be in trouble. So, we bit the bullet and made the cut! Rest assured, these bulls in the offering are the very best we have to offer! We are very fortunate to be able to do what we love. It's a great time to be in the cattle business!

That being said, our focus remains the same. Raise good doing cattle that are attractive in the pasture. Cattle that will work in the real world. There are certain EPDs that we do take notice of. All of the bulls have been 50K tested. We don't want our customers to have issues when it comes to calving. Without a live calf, nothing else matters.

The sale will be conducted the same as last year. The entire offering is housed here at the house, available to be viewed at your convenience anytime up until sale time. The live auction will be in town at the Knights of Columbus Hall located at 213 S. Locust St., Pana, IL 62557 at 7:00 PM CST. Online bidding is available on CCI.LIVE.

Shelby Vet Services will conduct Breeding Soundness Exams on February 27, 2026. Preg checks will be done on March 9, 2026. **Look for added lots, the week leading up to the sale!** Videos will be posted on CCI.LIVE and on our Facebook page. Please feel free to contact us or any sale staff with questions. We look forward to visiting with you!

Sincerely,
Bill & Nancy Rudow

BREEDING GUARANTEE

All bulls have passed a breeding soundness exam. Rudow Family Cattle will provide a first breeding season guarantee on all bulls. The first breeding season is defined as 90 days after the first turn out. This guarantee is not an insurance or mortality policy, but a guarantee on functional fertility. It is not a substitute or replacement for poor management or neglect. These are young bulls that are still developing and proper care and adequate nutrition is the responsibility of the buyer. Buyer assumes all risks for injury due to bulls running together. For the guarantee to apply, Rudow Family Cattle asks to be contacted as soon as the condition is observed and before the animal is sold. Rudow Family Cattle will work with you to determine whether the animal is returned or sold for slaughter. Rudow Family Cattle will attempt to provide a replacement. If one cannot be provided, a sale credit, to be used in the next "Top Cut" bull sale, for full purchase price of the bull less the salvage value of the animal will be issued. Replacement bulls are not covered by this guarantee. No claims will be accepted after six months from sale date.

EMBRYO PACKAGES

Embryo packages selling with a guarantee pregnancy is only guaranteed if implanted by a certified technician. Claims on a pregnancy not being obtained will only be accepted within 1 year of the sale date.

Lot 1

Rudow's RIP 040

Maternal brother and herd sire for Rudow Family Cattle. His daughters were the high average sire group in the 2025 Rudow Family Cattle Female Sale.

Rudow's Wholesome 953
Sire of Lot 1

Rudow's Enchantress 839
Dam of Lot 1

Rudow's Waylon 430 is a powerful bull to headline the Rudow's Wholesome 953 sire group. Lot 1 is one powerful individual that ties look, presence and power all together in a combination package.

Rudow's Wholesome 953 has withstood the test of time. He is a direct son of DCC New Look 101 that has been so influential not only in the Rudow program but across the country. New Look and his full brother New Edition have made quite an impact on the Angus breed. Lets not forget about Wholesome's immortal and herd making influential dam E&B Empress Pride 142. She has built a legacy here at Rudow Family Cattle and her final set of embryos are being offered in this sale as Lot 27.

430's dam, 839 is the other reason he has been placed in the prestigious position of Lot 1. 839 is a powerhouse donor that has not only raised Rudow's RIP 040 who raised the top selling sire group of bred heifers in the 2025 Rudow Family Cattle 'Regret Free' Female Sale.

Rudow's Waylon 430 really follows the Rudow Family Cattle program. Moderate framed, easy fleshing, and maternal with a skeleton that smashes down the scales. He has a look that all cowboys are searching for. Lot 1 is striking from the side, he is sound structured, huge middled and has a proud presence when he covers the pen. He will be a herd bull you will want to keep every heifer calf that hits the ground and they will strike the attention of any buyer.

Lot 2

Rudow's Wholesome 953
Sire of Lot 2

Rudow's Image 431
Maternal Granddam of Lot 2

E&B Empress Pride 142
Paternal Granddam of Lot 2

It has been debated a lot and we still are not sure we have it correct so don't discount Lot 2 because he is a major player. This combination herd bull is again backed by Rudow's Wholesome 953. Wholesome blends New Look with E&B Empress Pride 142, a mainstay of our program. Not only are we AI'ing cows to Wholesome but a set of ET brothers follow in the catalog. Powerful genetics on both the top and bottom side of Lot 2's pedigree makes for predictable and reliable genetics for the future.

This is the second year in a row that 910 has a bull that has made the "TOP CUT" bull sale. 910 is by Old Spice. For those of you that haven't followed our program Duff Old Spice carries 2 shots of Duff Juanada 927K in his pedigree. She is one of the most influential cows in the Duff program. On the bottom side of Lot 2's maternal pedigree sits Rudow 431 who packs OCC You Bet 800Y and Rudow 410, who is a bull making machine. You Bet has played a major impact in building our cow herd making mouth watering daughters with calving ease built in.

For Angus bulls to be this ripped up with muscle and still be shaped seamlessly from their shoulders back is extremely hard to do. Rudow's Willie 426 is built flawlessly with a solid foot underneath him and he moves so effortlessly. Can you believe it.....after all of this, Lot 2 is still a heifer bull. Wow!!!

Lot 4

Lot 4

Lets take a minute to discuss the impact of Rudow's Empress Pride 414. First off, the now deceased 414 was one of the most powerful Angus cows ever to walk the pastures at Rudow Family Cattle. She was so wide she barely fit through the chute alleys. The children's song "Deep and Wide" comes to mind when describing this You Bet daughter. Awesome udder, very maternal and stems from influence of E&B Empress Pride 142. 142 influence on both top and bottom of the pedigree lines up timeless genetics that are the most sought after here year after year.

FEATURE BULL!!! Hands down one of the best combination bulls of the entire sale. He is a good looking stout made, powerful bull all while being very attractive in his build. His genetics are....VERY VALUABLE! Maternal breed leading genetics backing him up with OCC Zenith and one of our best donors Rudow's Rosetta 961. 961 is an absolute Model Angus Cow. She is sired by Administrator 333 back to one of the very best looking phenotype cows to walk the pastures in Pana, IL; Rudow's Rosetta 68. Predictable pedigrees combined with powerful herd bull presence is the recipe for success.

Whoa.... Welcome to the Big League! We don't allow follow trends, in fact if you ask most people that we know we typically go a little more the opposite direction here at Rudow Family Cattle, but Riverstone Vegas has intrigued us and his influence combined with Rudow's Blacksmith 669 makes for a home run!!! Rudow's Roulette 421 had a full sister who was the lead off bred heifer (Lot 1) in the fall female sale that sold for \$10,000. Vegas combines Casino with breed leading genetics that lean more to our cow family principals like OCC Paxton, Coleman Dixie Erica 8277, SAV Final Answer, Coleman Donna 714, EXT, and Traveler 6807 to name a few. Rudow's Roulette 421 is so unique in his build. Stout, soft centered and sleek necked with presence of a true Herd Bull.

High seller from 2025 Female Sale

Our Genetic partner and friend at Classic Genetics in Oklahoma purchased this bull in last years bull sale to be a backup bull for a group of commercial cows. He was his pick of the New Edition x 460 flush brothers and he brought him back to offer this Age Advantage stud. He will cover more cows and boy is he an elite herd bull. Rudow's Classic Edition 336 comes from a strong lineage of greats. He follows that breeding pattern we steer towards lining up genetics of Duff New Edition (OCC Genesis x OCC Dixie Erica 814G) with OCC Zenith. Line breeding at its finest and we sure believe in these genetics. Bid and buy with confidence.

Lot 16

Lot 16 is a planned mating from our partner and friend Classic Genetics out of Oklahoma. Stan purchased the mother of this bull from us who is a full sib to Rudow's Administrator 333. Classic Qualified is an elite herd bull that carries look and presence with an extra shot of power. This bull is a calving ease option that will bring added value to your calf crop. This powerhouse may very well be one of the best herd bull prospects to sell. This bull is SPECIAL!

Classic Qualified 564J
Sire of Lot 16

DAM

Lot 17

POWER IN THE BLOOD!!! The final bull in the offering comes to us from our partners Classic Genetics in Oklahoma. This SCC Kingsman 239 son is an Age Advantage bull that is ready to go out and work. He is a calving ease bull with extra power. His sire, Kingsman is a full sib to the popular STAG Good Times. Lot 17 has a herd bull presence and is genetically sound in his pedigree.

Maternal Granddam of Lot 21

CanAm Defender
Service Sire of Lot 21

Investment Opportunity!!!

In this section in the catalog we will share some of the very best heifers we have that are bred to calve next fall. This set of females would have been offered in the fall female sale or even retained, but our heifer "clean up" bull was a non-breeder so they were open and we held them over. As a result the following 5 lots are AI bred to calve in September.

Administrator 820 is a son of Administrator 333 which is backed by Wholesome the New Look x E&B Empress Pride 142 pedigree that we feel is as influential in our herd as any mating. Combine that with 373's cow family the Reyna 0566 that we acquired from the Cane Ridge program makes for elite genetics. We love the mating to CanAM Defender on board from our neighbors and friends from Can Am. We feel that 373 is a female destined for greatness.

WHAT A LOOKER! The following 2 heifers in the catalog are sired by RIP. Rip is a maternal brother to the Lot 1 bull selling in this sale. The Rudow's RIP 040 daughters were the sale highlights in the fall female sale. Lot 24 absolutely blows you away with presence, eye appeal and overall pattern and design she throws at you. Put her in motion and she is as fluid in her movement as any female in the sale. The calf she is carrying by Schiefelbein Unreal will pay for it all.

Al'd to Schiefelbein Unreal 242 (AAA# 20490805) on 12/9/25.
Estimated due date: September 17, 2026.
