SIGHT UNSEEN GUARANTEE:

Buyers unable to attend the sale should feel free to contact any of the Deer Valley Sale Staff. We will handle your bull purchases with the strictest of confidence. If for any reason you do not like a sight unseen purchase from Deer Valley and you have us select the bull for you, you will not own the bull! SATISFACTION GUARANTEED!

TERMS AND CONDITIONS:

All of the bulls selling sell FULLY GUARANTEED THROUGH THE FIRST BREEDING SEASON. Cattle will sell under the suggested Terms & Conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf)

COOPERATOR BULLS:

Deer Valley works with a select set of cooperators around the country that source genetics from Deer Valley. We consult these cooperators on breeding and management decisions. The resulting bull calves that meet our requirements are sent to Deer Valley at weaning and are raised, developed and marketed through our program. These bulls are a designed product of Deer Valley and are bred to be consistent with what is bred and born on our farm. These bulls are sold with the same strict standards, 100% guarantee and terms that every bull sold here carries. Deer Valley owns these bulls with each cooperator, but in some cases the breeder on the certificate may not show up as DVF. They will all carry the Deer Valley name and be branded DVF.

LIVESTOCK INSURANCE:

May be purchased at the clerk's desk. A first breeding season guarantee is in place on every bull sold. However, this is not a mortality policy. Therefore if you wish to insure your bull against death we suggest you purchase insurance following the sale.

TRUCKING:

\$100 Rebate per bull if picked up on sale day.
Delivery is at the expense of the buyer. Deer Valley will help arrange delivery in order to assist in achieving cost-efficient hauling for our customers.

HERD HEALTH:

Every bull selling has passed a BSE, has been Trich-Tested Negative and is ready for service. All bulls have been wormed with Synanthic Drench, poured with Cynergized Delice Back Pour and vaccinated with Vista 5 VL5 & Vision 7.

SALE UPDATES:

We will provide an update sheet sale morning that will cover any changes to the sale book information. And any announcements made from the sale block take precedence over the information listed in the sale book.

All EPDs are current as of 3/6/2026.

\$100 DISCOUNT FOR ANYONE PICKING UP THEIR BULLS ON SALE DAY

Welcome back for our Annual Spring Bull Sale. It is with great enthusiasm that we offer this set of stout, high performance bulls that are ready to go to work for you.

I am as excited as ever about the business we are in and no one could have imagined the price levels we are witnessing on a daily basis in every segment of the industry today. The demand for high quality red meat is at an all time high and even with the huge spike in retail cost consumers continue to prove to us that they are willing to pay for a quality eating experience and are clearly seeing the value in high end, consistent Angus sired product. Certified Angus Beef, as well as many other Angus branded products continue to garner extreme demand in the marketplace and it is evident that quality and consistency wins in the consumers eyes almost every time. We have done a tremendous job as producers to create this phenomenal product and help create the demand for it but as the price point continues to rise so to will the expectations of that product. Never before has it been more important to continue to put pressure on ourselves to raise the bar every day.

It takes all the blood, sweat and tears of a farmer or ranchers everyday grind to accomplish this but it also takes high quality, highly proven, highly heritable genetics to accomplish this feat. We believe that we offer that with a time tested, deep rooted program that has stayed the course on genetic improvement every day. We have weathered the storms and practiced rigorous, difficult application of daily pressure and steady commitment to casting off the genetics that don't get you there and identifying the ones that do and forging forward with vigor to make them better every day. We demand success out of these animals and try to take an open minded approach to them every day. The ones that excel take us forward, the ones that don't exit the program, it's as simple as that. It takes pressure, commitment to a plan and the ability to separate reality from personal attachment but to make progress this is what it takes.

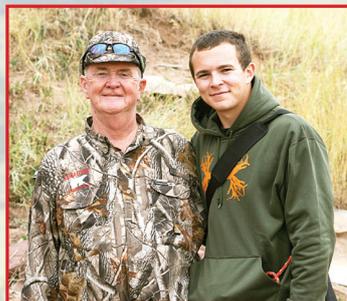

As always, we survive on balance trait selection and approach every mating with that in mind. We are absolutely dedicated to EPD's, data and performance but our first priority has and always will be structure, phenotype and eye appeal first. We believe that you still have to marry old fashion cowboy logic to modern day science and technology to get to the ultimate animal and we will continue to employ that logic here as long as we are in business. The product is paramount but form and function ensure that they can accomplish what the pedigree and numbers promise they can deliver. This truly spills right over into the first breeding season guarantee we offer on every bull. While no one can ensure 100 percent problem free experience every time we do everything that we can to eliminate those problems up front before the bulls ever make it to you. But, in the event that there are issues we are always here to stand behind that guarantee.

We look forward to your evaluation of this set of bulls and are very confident you will like what you see. This is a very deep offering and from top to bottom you will find consistency and bulls that will improve your bottom line. Please let us know if we can help you in any way with your decisions on choosing the bulls that will work for you. We will gladly offer all the assistance needed to make sure your experience is a positive one. We hope to see you March 28th at Deer Valley.

Sincerely,
Jonathan Perry

MAKE YOUR CATTLE STAND OUT

You've made a significant investment in your genetics, but does the market recognize that? Stand out by differentiating our cattle with AngusLinkSM programs: the Genetic Merit ScorecardSM and AngusVerifiedSM.

ANGUSLINKSM
**GENETIC
MERIT**
SCORECARDSM

The Genetic Merit Scorecard gives buyers the confidence they need to pay more for your quality calves.

ANGUS
VERIFIEDSM

AngusVerified validates your calves are sired by registered Angus bulls and make your cattle stand apart from other black hides on sale day.

Users of AngusLink programs earn **\$13-15/CWT PREMIUMS** on average. Give us a call, and learn how to claim your competitive edge with AngusLink value-added programs.

ANGUSLINKSM
VALUE ADDED PROGRAMS

ANGUSLINK.COM | 816-383-5100

The Genetic Merit Scorecard and AngusVerified are administered by IMI Global.

If you retain your own replacements, \$M is a crucial figure to consider. It serves as a comprehensive metric for evaluating cowherd longevity, efficiency, and maternal strength.

A higher \$M means a bull's daughters are more likely to:

- Breed up on time
- Raise a good calf each year
- Stay sound and functional longer
- Cost less to maintain (reduced cow size, fewer issues)

Over time, this translates to more profitable, lower-maintenance cows in your herd.

If you retain ownership, sell calves on the grid, or market reputation feeder cattle, \$B is a powerful terminal tool. It summarizes how your calves perform where it really counts — on the scale and on the rail.

A higher \$B means that, on average, a bull's calves will:

- Gain faster in the feedlot
- Eat less per pound of gain
- Grade better (more Choice and Prime)
- Yield more usable pounds of beef

That means more post-weaning value per calf — particularly if you retain ownership to the rail.

\$C is the most balanced, big-picture index Angus provides. Use it to find bulls that deliver maternal dependability and terminal value — especially if your operation spans multiple segments of the supply chain.

A high \$C bull is likely to sire:

- Daughters that breed early, raise good calves, and last longer
- Steers that gain well, convert feed, and hang valuable carcasses

In other words, \$C helps identify bulls that do it all — and help your operation make money in both the pasture and feedyard.

- ★ Big-time figures in this awesome herd sire by the popular curve bender, Williams Hollywood.
- ★ He posted an impressive low birth ratio of 94 along with WR-110, YR-115, and for ultrasound, dominated his contemporaries with a %IMF ratio of 150 along with UREA-115.
- ★ His dam, by the \$475,000 GAR Home Town, records BR 2@97, WR 2@107 and YR 2@109 with %IMF 2@136 and UREA 2@104 and she is backed by the same great high maternal cow family that has produced so many top-end herd sires for the Stevenson program, including Stevenson Turning Point, who is a direct son of Stevenson Pride I167X and in a recent Stevenson Angus Ranch sale, the leadoff bull, Down T Venerate 4036, is from the same prominent cow family.
- ★ An unbelievable set of EPDs for a multitude of traits that rank among the breed's most elite and backed by one of the breed's great cow families.

The maternal grandam of Lot 1.

The influential Pathfinder maternal great-grandam of Lot 1.

Deer Valley Substance 4186 - Lot 2

- ★ Calving ease with exceptional growth and performance with added end-product values in this Hollywood son who posted a %IMF ratio of 124 along with UREA-105.
- ★ His dam, who was selected as one of the elite top-end heifer calves through a past Connealy Angus Ranch sale, serves as a donor in the Deer Valley Farm and Windy Hill Meadows programs where she's earned an ultrasound progeny record of %IMF 6@109 and UREA 6@110.
- ★ Proven genetics to produce added pounds and performance when it counts with the carcass values to hit the CAB premiums.

- ★ This maternal brother to Lot 26 blends the curve-bending marbling traits of Ambitious with the proven power and performance of Growth Fund in the same cow family that produced GAR Home Town.
- ★ He ranks among the breed's most elite for \$C value while also excelling in his combination of marbling and REA traits to go along with his proven performance values.
- ★ Through the fall of 2025, several of his maternal sisters sold as features in the record-breaking DVF Production Sale.

Deer Valley Linda 4752
The \$45,000 maternal sister to Lots 26 and 27.

- ★ Proven power and performance in this son of the popular Select Sires AI Sire, Step Up, who posted WR-108, YR-113 and excelled among his contemporaries with %IMF-146 and UREA-123 – all from a two-year-old Fireball dam.
- ★ He has the CAB credentials to produce a set of calves to gather up all the premiums and a pedigree to make a top herd sire in any program.

★ Low birth and calving ease to go along with extreme curve-bending growth in this Hollywood son who posted a yearling ratio of 106 and excelled among his contemporaries with a %IMF ratio of 136.

★ This pedigree stacking Hollywood and Clarity with the high-income-producing and breed-influencing donor, GAR Progress 830, offers the very best the breed has to offer and in addition to the calving ease and growth, the foot quality and carcass characteristics are exceptional.

Deer Valley Rita 9116

The dam of Lot 36.

Deer Valley Hollywood 46120 - Lot 37

Deer Valley Hollywood 4674 - Lot 38

Deer Valley Hollywood 4684 - Lot 39

Williams Hollywood 700-380

Several sons of this curve-bending growth sire sell.

- ★ One of the neatest-made bulls in the entire offering is this son of GAR Freedom who has the smooth pattern that all cattlemen will appreciate to go along with his impressive high growth EPD profile.
- ★ He weaned with a ratio of 120 while also posting a yearling ratio of 118 along with %IMF-106 and UREA-101.
- ★ He has the herd sire look and is backed by a proven high maternal cow family.

Deer Valley Freedom 4817 - Lot 82

Deer Valley Rise Above 4860 - Lot 89

- ★ The first of two outstanding bulls to conclude the sale offering sired by the \$300,000 RiseAbove.
- ★ This bull excels in his ability to transmit growth and performance values to his progeny with an elite backing of his prominent donor dam who is a direct daughter of GAR Progress 830 – his dam currently has three maternal sisters to this bull in production who weaned four calves with an average nursing ratio of 104.
- ★ An outstanding herd sire candidate with a stellar pedigree.
