CHESTER FARMS

AI bred on 12/6/25 to Smith Valley Jeremiah 3110 (20792954). Confirmed safe.

The Primrose cow family is without a doubt my most prolific cow family. This female is no exception. Just check out her Raven Republic daughter that she raised as a heifer, who sells as Lot 1B. This female is a member of a long tradition of proven cows, with good structure, udders and ability to raise a calf in most any environment. Don't miss an opportunity to bring the Primrose family to your herd. Bull calf at side by Ellingson Progressive will produce females that you will build a herd around and steers that top sales year in and year out. Lots of future in this package.

Ranks in the top 4% for \$B and \$C; top 10% for CW, MARB and MILK; top 15% for \$W, RE and Angle.
