Welcome Fellow Cattlemen and Friends.

Welcome to the spring edition of D&W Angus and Friends online sale. On behalf of myself and the consignors we hope you'll join us online at 7:00 pm est on CCI.Live. The cattle market is setting new records and is at the highest point ever. We are all blessed to be in this business to create healthy American Beef!

Every Spring and Fall I enjoy looking through the catalogs and searching for what I call (Plan, Purchase, and Profit). We hope you will take the time to research this catalog and find one lot or two that you also can put a plan in place before purchase then raise or calve out for a hefty profit!

This sale book is full of all aspects of the seedstock market whether it's Opens, Breds, Embryos, Pregnancies, or Bulls, we've got you this year! The Lot 1's you'll have the opportunity to purchase full sisters to the top selling lot at this year's Denim and Diamonds Sale. That 2b lot is as salty as it gets! The pregnancies are the most cutting edge, exciting, and advanced as we have ever offered! Trying to get Avid semen is nearly impossible and having an opportunity to acquire a heifer early is inane but here you'll have three chances! Flush options on two of our foundation donors give you the option to mate and create your next sale toppers. Both donors are proven; they have proven dams and are relevant for the times. The bred cows are mated to calve early this fall. Lot 9 and 14 are really good. On the embryos we think we've got them mated for a balanced epd profile. The phenotype will be there, but that depends on you and the way you feed and the grazing availability you have. If they are fed right, the phenotype will be there (my opinion). This spring we are offering four Bulls. Any of the four will have a great impact on your calves whether it be commercial sales, rail sellers, or covering seedstock. This sale I will offer shipping to the bull buyers that they only pay \$250 to ship anywhere in the 48 states! I'll cover the remaining balance over that!

Again, we hope you'll research this catalog and call us with any questions and more importantly you'll find your (Plan, Purchase, and Profit) lot.

Regards, Jason Fain

*Swarovski is the powerhouse son of RB Lady Denver 167-453 who was the \$315,000 sale topper of the '24 Rhoades Ranch sale. In person this bull maintains a huge hip and middle rib on top of extra length of spine. He is free in his movement and could fit most animals for his stature and size. As you study his data this bull separates himself from the breed as he is one of only three bulls with his levels of Claw and SC. Also, he is one of 2 bulls in the breed for his levels of MB and RE EPD. He is in the top 200 sires for Teat and top 280 sires for Uddr EPD. As you combine Teat, Uddr, Claw and SC, there is no other bull in his category. With 99 genomic progeny on file this bull brings muscle, maternal, management, and carcass traits together unlike any we have seen before.

Flush sister to the \$200K sale topper at the recent Denim and Diamonds sale purchased by Pollard Farms and Boston Valley Farms. Sired by the \$600K Circle F and 44 Farms' Byrd Bullseye A100. Her dam, 2381, is quickly making a name for herself by enhancing genomics, as she has 5 different sire matings that are averaging over 420 \$C. Her granddam, 7096, needs no introduction. Rita 5053 ranks in the top 1% for CW, Marb, RE, \$F, \$G, \$B, and \$C. Very impressive spread of double-digit CED, BW, WW to YW!! Completing this very impressive young donor that puts it all together is she carries the -PAP at -1.57.

• What an opportunity here! A heifer pregnancy by the \$1.3 million Grimmus Genetics and Wilks Ranch herd sire, Wilks Avid, out of 2381. The sire to this mating is scorching hot and semen is very limited. When you stack a pedigree up with 1034, 7096, 6095, E093, and then add what the genomics will read with the phenotype expected... Exciting! Due 11-13-2026 in a reliable recip.

- Offering a heifer pregnancy from the \$1.3 million-valued Grimmus Genetics and Wilks Ranches herd sire, Wilks Avid! The last three semen sales on average, as of this writing of the sale book, of Avid have gone for 16K per straw. The 165 female loves to pass on high genomic testing to her progeny, and this mating may be the highest and most valuable to date.

- Selling Choice of Lots 5A and 5B
- 5A and 5B are flush sisters that were created when we purchased a flush from P233 at Peterson Prime in MO. The dam of these heifers, P233, is a maternal granddam to the \$520K 2 Bar Grid Maker 3686 donor at Circle F, 44 Farms, and JB Farms. 5A has a top 1% TEAT, Marb, \$B, and \$C. 5B has the better BW to Yearling spread. Top 1% for DOC, Marb, \$B, and \$C. Sired by the growing in popularity, \$315K Rhoades Swarovski 3007. Choosing one over the other will make for a hard sale day!

- **A&B Angus**
- Absolutely the most complete daughter of Rhoades Swarovski 3007 to date. When you sort the Angus database for her unique combination of CED, CW, Marb, RE and \$M, she is the only one. An exquisitely made heifer that shares her full sister's maternal traits combined with a little more emphasis on carcass while also being a 100% phenotypically pleasing female. She currently ranks as the #1 \$C Swarovski daughter in the breed. This young lady is an extremely valuable breeding tool.
