If you have been looking for that Isabel that flat out works - we found her. Ingram Isabel 9304 is the maternal sister to the \$100,000 Ingram Isabel 1716. 9304 has been awesome in embryo transplant averaging 11.5 embryos per flush and averaging \$900 on 12 embryos at the GMAA alone. This deep-bodied, power producer is the dam of the \$32,000 Hublot, \$14,000 Isabel 5002, \$12,000 Isabel 2001 and the \$10,000 Isabel 4023. This is a turnkey opportunity that's predictable and consistent.

The science.

The Purina® All Seasons™ Cattle Nutrition Program delivers customizable solutions that have been proven successful on our farm in Missouri, as well as all across the country in over 1,800 field trials. We even have a 120 head Black Baldy herd and calves, which are used to develop and evaluate supplementation programs that enhance forage use and improve cow productivity. By matching the correct solutions for a cattleman's available forage, cattle are assured to receive the right nutrition and perform to their highest potential. From the cow to the finished steer, this program supports healthy cattle and allows them to achieve greatness at every life stage.

OPERATING LOANS THAT OVERDELIVER.

Let's face it: operating a farm isn't going to get any less expensive this year. That's why operating loans from Farm Credit Mid-America are built to give you more.

- More cash back** – Disbursement Card purchases earn you 1.5% cash back
- Patronage*** – the more you use your line of credit, the more Patronage you could get back at the end of the year
- More convenient access to your line of credit based on your preferences**
- More competitive rates**
