# Welcome Cattlemen!

We would like to invite you to attend our annual Performance in the Pasture Production Sale. We are grateful that you have chosen to take a look at the bulls and females we are offering. We are proud to offer cattle that are “flexible”—no matter what your goals are--- selling calves at weaning, retaining cattle through the feedlot, or retaining heifers, the bulls and cows in these pages can help you move your herd forward. We accomplish this by focusing on cattle with a balanced EPD profile, with a special focus on high growth, superior marbling combined with genetics to sire fertile and productive replacement females yet are cattle that are good to look at.

We hope you can be with us on sale day. If not in person, check out the sale on CCI.Live. Bulls will sell first, and we will follow with the spring bred pairs, followed by fall bred cows. This offering incorporates genetics from our most elite cow families. To get to know our program better, below are some bullet points to help share a little about us.

- Angus cattle are the bread and butter of our livelihood. A day does not go by without a cow in it, and we wouldn't have it any other way.
- We believe in feeding cattle. All our bottom end bulls are sorted off and go through our feedlot. Their weights are recorded in the contemporary groups that these bulls are members of.
- All our commercial cattle are all bred to Meyer Cattle bulls, and we can watch them perform all the way through harvest. Additionally, we retain our heifer calves thus allowing us to see and watch the mother cows they become. As you can see, we try to watch our cattle at all parts of their life and how they perform allowing us to make the best breeding decisions possible to produce cattle that we can be confident in.
- We believe that EPD's are an important selection tool, and all cattle have been genomic tested which improves the accuracy of the genetic predictions and confirms parentage.
- Take note of the EPD averages of the bulls. You will notice a balanced EPD profile with many who will sire calves that will meet the CAB® brand.
  - Customer service is important to us. While this is not a life insurance policy or a free pass for mismanagement, we always try to live by the golden rule and do our best to have you as a repeat customer.

We are excited about the cattle, and so are the people that help us get them to the sale. The team here at Meyer Cattle are just as passionate about the cattle as Michele, Lexi, Jax and I are. Gavin Deters, Luke Cannon, Levi Wommack, Grant Hatton, and Cody Aslin truly help us make things happen on the farm. We are so grateful for them. James Morris and Gregg Billybob Zurliene are essential to the operation at the San Angelo Farm. Also, Mike and Tanner Ellison help us immensely get the cattle clipped and presented and continue to do a great job for us.

Join us Friday, April 3 at the farm for food, Angus fellowship, and good Angus cattle. We appreciate you and the relationships we have built. There are no better people than cattle people and we look forward to continuing our Angus relationships.

*the* BROCK MEYER FAMILY

# CARING FOR YOUR BULLS

by Sally Anthonett

When you get your performance-tested bull(s) home, observing these management practices will result in the best reproductive performance.

## FEEDING

Remember, the bull is a yearling or long yearling and still has some growing to do. Feed the young bull well. Hay and grain plus a protein supplement will be adequate. You should feed five to ten pounds of grain and one to two pounds of protein supplement in addition to full feed of good quality hay from now until the start of the season. Continue to feed liberally so the bull will grow out well.

## BREEDING SEASON

Plan to use the new bull in a restricted 45-60 day breeding season the first time. Observe him closely to be sure he is servicing and settling females.

## NUMBER OF COWS

The yearling bull should be used on a minimal number of cows or heifers. The number should be governed by his age at the start of the breeding season. The following is a guide:

## MANAGEMENT + HOUSING

The bull should be kept in a well-fenced lot prior to and following the breeding season. A shed or other natural windbreak should be provided. Supply plenty of clean water and minerals free-choice. Treat routinely for lice and grub worms. Run bulls together with caution. Bulls of similar age which have bred cows together will usually work. Check for any unsoundness which might develop. Test annually for Brucellosis and Leptospirosis. Vaccinate for IBR, PI3, BVD and Lepto.

BULL'S AGE	# OF FEMALES
12 to 15 Months	10 to 12
15 to 18 Months	12 to 18
18 to 24 Months	18 to 25
24 Months & Over	25 to 35

## the MEYER CATTLE VACCINATION PROGRAM

**VIRASHIELD 6 VL5+HB**  
(IBR, BVD, BRVS, PI3 AND VIBRIO/LEPTO)

### DECTOMAX POUR ON

All bulls have passed their respective semen tests.  
All 24 month bulls have been tested free of Trich.  
All bulls have been tested for PI BVD and found free.  
All animal health conducted at Meyer Cattle is with recommendations and consultation from:

**DR. DAVID HUDSON**

*Canton Veterinary Clinic, 573-822-2855*

# PERFORMANCE *in the* PASTURE

FRIDAY, APRIL 3, 2026 | 6:30 PM CST | MEYER CATTLE COMPANY HEADQUARTERS | BOWLING GREEN, MISSOURI

## LOCATION

14353 HWY 61 EAST OUTER ROAD  
BOWLING GREEN, MISSOURI 63334

*The facility is located North of Bowling Green on HWY 61.  
Take the east outer road North for 3/4 of a mile.  
The facility will be on the right.*

## SALE DAY PHONES

Brock Meyer.....573-808-0624  
Michele Meyer.....573-694-1622  
Lexi Koelling.....573-777-0327  
Don Birk.....417-860-8595  
Jordan Hunter.....417-224-6296  
Gregg "Billybob" Zurliene.....618-599-2263

## AUCTIONEER

Clint Hunter.....417-860-1624

## SALE REPRESENTATIVES

John Sutton.....702-336-4713  
Adam Conover, *American Angus Association*.....816-676-8560  
Julie Conover, *Missouri Angus*.....734-260-8635

## TERMS + CONDITIONS

Terms are check or cash, unless prior arrangements have been made before the sale. Cattle sell under the Terms and Conditions of the American Angus Association.

## SUPPLEMENT SHEET

An updated sheet will be available on sale day and will supercede any information printed in this catalog.

## BREEDING GUARANTEE

We believe all bulls to be fertile and have passed a breeding soundness exam 30 days prior to the sale. All bulls sell with a first breeding season guarantee. Breeding season is defined as 90 days after the first day the bull is exposed to cows. Bulls selling for \$4000 or more are guaranteed against breeding injury for the first season, defined as a 90 day period following the first turnout of the bull. The bull may be replaced with another bull if one is available. Or a credit may be given for the next sale less the salvage value of the injured bull. Please notify us as soon as the injury occurs and prior to the bull being sold. Replacement bulls are not covered by this guarantee. This policy does not cover neglect.

## EXPRECTED PROGENY DIFFERENCES

EPDs listed in the catalog are current at the printing of this catalog. Bulls with the HD50K logo have been tested and have Genomic Enhanced EPDs for increased accuracy. All EPDs listed in the catalog are current as of February 23, 2026. For updates, visit [www.angus.org](http://www.angus.org).

## LIABILITY

All persons attending the sale do so at their own risk. Meyer Cattle Company assumes no liability for accidents, theft or damages occurring at the sale facility. Additionally, all cattle are considered sold after the sale.

## DELIVERY

Bulls and females are ready to be loaded upon purchase.

## INSURANCE

Sheila Jensen.....785-262-1116  
James Bessler.....815-762-2641

We encourage the purchase of livestock mortality insurance to protect your investment. Any bulls left under the care of Meyer Cattle Company should be insured under the new buyer. Meyer Cattle is not responsible for injury occurring after the sale of the cattle.

## SIGHT UNSEEN POLICY

We will guarantee the complete satisfaction of all sale lots purchased sight unseen. All bids will be handled with the highest appropriateness and confidentiality.

## VIDEO AUCTION SALE PROCEDURE

All animals selling will be penned at the sale facility. The auction will be conducted inside the barn at Meyer Cattle Company. A video of each sale animal will be played on large screen displays as the respective animal sells. Cattle will not come into the sale ring. Please arrive early to view the sale offering. The auction will be available for viewing and bidding online through [cci.live](http://cci.live).

## HEALTH

Cattle will have health papers for out of state purchases. All bulls will have a current breeding soundness exam and are semen tested.

## COMPLIMENTARY MEAL

A beef dinner sponsored by Pike Feeds will be available on sale day beginning at 5:00 PM CST.

## 30+ YEARS IN BUSINESS

Serving ALL livestock producers throughout Illinois and Missouri  
Manufacturing complete feeds, grain mixes, show feeds, supplements,  
balancers, minerals, premixes, and custom formulation

## ACCOMMODATIONS

This was the most anticipated calf of 2024. Out of Lexi and Jax's heifer "Seven" who was the Reserve Grand Champion Heifer at the North American International Livestock Expo in Louisville, KY. "Five" is his name and we believe him to be so very special. Stout made, deep bodied and so structurally sound. If Jax was a year older, he would show this bull. He is super complete, sound, and gentle.

When we purchased EXAR Cash 3622B with Basin Angus, this bull is what we were hoping for. Growth, big middled, and he breeds the cattle up. We like this bull a lot. Heifer safe, yet doesn't sacrifice growth.

These Veracious x 057 sons are outstanding. Serious cattlemen should do their homework on these full sibs. Take your pick because these are really good and will change your herd. Lot 46 is growthy with milk and carcass in a calving ease package. He ratioed 116 at weaning and 14 at yearling. This is a good bull.
