All bulls have been: genomically tested via AngusGS, parent qualified, and fertility tested.

See Branch View Herd Health for vaccination schedule. At checkout you will receive an invoice and Breeding Soundness Evaluation. Approximately 2-3 weeks after the sale you will receive registration papers that have been transferred into your name.

Branch View Bull Guarantee

BV bulls are guaranteed for first breeding season. This is not death insurance. If your bull becomes unable to service cows in the first breeding season as determined by your vet, we will issue a comparable replacement, if available, or credit (minus salvage value) against a future purchase. Claims must be made by January 1st either with vet statement or by returning the bull.

Branch View Bulls EPD Comparison

High growth genetics combined with a functional, efficient cow herd maximize YOUR profit. The performance EPDs of our bulls rank in the top percentiles of the Angus breed while ranking near breed average for maternal traits. You can have high performance cattle and a highly maternal herd! The genetics of your herd bull will be one half of the genetics of your steer crop AND the heifers you retain.

EPD average of bulls selling

	EPD	% in Angus breed
Weaning Weight	89	10
Yearling Weight	150	10
\$W	89	10
\$F	115	20

Udder	0.55	50
Functional Longevity	1.06	55
Mature Hight	92	30
Mature Weight	0.6	35

Branch View Bull Data Collection

For over twenty years we have taken multiple measurements on our herd and turn into the American Angus Association. These measurements provide data to assist in the calculation of each animal's EPDs. Each year we turn in over 6,000 data points, plus DNA, to insure the EPDs on our herd are as accurate as possible.

Birth

- 1 Weight
- 2 Calving Score
- 3 Dams udder score

Weaning

- 1 Weight
- 2 Height
- 3 DNA collection
- 4 EID tag
- 5 Dams weight, height, BCS, disposition

Yearling

- 1 Weight
- 2 Height
- 3 Feed test data
- 3 Disposition
- 4 Foot score
- 5 Ultrasound-ribeye, IMF, back/rump fat

Branch View Herd Health

All females two years and older have tested negative for Johnes.

All animals have been ear notched and tested BVD free.

Calves at 4 months

- Vision 8 Somnus
- Virashield 6
- Endovac Beef
- Cydectin Pour On
- Ear notch & BVD-PI test

Cows: April 1/November 1

- Virashield 6 + VL5HB
- Cydectin Pour On

Bulls: Weaning, Yearling, Pre-sale

- Virashield 6 + VL5HB
- Vision 8 Somnus
- Cydectin Pour On

Calves at 7 months

- Vision 8 Somnus
- Nasalgen 3-PMH
- Endovac Beef
- Cydectin Pour On

SELLING

180+ Commercial females

Approximately 1:30 pm EDT after bulls

32 Fall Bred Cows

55 Fall Bred Heifers

100 Spring Open Heifers

As we have done for years, we offer to keep the spring open heifers and breed one time AI. There is no charge for this service. Heifers will be available for pickup on May 15.

These commercial females are purchased from BV bull customers. The steer mates and lower end of heifers were fed at Beef Belt Feeders, Kansas and harvested at National Beef, Dodge City, KS.

All commercial heifers have been tested with Genemax Advantage. They sell with Angus \$Values like the bulls.

UNLOCK YOUR HERD'S GENETIC POTENTIAL

WITH **GMX**
GENEMAX Advantage™

A GENOMIC TEST WITH INDIVIDUAL TRAIT REPORTING AND ECONOMIC INDEXES

GENEMAX ADVANTAGE IS THE ONLY TEST THAT DELIVERS THE ANGUS \$VALUES - THE GOLD STANDARD IN BEEF CATTLE GENETIC SELECTION.

Calf Purchase Program

We want to help all our customers maximize the value of their calf crop. Tim Dietrich serves as our Director of Commercial Relations. Tim spent over twenty years as the Beef Cattle Marketing Specialist for the Kentucky Department of Agriculture.

Please contact Tim if you would like to learn more about Branch View and the added value services we provide
 Tim Dietrich / Director of Commercial Relations
 859-619-0342 / tim@branchviewangus.com

We bought over 1,300 Branch View sired calves the last two years, returning more than \$100,000 over Kentucky market average to our bull customers. The commercial heifers are represented in our sale, and the steer mates were fed at Beef Belt Feeders, Kansas and harvested at National Beef, Dodge City, KS. We return individual carcass data back to our bull customers for use in improving their programs. We DNA parentage verify all steers and turn the harvest data into the American Angus Association for use in improving the EPD accuracy of our customer's herd bulls.

ANGUS LINKSM
 VALUE ADDED PROGRAMS

While our goal is to produce outstanding bulls, we cannot do that without an efficient and productive cow herd.

Since 2018, we have been participants in Maternal Plus. A voluntary whole herd reporting program that gives us the tools to monitor and improve our cow herd. The records below are used in EPD calculations that allow us to identify and avoid potential problem animals.

Whole herd reporting

- Maintain an accurate cow inventory with the American Angus Association
- Report breeding dates and sires
- Report animal disposal dates and reasons such as cull, death, or other reason.
- Allows us to identify consistent problems and minimize or eliminate the cause.

Cow score at weaning

- Weight, height, body condition and disposition
- As we increase calf performance, maintaining appropriate cow size is vital for our customers.

Foot score

- Record annually and cull animals with poor scores.

Udder score

- Record at calving and cull animals with poor scores.

Saturday • April 11, 2026 • Noon

Branch View Angus
 927 Old Liberty Pike | P.O. Box 327 | Hustonville, KY 40437
 branchviewangus.com | james@branchviewangus.com

Bulls will sell first, followed by females at approximately 1:30 p.m.

New this year: we will sell registered and commercial classes of females consecutively. For example, registered fall bred heifers will sell first, then commercial fall bred heifers.
