SALE BOOK PREPARED BY:

Parker Friedrich Marketing & Consulting
566 Hillcrest Dr., Stephenville, TX 76401
254-413-2420 mob • 254-968-8162 fax/home
parkerfriedrich@earthlink.net

TERMS AND CONDITIONS:

The cattle will sell under the standard terms and conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf). All announcements from the auction block take precedence over printed materials.

SHIPPING:

Buyer is responsible for the cost of shipping embryos. Embryos are at Trans Ova, IA and are ready for immediate release upon payment. On embryo purchases exceeding \$20,000, BCC will pay for shipping.

EMBRYO GUARANTEE:

BCC will guarantee one pregnancy per three embryos if paid for within 30 days and put in by a certified technician.

BYRD CATTLE COMPANY, LLC

Dan Byrd: (530) 736-8470 | Ty Byrd: (530) 200-4054
P.O. Box 713 · Red Bluff, CA 96080
byrdcattleco@hotmail.com | www.byrdcattleco.com

Welcome to the Byrd Cattle Company April Frozen Genetics Sale! This special embryo offering includes new matings we've never offered before from our most valuable donors and "in demand" sires. The selling price of ultra elite "hard to make" cattle that combine phenotype and genotype in a complete package continues to be astronomically high! These embryos offer you the opportunity to create those super valuable cattle for a dime on the dollar – and put your own prefix on them!

Something that makes us "Distinctly Different" is the tremendous opportunity in this sale. We allow the buying public access to our very best donors with absolutely nothing held back. You have the opportunity in this sale to buy full sib embryos to cattle we – and other Angus breeders - have marketed or will market in the near future for a substantial amount of money. The potential ROI in these embryos is simply unmatched – Every mating in this sale has the potential to produce sale toppers and Lot 1 features! In the fall 2024 Big Event, Express & Spruce Mountain sold an \$85,000 ½ interest female that was the result of an embryo purchase in one of our sales. The Lot 1 female in the inaugural Circle F Sale last October was the result of an embryo purchase made in one of our sales, as was the dam of an \$80,000 sale feature at Smith Valley in the fall of 2025. This is your chance to create full & maternal sibs to highly valuable, "name brand" cattle!

These are the same matings we are putting in ourselves this spring at BCC and they are designed with the future in mind - we don't make breeding decisions based on where this business is today; we focus on where it will be in the future when calves from these embryos are ready to be marketed. With a one pregnancy guarantee per embryo package, the downside is practically non-existent, while the upside is monumental!

While many of these embryos were made using semen reverse sorted for females (about 90-95% accurate), there are some that are unsexed. We would be happy to work with you to market any bull calves that result from your embryo purchases – just reach out to us and we'll be happy to discuss the details. As always, we'll guarantee one pregnancy per three embryos if paid for in 30 days and put in by a certified technician. We realize you may want to get these embryos in quickly; therefore all embryos are ready for immediate release from Trans Ova, IA upon payment.

Thank you for your interest and please call with questions-

The Byrds

The Byrd Family

EPDs contained in the hard copy of this sale book were current as of print date. Digital versions of this sale book can be viewed online at www.angus.org and will have EPDs updated every Friday with the exception of EPD references in footnotes and photos. Any PDF downloads from the website will contain EPDs current as of the date downloaded. References: American Angus Association®, AHIR®, AngusLink®, CAB®, Pathfinder®.

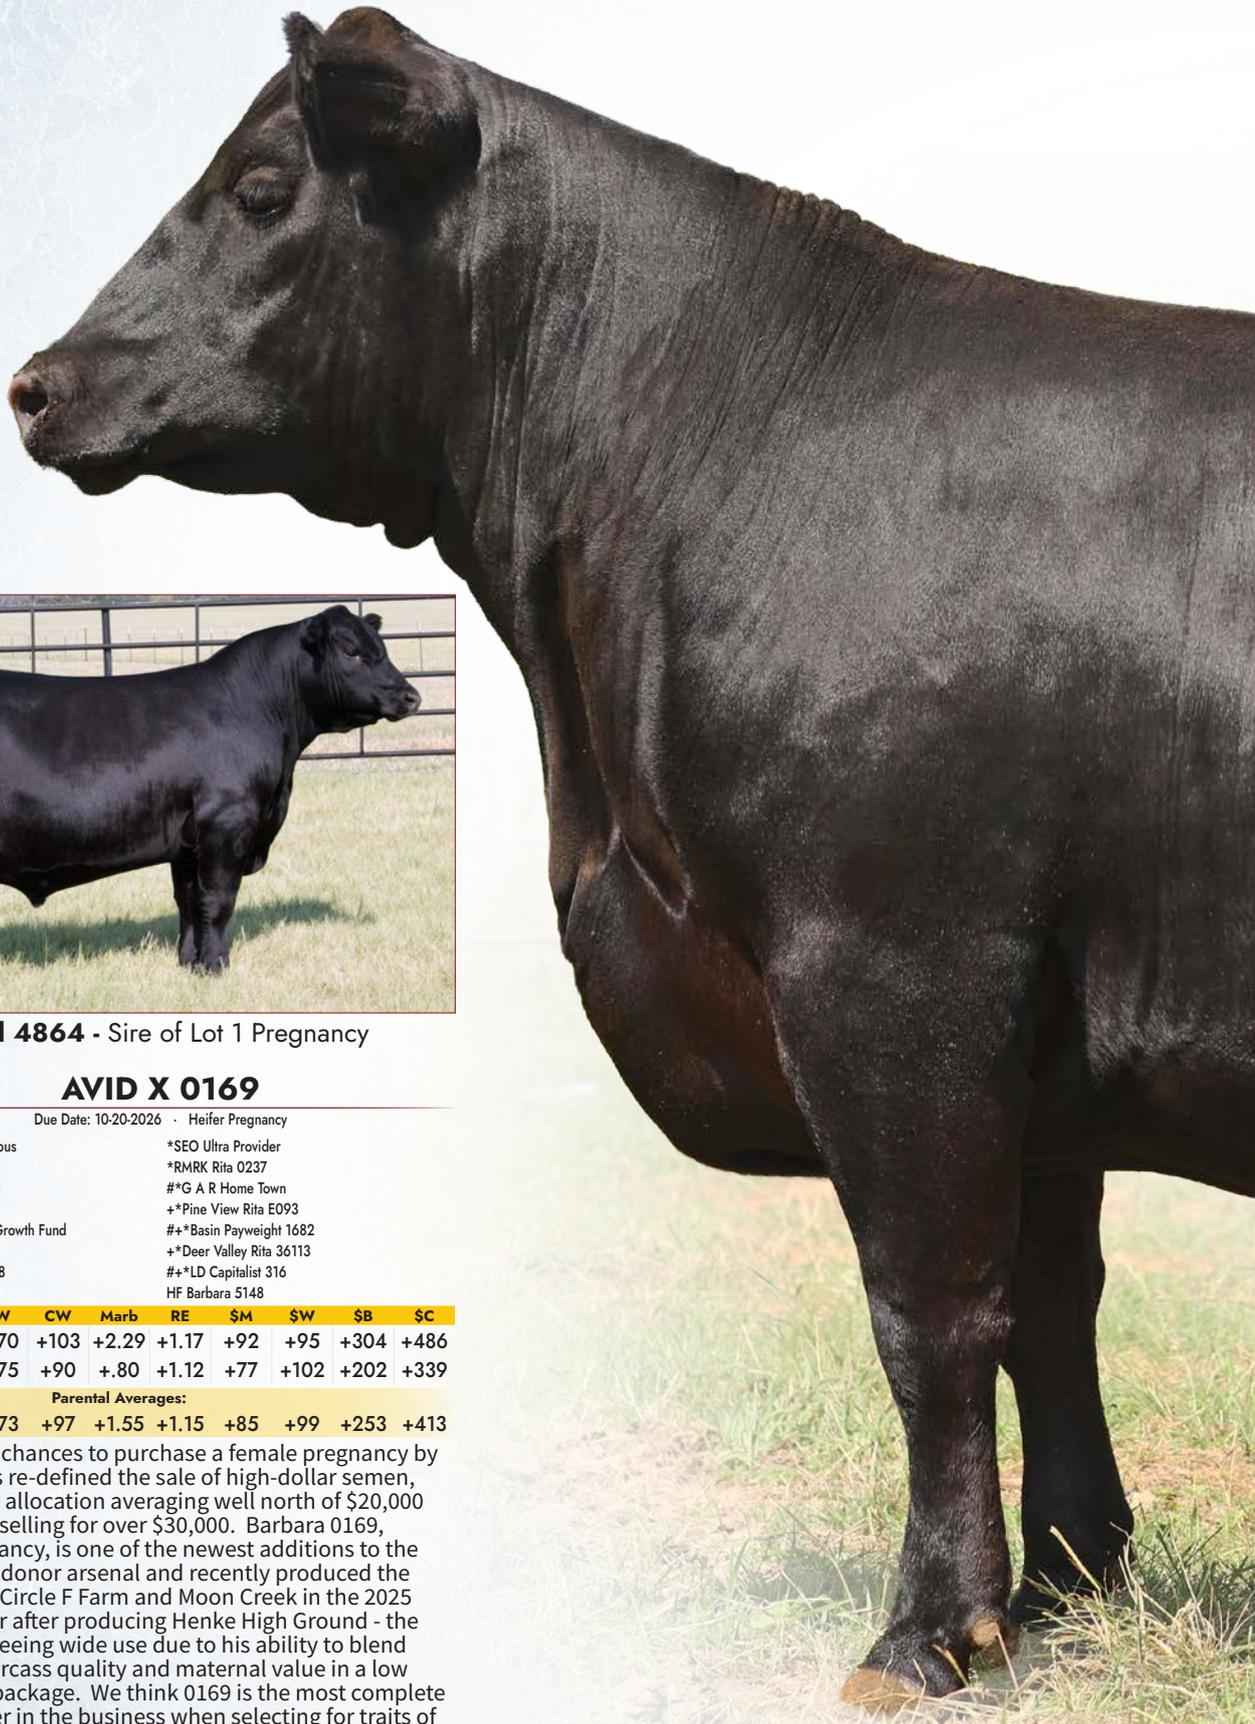

The image features three black cows standing in a field, arranged vertically from top to bottom. The cows are shown in profile, facing right. The background is a soft-focus field of grass. The text is overlaid in a white, cursive font.

This is one of the first chances to purchase a female pregnancy by Avid, the bull who has re-defined the sale of high-dollar semen, with his initial limited allocation averaging well north of \$20,000 per unit and one unit selling for over \$30,000. Barbara 0169, the dam of this pregnancy, is one of the newest additions to the Byrd Cattle Company donor arsenal and recently produced the \$150,000 selection of Circle F Farm and Moon Creek in the 2025 Henke Fall Sale, a year after producing Henke High Ground - the \$130,000 bull that is seeing wide use due to his ability to blend convenience traits, carcass quality and maternal value in a low birth, eye-appealing package. We think 0169 is the most complete Growth Fund daughter in the business when selecting for traits of economic importance. With daughters working at 4 Sons, Galaxy, Henke, De-Su & Circle F, and daughters soon to be born at Katie Colin & Express Ranches, 0169 is about to become a household name in the Angus world. Don't miss your chance to be on the front end of something special!

It's not every day you have the opportunity to put your prefix on sibs to breed icons!! The Lot 2's will be maternal siblings to the \$350,000 valued True Balance, the lead bull at ORigen and the go-to bull in the breed today for creating eye appealing cattle with big data and unmatched demand. Anticipation, the \$400,000 half-interest Lot 1 highlight of last fall's Big Event at Express, is a maternal sib to the Lot 2's (and full sib to the Lot 2D's), as is the high selling open heifer of our 2025 fall sale at \$140,000 selling to Express & Callahan. The dam of the Lot 2's, 9204, topped our sale last fall at \$215,000 for half-interest to 4 Sons, and Kern Cattle bought her \$65,000 high selling heifer pregnancy that day by Wallace. In the 2025 National Finals Angus sale in Las Vegas, 4 Sons sold a \$57,500 heifer pregnancy by Grand Slam to Katie Colin Farm. Here's a "can't miss" opportunity to position your program at the absolute top of the Angus Mountain!

Wilks Princess 3266 Pregnancy & Embryos

If you're a fan of data, it doesn't take long to realize 3266 is one of the most unique females in the Angus breed. She is a low birth, high CED female that is simply a "way out there" outlier as she ranks in the top 1% of the breed for \$M, \$G and \$C, while ranking in the best 10% of the breed for \$EN at +12. When you run a very basic sort with her levels of Marb, RE, \$M, \$G and \$EN, she's the only animal in the breed. 3266 was a \$60,000 half-interest feature of our September 2025 sale, going to Betts Angus and Loose Arrow Ranch, while a daughter sold to Bear Hill Cattle Company for \$32,500. 3266 produced the two high selling embryo packages of our recent February embryo sale going to Lanas Smith and The Hay Ranch, with other packages going to Billy Cook, 6X Dairy and Guess Cattle Co. Three embryos out of 3266 by Ambitious were highlights of our February 2025 embryo sale, commanding \$12,000 each to the Hay Ranch. These 3266 matings could well be set up for a genomic explosion!

PAR Barbara 2135 Embryos

2135 is a "hidden gem" with just her second embryo offering available in this sale. We purchased her and her heifer calf as the \$42,500 high selling pair of the 2024 Percy sale. A year later, in our fall sale, that heifer calf sold as the #1 \$C Heat Seeker daughter in the breed for \$70,000 to Three Trees Land & Cattle and is now working as a donor in the Peak Genetics program as well. You don't often find cattle that look like 2135 with a data package like hers!! 2135 sold some of the highest priced embryos in the February sale to M & R Angus and The Hay Ranch – join them and get out in front of the pack before we sell 2135 as a feature of our September 2026 sale!

PAR Barbara 2135 Embryos

PAR Barbara 2135 - Dam of Lots 4A-4C Embryos

MCC SuperMama 6276 - Dam of Lots 5A-5E Embryos

6276 - The “Legend,” the “never miss cow” of the Angus industry, the “Angus Unicorn” – no matter what you call her, SuperMama 6276 is simply the most unique cow in the breed today and is as dominant as any female in Angus history when it comes to genomics, proven feed efficiency, performance and phenotype. In the past three BYRD fall production sales, SuperMama 6276 has accounted for almost \$1.5 million of direct progeny sales, with 16 partial interest daughters averaging just over \$55,000 and half interest in 35 sons averaging just shy of \$15,000 each. Those progeny included the 2024 high selling full interest female at \$170,000 to Circle F Farms, the \$150,000 half-interest high seller in 2023 to Katie Colin Farm, the 2023 high selling \$105,000 two-thirds interest bull to the Fault Free Group, the 2025 high selling \$65,000 pair to Bar KJ, the 2024 high selling \$60,000 half-interest yearling female to Karen Rae Combs Ranch and the 2025 high selling bred heifer to Wilks Ranches. SuperMama 6276 has sold \$499,400 of embryos and pregnancies in the last eight Byrd embryo sales, including the \$57,000 sale topper in our 2025 February Frozen Genetics Sale to Circle F. In the 2023 National Finals Angus Sale in Las Vegas, she sold a \$22,500 pregnancy to 4 Sons, while in the 2024 Vegas sale her daughter owned by Circle F Farms sold a \$50,000 pregnancy to Express. Don't miss this opportunity to add building blocks for your future—invest in genetics from the living legend!

These embryos are out of the \$250,000 valued selection of Circle F in the 2024 National Finals Sale. 2B43 is the most numerically advantageous of the full sisters to two of the hottest sires in the breed today, the \$1 million valued FF Rito Hustler and the record setting FF Rito Ambitious owned by Express, Pollard, Spruce Mountain and Riverbend. Want embryos that'll "pop" to the top of the charts for \$C? The highest \$C heifer calf in the 2025 fall borns at BCC is a full sister to the Lot 7F embryos (21343662), and six out of 12 of 2B43's progeny currently exceed +400 \$C. Circle F sold a \$40,000 pregnancy to Express in their October sale out of 2B43. Don't miss your chance to tie in to a special cow with built in marketability and ride the path to profitability!

BA7 Oaks Erica J04 Embryos

BA7 Oaks Erica J04
Dam of Lots 8A-8F Embryos

Erica of Ellston T220
Granddam of Lots 8A-8F Embryos

You'll have to look long and hard to find a more visually stunning female than J04—and her pedigree couldn't be more "right for the times" being out of the deceased T220. J04 is a full sister to Bold Ruler at Alta and a maternal sister to Grindstone, War Cry and Sharpie. A Wallace X J04 pregnancy was a \$25,000 highlight of our recent September sale going to Kern Cattle, and her embryos topped both the embryo division of our September 2025 sale and our 2025 April Opportunity online sale. A full sister to J04 produced the \$120,000 top selling bull at Galaxy Beef last fall, and a maternal sister to her produced the high selling bull in their March 2026 sale. Even though J04 wasn't on display at the September sale, plenty of folks went and found her and came back raving about how good she was. We are as excited about J04's potential as we've been about any female in a long time, and she will likely highlight our fall 2026 sale. If your goal is to make big numbered cattle that have an exquisite look, these matings demand your full attention. Check out the paperwork on this J04 daughter – 21487594 – she's a full sister to the Lot 8E embryos!

Basin Lucy 8108 Embryos

Basin Lucy 8108 - Dam of Lots 9A-9D Embryos

8108 was our \$80,000 half-interest selection from the 2023 Fall Basin Female Sale. In the 2024 Basin Bull Sale she produced Basin Boaz, the \$110,000 high selling bull to Grimmus Cattle, a \$55,000 son to Krebs Ranch and a \$20,000 son to Belle Point. Not only does 8108 transmit tremendous depth of body and powerful phenotype to her progeny, she is a DNA upgrader that produced sons with the highest and second highest \$C indexes ever recorded in the Basin herd. In the Inaugural Basin embryo sale in February 2026, 8108 produced the six highest selling embryo packages, with her embryos selling for almost double the average price. This cow is the real deal!

Second time ever offering embryos out of 0065, the dam of the \$165,000 selection of Lanas Smith in our 2024 sale and her \$145,000 valued full sister selected by 3/0 Cattle in our 2025 sale who sold that day as the #2 FL EPD female in the breed by True Balance. A True Balance flush brother was a \$25,000 highlight of our 2025 bull sale, while Pollard Farms bought an outstanding Top Cut daughter here in 2024 that was a featured donor dam in their fall 2025 embryo sale. 0065 caught our attention as a two-year-old when she raised a monster bull calf by Baldrige Alternative who was the phenotypic standout and one of the high sellers of our 2023 bull sale. Pull up these progeny—20934432, 21059021, talk about number them up and add a classy look—from a donor dam who has earned it the hard way!

BYRD DixieErica TB 0065-4023 - \$165,000
 Maternal Sister to Lots 10A-10D Embryos

BYRD DixieErica TB 0065-4569 - \$145,000
 Valued Maternal Sister to Lots 10A-10D Embryos

4 Sons Erianna 5K24 Embryos

4 Sons Erianna 5K24 - Dam of Lots 11A-11BB Embryos

4 Sons Erianna 5K31 - Full Sister to Dam of Lots 11A-11BB Embryos

5K24 is a neat made Surpass daughter that descends from the \$300,000 valued HR Erianna 8193. A flush sister to 5K24 that is the #1 \$C Surpass daughter in the breed sold in the 2024 Wilks Sale to Galaxy Beef & Smith Valley for \$90,000, and she produced two of the three high selling open heifers in the 2025 Gabriel Ranch Female Sale at \$160,000 to Express, Nowatzke and Spruce Mountain and \$52,500 to 4 Sons – those heifers are full sisters in blood to the Lot 11B and 11BB embryos here. The potential in these matings is unlimited.
