*"Have I not commanded you? Be strong and courageous.  
Do not be frightened, and do not be dismayed, for the  
Lord your God is with you wherever you go."*

*- Joshua 1:9*

*Dear Cattle Friends,*

**Wow!** As I looked back over the 2025 welcome letter, I thought of the phrase, “*The more things change, the more they stay the same.*” While our lives here at Thomas Ranch were turned upside down on August 19, 2025, the “Thomas Ranch Family” (that includes both biological family and “chosen family”) all stepped up and kept the wheels turning.

Harry & Kay, Clint & Cally, Laura Tostenson, Andy, Danielle, JW, Jady LeDoux, Rafe Wientjes (and Ryley!), Tony, Dilly, Paton (Jada), Landon, Jessie Coyle, Daphne Davis, Nick Bonilla, Jamie & Jen Nye, Mike, Renee, Cole, Darci, Anika & Reona Kindred. Our co-operators: C&S Cattle, Bruce & Jana Bradley, Freking Cattle with Jason & Darcy Krick, Travis & Sage Hofer, and Dockter Farms - Austin & Jordan. Dr. Dan with Famo Feeds, Dr. April Schilder and the Prairie View Vet Clinic crew, Farm Credit for helping with cooking, along with Loren Hansen with Crop 1 cooking. Ryan Dolieslager, Morgan Zeltman-Jones, John Reasor, Kyla Fawcett—and many more we are sure we are forgetting to mention—**THANK YOU.** Thank you for stepping up and helping move us into the next chapter for Thomas Ranch as we continue learning a new normal here.

Just like last year, markets continue to be good for the beef industry. Cattle numbers in the United States remain at an all-time low. Heifer retention for herd growth is rising, but at a slower-than-anticipated rate. With high market prices, this is no surprise. This truly is “the time of our lives” in the cattle industry, and you—the cattlemen and women—deserve it.

One of the most exciting developments so far in 2026 is that the food pyramid has been “flipped.” Protein is now at the top of the food pyramid. This is great news for the beef industry, and we need to work to keep beef there. Years ago in this letter, I wrote that when people around the world see increased income, the first thing they purchase for their families is better protein. Most of the time, that better protein is BEEF. Even when times seem tough for some, people continue to choose BEEF.

We have been working hard here at Thomas Ranch to produce balanced, functional bulls that work in a variety of conditions in real-world operations. We do this by using genomics along with phenotype to produce the kind of cattle the North is known for. This spring we have been out in the countryside purchasing some exciting bulls that we are excited to put to work in our program. We take pride in offering cattle we stand behind and use ourselves.

The word we have been trying to live by (*probably not always successfully, but we are trying*) is **GRACE**. That’s a word—and an action—we can all work on. Grace is the free, unmerited favor of God. We’ve been blessed by all of you through your kind words and actions as we continue to move forward.

**God Bless,**

*Faithful*

**SONS SELL AS LOTS 1-5, 42-49, 96-103**

*Faithful is an elite carcass sire who meets our standards for fertility, foot quality, growth, and breed character.*

Selected by Troy Thomas & Eldon Krebs, Faithful commanded \$180,000 as the top-selling bull of the 44 Farms Spring 2024 Bull Sale, and now leads the sire lineup at Thomas Ranch, Krebs Ranch, 44 Farms & Select Sires.

His first daughters have already become sought-after highlights at fall female sales nationwide, and his sons have now led off multiple sales for premier breeders across the country.

With a prolific semen production record and elite EPD profile, Faithful is quickly becoming one of the most talked-about young sires in the breed. *Semen is available via Select Sires.*

We lead off with a bull you can appreciate both phenotypically and on paper. Dam is a young cow already doing a great job for us and has weaned off 2@114. A daughter was a Lifetime of Production bred heifer sale highlight selling to Joey Koupal.

44 ICONIC 2079 is sired by DB Iconic G95 who has been popular across the nation for some time for his unique ability to blend physical excellence and outstanding EPD's. 2079 did a good job passing on these same qualities. This will be the last chance at a big offering of this sire group.

DAMAR OH ME BABY D031 - Dam of Lots 200 & 201

\$42,000 Full Sister to Lots 200 and 201

Two full brothers lead off the Red Angus Division. Their sire is out of the Legendary Cita and is a bull that we wish we had used more in our program. Their dam D031, hung many banners for Kip Wallace and has done exceptional in terms of production for ourselves, the Wallace Family, and Blairs.Ag. A full sister to these two bulls sold for \$42,000 to Madison Fischer and had a very successful show career.

## LOT 209 ★ IMF Ratio 123

The last of a mating that has been solid as can be, producing great bulls and females alike, including the impressive heifers successfully shown this year by the Hartman and Coyle families. A full brother was also a favorite at BHSS, selling to Belinda Slovek Juhnke. This ET bull did not get the greatest start to life, but deserves a second look.
