 This bred heifer from the heart of our replacements recorded an individual weaning ratio of 109. Her productive dam records outstanding progeny ratios of 6@97 birth, 6@108 weaning, and 5@101 yearling. Additionally, her dam records a calving interval of 7@361 days. We have produced numerous top-selling IL-PT bulls from the Blackbird cow family. Excellent opportunity here.
 Bred to calve September 17, 2026 to Kramer Farms Jameson 2423.

We're very excited for the potential in this pair. This attractive Alpha J131 daughter is showing all the signs of being a great one. This Lot 13A Bull Calf born 12-7-25 (21456599), however, may be the true feature of the lot. In the top 1% for both WW and YW and sired by our new explosive herd sire GAJ Maximus, this bull calf is bred for the cow/calf producer. With bull prices as high as they are, take this pair home and make a herd bull out of him.

Heifer will be open and ready to breed.

This pair is one that was hard to let go of, but we wanted to offer the Wabash Valley some of our best. This first-calf Rival daughter comes from the great Evergreen Erica cow family and is bred for maternal power. She is doing a great job with this fancy HPCA Veracious heifer calf at side. Study the EPD profiles on these two and get in on this great 3&1 package.

AI bred 11/9/2025 to GAR Home Run. Exposed to our home-raised Alpha son GAJ Maximus 065 (20842378) from 11/15/25-12/28/25.
