

— CATTLE COMPANY —

BULL SALE

APRIL 8, 2026 AT 6 P.M.

Washington, Kansas

WELCOME

Welcome to the Second Annual WD Cattle Company LiveOnline™ Bull Sale! It is a great pleasure to represent the Durst family as they offer an incredible set of Red Angus and SimGenetic bulls in a live auction format hosted by CCI.Live on April 8, 2026, in Washington, Kansas! Wyatt Durst is no stranger to the business, having bred, raised, and marketed Red Angus seedstock for the greater part of his life. He has a keen eye for quality with some of the most stringent and strict culling practices in the industry. Wyatt understands how cattle should be built and has a zero-tolerance policy for cattle that are not designed with the utmost skeletal integrity.

Over the past decade Wyatt has slowly and methodically built one of the most impressive cowherds in the breed. A strong commercial background and production-oriented mindset has allowed this cowherd to flourish when it comes to embracing the fundamentals such as foot quality, squareness of build, udder design, fleshing ability, and fertility. Through key genetic acquisitions, precise matings, and a disciplined approach to producing, raising, and marketing Red Angus seedstock, it's no surprise that this offering offers a level of quality of this magnitude!

The customer service that WD Cattle Company offers is second to none. As the offering has grown since the inaugural event a year ago, so has the depth and quality of the cattle. The bulls that make up this offering are supported by true maternal excellence, while maintaining real-world performance, skeletal quality, and top tier fertility. All of the bulls selling have undergone a rigorous selection process and have been parent verified and sell with genomically enhanced EPDs. These bulls are ideal in terms of their condition and will maintain flesh when they are deployed this coming breeding season. We encourage you to make the trip to Washington, Kansas and view the quality for yourself.

Do not hesitate to reach out to Wyatt or Tayler with any questions about the sale offering that you may have. The bulls will be available for viewing any time prior to the sale by appointment at the ranch. We encourage you to make the trip to North Central Kansas to view this impressive set of herd sire prospects in the flesh, we promise you will not be disappointed! The sale will take place at 6:00 PM CST on April 8, 2026, on CCI.Live in a LiveOnline™ format with real time bidding. Please reach out with any questions about the sale offering or the bidding and buying process prior to the sale. We look forward to visiting with you about the cutting-edge genetics that stand behind this offering!

Enjoy the cattle and God bless,

GRAHAM BLAGG · JERED SHIPMAN · TIM ANDERSON

TERMS & CONDITIONS

Terms of sale are cash or check payable immediately upon conclusion of the sale and before animals will be removed. The cattle will sell under the standard terms and conditions of the Red Angus Association of America and the American Simmental Association.

TERMS, CONDITIONS & GUARANTEE

Unless otherwise noted, all the breeding age will have passed a breeding soundness exam prior to pick up/delivery. In addition to the standard Terms and Conditions of the Red Angus Association of America and the American Simmental Association, we will provide the first breeding season (the 90-day period immediately following turn out) guarantee on all yearling and older bulls. This guarantee is not an insurance or mortality policy, but a guarantee on functional fertility. It is not a substitute or replacement for poor management. Buyer assumes all risks for injury due to running bulls together or management decisions outside genetic control. For the guarantee to apply, we ask that you contact us as soon as a condition is observed and before the animal is sold. We will work with you to determine whether the animal is returned or sold for slaughter. We will attempt to provide a suitable replacement. If one cannot be provided of equal or greater value, we will issue a sale credit to be used in a future sale for the full purchase price less the salvage value of the animal.

RISK

Each animal becomes the risk of the purchaser as soon as sold. Animals purchased are at the purchaser's risk as to loss or injury, and will be loaded according to purchaser's direction. Insurance will be available sale day.

ANNOUNCEMENTS

Announcements made sale day and from the auction block during the sale take precedence over printed material in the catalog or other printed material associated with this sale. Anyone attending this sale, attends at their own risk. Breeders or any of the sale force will not be held responsible for any injury while attending this sale.

INSURANCE

Insurance will be available sale day. We suggest a mortality policy, especially if you plan to leave your bull(s) to be wintered until May 1, 2026. To properly insure your investment please contact *Sheila Jensen*, 785.262.1116.

SUPPLEMENTAL INFORMATION

Current weights and scrotal circumference measurements will be available the week of the sale.

DELIVERY

Free delivery within 300 miles on all bulls and we will assist in finding delivery options to other parts of the country!

• We initiate the 2026 edition of the WD Cattle Company Bull Sale with an elite individual that offers a premium blend of phenotypic excellence, genomic value and cow family significance!

• WD Stagecoach 513 is an absolutely incredible AI sire prospect that is loaded with substance, shape, genuine power and real-world functionality. A huge footed, stout featured bull that is flawless in his angles, bold in the shape of his rib cage, soft bodied and masculine about his front third. WD Stagecoach 513 has been a standout since day one, offering a herd sire presence that is simply undeniable.

• The pedigree that supports WD Stagecoach 513 is simply incredible. He is sired by red-hot STRA Ranch Hand 2010, a sire that has taken the industry by storm. Semen is off the open market, but when made available on special occasions has commanded as much as \$6,000 per unit!

• The dam of WD Stagecoach 513 is the immortal WCR Miss Kuruba De 2085Z, a daughter of the legendary Red Lazy MC Detour 2W that has produced countless high sellers and individuals of influence over the years. Some of her most notable sons would be NIO Progressive 1179 and WD ROSE Johnny Cash 342, the 2024 Cattlemen's Congress Reserve Grand Champion Red Angus Bull. 2085Z sets the standard for maternal excellence when it comes to skeletal integrity, udder quality, fleshing ease and fertility.

• WD Stagecoach 513 is one of the most unique individuals to ever carry the WD prefix. An elite herd sire prospect that is supported by a pedigree of royal status. Invest in the future of your breeding program and tie to a herd sire that will move your program into the future!

• WD Renew 238 is the first of a trio of sons from the prolific C-Bar Mimi 8134F donor dam that is quickly climbing the ranks in the donor pen here in Washington, Kansas. A dark cherry red hided stud that is sired by NIO Progressive 1179, the maternal brother to WD Stagecoach 513. NIO Progressive 1179 is easily one of the very best footed, deep heeled, sound built Red Angus sires that we have ever laid eyes on. After seeing him on cows, it was essential that he join the herd sire battery at WD Cattle Company.

• The dam of WD Renew 238, C-Bar Mimi 8134F, is also the dam of WD Extra 271, the wildly unique featured stud that works for Rosebud Cattle Company and Premium Beef Genetics. Another notable son of 8134F is the \$24,000 WD Valor 270, a rugged herd sire at Bayou Creek Ranch of Oklahoma and Texas.

• C-Bar Mimi 8134F is sired by the influential 5L Independence 560-298Y and further supported by C-Bar Miss Mimi 458B and her immortal dam, Damar Mimi W085. There is no doubt that WD Renew 238 is from one of

the most important cow families in the history of the Red Angus breed.

• WD Renew 238 is an extra stout featured herd sire prospect that is flawless in terms of his foot shape and design. He is long bodied, bold in his rib cage and stout hipped from behind. His squareness of build is further complimented by his captivating herd sire presence. A true sale feature that is backed by a cow family that continues to produce at the highest level!

- WD Reaffirm 73 is an ET flushmate brother to WD Renew 238. Another stout featured son of NIO Progressive 1179 from the prolific C-Bar Mimi 8134F donor dam that deserves serious consideration on sale day.
- There is no denying his calving ease credentials, as he is the #1 option in this year's sale for those that are in the market for a sleep all night heifer bull, but are unwilling to compromise growth, substance and vigor.
- WD Reaffirm 73 is also a full brother to the \$18,000 WD Resolve 402 ET, a heifer bull from last year's sale that was selected by Bayou Creek Ranch of Oklahoma and Texas. He is also a full brother to the \$17,000 WD Attraction 455 ET, the extremely eye appealing herd bull that was purchased by Jeremy Page of Texas.
- An elite herd bull option that we fully endorse for use on heifers.

- WD Cash 569 is the lone son of the 2024 Cattlemen's Congress Reserve Grand Champion Red Angus Bull, WD ROSE Johnny Cash 342, in this year's sale offering.
- His dark cherry red hide color is further complimented by his extra length of body and frame. A bigger outlined bull that offers tremendous extension. He is a sound footed bull that is square pinned and big hipped.
- He is one of the more growth-oriented options on paper, and his stature suggests that he will sire heavy weaning feeder cattle and sensational replacement heifers alike.
- A full sister to WD Cash 569, WD Mimi 570, commanded a \$30,000 hammer price in the WD Cattle Company LiveOnline Female Sale last November. WD Mimi 570 was selected by Madison Fischer of Texas and will be a member of her illustrious show string this coming year.

- 576 is a dense made, soft bodied stud that is loaded with shape and genuine power from end to end. He is smooth jointed, flat shouldered and offers the credentials both phenotypically and genomically of an elite heifer bull.
- His ET flushmate sister, WD Lady Lola 575, sold in our female sale last November and is being competitively campaigned by Henry Blagg in California.
- 576 is the #2 low birth weight herd sire option in this year's sale that we fully endorse for use on heifers.

• It is with great excitement that we introduce you to a truly special individual. WD Homestead 507 is a powerful herd sire prospect that is supported by an outcross pedigree on the top side of his lineage and a strong maternal foundation on the bottom. The dam of WD Homestead 507 is the incredible C-Bar Abigrace 7104E, a daughter of Andras Fusion R240 that traces to the \$1 million+ producing Brown Ms Abigrace L7730 matron.

• C-Bar Abigrace 7104E is the dam of WD Robust 406 ET, the \$36,000 high selling bull from last year's sale that was selected by Canadian Sires + Donors. There is no question that 7104E has knocked it out of the park again in 2026!

• Maternal brothers to WD Homestead 507 will also highlight this year's sale as Lots 8 and 13. Consistency is the key to success and the dam of WD Homestead 507 continues to lead the pack at WD Cattle Company annually.

His full sister is one of the absolute best young females in the program that offers superior udder quality and real-world function. An extremely long sided, smooth shouldered, soft bodied stud that is flawless on his feet and legs. He is destined to leave behind an incredible set of daughters!

• WD Dominion 573 is a definite standout among this year's bull offering. A dark red hided stud that is loaded with genuine shape and real power. Another top shelf son from the immortal C-Bar Abigrace 7104E donor that has been a vital member of the donor arsenal at WD Cattle Company.

• 573 is built with precision from the ground up, offering a near perfect shape to his hoof structure with the proper angles and squareness of build.

• A full sister to WD Dominion 573, WD Abigrace 571, was one of the standout females from our 2025 fall sale that commanded a \$19,000 hammer price and was purchased by Chael Roberts of Absarokee, Montana.

• 573 offers a premium blend of performance and maternal strength. The cow power that supports 573 is second to none, as he merges the influence of Red U2 Hidee Ho 459D with C-Bar Abigrace 7104E. His paternal granddam, 459D, is a member of the donor pen at Niobrara Red Angus of Nebraska and Red Diamond Land

& Cattle of Texas. One of the major phenotype standouts that is supported by a cow family that offers unbridled quality!

- WD Complete 580 is the first son that we have ever offered from the prolific C-Bar Stony 6H donor dam, the newest member of the donor pen at WD Cattle Company!

- C-Bar Stony 6H is another standout daughter of the legendary 3SCC Domain A163, a sire that has left an incredible string of daughters across the nation. The maternal side of her pedigree traces to the powerful black-red carrier donor, C-Bar Stony 801F, a daughter of Spur Franchise of Garton that is out of the world-renowned C-Bar Ms Stony A302 matron!

- 6H has put together a remarkable track record in a very short amount of time. This past fall, a maternal sister to WD Complete 580 was the talk of the breed when she sold in the Lafrentz Cattle Elite Female Sale in Oklahoma. After a fierce bidding war, Kirwan Stony 5007, commanded a \$90,000 hammer price and was selected by Madison Fischer of Texas.

- The sire of WD Complete 580 is a son of the \$190,000 KJL/CLZB Complete 7000E, a sire that has left a substantial impact on the Red Angus breed. The dam of Raisland Complete 3702 is a tremendous female that is sired by the \$155,000 PIE Quarterback 789. There is no questioning the significance of the pedigree that stands behind this intriguing herd sire prospect.

- A performance standout that offers a pedigree saturated with maternal power!

- WD Validate 5107 is the lone son of last year's second high selling bull, the \$24,000 WD Valor 270, that is now a member of the illustrious herd sire battery at Bayou Creek Ranch of Oklahoma and Texas. WD Valor 270 is a son of EGL GCC Red Eagle E7194 that is backed by the influence of the prolific C-Bar Mimi 8134F, the dam of Lots 2-4 in this year's sale.
- The dam of WD Validate 5107 is the very impressive daughter of Bieber Hard Drive Y120 that is known as DRST HD Tobasco 711E. A maternal sister to 5107 commanded a \$20,000 hammer price this past fall. 5107 is the natural calf from the 711E donor that offers over 900 pounds of weaning weight performance!
- Unmatched power, substance and dimension from this breed leading performance sire.

• WD Youngblood 518 is the first of two elite black-red carrier Red Angus bulls that will be offered on April 8, 2026, in Washington, Kansas!

• A tremendous heifer safe option that is supported by one of the premier young females in the WD Cattle Company breeding program. 518 was raised by a hard working first calf heifer, C-Bar Stony 320L, a stunning black-red carrier female from the impressive C-Bar Stony 801F matron. If you dig deeper on the maternal side of his lineage you will quickly realize that the presence of C-Bar Stony A302 can be found as the 3rd generational maternal granddam of WD Youngblood 518. There is no question that 320L is just getting started and her influence will be felt for years to come!

• Fully recommended for use on heifers without sacrificing pay weight at weaning or carcass merit. A tremendous heifer bull prospect from an incredible cow family!

- The ultimate cow maker of this year's offering is a powerful black-red carrier Red Angus bull that is sired by the sensational \$160,000 Ellingson Hi-Range, one of the great footed sons of Ellingson Rangeland in existence. Ellingson Hi-Range sired one of the highest averaging sets of bulls at Hamilton Farms in Canada in 2024 with 23 sons averaged just north of \$30,000!
- The dam of WD Hi Range 411 is the iconic C-Bar Abigrace 7104E donor, a female that has produced countless high sellers and individuals of influence within the WD Cattle Company breeding program.
- 411 is the natural calf out of 7104E. He has been a standout since day one, offering a moderate birthweight with above average growth post weaning. He is a big footed, stout featured herd sire prospect that is also a maternal brother to WD Robust 406 ET, the \$36,000 high selling bull from last year's sale that was selected by Canadian Sires + Donors.

- We firmly believe that this black-red carrier Red Angus bull has the phenotype and maternal excellence supporting his pedigree to sire an absolutely sensational set of replacement females for any operation.
- Recommended for use on heifers.

The first of two ET flushmate brothers from the very impressive KCC1 Gwen 9073G donor, one of the leading donors in the Kearns Cattle Company donor battery. We had the opportunity to purchase some embryos at the National Western Stock Show and are ecstatic with the results.

9073G is a maternal sister to the iconic KR Casino 6243, one of the most influential AI sires in the Angus breed. The dam of 9073G is the late Malsons Savannah 27Y, one of the greatest Angus cows to ever come out of the Krebs Ranch breeding program.

WD A-C New Frontier N2510 is the #1 heaviest weaning bull in the entire sale offering. He is a dense bodied, thick topped, big hiped stud that is loaded with power and shape from end to end. He is flawless on the move, operating off of a near perfect foot design with extreme skeletal quality.

This past March, 10 maternal brothers to N2510 and N2505 averaged just north of \$12,500 at Kearns Cattle Company with high sellers commanded \$27,500, \$16,500, \$14,500, \$14,500, and \$12,000. A full brother, KCC1 Remedy 538J sold for \$18,500 in 2022. Other brothers are working for Roller Ranch of Minnesota and Raml Cattle of South Dakota.

- One of the densest bodied, biggest topped, thickest made herd sire prospects in the sale that is destined to make an impact in the program that employs his service!

- Homozygous Polled/Homozygous Black

• WD A-C North Star N2505 is another son of the \$530,000 record selling SO Remedy 7F that is backed by the strong maternal influence of the prolific KCC1 Gwen 9073G donor dam.

• A massive bodied, big topped, easy fleshing stud that is much like his ET flushmate brother in terms of substance and dimension. N2505 is also a heavy weaning weight herd sire prospect that tipped the scales with 877 lbs. of pay weight at weaning.

• N2510 and N2505 are full brothers to the three bulls that made up the 2022 NWSS Grand Champion Pen of Three Percentage Simmental Bulls.

• A maternal brother to this pair of flushmate brothers sold for \$17,000 in the Meyring Cattle Company 2025 Production Sale for \$17,000 to Tim Seedorf of Ohio.

• Consistency is key, and the great 9073G donor now has a lifetime average of \$11,667 on 20 sons marketed over

- WD GALL On The Hunt 559N is the lone son of the very popular TL On The Run 106K to sell on April 8, 2026. A big spread herd sire prospect that is supported by a tremendous daughter of JASS On The Mark.

- This certified baldy maker is a dense bodied, moderate framed SimAngus herd sire prospect that is loaded with power and pay weight. He is big footed, stout boned and offers a very practical and low input look of efficiency. In addition, this stud is as sound structured and loose built as you can possibly make one, without sacrificing substance.

- Just imagine the quality of the daughters that he sires!

- Polled/Black

- WD Red Bird 560N is a tremendous red hided herd sire prospect that is loaded with shape and dimension. A son of the \$90,000 W/C Red Bird 269J, a son of the \$205,000 W/C Bankroll 811D that is a direct daughter of the high-income producing W/C Miss Angel 2870Z.

- A moderate framed, heavy duty herd sire prospect that is big bodied, thick ended and loaded with real shape.

- The dam of 560N is a beautiful young daughter of the impressive JASS On The Mark that does a tremendous job year after year.

- We love the skeletal quality and dimension that this stud offers. A surefire female maker that is destined to leave behind a stunning set of red baldy females!

- Polled/Red
