

⌘ Schaack Ranch ⌘

2026
ANNUAL BULL SALE
WEDNESDAY, APRIL 15TH

⌘ Schaack ⌘ RANCH

WELCOME TO THE SCHAACK RANCH 2026 BULL SALE

We sincerely appreciate your interest and the trust you place in our program. The relationships we've built with our customers are what matter most, and we are grateful for the opportunity to be a part of your operation.

At Schaack Ranch, our focus is clear—*build maternal-driven cattle that work in the real world*. It starts with a strong foundation of functional females with sound udders, good feet, longevity, and the ability to stay productive year after year. We believe consistency is built by stacking proven cow families that stand the test of time.

From there, we emphasize **balance**. Our goal is not extremes, but cattle that combine:

- Calving ease with performance and pay weight
- Maternal strength backed by HP, CEM, and \$M
- Carcass merit that adds value across the industry

Phenotype remains a priority. We want cattle with *depth, softness, shape, and structural integrity*—the kind that hold up and function under real conditions.

We continue to invest in **data and genomics** to enhance the accuracy and predictability of our cattle. By collecting meaningful performance records and combining them with genomic testing, we provide an offering you can move forward with confidence.

More than anything, we stand behind our cattle and our customers. We're here as a resource beyond sale day—whether that's helping select the right bull or supporting your marketing efforts down the road. Be sure to ask about our *"Targeting the Brand"* approach.

We invite you to join us the evening before the sale for our customer appreciation steak dinner and a chance to view the bulls in a relaxed setting.

If we can help in any way before or after the sale, don't hesitate to reach out—we're here to work for you.

The Schaack's

VIEW OUR WELCOME VIDEO:

WEDNESDAY, APRIL 15TH

AT THE RANCH | 1PM MST

SCHAACK RANCH:

Clay & Holly Schaack
23650 Sage Creek Road • Wall, SD 57790
605-279-2869 or 605-685-3311
www.SchaackRanch.com

AUCTIONEER:

Wyatt Schaack 308-202-0004

SALE DAY PHONES:

Clay 605-685-3311
Wyatt 308-202-0004
Wynn 605-441-9355

SALE REPRESENTATIVES:

Beau Ravellette – RPI Promotions .. 605-685-8155
Ryan Casteel – Cattle Business Weekly.....
605-423-6000
Scott Dirk – Tri-State Livestock News.....
605-380-6024
Andrew Swanson – American Angus
Association..... 507-829-4133
Chris Effling – Special Assignment .. 605-769-0142

LUNCH:

Complimentary lunch served at noon.

DIRECTIONS TO RANCH:

Take exit 110 at Wall, SD. Go south on
Highway 240 for 1.1 mile, west on Sage
Creek Road for 4 miles, north 1 mile.

DELIVERY:

Free delivery anywhere in the US. Fall
and two-year-old bulls will begin delivery
immediately at no charge to the buyer.
Spring bulls will be delivered after May 1st
at no charge to the buyer.

INSPECTION OF CATTLE:

Bulls can be inspected anytime prior to the
sale and will also be on display April 14th
during the Schaack Ranch Social.
Bulls can also be viewed online at:
www.DVAuction.com
CCI.Auction

HEALTH:

All bulls have undergone a complete vaccination
program as well as parasite treatment. All bulls will
have passed a fertility test. Fall and two-year-old
bulls have been trich tested negative and are ready
to go. All vet work is done by Dr. Hannah Schaack.
Bulls sold out of state will be health inspected and
tested in compliance with state health rules.

GUARANTEE:

Bulls are unconditionally guaranteed through the
first breeding season. If you have any problems with
the bulls, please contact us by September 1, 2026.

SUPPLEMENT SHEETS:

Will be available sale day with carcass, ultrasound,
scrotal measurements, and yearling weights.

A true lead-off kind that checks every box from calving ease to performance.

4390 offers a rare combination—sleep-all-night calving ease with the kind of explosive growth that adds real pounds at weaning and continues through yearling. This is the type that works across the board, whether you're building replacements or selling calves by the pound.

On top of that, he brings added carcass merit for those marketing on the grid—adding value where it counts.

The maternal side is loaded with proven cow power. His dam traces back to multiple donor females, including 6193 on the top side and 8144 and 4P10 on the bottom, stacking generations of elite production and reliability.

Use him with confidence on heifers. Keep every daughter. Sell the rest by the pound—and get paid.

4381 is another standout Commerce son that brings together *calving ease and explosive growth*—the kind that works in a wide range of programs and adds value from day one.

He offers the look, balance, and performance to add pounds early and carry it through, while still maintaining the kind of birth traits that allow for flexibility in use.

A big advantage here is his Top 10% PAP, making him a strong option for programs operating at higher elevations or those looking to add confidence in that area.

Versatile. Practical. Built to perform in real-world conditions.

FASTER PROGRESS, GREATER RETURNS

Targeting the Brand™ identifies registered Angus bulls with the genetic potential to sire calves more likely to meet all 10 Certified Angus Beef® brand specifications.

Minimum Genetic Requirements	
Marbling EPD (Marb)	+0.65

KW 7010 1664 Consensus 3405

Another Commerce son that blends calving ease with added growth, giving you a bull that works early and continues to add pounds as calves develop.

4130 brings a complete package to the table, combining performance with carcass merit—adding value whether you retain ownership or market calves at weaning.

The maternal side is stacked with proven donors, including 3405, a cow that has made a significant impact within the program, and 7O41, a name many will recognize for her lasting influence. There's real consistency and predictability built into this pedigree.

Backed by strong \$M and \$W, this is the kind that supports both maternal strength and real-world profitability.

Balanced. Proven. Built on a foundation of elite cow families.

4378 is another Commerce son that combines calving ease with elite growth, ranking in the top 1% for both weaning and yearling—the kind that flat-out pushes the scale down.

If your goal is to sell pounds at weaning, this is one to study closely. He's built to add performance early and carry it through, making him a strong fit for operations focused on payweight.

He balances that performance with solid maternal backing and the kind of structure and look you expect from this sire group.

High growth. Real-world payweight. Built to make you money.

A true calving ease specialist that still brings performance to the table. 4369 combines elite calving ease with added growth, giving you flexibility without sacrificing pounds.

He's backed by strong maternal strength, ranking in the Top 4% for \$M and Top 2% for \$W, making him an excellent option for building a productive, efficient cow herd.

A strong maternal foundation here with 3405 and 7O41—two donor females that have helped shape the program. Consistency runs deep in this pedigree.

4368 is a practical, easy-going Commerce son that offers calving ease with moderate growth, making him a strong fit for a wide range of programs.

He's designed for real-world usability—easy handling, sensible performance, and the kind of balance that works whether you're breeding heifers or managing a low-input environment.

Backed by the F024 donor, purchased from Green Valley Cattle in 2022, a female that has quickly become a key part of the program and is being used extensively for her consistency and production.

Balanced. Functional. Built for longevity and ease of management.

Lot 13

A strong calving ease option that brings solid growth and overall balance to the table. This is the kind that works across the board with flexibility and reliability.

He's an easy-handling bull with added value for those needing confidence in higher elevations, ranking Top 15% for PAP.

The maternal side adds even more credibility, backed by the 8146 dam, who posts an impressive 364-day calving interval on 5 calves while maintaining an average birth weight of just 74 lbs—a true testament to fertility and efficiency.

A true performance standout in the offering, 4351 is a growth bull that delivers where it counts.

His 2170 dam, a first-calf heifer, flat got it done—raising this bull with a 68 lb birth weight and an impressive 872 lb adjusted weaning weight, good for a 106 weaning ratio. The kind of early production that gets your attention.

It's no accident, either, as he traces back to the influential 6193 donor on the maternal side, adding another layer of proven cow power to the pedigree.

High growth. Proven production. Backed by elite maternal genetics.

The lead-off Satisfaction son in the offering and one that brings a lot to the table. An ET calf out of the proven F024 donor, combining pedigree strength with real-world performance.

He's an easy-handling bull that offers solid growth and high-end carcass merit, making him a versatile option no matter how you market your calves.

Whether you're keeping replacements, selling calves at weaning, or retaining ownership through the rail, 4370 has the genetic profile to get it done.

Versatile. Complete. Built to add value at every stage.

4357 is a well-balanced Satisfaction son that combines calving ease with added growth, giving you flexibility without giving up performance.

He brings value on the carcass side as well, offering both marbling and ribeye, making him a strong option whether you're marketing at weaning or retaining ownership.

Backed by a strong economic profile, ranking Top 25% for \$M and Top 10% for \$W, this is a bull that supports both maternal strength and payweight.

Balanced. Profitable. Built to perform across multiple marketing endpoints.

4376 is another strong Satisfaction son that blends calving ease with explosive growth, adding pounds at weaning and carrying that performance through yearling.

He combines that growth with carcass merit, offering both marbling and ribeye to add value no matter your marketing endpoint.

The pedigree is loaded with proven cow power—stacking three generations of donor females, including 3405, 7041, and 5M13. That kind of maternal backing brings consistency and long-term reliability.

Whether you're selling at weaning, keeping replacements, or feeding cattle through the rail, 4376 offers the versatility to fit your program.

Powerful pedigree. Balanced performance. Built for profitability.

The first Foundation son in the offering and one that makes a strong statement. 4344 combines calving ease with elite growth, pushing the scale at weaning and continuing that performance through yearling.

He adds even more value with marbling and ribeye, giving him the kind of carcass profile that works whether you're selling calves or retaining ownership.

On the maternal side, he's backed by a powerful lineup of proven donors, stacking 3405, 7041, and 5M13—three generations of females known for consistency and long-term production.

High growth. Strong carcass. Backed by elite cow families.

A well-balanced Foundation son that offers calving ease with strong growth, giving you a bull that works early and continues to add performance.

He really separates himself on the carcass side, ranking Top 10% for Marbling and Top 2% for Ribeye—a powerful combination for those focused on grid premiums.

Backed by the influential F024 donor, a cornerstone female in the program that continues to produce at a high level and add consistency across the herd.

Calving ease. Carcass strength. Proven maternal backing.

4359 is another strong Home Run son that blends growth with carcass merit, offering both marbling and ribeye to add value across multiple marketing avenues.

He's backed by a productive maternal line, with his maternal granddam 0191 posting a 368-day calving interval on 3 calves along with a 103 weaning ratio—a solid indicator of efficiency and consistency.

This is the kind that brings balanced performance and dependable production to the table.

Growth. Carcass value. Backed by proven efficiency.

4347 is an Authentic son that stands out as a true calving ease specialist, backed by a negative birth weight EPD and built for confidence on heifers.

He's an easy-handling bull that still offers performance, coming from a first-calf heifer, 2156, who did an outstanding job. Starting with a 69 lb birth weight, she pushed him to an impressive 849 lb adjusted weaning weight and a 103 weaning ratio—a strong indicator of both maternal ability and early growth.

The maternal side traces back to the proven 6193 donor, adding another layer of reliability and consistency.

Calving ease. Maternal strength. Proven performance from day one.

5345 is our lead-off yearling bull and a standout Satisfaction son that brings together moderate calving ease with strong, consistent growth. He's the kind that fits a wide range of operations and adds value from multiple angles.

He offers a balanced performance profile, with the ability to add pounds at weaning and carry that through yearling, while still maintaining the kind of birth traits that provide flexibility in use.

On the carcass side, he separates himself with added marbling and a Top 2% Ribeye, giving him the genetic potential to excel whether calves are sold at weaning or retained through the feedlot and on the rail.

Backing him is the proven F024 donor dam, a cornerstone female in the program that continues to produce cattle with consistency, performance, and reliability.

Complete. Balanced. A bull that checks all the boxes.

5424 is a high-performance Satisfaction son that offers explosive growth, ranking in the Top 2% for both Weaning and Yearling—the kind that flat-out pushes the scale down.

He's built to deliver pounds at weaning and continue adding value all the way through the feeding phase, making him a strong option for those focused on payweight and end product value.

On the maternal side, he's backed by his 290 dam, who has been exceptional in production—posting an average birth weight of 77 lbs while delivering an impressive 113 weaning ratio on her first two calves.

This is a bull that combines elite growth, strong maternal backing, and carcass merit into one complete package.

High growth. Proven production. Built to add pounds and profit.

5301 is a well-balanced Satisfaction son that offers moderate calving ease with excellent growth, ranking near the top of the offering for performance at both weaning and yearling.

He's the kind that will add pounds early and continue to push performance, making him a strong fit for operations focused on payweight.

He combines that growth with solid marbling, adding value on the carcass side and giving flexibility no matter how you market your calves.

Backed by a first-calf heifer, 382, that exceeded expectations—raising 5301 from a 67 lb birth weight to an impressive 780 lb adjusted weaning weight, good for a 114 weaning ratio. A strong indicator of maternal ability and early production.

High performance. Strong maternal backing. Built to add pounds and profitability.

5343 is another Satisfaction son that will catch your eye on sale day, combining elite calving ease with balanced performance. With a Top 2% CED, he offers confidence for use on heifers while still maintaining the kind of growth needed in today's environment.

He adds value across the board, combining that calving ease with marbling and ribeye, giving him the ability to work whether you're selling calves at weaning or targeting grid premiums.

The maternal side brings proven consistency, backed by the 894 dam, who records a 370-day calving interval across 6 calves, along with a 106 weaning ratio and 105 yearling ratio—a strong indicator of longevity, fertility, and production.

Elite calving ease. Proven maternal performance. Built for real-world profitability.

5371 is our first Relentless son in the offering and one that brings unbelievable growth to the table. He's a quiet, easy-handling bull that is practical to use in any operation.

He combines that performance with marbling and ribeye, giving him the kind of carcass profile that adds value from weaning all the way through the rail.

On the maternal side, he's backed by a powerful lineup of proven donors, with 3405, 7O41, and 5M13 stacked in the pedigree—females that have consistently delivered and helped build the foundation of the program.

High growth. Strong carcass. Backed by proven cow families.

5322 is a huge growth bull that ranks near the top of the offering, combining elite performance with a quiet, easy-handling disposition.

He brings added value on the carcass side as well, offering marbling and ribeye to complement his ability to push the scale at weaning and beyond.

The maternal pedigree runs deep with influence, tracing back to 3405, 7O41, and 5M13—a lineup of donor females known for their production, consistency, and long-term impact within the program.

Keep a close eye on the daughters—this one has the look of a true cowmaker.

5331 is another Relentless son that combines calving ease with explosive growth, giving you a bull that works early and adds pounds fast.

He offers added flexibility with a Top 35% PAP, making him a solid option across a range of environments.

On the carcass side, he brings marbling and ribeye, adding value whether calves are marketed at weaning or carried through to the rail.

The pedigree is anchored by proven donor strength, with 3405, 7O41, and 5M13 stacked behind him—females that have consistently transmitted performance and reliability generation after generation.

Balanced performance. Strong carcass. Built on proven cow families.

5315 is a Relentless son that offers solid, practical growth — the kind that works efficiently in real-world conditions. Paired with a quiet, easy-handling disposition, he’s built for usability and longevity.

He’s well-suited for a range of environments, including those needing added confidence at elevation.

On the carcass side, he brings both marbling and ribeye, and it’s easy to see why—his 040 dam posts an impressive IMF ratio of 128, backing his genetic potential for quality grade.

Balanced. Efficient. Built to add value without extremes.

5423 is another Foundation son that combines calving ease with solid growth, giving you a bull that works across a wide range of environments. He's a good option for higher elevations, adding confidence where PAP matters.

He brings excellent carcass quality, highlighted by strong marbling and a Top 4% Ribeye, making him a valuable option whether calves are marketed at weaning or retained through the rail.

Backed by his 069 dam, who posts a 94 birth ratio and a 102 weaning ratio, showing consistency and efficiency in production.

Whether you're keeping replacement females or targeting grid premiums, this is one to keep on your radar.

5318 is a Foundation son that offers solid growth with outstanding maternal strength, making him a great option for building a productive, efficient cow herd.

He's backed by his 9116 dam, a female that defines consistency—posting a 366-day calving interval across 5 calves while maintaining an average birth weight of 74 lbs. The kind of cow that gets it done year after year.

With added value in both maternal and carcass traits, 5318 is a bull that fits programs focused on long-term productivity and profitability.

Maternal strength. Consistency. Built for longevity.

5385 is a true calving ease specialist, ranking in the Top 3% for both CED and BW, offering confidence and predictability when used on heifers.

The maternal side reinforces that advantage, with his dam posting a 91 birth ratio while still delivering a strong 105 weaning ratio—proving calving ease without sacrificing performance.

He adds even more value with strong maternal traits and carcass merit, making him a well-rounded option for building a productive, efficient cow herd.

Elite calving ease. Proven maternal backing. Built for long-term value.

5376 is a Foundation son that combines calving ease with strong growth, giving you a balanced, practical bull for a wide range of programs. He offers a quiet, easy-handling disposition, making him user-friendly in any operation.

He brings added value on the carcass side with marbling and ribeye, supporting performance whether calves are sold at weaning or retained through the rail.

The maternal side is a strength, tracing back to a deep, proven cow family with generations of females known for production, consistency, and longevity within the program.

Balanced. Maternal strength. Built for long-term productivity.

5337 is a Foundation son that offers calving ease with added carcass merit, combining marbling and ribeye into a practical, balanced package.

He's backed by his 078 dam, who has been consistent in production—averaging a 78 lb birth weight across 3 calves and posting a 104 yearling ratio, showing both efficiency and performance.

This is a bull that brings predictability on the front end with added value on the back end, making him a solid fit for a variety of programs.

Calving ease. Carcass value. Built on consistent production.

5317 is a Commerce son that combines calving ease with solid growth, giving you a balanced bull that works across a wide range of programs.

He adds value on the carcass side as well, bringing both marbling and ribeye to the table—making him a strong option whether you're marketing calves at weaning or retaining ownership.

With a strong economic values, he supports both maternal strength and real-world profitability.

5392 is a Replica son that offers explosive growth, the kind that will push the scale down at weaning and add pounds fast.

If you're selling calves at weaning and getting paid by the pound, this is one to study closely.

He adds value on the carcass side with ribeye, giving him added dimension beyond just performance.

Backed by his 203 dam, who averages an 81 lb birth weight across 2 calves while posting an impressive 111 weaning ratio, showing strong maternal performance and early growth.

High growth. Payweight driven. Built to add pounds and profit.

5353 is a Commerce son that combines calving ease with explosive growth, offering a quiet, easy-handling disposition that makes him practical in any operation.

If you're selling calves at weaning, this is one to study closely—he's built to push the scale down and add real payweight.

Backed by his 067 dam, who averages an 82 lb birth weight while posting an impressive 110 weaning ratio, showing strong maternal performance and consistency.

With added strength in both maternal and performance traits, this is a bull designed to deliver.

Calving ease. Payweight. Easy to work.

5379 is a Wildcat son that offers strong growth with added carcass value, giving you a bull that performs from weaning through the rail.

He's backed by his 914 dam, a consistent producer that averages an 80 lb birth weight across 4 calves, while posting a 104 weaning ratio and 108 ribeye ratio—a strong indicator of both performance and carcass merit.

This is a bull that brings together growth and end-product value in a balanced, practical package.

Growth. Carcass strength. Backed by proven production.

5364 is a Wildcat son that brings carcass quality to the forefront, offering strength across the board in marbling, ribeye, and fat.

He's backed by his 031 dam, who posts an impressive IMF ratio of 117 and Fat ratio of 118, reinforcing his ability to transmit end-product value.

This is a bull designed for programs focused on quality grade and carcass premiums, adding value where it counts.

Carcass focused. Proven backing. Built for grid value.

5393 is a Wildcat son that combines calving ease with strong growth, adding pounds at both weaning and yearling.

He's backed by his 223 dam, a consistent producer that averages a 77 lb birth weight while posting a 104 weaning ratio, showing solid maternal performance and efficiency.

This is a bull that brings balanced performance and real-world usability, making him a good fit across a variety of programs.

Calving ease. Growth. Built for practical performance.

5304 is a Load Up son that combines calving ease with strong growth, giving you a balanced bull that adds value from multiple angles.

He brings a complete profile with marbling and ribeye, making him a solid option whether you're marketing calves at weaning or retaining ownership.

If you're selling at weaning, take a close look—this one is built to push the scale down and add real payweight.

Raised by a first-calf heifer, 399, that flat got it done—starting with a 70 lb birth weight and pushing to a 731 lb adjusted weaning weight, good for a 107 weaning ratio.

Balanced. Payweight driven. Backed by strong maternal performance.

4331 is a very well-balanced Relentless son that checks the boxes across the board—from calving ease to strong growth, combined with a quiet, easy-handling disposition.

He offers added flexibility with a Top 10% PAP, making him a solid option across a range of environments.

On the carcass side, he excels with marbling and a Top 2% Ribeye, bringing real value to the end product.

The maternal side adds even more strength, tracing back through his 132 dam to the influential 2062 donor, a female that has made a lasting impact within the program.

Complete. Balanced. Built to perform at every level.

4340 is a Reign son that offers calving ease with practical, moderate growth, making him a solid option for operations focused on efficiency and balance.

He's a well-rounded bull across the board, bringing together maternal traits, carcass value, and usability without extremes.

This is the kind that fits a wide range of programs and delivers consistent, predictable performance.

Balanced. Practical. Built for real-world efficiency.
