This has quickly become one of 4312's most potent and proven matings. A full sister was our top seller just a year ago to Emma Roberts. That went on to be Reserve Division Champion in Tulsa. Both these heifers are really good, but each a little different. The A heifer is very well-balanced and is extremely attractive fronted. The B heifer is the biggest-bones and stoutest-featured of the two, and has great body shape.

TERMS: All cattle in this sale sell under the sale terms as written by the American Shorthorn Association. Updates will be available on sale day.

PAYMENT TERMS: Terms of the sale are cash or check made payable to Aegerter Marketing Services, Inc., immediately following the sale and before the cattle are removed from the premises. Purchasers or their representatives must sign the bill of sale prior to leaving the sale.

BILLED ACCOUNTS: All billed accounts are due and expected within 10 days of the sale date. At 10 days, a two percent service charge will be added to the unpaid balance and an additional two percent will be added every 30 days thereafter.

This is a pair of really nice full sisters. A full sister to these females topped Greenhorn's sale in 2024 at \$50,000, and went on to have an impressive show record, highlighted by her Reserve Grand Champion B&O at last year's Junior Nationals. The A female's flawless structural design and maternal, classy look should earn her her own accolades. The young B female has the pieces and the pedigree, and now needs time. We believe she will change as much as any between now and the sale.

This heifer might be the most dominating individual of any of the previous heifers from this mating. She's truly a future donor. Our highest grossing donor Toni is also an Emily x Charisma.

LOT 9B - 3N represents what this mating offers, stoutness but still clean jointed in a structurally sound package, great bodied with a distinctive look. The mating options on the Charisma daughters are endless. The champion cow calf pair at Junior Nationals in 2025 was out of an Emily Charisma daughter.

This female has the extra frame size and growth to mate so well with today's more moderate bulls. And how have we not said a word yet about her service sire, Byland Ultimate.
