THE PATHWAY TO
Opportunity

Looking back to 1946, we are so grateful to be celebrating the 80th anniversary of our family business, Belle Point Beverages, Inc.

In 1959, David and Mary Ann McMahon purchased our first Angus and, in a little less than 20 years, a family cattle project developed into a new division of our company, Belle Point Ranch.

Think Big. Start Small. Move Fast.

Ten years ago, we set out to revitalize and reinvent our Angus breeding program using that maxim.

You have witnessed that we embrace change.

We are willing to take risks and do the work.

Our path to progress has been in the fast lane without taking a detour from the day by day.

It is our heritage to find and seize opportunities!

Fast forward to 2026.

The pace of today's Angus industry is astonishing and accelerating.

To meet the challenges of change, we call on 67 years of lessons and past experiences.

We often ask "what if" and visualize ideas to be developed and refined for the future.

But what's most important to us is today.

We take action with optimism and confidence because there's one thing we know for sure:

The best time is now.

Our ongoing investments in progress to advance our beverage business, ranch facilities and Angus program are a heartfelt tribute to David & Mary Ann McMahon who created extraordinary opportunities for our family!

2025 Distinguished Service Award presented by Arkansas Angus Association to Belle Point Ranch was accepted by our fourth generation Junior Cowmen, Owen Matlock and Taylor Matlock.

We are continually...

* Renewing our genetic base

with unique individuals that are structurally correct, dependably productive, functionally efficient in a size that's manageable, with an EPD profile that is prudently balanced in the essential traits.

While we certainly embrace performance data, genetic evaluation and genomic technology, we believe genotype and phenotype must integrate as the true foundational value of an individual. We learned from Dave, and maintain yet today, "You've still gotta LOOK at 'em!"

* Revitalizing our resources

of land, water and pastures, as well as working facilities and health protocols to be more practical, systematic, efficient and safe for everyone – especially cattle. We also carefully assess our financial, people and time resources. How we manage matters.

* Building productive relationships

by creating connections with breeders and industry professionals who share our goals and business values. We make strategic partnerships and maintain them with integrity and fairness. We value our longtime friendships that came about “all because of the Angus cow!”

We're here to help you be SUCCESSFUL and ENJOY being in the Angus business. It's still all about relationships!

Welcome Angus Breeders,

The 2026 Belle Point Ranch sale certainly demonstrates how committed this program is to continually working to be the best. The Belle Point philosophy has always been to provide buyers a fun experience. These days, the sale experience has expanded exponentially with amazing Angus products. The sale is extremely deep with the strongest genetics of many leading cow families in the Angus business. The cattle are young and both genetically and phenotypically impressive, representing elite Belle Point donors mated to the breed's top sires. As you study the offering, you will note there is something for any Angus program in the business!

The theme, "The Best Time Is Now," certainly fits as the genetics selling are designed for the market NOW. For over 50 years, the most discerning breeders have had great success with the cattle they purchased at Belle Point. The 2026 sale presents a lineup of opportunities that may very well prove it to be the best ever.

This exciting offering puts forward an extensive roster of prospects for established Angus programs as well as for breeders who are just starting out. You will access the most up to date production of Belle Point's most valued donors presented as ET heifer calves, heifer pregnancies, and exclusive embryo matings, all elevated by the latest, and most desired, AI sires. As usual, there are also several groups of moneymaking, herd building females that will rival any offering you'll find in the U.S.

One female that continues to make a huge impact in the Belle Point program is Valley Oaks Hylite 2678. She is truly a "highlight" of this program and the other leading herds to which her daughters have sold. Her progeny continue to excel on numbers with many of these daughters over 400 for \$Combined. The matings Steve French and Madeline Taylor have designed for Hylite 2678 are NOW!

This year commemorates the 80th anniversary of the founding of the primary family business which will be marked with several special events in 2026. Additionally, for 67 years the Angus breeding program has evolved through decades of changing times and continues to thrive. Special people do special things. One reason the McMahon family of today proves that statement true is they are descended from visionary people! Dave and Mary Ann McMahon were dedicated to their businesses and committed to developing lasting opportunities for their family to work together and experience the rewards of their collective efforts. Today, that same dedication and commitment is carried on with a renewed mission to create THE BEST Angus for the TIME, and offer it NOW.

We are honored to have had the opportunity to be closely involved with the McMahon family over these many years. They have played a big role in the growth of Cotton and Associates and we have had great times and are certainly looking forward to the future.

This event will be a great experience for anyone in the cattle business. We look forward to seeing you on April 18 in Lavaca, Arkansas. Please feel free to reach out with any questions about the sale offering. We will be at the sale site early in the week so please contact us at anytime.

Sire Power

We put HIGH VALUE Herd & AI Sires on our "payroll" with the job description: Deliver GENETIC IMPROVEMENT that makes \$\$\$ for us and our customers.

44

We've bought NINE high value herd sires from 44 Farms over the years, but we value our RELATIONSHIP with the 44 people much more than the bulls! Many thanks to Bob McClaren, Doug Slattery, Jarrod Payne, Kiefer Peckham and Connie Smith for believing in the products of our breeding program offered thru the innovative 44 system. More Belle Point bulls are headed your way, Kiefer and Jarrod!

Named for the phenomenal pitcher and hitter for LA Dodgers, Shohei Ohtani (jersey #17), our new herd sire has the data and look of an MVP! While we bought Ohtani 17 for natural service, several inquiries induced us to send him on a quick trip for semen collection.

Reed Gooden and his team at Premier Genetics in Missouri do a GREAT JOB and high quality semen is available for \$50/unit. Place your order at premier-genetics.com or call 660-438-2188.

GOLDEN OPPORTUNITIES

Hylite 2678 is a MODEL ANGUS FEMALE from nose to tail, and her STUNNING PHENOTYPE is just the starting point.

Her BIG TIME NUMBERS stack up against leading donors in the most selective breeding programs.

But we all know that it's the job of 2678's DAUGHTERS to PROVE HER ULTIMATE VALUE.

Cotton & Associates:

Featuring four daughters, a heifer pregnancy and two embryo packages from the \$80,000 valued headliner of the Belle Point and Spruce Mountain Ranch joint embryo programs, Hylite 2678. Featured lots are elevated by the influence of: the proven and popular ST Genetics roster member, Commerce, the past National Angus Sale high-seller, Nobility 1202, the genomic leader, Grid Maker L1071, the longtime genomic leader of the ORigen roster, True Balance, the \$C leader, Crick and the \$400,000 Anticipation.

We've got plenty of Belle Point HYLITERS for this year's sale. Breeders LOVE 'em!

GOLDEN OPPORTUNITIES

We acquired her dam, Ceary 11L, to be the FOUNDATION of the DYNAMIC CEARY COW FAMILY.

Ceary B343, donor of Lots 6A and 6B, is a direct daughter of the \$75,000 Ceary of Conanga 7150 11L sired by the proven female sire, Rawhide.

Ceary B343's Maternal Sisters include:

Ceary 11L J63,

\$40,000 selection of 2S Angus

Ceary 11L B144,

\$20,000 selection of Willmore Angus

Ceary 11L E64,

\$18,000 selection of Brumfield Angus

Ceary 11L I434,

\$17,000 selection of Express Ranches

Ceary 11L K194,

\$11,000 selection of Bliss Lane Cattle Co.

Ceary 11L x Bougie Heifer Pregnancy,

\$9,500 selection of AAA Farms

Hmmmm. WELL DONE!
(And we mean that in a good way.)

GOLDEN OPPORTUNITIES

Jim Moore's REAL WORLD Lesson # 1:
"If you have the OPPORTUNITY to get ALL the GROWTH and CARCASS QUALITY you want in a SIZE that's MANAGEABLE, why wouldn't you want that?"

We are partners in Ceary of Conanga 7150 11L with our longtime family friends and neighbors Jim & Missy Moore, Moore Cattle Company, 2017 Certified Angus Beef® Commercial Commitment to Excellence Award winner. Ceary was their FIRST REGISTERED Angus female, and only her descendants have been added to their partnership with Belle Point.

Steve discovered 11L and, together with Jim, we were drawn to her origin in Connealy's premier maternal herd, her unique pedigree and distinctive EPD profile. She ranks high in production, management and carcass traits and low for mature height, integrating growth and carcass merit in a moderate size. That equates to being cost-effective to maintain, reproductively efficient, economically feasible, hence profitable.

We are grateful to the Connealy Angus family for having allowed us to name Ceary 11L, the foundation of our Ceary cow family, after Dave's grandmother, Rose Ceary McMahon. Her name is pronounced "Keery" and it celebrates the Irish ancestry of our three families – Connealy, McMahon and Moore – and our shared passion for Angus!

Celebrating 80 Years of Opportunity!

McMahon Enters Wholesale Beer Business
 Donald J. McMahon, former sales manager of J. P. Finner company, which he had been associated for 20 years, has entered the wholesale beer trade under the firm name of Sebastian Beverage Sales Company.
 The old building on Rogers street has been remodeled and equipped with concrete for handling and storage. Three trucks are in operation, supplying an extensive wholesale of the beverage.
 A full line of specialties and bar equipment will be carried. The new office, McMahon said, will be on Maple street this year. He is a member of the United States Brewers Association and is planning to open a new operating plant in the near future.

Company Founders Donald J. and Marguerite McMahon

We are grateful for 80 years of opportunity that has been afforded our family resulting from the foresight of Donald J. and Marguerite McMahon and the unwavering commitment and can-do spirit of David and Mary Ann McMahon.

In 1936, David's father was engaged in a wholesale grocery business. Ten years later he began distributing Anheuser-Busch products as Sebastian Beverage Sales. In 1955, after U.S. Army service, David joined his family's distributorship and, upon his father's death in 1965, he assumed leadership of the company now known as Belle Point Beverages, Inc. He served on the first Anheuser-Busch Wholesaler Advisory Panel from 1968 to 1971. This panel established the Wholesaler Equity Agreement, a standard of business that is still honored today. 2026 marks 80 years of exclusive partnership with Anheuser-Busch, providing sales and service to retailers in Arkansas and Oklahoma.

For 51 years, David and Mary Ann provided leadership to sustain and grow the wholesale distribution company and vision to purchase the property that is Belle Point Ranch, a division of the corporation. Today, Susan McMahon Taylor leads the corporation as president. She is joined in management by family members: Kathleen McMahon McGuire, Rick Taylor, Tim McGuire, Matt Holland, Claire Matlock and Christine Taylor. Belle Point Ranch's management team includes family members: Julie McMahon French, Steve French, Madeline Taylor and Audrey Taylor.

We value our close association with the people of Anheuser-Busch, as well as the dedicated efforts of hundreds of hard-working people who have helped build our company through eight decades. We are proud of our involvement in the communities we serve and truly grateful for the patronage of everyone, everywhere, who raises a glass of cold, golden refreshment. As we always say, this Bud's for YOU!

David and Mary Ann McMahon

Our family's deeply held values were instilled by David and Mary Ann McMahon and their generous, loving spirits flow through our lives today.

David was a man of vision and integrity. He celebrated imagination and worked to develop his innovative ideas. He eagerly served God, his family and his fellow man. He was a connector of people, a collaborator in projects, and a collector of friends. David embraced generosity and kindness as an opportunity.

Loving her neighbor was Mary Ann's mission. She served her family, church and community with humility and joy because she understood that in doing things for others she could serve God. Mary Ann lived for service and she loved her life.

GAR Wallace Sire of Lots 19 and 20

Pollard Karama 2304

Flush Sister to the Dam of Pollard Karama 4020

Cotton & Associates:

An exciting baby heifer calf produced by the foundation member of the Karama family in the Belle Point program and sired by the very popular multi-trait sire, Wallace.

Karama 4020 blends the proven carcass sire, Fireball with a direct daughter of the cornerstone Strate Angus donor, Karama 8327 by the legendary multi-trait female sire, Home Town.

Pollard Karama 2304, flush sister to the dam of Karama 4020 (dam of Lots 19 and 20), was the \$90,000 half interest top-selling female of the 2023 Denim & Diamonds Sale selected by Express Ranches. As a virgin heifer, she produced a \$45,000 heifer pregnancy in the record-setting 2023 Big Event at Express and a \$40,000 heifer pregnancy in the outstanding 2023 Pollard Farms female sale.

The best time is now.

■ Heifer Pregnancy due 9/9/2026.

Dixie Rita L144
Full sister to Lot 28

*Dixie Rita L144 was bred by Belle Point. Headliner of the recent Dixie Farms sale, she sold full interest to Express Ranches and Nowatzke Cattle Co. for \$100,000.

Bred in the highly disciplined and selective CAM Ranches program in Georgia, the dam of Lots 28 and 29 is a powerful and proven headliner at Belle Point. Identified A97 is a direct daughter of the prolific Riverbend donor Prophet N1225 sired by the proven female outcross sire, Identified 4031.

Another full sister to Lot 28 is Rita A97 L124, the \$20,000 selection of Spruce Mountain Ranch. Maternal sisters to Lots 28 and 29 include Rita A97 K333, the \$15,500 selection of Express Ranches; a heifer pregnancy selected by Ogeechee Angus and CAM Ranches; and Rita A97 I373 selected for \$8,500 by Brumfield Angus.

Congratulations to our friend and partner, Bob Burford and his team at Dixie Farms. Y'all did a great job developing a great female!

For what it's worth...

It's never too late, or too early, to be whoever you want to be.

There's no time limit. Start whenever you want.

You can change or stay the same. There are no rules to this thing.

We can make the best of it or the worst of it.

I hope you make the best of it.

I hope you see things that startle you.

I hope you feel things you've never felt before.

I hope you meet people who have a different point of view.

I hope you live a life you're proud of, and if you're not, I hope you have the courage to start all over again.

We asked the customary question: WWDD?

Our mission is to help you be **SUCCESSFUL** and **ENJOY** being in the Angus business. So....when we considered offering the young, proven donor Heather Bloom to headline the 2026 offering, we naturally asked: What Would Dave Do?

Easy answer! He'd help you be **SUCCESSFUL** by throwing-in her Fall bull calf by Powercat (tho' he was definitely on the list to go to 44 Farms) and giving three heifer embryos by Commerce (instead of saving them for ourselves). Yep, this is **EXACTLY** What Dave Would Do and he'd call it a **FIVE-in-ONE!**

By the way, our Heather Bloom "succession plan" involves her 4 daughters: 2 by Kindred, 1 by Commerce, and 1 by Comstock!

Opportunities like Heather Bloom make this business **FUN**. Enjoy!

**Attention, Belle Point Shoppers.

Blackbird 0712 I285 is a calving-ease and Marb. prospect from the top of the Belle Point Ranch fall calving program and stems from the proven and productive Blackbird 0712 sired by the multi-trait feature, True Balance.

Blackbird 0712, the foundation Belle Point Ranch Blackbird blends the \$80,000 female sire, Monumental with a direct daughter of the Pathfinder Dam, Blackbird 5366 by Payweight 1682.

You've got LOTSA GRASS. We've got ANGUS HEIFERS. The best time to start making money is NOW.

Dam of Lot 44

Belle Rita I660 Dam of Lot 44

Think about this...

Belle Rita I660 originated from an EMBRYO PACKAGE PURCHASE that was motivated by a longtime relationship.

The McMahons and the Daltons of Virginia have been close friends in the Angus business for over 35 years. When we were shopping for new genetics to rebuild our breeding program, Daltons on the Sycamore offered an embryo package from the truly great Daltons Rita 6291 sired by Confidence Plus. We snapped up those eggs! Belle Rita I660 was the result and we slated her as an exciting feature of our 2021 sale...keep reading!

Johnson Angus Ranch of Connecticut bought Rita I660 for \$33,000. Her value almost doubled when 2 Bar C Cattle Company of Texas bought half interest from them for \$60,000. In 20 months, the Johnsons sold half interest, a heifer pregnancy, an embryo package and a flush and Rita I660 generated \$104,500 for them! She continued to be a big time producer of elite performance females for 2 Bar C and topped their sale last December at \$67,500 selling to Rhoades Ranch of California. Think about it. One of our herd reinvention strategies was \$TEPPING UP and getting on the FRONT END with ADVANCED EMBRYOS.

The best time is now.

Cotton & Associates:

Pride 1123 K212 comes from the heart of the Belle Point Ranch spring calving program and stems from B/R Pride 1551, one of the greatest producing females ever bred by the 2025 Saddle and Sirloin Gallery inductee Bill Rishel. Pride 1551 is an anchor of the progressive, innovative TD Angus breeding program.

The dam of Lot 52 is a direct daughter of the Pathfinder Dam Pride 1551 sired by the proven female sire, Payweight 1682. Belle Pride 1123 originated as a high value heifer pregnancy investment of Belle Point Ranch, purchased in a past Bases Loaded Sale. B/R Nationwide 69, a maternal brother to the dam of Lot 52, is the \$110,000 headliner of the Hoffman Ranch, Knox Brothers and T/D Angus herd sire rosters.

In fact, we ranked 'em: "GOOD ENOUGH TO SELL LAST!"

Lady 6301 K322 is a direct daughter of the foundation of Belle Point's Lady cow family, Lady Payweight 428-6301.

Note that 6301's dam, 167-428, is the full sister to the industry dominant, multi-million dollar producing Lady Denver 167-453.

Don't miss the maternal sister to Lot 53, sired by Craftsman, selling as Lot 49 with her January Kingston heifer at side.

■ 54A, Bull Calf, C106, calved 3/8/26, sired by 44 Workday 2206 (20468103)

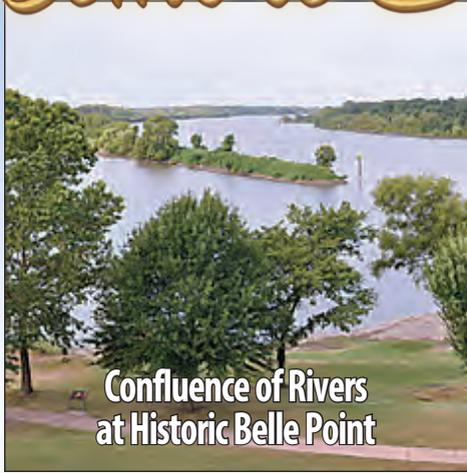

Evergreen H209-L358 is an outstanding ninth-generation Evergreen bred in the Woodhill Farms performance program and is a leading \$M female in the Belle Point Ranch program. She stems from a headliner of the TWG Ranch program, Evergreen F068-H209, and is sired by the proven and now-deceased TWG Ranch sire, Authentic.

The dam of Lot 54 stems from the famous Evergreen family and blends the proven sire, Merit 6553 with a sensational daughter of the proven phenotype and \$M sire in the Select Sires roster, Playbook.

The Woodhill Evergreens are the highest income producing cow family ever developed in the elite Woodhill performance program in Wisconsin, a longtime mainstay herd of the Angus breed now being taken to new levels by TWG Ranch in Illinois.

The original gateway to the Wild West, our city was the last stop between modern civilization and the untamed wilderness of Indian Territory, now modern day Oklahoma. In the heyday of old Fort Smith, a popular saying went, "There is no law west of St. Louis and no God west of Fort Smith."

Fort Smith played a significant role throughout our nation's history during its frontier days, providing inspiration to the film classic "True Grit," and many other western movies. Judge Isaac C. Parker held court for the Federal Government in the Western District of Arkansas just before the turn of the century. Experience that history firsthand at the Fort Smith National Historic Site. The new National U.S. Marshals Museum highlights the 220-year history of the nation's oldest law enforcement agency on the very spot where much of the most dangerous Marshals Service history took place. Tour the Fort Smith Museum of History and browse downtown for antiques and unique shopping. If you like antiques and wonderful old cities make time to visit historic Van Buren across the Arkansas River.

Downtown Fort Smith is more than a little civilized today – but still lots of fun! You will enjoy excellent restaurants, friendly bars and lively music venues on Garrison Avenue. The amazing murals painted on downtown buildings by "The Unexpected Project" have brought urban contemporary art to downtown. The project has transformed our city into a world-class destination for urban and contemporary public art.

Discover Fort Smith

discoverfortsmith.com

The original gateway to the Wild West, our city was the last stop between modern civilization and the untamed wilderness of Indian Territory, now modern day Oklahoma. In the heyday of old Fort Smith, a popular saying went, "There is no law west of St. Louis and no God west of Fort Smith."

Fort Smith played a significant role throughout our nation's history during its frontier days, providing inspiration to the film classic "True Grit," and many other western movies. Judge Isaac C. Parker held court for the Federal Government in the Western District of Arkansas just before the turn of the century. Experience that history firsthand at the Fort Smith National Historic Site. The new National U.S. Marshals Museum highlights the 220-year history of the nation's oldest law enforcement agency on the very spot where much of the most dangerous Marshals Service history took place. Tour the Fort Smith Museum of History and browse downtown for antiques and unique shopping. If you like antiques and wonderful old cities make time to visit historic Van Buren across the Arkansas River.

Downtown Fort Smith is more than a little civilized today – but still lots of fun! You will enjoy excellent restaurants, friendly bars and lively music venues on Garrison Avenue. The amazing murals painted on downtown buildings by "The Unexpected" has brought urban contemporary art to downtown. The project has transformed our city into a world-class destination for urban and contemporary public art. (Visit www.unexpectedfs.com/art)

BELLE POINT Fair and Square GUARANTEE

Because we value your business, Belle Point Ranch puts forth every effort to ensure the integrity of our cattle, our records and our management practices. Should an issue arise with your purchase we ask you to report it to us immediately. If more information is necessary, we will proceed together with a timely and thorough investigation that may involve consulting a licensed veterinarian. Once responsibility is determined, we pledge to address the situation promptly to arrive at an outcome that is fair and square!

HERD HEALTH

- Bulls, Cows, ET Recipients and Replacement Heifers are treated pre-breeding with Express 5FP VLS, Alpha 7 MB, Endovac; Cows and Heifers receive Express 5FP VLS at preg-check. All animals over one year of age are vaccinated for Anaplasmosis. All cattle of appropriate age receive the Anaplasmosis vaccine annually in the spring season.
- Calves are treated at birth with Multimin 90, Inforcen and Iodine, and at 3 months with Cattlemaster Gold FP5, Ultrabac7/Somnubac and Endovac.
- Calves are treated at weaning with Bovishield Gold One Shot; Ultrabac7/Somnubac, Pinkeye Shield and Dectomax and post-weaning with Bovishield Gold 5 and Addison Moraxella Bovoculi Bacterin.
- Supplements: Preferred Livestock Products – Game Changer Repro 10, SDS and Repro 20

SALE ORDER – Just follow the lot numbers!

The cattle will sell in catalog order starting with Lot 1! Ear tags on the cattle will correspond to the lot numbers in this catalog. Ear tags on calves at side of dam will correspond to dam's number. Be sure to pick up the Update Sheet at the office or registration/settlement desk to become informed on corrections or additions to catalog info.

Catalog EPDs are current as of 3/13/26. EPDs may change weekly, view updates at www.angus.org. Supplemental EPDs as of Friday, April 17 will be provided at the sale and on CCI.Live.

AFTER SALE CARE & SHIPPING

Sale cattle will be accompanied with proper health certificates for immediate shipment. Belle Point Ranch will care for each lot in the sale for a reasonable amount of time. Please discuss your needs with us prior to the sale, and be sure your plans are noted at the settlement desk.

Truckers believed to be reliable will be available to assist you in making shipping arrangements. We will certainly do our part to help make your shipping arrangements happen! We are no longer able to provide delivery free of charge.

ALL LOTS ARE FULLY INSURED – ADDED VALUE!

Full mortality insurance has been obtained by Belle Point Ranch on all eligible cattle selling on April 18, 2026 with James F. Bessler LLC, Fort Worth, Texas. Coverage in the amount of the purchase price is effective at the fall of the auctioneer's hammer, for a term of 30 days from the day of the sale or until cattle arrive at their destination, whichever is shorter. Calves selling at side of dam will be insured for 25 percent of the purchase price of the lot. Calves under two weeks of age are ineligible for this insurance coverage. However, they are still fully guaranteed by Belle Point Ranch.

If you have a claim or additional insurance needs, contact Jim Bessler Cell: 815-762-2641, Office: 817-562-8980 or E-mail: jjim@jamesfbessler.com, Website: jamesfbessler.com

IMPORTANT POLICIES

Safe Females "60 Day" Policy

Breeding status as of sale day will be confirmed on the Update Sheet. Buyer must take on the responsibility of closely monitoring a female declared safe in calf, including a recipient of a heifer pregnancy, through heat detection for the first 60 days after the sale to be certain she stays safe in calf. (Females that are short bred and unable to be examined safe before the sale are exceptions to this policy.) Belle Point Ranch will offer a "Fair and Square" adjustment to the sale price if a cow we declare safe is determined by a licensed veterinarian to be "open" within 60 days after the sale. Buyer must contact Belle Point no later than June 20, 2026 to report an open female.

Breeding Privileges

Breeding privileges to Belle Point herd sires may be offered on selected females selling in this sale. This offer will be stated on the Update Sheet and announced from the auction block.

Semen Rights

Belle Point Ranch retains the right to obtain 100 straws of semen per year on any bull sold in this sale (born or unborn) at the cost of production, and to purchase A.I. certificates at AAA cost.

You are welcome to come by and look at sale cattle prior to April 17 & 18! Call or text to let us know what day/time works for you. We will confirm and be ready for you.
