Offering an incredibly special APHA mare by Hollywood Cool Gun, son of Colonel's Smokin Gun. Registered 7-year-old palomino mare, I have owned her since she was 2 1/2 and she has been carefully developed in my professional program. She is a robust 15.1 plus, and she can pretty much do it all at this point. She is one of the bravest most self-assured horses I have ever worked with, and she is very smart and interactive with her person. She is a wonderful trail horse with extensive ride out experience alone or in company, she goes equally well English and Western and she is very educated in the arena. She can spin, slide, and she is hell on a cow. Well, chasing cows is her favorite thing. She is an excellent team penner and sorter. She also can do a beautiful dressage test and you can shoot coyotes off her in the woods. She has traveled around and done obstacle trails, and she loves all the tricks. Drag the tarps, teeter- totter, bounce the ball, car wash brings it on. She is not mareish. You never know when she is in season because she has no time for such frivolous behavior. She is however used to living like a queen and loves her stall with a fan in the hot muggy weather. She is an excellent turnout and quite easy to catch. She is very educated and well-handled, so she is excellent for a farrier, vet and anyone that wants to say hello and feed cookies. Lady Gunner is broke enough for anyone to ride, but young enough to stay at her best with moderate regular work. She sells with radiographs, a certificate of soundness and vaccinations. If you want to meet this special mare contact Lisa at 203-515-4102

Silver is a once in a lifetime gelding! His color, intelligence, and talent make him one of the rarest of equine that I have ever had the pleasure of riding! His smooth and calculated movement makes him easy to ride for a long duration. I've ridden Silver many miles on trails, gathering cows, and in the arena as well without tiring of his gait. Silver is well schooled and has a good turn around, lead departure, and side pass. We have also formally started his education as a cow horse with the use of our buffalo. I've used him extensively for roping as well and he has no trouble running down a troubled or hard to manage bovine in a big pasture. My oldest son, Cord, is a handy ten year old and has been able to ride him confidently out and about on the trails, though his youth can be a great cover for his skill. I would recommend Silver to be an intermediate level horse and up, due to his intellect and ease of development! He sells with a Pre-purchase Exam, a certificate of Soundness and vaccinations. Silver is the same bubbly personality whether in the stall or in the pasture with friends and does not require daily riding to be his regular and friendly self! If you would like to hear more about Silver you can contact us at 574-850-6744

Sandman is the total package—a 2020 model AQHA gelding standing at the perfect size of 14.2 hands. With his correct conformation, shiny black mane and tail, and a small white star and snip, he is as eye-catching as he is talented. Whether you are looking for a partner on the trail, in the show pen, ranch riding, or simply a forever friend, Sandman fits the bill. He is bred to perform, being an own son of Sannman (over \$200,000 in earnings and \$3 million in offspring earnings) and tracing back to Hall of Fame sires Metallic Cat and Smart Little Lena on the top side. His bottom side is just as impressive, going back to the legendary Peptoboonsmal, a Hall of Famer with over \$28 million in offspring earnings. Sandman has the looks, pedigree, and the brains to match. He has a bright eye, a willing “in your pocket” attitude, and has truly “been there, done that.” He has been used to check cows, ride fence lines, and move cattle. Out on the trails, he is steady and confident—crossing creeks, riding through water, going uphill and downhill, and stepping over logs without hesitation. He is traffic safe on state roads, rides inside the arena or outside on the ranch, and takes everything in stride. In the arena, Sandman is a handy and versatile partner. He knows his leads, has a nice one-handed neck rein, correct lead changes, a good spin, a solid stop, and will even side pass right up to the gate for you. He has also been ridden bareback and bridled less, proving his willingness and trust. Whether you want to show him in reining or cow events one day or let the kids enjoy him on a weekend trail ride the next, he is safe and dependable for kids, seniors, or advanced riders alike. Sandman has three smooth gaits you will love to ride, an easy walk, a nice jog, an extended trot, and a lope you can sit on all day. He does not need to be ridden every day to stay good; he is the same horse whether he has ridden once a week or once a month. In the barn and pasture, Sandman is a real charmer. He is good for the farrier, stands in the wash bay, and absolutely loves attention. This gelding has the talent, bloodlines, and personality to be your forever partner—whether in the show pen, out on the ranch, or as the one you trust with the whole family. If this sounds like the horse you have been looking for, please feel free to reach out to Duane @ 330-231-2324 for more info or to schedule a day to see him in person.

JED

2016 Grade Palomino Gelding 15 H

I'm thrilled to offer this sweet & kind gelding. I hope he will fill your life with as much joy as he's done for me & my family this summer. If you're looking for more than a riding companion but a best friend; Jed's your guy. He always walks right up to me in the field, even if we rode 10-20 miles the day before. Every time I've rode Jed, I knew he was going to take care of me. Absolutely no spook or meanness about him. Jed is one of the best trail horses I have had the privilege to ride. He is a great lead horse. He will be confident, brave and set a good pace. If there was ever a horse I would trust to go off on a long ride completely by myself, I would choose Jed. He is sure-footed and has experienced tons of wildlife with no issues. He handles the small deer paths with ease and will walk and take his time stepping over down trees. No ravine or ditch is too steep and he absolutely loves to swim. The kids will have a blast in the summer taking turns cannonballing off him into a pond. He is the true definition of a family horse. Jed is big boned and big bodied, standing 15 hands and weighing close to 1250 lbs. He could definitely pack a beginner husband with ease. Jed will side pass to a mounting block to make mounting easy. Wow — what a pretty face. Mario has that bright, intelligent eye, clean white snip, and two sharp white socks that give him the kind of look that turns heads everywhere he goes. This 2020 model, 15 hand AQHA gelding is the total package of pedigree, ability, and everyday usability. His breeding goes back to Hall of Fame \$10 Million Sire Shining Spark and \$28 Million Sire Peptoboonsmal — and you can feel that solid foundation every time you swing a leg over him. He is athletic, responsive, and smart, with the kind of mind that makes him enjoyable for real-life riding. Mario has been there and done that. He is ridden on state roads in traffic, out on miles of trails, up and down hills, through creeks, checking cows and fence lines — and he takes it all in stride. Nothing rattles him. He rides the same whether you are headed down the trail, checking cattle, or just taking a quiet evening stroll. In the arena, he is just as solid. He has been ridden both indoors and outdoors, picks up his leads, side passes, neck reins, and moves off your leg willingly. He has three smooth, comfortable gaits and a nice extended trot that covers ground with ease. He is soft in the bridle, easy to guide, and uncomplicated to ride. Mario rides Western, English, and bareback — the same honest horse no matter what you put on his back. Throw a saddle on him or hop on bareback and go enjoy him. He is good with jugs, tarps, and whips, and handles new sights and situations with a level head. The kind you can ride consistently — or let sit and pull him out once a week or even once a month — and he is still the same steady, dependable gelding. In the barn and pasture, he is a true gentleman. First to meet you at the gate, kind to be around, easy to catch saddle and bridle. He stands quiet, hauls well, and is respectful of his handler. Mario is up to date on vaccinations, deworming, and shoeing, and ready to step into his next chapter. If you are searching for a good-minded, good-bred gelding that can trail ride, do ranch work, enjoy arena time, and look sharp doing it — we honestly believe Mario could be that partner you have been waiting for. 41**MARTHA'S DREAM***2013 Bay/White Gypsy Vanner/Cross*

Martha is a 13-year-old grade Gypsy Vanner cross mare. She is built like a brick house and can easily carry any size rider. Martha is a confident trail horse that rides western and English. I have ridden her all over the south and have yet to find anything she is unwilling to do. She originally came from the KY mountains and navigates the tough mountain terrain with ease. She is eager to cross creeks, swamps, ditches, and bridges. She loves to swim in the lake on summer days! She is not formally trained to jump but has jumped the natural course at the infamous Hitchcock Woods in Aiken, SC. Martha is best suited for an intermediate and up rider, as she does have some go to her when asked. Multiple kids have trail ridden her, but she will be best suited for a kid or adult that already knows how to ride. On the ground she is safe for anyone! Martha is about as bomb proof as a horse can be. She has been around dirt bikes, bicycles, tractors, fires, peacocks, dogs etc. On overnight camping trips she will stay in an electric fence, panels or highline. Martha loads easily on my slant load trailer, stands for the farrier, and stands to be clipped. She sells with a Pre-purchase exam, certificate of Soundness and vaccinations. She is truly a once-in-a-lifetime horse. If you want more information on her call or text Alyson at 864-377-1512

REMY

2022 Quarter Horse /Grade Gelding

15.1 H

Remy is truly a once-in-a-lifetime horse — SAFE, SAFE, SAFE! Remy is a pleasure-bred (grade) Quarter Horse standing 15.1 hands and 4 years old. He has a sweet disposition, a level head, and a personality that everyone loves. This is the kind of horse that's hard to find because he has such a great brain and disposition. He has absolutely no vices, is soft-mouthed, and travels naturally collected with a beautiful low headset. His looks alone will turn heads wherever you go. Remy is an easy keeper with great feet (no shoes required) and is always the first to meet you at the gate. He is just as happy in a stall as he is turned out, and he's the same reliable horse whether he's ridden every day or once every couple of weeks. He's incredibly smart and willing, has even been ridden bridleless, trail rode through water and over bridges, and would excel at liberty work. He trailers well and stands tied to be groomed and tacked. Remy knows how to lay down with a cue and sit. He has also ridden a trail course handling each obstacle with easy and no panic or stress: crossed a tarp (at walk, jog lope), walk through blow ups, streamers, and pool noodles, steps on man made bridge, drags things behind him, open a gate, back through an L. Ride him in a busy arena with lots of commotion and he will quietly walk around on a loose rein without a second look. Remy is truly one of the safest 4-year-olds you could ask for. He rides both English and Western, is extremely smooth, and stays level-headed wherever you take him. He is not spooky and not easily phased by anything. Remy is great for someone looking for a young horse to further themselves be it a kid or adult. If you're looking for a forever horse and a true all-around partner, Remy is your boy. He sells with a certificate of soundness and vaccinations. If you would like to know more about Remy, give us a text or call at 484-326-4618

Yes, this gelding's name is Susan. His registered name is "A boy named Sue" Susan is the name that always stuck with him since he was born. I raised this gelding from a foal. He stands 14.3hh. His mother is one of my all-time favorite mares and his sire is the great and late "Big Chex to Cash." He has been my favorite foal since day one. Susan has a very well-rounded education; having been used for a lot of my intermediate lessons, hauled out for trail rides, shown in a lot of ranch shows. I even showed him at the All-American Quarter Horse Congress in 2025 with my broken ribs and a punctured lung. He took great care of me, piloting through the ranch trail and ranch riding classes. He is a phenomenal prospect to be a high-end ranch performance horse or any other discipline you choose. With his beautiful gaits, he could even excel as an all-around show horse. Susan is a beautiful mover, and one of the prettiest horses. He's an absolute joy to ride, he's very trainable and kind, and has smooth, lovely gaits. Susan has never had any injections or maintenance of any kind; and has never been unsound. I've very proud to offer this quality gelding and looking forward to seeing where his future takes him. He has a lot of quality professional training and has so much to offer his new owners. This will be a hard one for me to let go as a breeder and trainer, but it's time for him to excel in his new home. He sells with a certificate of soundness and vaccinations. TYLER

2020 Cross-bred Buckskin Gelding 14 H

Tyler has been with us for almost 3 years. He is 14 hands tall and a beautiful buttermilk buckskin. He is a very stout built little gelding and we have used him trail riding in the Laurel Fork Wilderness, George Washington National Forest, and lots of private Mountain trails. He crosses water, logs, creeks and rides well in large open meadows. He is not afraid to go up very steep trails and is steady with his rider. Tyler rides good by himself or with other horses. His good temperament allowed us to give lessons on him and our little girls ride him on the trails. We have started him over jumps, and he is doing great! We ride him in both western and English. He also has been used on the roads. Tyler is very well mannered, and we hope you will come try him at the sale or prior to the sale. He has a few minor scars on his hind legs, but he has always been 100% sound for us. We have no photos due to religious reasons.

Matlock was started late in life at no fault of his. I've had him for a year and half. He has 90 days total riding. Matlock is 14.3 solid made easy on the eyes and has been exposed to tons just doesn't have the miles he should for his age. It is absolutely no fault of his I just do not ride nearly as much any longer. Matlock lives in or out, loads good for farrier front shoes out of preference, super easy keeper easy to catch, hobble broke high lines, been to the cow sale barns, the barrel races and trail rides to see the sights. He has great ground manners and has worked with tarps, flags, bags, leaf blowers, dogs and all types of machinery. Absolutely no vices. We have a remarkably busy boarding and training barn. He handles everything like a seasoned pro. Ready to step into any professional program. Wash, clip, fly spray, good in group turn out, pony off 4wheeler, blankets and more! Matlock has a good stop and really wants to just sink in the ground moving off leg will get up in the bridle, solid start but think 2 yr. old with 90 days. 70**MOLLY***2018 Black Haflinger Cross Mare 15.1 H*

Molly is a 15.hh crossbred mare. She is very well mannered and gives 110% every time. She rides extremely well off a light seat or leg pressure, plow reins and neck reins, is sensitive and will move out very willingly so not suitable for beginner riders. She loves a job and could excel in most any direction. Has worked cows, roped off, drug things, gone on overnight trail rides, was used for ponying and colt starting as the saddle horse. Her movement and training would make her a great dressage prospect as well. She is trained to pick you up at the block and will come when called. She had a foal this past spring so was out to pasture for a year but came right back to riding with no issues. Has been giving intermediate to advanced riding lessons since. For more information on Molly call 223-280-1316

“Ember” is a beautiful 2021 AQHA mare standing 15.1 hands with the pedigree, presence, and versatility to excel in nearly any direction. TYLIN

2023 Gypsy Vanner Grade

14.1

Tilyn has been hauled and ridden at Mexican rodeos and has been taken out numerous times to herd cows. He has been roped off of and is a confident cow horse that isn't afraid to chase one down. He has a smooth walk, nice jog, and strong, collected lope. He lopes great circles, has a great spin, and trots out nicely. Though like many Gypsy horses his trot can be a little bouncy, he is close to finishing his training. He is very gentle, kids over 10 or more can ride him. He also makes a great trail horse. Kids can ride him on their own or if necessary with a lead rope.

Willis is a 5-year-old red roan AQHA gelding that I have owned since he was a two-year-old. He stands 14.3 hands and is built like a tank. Willis has never had any unsoundness issues or any health problems. He has been exposed to a wide variety of things. He has competed in ranch competitions, some smaller obstacle classes, trail ridden, and had even given lessons to some of my intermediate students. He's a barn favorite for everyone that gets to ride him. The only place I can fault him is that he will weave in the stall occasionally when he is excited for breakfast or dinner. Willis gets along great with other horses, he's friendly and likes people. He's a very well started and well-rounded gelding. The possibilities are endless with him. Use him for a trail mount, complete in ranch competition or many other disciplines, he truly has a lot to offer. He is a phenomenal mover and will get you noticed in the show pen! He's one of my top-notch prospects that I've had around and one of my all-time favorite horses. It's time that he finds his person now that he's had a great foundation and a lot of professional training. He sells with a soundness certificate and vaccinations. We've known Mission since he was a three-year-old and have owned him for over 2 years now. He is well built, has a pretty head and good overall conformation. He's been ridden by different level riders, and he is absolutely great with little children. When out on the trails he crosses anything in his path, and he is good with a pack saddle too! We have taken him to Laurel Fork Wilderness, the George Washington National Forest and lots of private mountain trails. Mission has proven himself over and over that he can be left unriden for months and you can saddle him up and he walks out quietly. He is 100% traffic and road safe and 100% sound. He would be safe for beginner riders. On his papers it says he is bay, but he has a dorsal stripe, so he is a dun colored gelding. Please come try him prior to the sale. We have no photos due to religious reasons.

TURBO

2021 Palomino Grade Gelding 14.2 H

Turbo is a good, well broke to ride, palomino gelding. He stands at 14.2 HH. He is trained to respond to leg pressure, and he neck reins well. We have had him on trail rides in the mountains and he crosses Logs and creeks with no problems. We have used him to herd cattle and horses. He showed us his true grit when he packed out a deer for us when we went hunting. He also likes to jump, we took him to the county fair and he won second place in the jumping poles class. He is also traffic safe and he clips, baths, catches good in the pasture. This winter he was pulling sled rides for the kids, but Turbo is not for a beginner rider. He sells with a certificate of soundness and vaccinations.

COPPER ROSE

2022 Belgian Quarter Horse Cross/bred Mare 15 H

Copper Rose is a four year-old grade Belgian quarter horse crossbred Mare. She is suitable for an intermediate rider, and up. To be young she is a very confident trail horse. She loves to cross creeks! She's willing to lead or follow on the trail rides. She hauls great, easy to load, stands tied, and eats well on the road. She will stay in electric or high line if needed on the overnight rides. She is built like a brick house and would be able to carry any rider. She goes up and down the mountains with ease. She's willing to walk over trees or eager to jump at a lope. She is a quiet mare that can lope and then come right back down to a quiet walk on a loose rein. I recently used her on a 3 day ride and she never spooked at anything! Even when a dead tree fell about 3 feet from her. She does sell with a small spot in her eye from when she was younger. She still sees fine and you have to look hard to see it. She currently stands 15 hands and is still growing. If you would like to have more information on her contact us at 864-377-1512

This mare is very calm, kind, easy to handle and catch. She has a gentle temperament and is very people friendly. She is easy to work with both in the barn and outside. She is still green under the saddle, but eager to learn. We recommended her for teens and older. She is best suited for intermediate rider. She has great ground manners. We recommend regular riding for good consistency and confidence. She handles time off without difficulty nonetheless. Isaac Lopez Training Facility 304-844-8108
